WILLING TO PUT UP

Lots of Money in Pittsburg For a Good, Winning Ball Team.

VON DER AHE GOT \$2,300.

The Amount the Local Club Got on Its Western Trip.

AN ATTRACTIVE GAME TO-DAY.

The Reds Trim Up the Browns to the Tune of 10 Luns to 2.

GENERAL SPORTING NEWS OF THE DAY

Manager Buckenberger is now convinced beyond any possible doubt whatever that Pittsburg is one of the greatest baseball towns on earth if it only has a winning team or anything like one. And so is Von der Ahe, because he took away from Pittsburg over \$2,300 as his share of Friday and Saturday's games, and the home club got \$866 from the grandstand Saturday after-

noon, waich neither Von der Ahe nor the League could get their hands on. This shows what a vast amount of money there is in baseball in Pittsburg if the team can only win games and keep near to the front. Von der Ahe took more money away from here for the two days than the local

team got on their entire Western trip. Western Trip Receipts. receipts of the trip amounted to \$1,866 25 and was realized as follows: Cincinnati, opening game, \$935-35; second game, \$240-52; Louisville, \$83-25; St. Louis, game, \$220 52; Louisville, \$53 25; St. Louis, first game, \$297 67; second game, \$309 46. In commenting on these figures Manager Buckenberger last evening said: "I am convinced that Pittsburg will support a win-

ning team as well, and probably better, than any city in the country. I think we have winners, and the team will play even better than they have been doing." tive tentures that will be connected with it. The Louisville team are in the van, and among them are Tom Brown, Billy Kuehne, Pete Browning and Stratton, all ex-Pittstorg players. They have many friends bere, and Alexander Marvelous Jones, the Homestead phenom, is among the players, although he will not pitch to-day.

Players We Didn't Get. Still further, Weaver and Grim are smone the number, and they are two players that Manager Buckenberger signed for the local club, but higher powers relegated them to Louisville. These are very attractive features indeed. And there is Manager Pieffer, who is now quite a brilliant star in

he baseball world. The pitchers to-day will be Old Sport Galvin and Jouette Meekin. Neither has pitched a losing game this season, and it

Curroll tried to bunt, but he put up a little fly which Comisky took on the run and then beat "Plus" in a little sprint uack to first. Werden, Glasscock and Brodie then made beauty bright hits in succession. Brodie's drive went into right and "Jocko" made one of his patented dives and disciplines of the patented dives and blocks. Eldie Burke relieved Halligan in right, and he signalized his first appearance in a championship game by a catch of a line fly from Caruthers' but right on the edge of the cowd, a play that drew a shout that scared the fish in swollen Mill Creek. McAuliffe has also agreed to participate with Meyer in the puglistic championship carmival now being arranged by the Olympic Club, to take place between the 5th and 10th of September next. The purse for these lightweights will be about \$6,000. It may be regarded as almost definitely settled that the following events will occur between the above mentioned dates:

Corbett and Sullivan, for the heavy-weight championship of the world, purse \$25,000. Flizsimmons and Hall, for the middle-weight championship of the world, purse \$25,000. McAuliffe and Meyer, for the lightweight championship.

The Diamond. BUTLER, PA.: A is not out. TOM LOFTUS is managing a hotel in Dubuque, Ia BIG MIKE SULLIVAN is reported as having signed with Troy. CONNIE MACK is in great form this season, and

LAVE CROSS is one of the best emergency hitters JIM SULLIVAN is doing some dever pitching for the Indianapolis club. SWARTWOOD may not be able to play to-day owing to his sprained arm. THE Baltimores will keep Shoch on third as long as he does satisfactory work. THERE will be an important meeting of the County League this evening. BILLY FARLE caught a good game Saturday and made an excellent impression.

WESTLAKE, of East Liverpool, will catch for the East End Gyms next Saturday. THE task of our sluggers to-day is to down the League leaders, and it must be done. PAT Powers thinks that the seventh is the lucky inning for the clubs that he has managed. Tom Brown and Billy Kuchne are sure to get a great sendoff to-day at Exposition Park. DENNY LYONS has assured a personal friend that he will not "touch a drop" this season. ARTHUR IRWIN'S contract with the University of Pennsylvania does not expire until May 15.

THERE are evidently bitter baseball factions in Chicago, one of which is an anti-League faction. As LONG as Miller does the brilliant work in the outfield that he is doing, no new fielders need be looked after. THE City Blues, lately J. C. Kellys, want to play any local amateur team. Address Dan Carr, 2301 CHARLES W. JONES, Herman Doecher, T. H O'Brien, William J. Holmes and W. G. Betts hav been appointed Eastern League umpires. CROWDS, such as attended the game at Cincinnat resterday, will go a long way toward making League clubs solid on the Sunday ball playing ques-

Ewing is already giving offense by his overin-dulgence of argument with the umpires. The rules were supposed to prevent this, but you can't squelch "Buck." GEORGE HADDOCK has written a letter to Cap-tain Ward that he will not be driven in the case, but that he would meet the Brooklyns half-way. It is a two to one shot the pitcher descends from the high horse he has been riding.

EWING reproved his men whenever he thought any of them made a mistake, and he seemed to have the New Yorks under thorough control, says the Baltimore Swa. His club is composed of hard, long hitters, but it plays a rather thresome game, and has none of the life and hustle which were characteristic of the old American Association. Gus Weyhing and Kid Cross stick together like brothers. They are not only battery partners, but they are partners of each other's Joys and sorrows. They share up on everything. Gus Weyhing said the other day "Somehow it puts life in me to see the Kid signalling for balls. We understand each other, and I feel as if I had the batsman at my mercy when he is catching."

The Tarf. TENNY galloped a mile Tuesday in 2:15. His legs are mending and their fever has almost gone. GUTTENBERG is to try the virtue of a 20,000 issue of free hadges on its attendance. Total 0 0 4 0 0 1 0 5 0 -10 to Latinam Burke, Holliday 2.

FRIENDS of Jocky Davis are endeavoring to have him reinstated. It will be remembered that Davis was ruled off in the early part of the East St. Louis meeting for suspicious riding on Advent. C. E. Malone, acting for a Mr. Maxwell, of St. Louis, has bought Silver Mint, Mayor B. Iceland, Stratagem and Graulte, \$2,000 being paid for the last named pair. The horses will be shipped immediately to the East St. Louis track. JOHN DICKERSON will have a big stable this year. In the developed line he will have Almont, 2:17%; Angelina, 2:184; Presto, 2:184; Ohquerita, 2:284; Mapch, 2:78; Mkeagan, 2:194; Miss Wilton, 2:38. Chivenne, 2:15%, will be in later on.

THE BORROWING BILL. World's Fair Director Explains What Chicago Wants-How the \$5,000,300

made out of the net avails of the Columbian Exposition Company in the same proportion and at the same time or times as reimbursements are made to the city of Chicago on its appropriation of \$5,000,000 already made. That is to say, that if the city of Chicago realizes back into its treasury \$2,500,000 or \$5,000,000, to the same extent will the Government be retimbursed. The suggested amendment proposes in place of the above that the Government shall appropriate \$5,000,000 to be loaned to the Exposition Company, repayment to be provided for out of the net amount received into the treasury of the company after its outstanding bonds, if any, but not more than \$3,00,000, shall be paid, and before any reimbursement is made to the clty of Chicago or distribution upon the

and before any reimbursement is made to the city of Chicago or distribution upon the stocks of the company.

"As we have view it," continued Mr. Gage, "the first proposition is in harmony with the act of Congress passed April 25, 1890, under the authority of which the whole movement is carried on." The conditions required by the act, he continued, have been complied with and the further fact now ap-pears, viz.: that \$7,000,000 or \$8,000,000 will be required to worthily complete the great undertaking.

"Whose business is it to permit it?" he "Nobody has agreed to do it. Upon whom does the burden of responsibility rest? The bill before the committee proposes that the Government shall do this upon an equitable basis of reimbursement. If adopted it continues the Government as the sovereign of this exposition and the Exposition Company as a co-operative agent or servant. The alternative idea does violence, we think, to this theory of relationship, and by implication, if not by direct expression, passes over to the State corporation the responsibility which should rest with no one but the Government itself."
