ISPECIAL TELEGRAN TO THE DISPATCH.] CINCINNATI, April 18 -- Captain Anson sprung a new rule on the baseball populace this morning, which was either overlooked at the time of its passage, or was rushed through after the regular League conference. The old man kept his weather eye fixed on the rain-laden clouds, and when Manager Bancroft dropped in the Chicagoan remarked:

"Well, it looks as if we would have to crowd a couple of games in to-morrow." "I guess not," replied the Red business

manager. "Guess again," retorted Chicago's chieftain, and then he pulled out a brand new rule book and pointed to paragraph 45, which read:

"Each club shall play 12 or more cham pionship games with every club, but a tie or draw game or a game prevented by rain shall be played off on the same grounds on succeeding day within the dates of the same schedule series between such clubs."

"See that word 'shall?" " asked the old man. "The rule has been interpreted by President Young just I put it to you. We were to have played two games at St. Louis Friday, but rain vetoed our programme."

This discovery of the rule came like a revelation to the baseball cranks who had passed criticism upon the lawmakers for the failure to provide against any more "Garrison finishes" such as Boston made last fall. The Chicagos play twice to-morrow and under this rule all the League cities are likely to enjoy more or less "double bills" this year.

PHILADELPHIA, April 18 .- Brooklyn bunched 10 of its 13 hits in the fifth and sixth innings to-day, which, with two errors by Clements and two bases on balls, yielded ten runs. With the exception of a base on balls, the visitors played without an error of any kind. The Phillies batted safely often enough, but their hits were too widely separated. At tendance, 2,550. Score:

until the latter part of June. It is rumored that several changes are contemplated in the team. Pete Browning is still in Louis-ville, and it is said that unless Kuehne shows well at third he will be signed to play in the outfield, Weaver put behind the bat and Grim at third. President Stucky, how-ever, will not affirm the report. The Pitsburg club will feel the loss of Hanlon. Manager Buckenberger said to day that his injury will lay him up some time and that when he resched Pittsburg Wed-nessiay he would send Hanlon to Hot Springs. "It is very unfortunate for us," said he, "for he is the best fielder-captain I ever had. Well, it is a little too early in the season to make predictions," continued he, "but I think the Pittsburg club will be well up in the race. I think we have the best in-field in the country. Cincinnati is much stronger than St. Louis," said he, in reply to a question as to the relative merits of the two teams. "I do not think St. Louis will be in the race at all."

The scheme is said to have considerable backing, but beyond a certain few nothing is known of it.

The alleged murderer had for several years been a fugitive from justice in his native country prior to his departure for America. After coming here he worked on several railroads throughout Northern Pennsylvania and was known as Louigi Pioletti. He was a wicked, unscrupulous man, and his companions were afraid of him. He went to Italy ims follows:

### BILLY BARNIE RELEASED.

#### He and Wagner Have Quite a Warm Argument at Washington.

WALHINGTON, April 18. - [Special.]-The Washington Baseball Club yesterday after-noon released William Barnie, the popular manager. Such a step has been contem plated for some time, and the baseball public are not surprised. Matters culminated yesterday when Manager Barnie visited the ball park. Mr. J. Earle Wagner was waiting in the office for Barnie and when the latter arrived called him m. Barnie was blamed, it is understood, for the defeat of the home club Saturday, by the New Yorks. He dis-club Saturday, by the New Yorks. He dis-claimed any responsibility, however, and said the blame rested on the owners of the team who had kept him in ignorance re-garding the signing and release of players. The interview was quite warm and at one time it was thought they would come to

time it was thought they would come to plows. It ended, however, in Mr. Wagner requesting Barnie's resignation. This the latter refused, declaring that if the owners did not desire his services they should dis-charge him. Several hours later Barnie was handed an official document, which state briefly that his services were no longer re quired. Mr. Wagner left at once for Phila delphia where he will close a contract with Arthur Irwin to manage the Washingtons.

#### DISPUTING ABOUT WOOD.

#### The Local Club Ciaims That Baltimore Has No hight to Sign Him.

There is a dispute between the local base ball club and the Baltimore club about George Wood. A day or two ago the Baltimore club signed Wood atter the Pittsburg officials had been negotiating with him.

Yesterday afternoon the local magnates stated that Pittsburg would hold Wood, and that Baltimore had no right tosign him. The matter will likely be relegated to the Board of Control for settlement, although the player in question is perhaps not worth fighting about. It is understood that Balti-more has given Wood a much higher salary more has given Wood a much higher salary than Pittsburg offered him.

#### Rain Downed Them.

Wet weather again vetoed almost all the ball games yesterday. Only one was played, that of Pailadelphia and Brooklyn. So far the season has been remarkable for postone of games, and there is a probability of some of them not being played off.
