LIGHT RUN OF STOCK

At All the Local Yards Made the Buyers Hustle and

PUT UP PRICES ALL AROUND.

The Best Sellers' Market for This Season in This Section.

GOOD STOCK OF ALL KINDS SCARCE

OFFICE OF THE DISPATCH, PITTSBURG, MONDAY, April 18. Receipts of live stock at our local yards

this week are unusually light, the lightest of the season, in fact, and, as a result, prices are better along the line than they have been for weeks past Light butcher beeves of good quality brought 20c per cwt more than they did a week ago. Sheep, hogs and calves joined in the upward movement for the same reason that beeves have advanced, namely, light receipts.

There were 52 carloads of cattle on sale at the East Liberty yards this morning against 60 loads last Monday. A little over one-half of the offerings to-day were from Chicago, the balance being mainly from Ohio and Indians. The quality was not up to late average. There were no prime heavy beeves on sale and very few light primes. There is little demand for export cattle here of late and for this reason none are coming to this market.

Cattle Reach a Higher Level. Markets opened strong and active at an advance of 15 to 20c per cwt over last week's prices. There were, however, no sales reported above \$4 50 per cwt. Good 1,400 to 1,500 beeves would have readily sold at \$4 75 had there been any to sell. A sale of 15 head from Stark county, Ohio, weighing 1,150 lbs, was reported at \$4 10.

The run of fresh cows was light, and good stock found ready sale at last week's prices, the range being \$30 00 to \$40 00 per head. A sale of eight head was reported at \$38 00 per head. Beceipts of calves were much lighter this week than last, and prices are higher. There were not above 225 head on sale at the opening of markets, against 500 the previous Monday. As a result of the light run, prices advanced and sales were made at 50c per cwt above the outside price of a week ago. advance of 15 to 20c per cwt over last week's

Markets opened this morning with little more than a dozen loads of sheep and lambs on sale against 17 loads at the previous Monday's opening. Demand was brisk for all offered at an advance of 15@25c per cwt over prices of a week ago. Top price for wool sheep was \$5.00; clipped, \$5.00. There were no wool lambs on the market. Sales of clipped lambs were reported at \$6.00.

no wool lambs on the market. Sales of clipped lambs were reported at \$6.60.

Hogs—Market opened with about 13 loads on sale, but more were expected later on. Last Monday there were 25 loads on sale at the opening. Markets to-day were active at an advance of \$\frac{1}{2}\$c per lo on prices of a week ago. Best Philadelphias sold at \$5.15 to \$5.20 and Yorkers at \$5.00 to \$510 per cwt.

At the Allegheny Yards. At the Herr's Island yards there was a larger run of cattle than usual, but demand was good for all offered, and better grades were 5@10c higher than last Monday. Best heavy Chicagos sold at \$4 80@5 00; medium weights at \$4 55@4 75; light weights at \$3 85@ 4 60, and common grades at \$2 30@3 50. Fresh cows were quoted at \$20 00@46 00 per head, and calves at 3@5c per lb. Bulls, stags and dry cows were sold at \$2,6@3/cc per lb.

Receipts: From Chicago—I. Zeirler, 153 head; L. Gerson, 105; A. Fromm, 113. From Pennsylvania—J. Wright, 4. Total, 575; Inst week, 280; previous week, 261.

The run of sheep at these yards was little more than half that of the previous Monday, and markets were strong and active at an advance. Wool sheep sold readily at \$6 00 to \$5 75. Yearlings sold at \$6 00 to \$7 00 per cwt, and spring lambs at 69c to 100 per lb.

Receipts: From Chicago—I. Zeigler, 22 head. From Onio—C. Volurecht 7. From Pennsylvania—J. Wright, 45, T. Bingham, 114. Total 256 last week 402; previous week 112. 4 60, and common grades at \$2 50@3 50. Fresh

way at a range of \$3.70 to \$4.65, and Ohio beeves at \$4.50 per cwt.

At the same yards there were on sale 465 clipped lambs and 125 hogs. The lambs were sold at 5½ c to 7c per lb, and hogs were sold at an average of 5½ c per lb.

The Drygoods Market.

The Drygoods Market.

New York, April 18.—The drygoods market opened encouragingly. Orders by mail and transactions on the spot indicated improving tendencies to demand. Requests were chiefly forgoods to meet current wants of jobbers, but some fair transactions were had with cutters and converters in brown, bleached and colored cottons. Cotton fiannels also received some attention from jobbers for next season. Woolen dress goods continued to be the most active article, many orders being placed for future delivery. There was also something doing in fiannels for next season, but the demand as yet is moderate. Blankets have had considerable sale and are not so active in consequence. The market was unchanged, but the tone tends to improvement.

The Coffee Markets.

NEW ORLEANS, April 18.—Coffee quiet; Rio, ordinary to good, 19/60174/c.

BALTIMORE, April 18.—coffee unchanged.

The Metal Markets. St. Louis-Wool-Receipts, 2,000 pounds; shipments, 16,000 pounds. No tire in the mar-ket and prices entirely unchanged.

There is occasionally a man whose word is as good as his bond, and whose bond is as good as gold. Such a one is W. L. Needham, a prominent citizen and business man of Orrsburg, Mo. Mr. Needham has been selling Chamberlain's Cough Remedy for several years and recommends it to his customers because in his experience it has proven to be the best for colds, croup and whooning cough. He says it is the most whooping cough. He says it is the most popular medicine that he handles, and gives the best satisfaction of any. Fifty cent bottles for sale by druggists.

and the same of th

A SHAKE-UP IN PORK

Woke Things Up in Chicago's Provisio Pit Yesterday-A Break of Twenty-five Below Saturday-The Wheat Market Very Active.

CHICAGO-A shake-up in the pork woke things up in the provisions to-day. It was claimed that the estimate on the condition was discouraging to holders, and when the announcement was posted that the receipts of logs here amounted to \$,000, or 12,000 more than expected, there was lively dumping down to \$9 85 for May. The July price went off to \$10. Recovery was slow till before the close, when a portion of the loss was regained. The break from the closing figure Saturday to the bottom to

of the loss was regained. The break from the closing figure Saturday to the bottom to day was just 25c. A good volume of stop orders came out, and trading was active, the local "longs" also unloading. At one time the premium on changing over from May to July widened out 20c, the packers doing considerable business.

The market reacted in sympathy with wheat. Lard and ribs were comparatively steady. In the absence of foreign advices business in the wheat pit averaged light. Finctuations were confined to a moderate range till toward end of the session. The leature of the day's happenings was an increase of 878,000 buy supply. When an increase seemed to be inevitable, but while still uncertain in amount, the market was its weakest, but it recovered soon after the posting of the amount. Cold, wintry weather in France and England was the latest of news of an influential character, and its coming when the market was in a badly oversold condition supplied the motive for a lively bulge of nearly 1½c. A gain of 1½c since Saturday was established at the clove. Corn was independently firm and gained ½c in the May future. The impression prevaled that receipts are not likely to be heavy for some time, and the possibility of an increase proportion being inspected into the contract grade this side of June. Oats ruled easy because of raiding by bears, and closed ½c under Saturday's figure. Freights and Lake lower. There was a moderate number of boats, but the demand was not urgent. Charters to Buffalo were made at 1¾c for corn, and 2c for barley.

The leading futures ranged as follows, as corrected by John M. Oakley & Co., 48 Nixth street, were the demand of the contract of the Charters of the Charters of the Charters. The leading futures ranged as follows, as cor-ected by John M. Oakley & Co., 45 Sixth street,

REAL

The Market in Good Shape When Examined Below the Surface.

PENN AVE. AGAIN TO THE FRONT. No Animation in the Speculative Annex to

the Business Machine. SOME SPECIAL FEATURES OF TRADE

A few persons observe and comment upon a lull in real estate. If they were to do a little probing and get below the surface of the market, they would see a different state of affairs. While there is a lull due to causes beyond man's control, there is no abatement of interest and no weakness. Inquiring for business property is as urgent as ever, while home seekers are giving close attention to the suburbs. A number of transactions of more than usual interest are under way. The work of subdividing property, building houses and locating factories is being carried forward with great energy. There is a general teeling of confidence in the future of the city. Under these conditions there is reasonable ground for expecting a more active market with the return of settled weather and solid roads.

A Penn Avenue Sale, It was reported yesterday that No. 409 Penn avenue had been purchased by Mrs. Elizabeth Hearst for \$60,000. The lot is Elizabeth Hearst for \$60,000. The lot is 30x420 feet to Duquesne way, with a three-story brick house on the Penn avenue from and several outbuildings in the rear. The report connected Mr. C. H. Love with the deal as agent, but he declined to give any information on the subject. From other sources enough was learned to leave no doubt as to the correctness of the report. It is not known what disposition the purchaser will make of the property.

will make of the property. Homes for the People. Twenty-one permits were issued vesterday for 25 improvements, aggregating \$58,-750. The most important are: Levi Wade, brick six-story business house on Penn avenue, Fourth ward, \$16,000; Rebert A. Pearce, frame dwelling on Bellefonte street, Twentieth ward, \$1,800; James C. Gross, three frame dwellings on Tecumseh street, Twenty-third ward, \$2,200; George Sandall, three brick business stores and dwellings on Boggs avenue, Thirty-second ward, \$7,200; Mellon Bros., brick dwelling on Buchd avenues, Twentieth ward, \$4,500; same, brick dwelling on Denniston avenue, Twentieth ward, \$4,000; same, brick dwelling on St. Clair street, Twentieth ward, \$4,500; same, brick dwelling on Negley avenue, Twentieth ward, \$4,500; Bell & Caldwell, brick and stone dwelling on O'Hara street, Twentieth ward, \$3,950; same, brick dwelling on Arabella street, Twentieth ward, \$3,500; Captain Barr, brick dwelling on Arabella street, Twentieth ward, \$3,500.

Special Features of Trade, The Ohio Land Improvement Company re ports at growing inquiry for lots at Aliquippa. Sales since last Thursday aggre-

The idea of building a rathroad from Waynesburg to Maidsville, W. Va., on the Monongahela river, by way of Mt. Morris, has been revived. The Squirrel Hill Railroad is in some dan-

ger of being headed off by the Duquesne. The control of that district is worth fighting for.

James Gordon has transferred to Celia C.
Schoeller a house and lot on Alder street,
Twentieth ward, for \$7,000. The lot is 4ix194.

An authority on the subject says: "Everything points to the belief that the building trade this year will be better by far than in previous years. There is a demand for business houses and dwellings in all parts of the

ness houses and dwellings in all parts of the country."

At the last stock call yesterday 64% was bid for U.S. Glass, common, offered at 66. For Manchester Traction 39% was bid, offered at 40; 25% bid for Birmingham, offered 36%; 83% bid for Electric scrip.

The annual meeting of the Pittsburg and Western Railway Company will be held on Monday, May 2, at the general office in Alle-

Monday, May 2, at the general office in Alle-gheny City.

On Change yesterday Westinghouse Elec-tric preferred was offered at 45, and 95 was bid for Allegheny Valley Railroad bond scrip.

What Agents Are Doing. It is now an open secret that the city wants more ground at Highland Park, and is dickering for two or three tracts. It was reported yesterday that its representatives had offered Messrs. Howley & Steele \$20,000 of

had offered Messrs. Howley & Sceele \$20,000 of an advance on their recent purchase, and that there was a good orospect that the deal would be closed on that basis.

Reed B. Coyle & Co. sold on Sylvan avenue, Twenty-third ward, a rame dwelling of five rooms and attic with lot 20x125 feet to an alley, for \$2,500.

Black & Baird sold for L. C. Porterfield a lot on Linden avenue, Boulevard Place, East End, averaging 40x161 feet, and being somewhat irregular in shape, for about \$2,400 or \$60 per foot front.

John K. Ewing & Co. sold a lot 20x230 on Virginia avenue. Tenth ward, Aliegheny City, for Frederick G. Rohrkuste to J. K. and J. C. Ewing for \$600 cash.

The Burrell Improvement Company report the following sale of lots at Kensington: C. C. Shadle, lots 12 and 13, block 11, \$1,445: William Yurkies, w. h., lot 21, block 12, \$255; Sil. Srogmes, lot 18, block 12, \$255; Joseph Auzul, e. h., lot 18, block 2, \$488 75.

A SLUGGISH MARKET, WITH VALUES INCLINED TO WEAKEN,

Philadelphia Gas the Only Thing Showing Pronounced Strength-Street Rallways Still Occupy Back Seats-1 Broker Thinks Fears of a Slump Unfounded.

The stock market was sluggish yesterday, Philadelphia Gas was about the strongest feature. Investors evidently take stock in the report of a bullish statement. Manches-ter Traction was firmer, but the rest of the street railways were rather wobbly. Du-quesne was scarcely mentioned at either of

quesne was scarcely mentioned at either of the three calls.

A broker remarked: "The market is dull, but buying movements are so spasmodic and uncertain that what is precarious today may be propitious to-morrow. In any event, Pittsburg securities are so well grounded on intrinsic merit that radical or prolonged depression is not seriously apprehended, and any material change from the present status, it is considered safe to say, will be for the better. With something definite from the crops, the opening of navigation and improvement in the iron market, of which there are encouraging symptoms, the chances for a rally will be greatly improved."

Sales at first call were 90 Birmingham Traction at 28, 30 Philladelphia Gas at 18%, 25 Manchester Traction at 39%. After call, 100 Philadelphia Gas at 18%, 50 Underground Cable at 75. Second call, 20 shares of Pleasant Valley sold at 25. Third call, 50 Pipeage changed hands at 11%. Bids and offers in detail.

COAL STOCKS THE PRINCIPAL SEAT

OF THE MOVEMENT.

Richmond and West Point and New England Special Features-Little Business Done for Foreign Account-The Opening Was Firm.

New York, April 18.—The continued strength, with the increasing activity in the tock market to-day, showed that the bullish feeling among operators is increasing in Wall street and the attacks of the bears only served to bring out inside support. Richmond and West Point and New England were special examples of this. The principal seat of the bullish feeling is again in the coal stocks. The particular strong point in the market to-day, however, was Western Union, which was held by undoubted buying for the long account, which has continued for so long a time and has stendily though slowly advanced the price to a figure which it has not seen for a long

The absence of the business usually done for foreign account and the lack of buying by the arbitrage brokers was apparently not felt in the market to-day. Outside of the stocks heretofore mentioned there was little animation or pronounced strength to-day though the entire list continued to apprecia animation or pronounced strength to-day, though the entire list continued to appreciate, but St. Paul and Atchtson were among the leaders in point of activity, while among the leaders in point of activity, while among the low-priced shares were special movements in Wheeling and Lake Erie, Minneapoils and St. Louis, Louisville, New Albany and Chicago, Luke Brie and Western, and a few others less important. The opening was firm at advances extending to % per cent, while New England and Lackawanna were exceptional with losses of 1 per cent and 1½ respectively. The other stocks mentioned recovered a large portion of their opening losses. There was no setback to the general advance until well in the last hour, when realizations appeared, with the effect of causing a material reaction all along the line and in Lackawanna, Delaware and Hudson and Lake Shore material losses from their best prices. The rest of the list, however, yielded very slowly, and in but few cases was any marked impression made upon prices. The market closed fairly active and rather heavy under these sales, but generally at something better than first prices. The final changes are generally small advances, but while Wheeling and Lake Erie preferred is up 1½ and Western Union 1½, Delaware and Hudson is down 1½ and Luckawanna 1½. Rallroad bonds were also active and rist and few features worthy of note. The Richmond and West Point bonds feit the effect

played a firm temper, but there was the usual slight changes in the general list and few features worthy of note. The Richmond and West Point bonds felt the effect of the opposition in the company and the 5s fell away 2½ per cent to 5s. No other changes of note occurred. Government bonds have been dull add firm. State bonds have been dull and steady.

The Post says: As the believers in an early advance in prices have based their hopes chiefly on the action of London, it was natural that to-day's stock market, with a holiday in London, should be dull. It was not, however, without features of interest. On the whole, its course during the greater part of the day showed firmness, but with great irregularity. The bear traders attacked New England, which was depressed by an outside demonstration which had much the appearance of a "stock-jobbing" scheme, but which was sufficiently founded on lacts to make it unpleasant. Richmond Terminal, too, sold down on the appearances of discord in the Reorganization Committee. The important factor, however, was the continuance of investment buying centering again in Western Union.

The total sales of stocks to-day were 403,224 shares, including Atchison, 11,000; Delaware, Lackawanna and Western, 11,700; Erie, 8,230; Hocking Valley, 3,230; Louisville and Nashville, 4,90; Missouri Pacific, 4,725; Northwestern, 10,000; North American, 3,035; Northern Pacific preferred, 16,185; Pacific Mail, 4,040; Reading, 159,550; Richmond and West Point, 3,950; St. Paul, 21,655; St. Paul and Manitoba, 6,500; Union Pacific, 6,560; Western Union, 18,100.

The following table shows the price of active tocks on the New York Stock Exchange yesterday.

THE MONETARY DRIFT.

A Quiet and Ensy Market Reported All Along the Line. The features of the local money market yesterday were similar to those which characterized it last week. Counter business was good, but the call for loans was light.

The nominal interest rate was 6 per cent, but there was more or less shading. Having weathered the Easter season, always a dull period in business and speculation, a revival can be confidently counted upon. Bank clearings were \$3.83,032.20, and balances \$713,381.33. This is the best Clearing House report for nearly two years, and represents a large volume of business.

At Boston there is a large surplus of money, and rates are easier. Philadelphia reports freer offerings of commercial paper. At Chicago the opening of navigation has enabled a large quantity of grain that has been held for months to be moved out, and has released the money that the banks had loaned on it. This has increased the loanable surplus of the banks and helped to make the market easy. There is little improvement in the demand for loans except from lumber men, as there is little new speculation.

At New York yesterday money on call

speculation.

At New York yesterday money on call easy at 1½ to 2 per cent, last loan 2, closed offered at 2. Prime mercantile paper, 3½@ 5½ per cent. Storling exchange quiet but strong at \$4.86% for 60-day bills and \$4.87% for demand.

Bank Clearings.

Bank Clearings.

New York—Bank clearings, \$72,462,862; balances, \$4,882,853.

Boston—Bank clearings, \$16,234,909; balances, \$1,559,320. Money. 13,662 per cent. Exchange on New York, 17,620 cents discount.

CINCINNATI—Money. 466 per cent. New York Exchange, 40,650c premium. Clearings, \$2,780,600.

THE MINT FIGURES. Product of Gold and Silver-Paper and Metallic Money Circulating. WASHINGTON, April 18 .- Mr. E. O. Leech, the director of the Mint, has transmitted to Congress a report on the production of the precious metals covering the calendar year 1891. The product of gold from the mines of the United States aggregated 1,604,840 fine ounces, of the value of \$33,175,000. This is an

the United States aggregated 1,604,840 fine ounces, of the value of \$33,173,000. This is an increase of \$330,000 over the product of the previous calendar year. The increased product is due largely to improved processes of treatment and to the increased amount of gold extracted from lead and copper ores.

The product of silver from our own mines was 38,330,000 fine ounces, of the commercial value of \$57,630,040 or of the coining value in silver dollars of \$75,46,555. This is an increase of 3,830,000 ounces over the prior year. The increased silver product was due principally to the new fluds in Colorado and Idaho and to the cheapening of the processes of smelting lead and copper ores bearing silver.

The total amount of paper and metallic money in circulation on January 1, 1892, (exclusive of the amount in the Treasury and its branches) was \$1,592,393,629, against \$1,528,594,627 on January 1, 1891, an increase of \$63,796,002. The amount of paper and metallic money in actual circulation on April 1, 1892, was \$1,608,641,520.

The product of gold and silver in the world for the calendar year 1891 was \$124,-229 600 gold and \$139,175,000 silver.

The product of gold increased in 1891 over the prior year nearly \$5,000,000; the increase being principally in South Africa. The product of silver increased in 1891 over the prior year about 8,000,000 fine ounces. The increase in the silver product was principally in the United States, Australia and Bolivia.

THE HOME MARKETS.

ENOUGH EGGS TO SUPPLY THE DE. MAND AND PRICES BARELY STEADY.

Poultry Is Scarce and Firmer-A Check to the Upward Trend of Cereals, but Hay Is Very Strong-Sugars Firm and Coffees Wenk.

OFFICE OF THE DISPATOR, PRITSBURG, MONDAY, April 18. COUNTRY PRODUCE—Jobbing prices— Receipts of eggs by the Ohio river steamboats were lighter to-day than was anticiputed by jobbers, but supply is equal to demand at prices quoted. In the early part of the month eggs were higher here than at other trade centers, and, as result, arge quantities were drawn to this market rom every point of the compass. Supply as caught up to demand, and prices have declined about le per dozen in the past week. Choice creamery butter is in light supply, but demand is also light, owing to supply, out demand is also light, owing to large receipts of country butter. The latter is slow at 18c to 20c per pound for the best offered. Poultry is scarce and firm at an advance over prices of last week. Receipts n this line have fallen off heavily in the past week. Maple syrup is a drug on the market, and prices are lower than they have been for many years.

Deen for many years.

THERE IS A MEDICINE

Composed of the essential virtues of nature's remedies, roots, barks, herbs and berries, and possessing marvelous curative powers over all diseases of the stomach, liver, kidneys, bowels and blood. This medicine known as Burdock Blood Bitters has proved so successful in curing Dyspepsin, Biliousness, Constipation, Headache, Bad Blood, Scrofula, etc., that the proprietors now guarantee it, and will refund the price to any person not satisfied after using the whole or part of the first bottle. It costs you but a cent a dose, then why suffer when you run no risk of loss in trying a remedy which has cured so many others? It also proves wonderfully successful in curing scrofulous swellings and cancerous diseases, convincing evidence of which we will send by mail on application to

NEW ADVERTISEMENTS. GOOD ADVICE. "My boy, I am going to buy you

something which the doctor advised me to give you. He said a thin child is always delicate; nobody worries about a plump one. I will give you Johann Hoff's Malt Extract to build you up. I know it will do it, and then only will I buy you the stone blocks to build houses with. You need strength first to become a man before you build houses." Dr. Fricke, a well-known practitioner of Phila., writes: "I have tried Johann Hoff's Malt Extract not only on myself but also on a great number of my patients with marked success in cases of convalescence, impaired digestion. for mothers while nursing, for children, and in general debility, and have found it to be an excellent remedy for building up the system. In my own case of impaired digestion it has benefited me more than all other remedial agents which I have used." Be sure to obtain the "Genuine" which must have the signature of "Johann Hoff" on the neck of every bottle. Eisner & Mendelson Co., Sole Agents and Importers of Mineral Waters, 6 Barclay street, New York.
