PASTOR AND PEOPLE.

The Preacher's Place a Hard Position to Fill Successfully.

THE TOPICS FOR DISCUSSION

In Pittsburg, Allegheny and Nearby Pulpits To-Morrow.

GLEANINGS FROM CHURCH FIELDS

The preacher who declares the whole counsel of God is sure to antagonize his hearers. The average church member prefers to have his spiritual adviser prophesy smooth things. When the preacher goes for the sins and follies of the times, members of the flock are likely to squirm, and, instead of forsaking their sins, many go for the preacher. The pastors of aristocratic churches who have a conscience have hard roads to travel. They are, forsooth, condemned for their failures to tell the truth, and when the truth is told there are those in every congregation who deplore the preacher's lack of wisdom. The pastor's position is, of all others, the most difficult

PAYING POSTOFFICE BILLS.

ames B. Oliver Asks the Courts to Settle the Bills for Erecting the Government Building-a Jaror Dismissed-News of the County Courts.

A bill in equity was filed yesterday by James B. Oliver against W. B. Lupton & Co. and Thomas W. Irwin. The plaintiff states that the Pennsylvania Construction Company had the contract for erecting the Government building on Smithfield street. The defendants were sub-contractors. The Pennsylvania Construction Company became insolvent and assigned the contract to Oliver. He completed it, and after paying for work done after the assignment of the contract, has a balance on hands of over \$12,000. He was to pay \$3,700 to the Pennsylvania Construction Company at the completion of the work, but there is a dispute as to its distribution. He therefore asks that he be allowed to pay the money into court and the defendants be directed to intervene with their claims. came insolvent and assigned the contract to directed to intervene with their claims.

Looking After the Orphan's Interest. William and Albert J. Trinkle began equity proceedings yesterday against R. F. Jennings and others, guardians of Charles Jennings and others, guardians of Charles E. Jennings, for possession of a piece of property at 100 Pride street. On April 30, 1857, Walter P. Marshall and wife conveyed to their daughter, Catherine E. Trinkle, the property in question, in trust for her three children. She afterward married and then died. It is alleged the defendants are trying to deprive her minor son of his share of the property. A master is asked for.

The Juror Talked Too Much

Judge Magee withdrew a juror yesterday in the case of Egli Vought & Co. vs John F. in the case of Egli Vought & Co. vs John F. Wunderlich and wife, an action on a mechanic's lien, and continued the case at the costs of the defendant. It has been on trial two days, and involved about \$1,700. Shortly after court convened it was discovered that one of the jurors had been talking to the defendant. The matter was reported to the Court, with the result as above stated.

Litigation in the County Courts. MARY E. WALLACE issued an execution for \$1,260 against Robert B. Wallace.

ADOLPH ROSENTHAL yesterday issu execution against b. Zalkind for \$5,446 87. In the case of Joseph Kilch against Duncan & Scott, an action on a contract, a ver-dict was given for \$74 48 for the plaintiff. A notion for a new trial was made by the plaintiff yesterday in the case of F. L. Mc-Garr against the Standard Underground Cable Company.

A VERDICT for the defendant was given in the case of John Debe agaist the Citizens' Traction Company, an action for damages for injuries caused by a car striking Debe. THE divorce suit of Margaret M. McClurg against John G. McClurg is still on trial be-fore Judge Kennedy. McClurg denies his wife's charges, and claims she was to blame for the trouble.

EVAN JONES began suit for \$5,000 damages against John Kinlin and Edward Maloy for trespass. It is alleged that the defendants dumped earth and ashes on Jones' property in the Thirteenth ward.

BERTHA URBEN has entered suit for divorce against John W. Urben. They were married January 1, 1892, and separated August 15, 1891. She charges that he treated her cruelly, beat, kicked and pinched her, and would not furnish her enough clothing and food. A KENTUCKY FEMALE FIRED.

Husband and Babe Cremated, Wife and Lover Killed by a Bull. BRISTOL, TENN., April 22.- News has reached here of a horrible affair which occurred across the border in the mountain regions of Kentucky. Syl Harvell was a very well-to-do farmer of that section. He had been married about three years and had lived in comparative happiness with his wife. A few days ago, however, he made wife. A few days ago, however, he made the startling discovery that his wife was intimate with a young man named Alex Brady, and he abused her for her infidelity. Monday night Mrs. Harvell thoroughly saturated with oil the bed on which her husband and infant were sleeping, threw a fire brand thereon and dashed out the door. The building was soon wrapped in fismes. Among those attracted to the scene by the fire was Brady. After looking on a few moments he and Mrs. Harvell started away together across a field, and were attacked together across a field, and were attacked by a savage bull. Brady was gored to death, while Mrs. Harvell lived long enough to acknowledge the facts as related

RUSSIAN

May Cause a Further Decline in the Price of Pennsylvania Oil.

STANDARD OFFICIALS' VIEWS.

Their Producing Departments Advised to Curtail Expenses.

CHANGES AT M'DONALD YESTERDAY

The outlook is not encouraging for a bet ter price for crude oil. Even though the shut-down dream of some of the operators should become a reality it is probable that the average price for the present year will not exceed that of 1891.

Such a view could only be taken after reading the following statement made by an officer of one of the Standard producing companies. He has just returned from the monthly meeting of the presidents of the Standard companies held in New York. When asked by THE DISPATCH repre sentative what position their companies would take in regard to the proposed shut-down movement, he replied:

"That matter has not been placed before

"That matter has not been placed before us, and consequently was not a subject of discussion at the last directors' meeting. I am sure that when the proposal to shut down is presented by the producers' committee that it will receive the careful consideration which has always been given to such matters.

"The question of an advance in the price of crude petroleum was discussed by the different producing companies, and they were informed that it was not expected that prices would average as high during the present year as during 1891. The President of the companies urged that everything in the way of extras in rentals, and wildcat operations be cut off. Leases about to expire, and those which require operating either by expiration or in the protection of lines made necessary by operations on adjoining leases, will be taken care of.

Russian Oil the Cause.

Russian Oil the Cause. "The reason urged for this was that so far during the present year Russian oil had made greater inroads on our foreign trade than during the same period of any previous year. Within the last 30 days the Russian year. Within the last 30 days the Russian dealers have shipped oil into several of the South American ports, and are selling it there considerably less than the price at which our people could put it in.

"These facts have been given to the Standard producing companies for their guidance and information, that they might be aware of the possibility of lower prices and the necessity for economizing in the cost of producing in view of further inroads likely to be made upon our interests by foreign competition."

It will be seen from the above that Russian oil is the beam which has been and is holding the Pennsylvania product at a point below 60 cents a barrel. This is and has been seouted by many constants but they scouted by many operators, but they seldom take into consideration the fact that there are about 15,000,000 barrels of Pennsylvania oil in stock, and over 20,000,000 of Ohio oil. The latter is being refined, and is shipped to all points through out the West and Northwest, where i answers all purposes as an illuminant. Un answers all purposes as an illuminant. Un-tii this immense stock is reduced and a heavy duty placed on foreign oil, it is scarcely probable that the Pennsylvania product will again go above a dollar.

Features at McDonald.

The estimated production of the McDonald field was reported to be 24,000 barrels yesterday morning, a decline of 500 barrels changes in the list of big wells. Greenles & Forst's No. 1, on the National Coal Com-Forst's No. 1, on the National Coal Company's property at Noblestown, was agitated, and restored to 20 barrels an hour. Jennings, Guffey & Co.'s No. 4 on the Herron farm, and No. 7 on the Bell each fell below 20 barrels an hour and were dropped from the list. The Forest Oil Company's No. 1 Jane Stewart increased from 45 to 50 barrels an hour. Yesterday afternoon the same company shot its No. 1 Martha Wright and increased the production from 20 to 50 barrels an hour. its production from 20 to 50 barrels an hour. Brown Bros., Robinson & Co's. No. 2 Mc Murray got an increase of gas in the fourth sand when it started to flow at short intervals from the Gordon. They were expecting to reach the fifth sand late last evening.

Greenlee & Forst expect to get the Gordon and to-night in their No. 3, on the National Coal Company's property.

Guffey, Patterson & Co.'s No. 3 McMichael was three bits in the fourth sand last night and should get the fifth to-day.

McGinnies & Co.'s No. 4 Henry Shaffer will not be better than a 100-barrel well.

will not be better than a 100-barrel well.

Patterson & Jones' No. 3, on the Leonard
Shaffer farm, did not improve under a shot.

It is better than a 100 barrel well.

Their No. 1, on Torrence farm, may get the
fifth sand this evening.

Working the Mystery Racket, The Columbus Oil Company's well on the Smith heirs' farm in Independence town Smith heirs' farm in Independence township, Washington county, is being worked as a mystery. The derrick has been boarded up, and visitors are not welcome. They were still drilling yesterday at a depth of over 2,100 feet, but no information as to what sands they had passed through was obtainable. This is the well which was reported to have gotten the fifth sand some days ago and to be making anywhere from 40 to 400 barrels an hour.

Hatry & Co. drilled a duster about a mile and a half north of it on the Wilson farm a year ago, and two years ago the Wheeling Gas Company finished up a dry hole on the Hare farm, two miles south of it. Both of these wells were drilled over 2,500 feet deep, and no regular sand formations were found. Judging from these the indications for a well on the Smith heirs' farm, are far from bright.

Murphy Bros. are drilling at 1,300 feet on the Verschuren lot half a mile westof Noblestown, and in the same locality they are down 1,200 feet on the Mitchell farm.

Preston & Co. have started a well on the Ewing farm a few hundred feet north of Jennings, Guffey & Co.'s No. 7 Bell.

The Kanawha Oli Company has four wells under way at Sistersville. Their No. 1 on the Rose is due in the sand Monday, and they are drilling No. 1 Rudolph, No. 2 Johnson and No. 1 Bradfield.

Shay & Co.'s well on a town lot is in the sand and showing good. ship, Washington county, is being worked

son and No. I Bradfield.

Shay & Co.'s well on a town lot is in the sand and showing good.

Connelly Bros.' town lot well is in the sand. Murphy & Co.'s well on a town lot is in the sand and showing light.

There is more nitro-glycerine being used at present in the McDonald field than was ever used before in any district in the same length of time. A. F. Denniston, of the High Explosive Company, said last evening that during the present month they had put in 1,500 quarts or \$5,000 pounds. As the average shot is less than 25 quarts there must have been from 60 to 75 wells torpedoed.

The McDonald Gauges. The following estimates were submitted by the gaugers of the Southwestern Pennsyl-vania Pipe Line Company:

The production of the field was 24,000, 500 less than the day before. The hourly gauges were as follows: Matthews' No. 3, 20; were as follows: Matthews' No. 3, 20; Oakdale Oil Company's Nos. 2 and 3 Baldwin, 20; Forest Oil Company's No. 1 Jane Stewart, 50: No. 1 M. Wright, 20; Guffey & Co.'s No. 2 McMichael, 40; Forest & Greenlee's No. 1 McMurray, 25: No. 1 National Coal Company, 200; Devonian Oil Company's Nos. 1 and 2 Boyce, 35. Stock in field, 53,000. The runs of the Southwest Pennsylvania Pipe Line Company from McDonald Thursday were 19,634; outside of McDonald, 9,884. The National Transit runs were 34,537; New York Transit shipments, 31,129. Macksburg division of the Buckeye Pipe Line Company, 1,488. Buckeye runs, 41,826; shipments, 50,116; Eureka runs, 5,091; shipments, 2,212. Southern Pipe Line shipments, 18,019.
