MORE LIKE BUSINESS.

The Metals Not Quite So Inactive as They Have Been for Months.

MORE SALES, BUT AT LOW PRICES.

Interesting News From Abroad, Particularly in Tin Flate.

THREE MILLS COMING TO THIS SIDE

PERECIAL TELEGRAM TO THE DISPATCH. NEW YORK, April 28 .- The Iron Age, in its trade report to-morrow, will say:

The flurry in foreign ore is over. It is asserted by importers that not a cargo is now affoat unprovided for. Consumers could not expect such a streak of good luck for them to continue any length of time. Our cable report from London is very interest-ing this week. Bear operators, by covering, have advanced pig iron in leading British centers, pig tin has been active at an advance of £1, the Landore Tin Plate Company, of Swansea, owning seven mills, has spended, and three Welsh tin-plate firms are stated to contemplate erecting works in

this country.

The domestic iron trade continues gloom: and depressed. Chicago and Detroit are the only markets in which pig iron has been at all active. Pittsburg reports that the move-ment to shut down furnaces has come to a ment to shut down furnaces has come to a stop, and it is now given out that furnacemen making mill fron have an understanding to hold the price at \$13. A sale of Bessemer pix is reported at \$13. 75 at furnace in the Wheeling district. A large order of domestic ferro is reported taken at \$61. Pittsburg, an exceptionally low price. Bilets are weak, with no sales of importance except near Philadelphia, where it is rumored that large contracts have quietly been made below \$25 delivered.

Pittsburg Helps Matters Somewhat, A heavy business has been done at Pitts-burg in structural material, wrought pipe, barb wire and plates, but at very low prices Carnegie's new beam mill, the finest in the

barb wire and plates, but at very low prices. Carnegie's new beam mill, the finest in the country, was put in operation on Monday. Wire rods are firmer, with the Joliet mill, still out of the market, being repaired.

Amalgamated Association officials are now at work on new wage scales for the coming year, but as yet it is not known whether they will voluntarily make reductions. Chicago reports large orders in sight for manufactured iron and steel, and better business in steel rails. An unusually heavy trade in bare wire is reported at St. Louis, stimulated by cut freight rates to Texas, which are to be restored May 2. The ore trade at Cleveland has not yet opened up actively, but vessel charters are being made at low rates, and furnacemen are probably able to shade last year's prices on such purchases of ore as they are making. The shipping season will begin with the docks well cleaned up.

In metal the general tendency is upward. The demand for copper has moderated, but prices are mairly firm. Pig tin is higher, and the consumption by domestic tin plate makers is being felt in the increased volume of business. Pig lead is higher and more active. The purchases of spelter, "for export," have been sold here instead of abroad, but prices have advanced in the face of resales.

Interesting News From Abroad. The foreign markets are reviewed as follows, by cable: Pig fron warrant prices have moved irregularly, with only a moderate business in Scotch, but livelier trading in Cleveland and hematites. Prices receded early in the week, but subsequently advanced to 41s ld for Scotch, 38s 434d for Cleveland, and 48s 1614d for hematites. The reaction was due to heavy withdrawals

reaction was due to heavy withdrawals from stores, causing "bear" operators to cover, and creating a scarcity of English fron. The quantity of the latter in stores is now 114 000 tons, against 121,000 tons a week ago, making a reduction of 15,000 tons a week ago, making a reduction of 15,000 tons the past formight. Scotch stocks have decreased 8,000 tons during the same time, and smount now to 474,000 tons. There are now 8 Cleveland and 77 Scotch furnaces blowing. There is a somewhat better feeling in the steel trade, and work is soon to be resumed at several barrow mills. Ship plates at £6 5s are in very good demand. Holders of old fron rails have manifested more anxiety to sell, and offers of double heads were made at £2 15s f. o. b. without result.

The Flate Works for America. Tin Plate Works for America, Pig tin for prompt delivery has advanced

about £1, and the market has been active. Light stocks and moderate Eastern shipments are the chief features, but operatio of leading operators figured prominently. Consumers' purchases continue light. Cophave averaged lower. Absence of definite news regarding proposed restriction of output and slowness of negotia-tions induced weakness on the market. Con-tradictory statements regarding the Ana-conda mines have also had an adverse effeet. Purchases for consumption are only fair. The tin place market has remained quiet. Inquiries plentiful and large lines offering, but prices unsatisfactory. Ship ments are heavy. The Landore Tin Pinte Company, Swansea (seven mills), has sus-pended. Three Welsh firms, it is reported, contemplate erecting tin plate works in the United States.

LIVE STOCK MARKETS.

Receipts, Shipments and Prices at East Liberty and All Other Yards.

OFFICE OF THE DISPATCH, PITTSBURG, THURSDAY, April 28. Cattle-Receipts, 840 head; shipments, 672 head; market, all through consignments nothing doing. No cattle shipped to New York to-day.

The Weather Bullish, but Elevator Men Keep Prices Down-Large Receipts the Feature in Corn-July Alone Is Firm-Hog Products Fairly Steady.

CBICAGO—In spite of the fact that there were some bullish features in the market to-day, wheat was weak, and the net result of the trading was a loss of %c in Mayand %c in July, the greater weakness in the former month being due chiefly to sales by elevator men, who found no prospect of profit in carrying charges while May and July were so close together. The result was that May. which has for some time been at a parity with July, was forced to \(\foating c\) discount. The weather was unfavorable nearly everywhere. The Cincinnati Price Current, however, says the crop has held its own very

well during the week.

More or less of the wheat bought yester More or less of the wheat bought yester-day on the unfavorable crop reports was sold out to-day, increasing the weakness. May, which closed yesterday at 8ic, opened at 8i@8il/cc. sold off to 80%cc broke to 80%cc, July opening at 8il/cc, and selling during the same time at 80%cc, 8il/cc and 80%cc. The weakness continued during the last hour. May touched 80c and July 80%c. Toward the close the market firmed up some and closed steady at 80%c for May and 80%c for July.

closed steady at 80% for May and 80% for July.

May corn was decidedly weak, and at the close showed a loss of % compared with yesterday's close. The cold, wet weather in the corn belt was a bull factor, as tending to lower the grading; but the large receipts, containing a good proportion of the contract grade, neutralized this; and the general belief that longs had about sold out emboldened the shorts to sell more freely, and these offerings made the market weak throughout the ression. May opened at 41% (241%, against 41% at the close yesterday, and with insignificant reactions sold off to 40% c closing at 40%. July was firm, opening % higher at 39%, then weakened to 38%, but closed unchanged at 39.

Outs sympathized with corn, closing % lower.

Oats sympathized with corn, closing %c lower.

Hog products dull and fairly steady early. The principal business was in changing over from May to July—the packers and shorts bought May and sold July. Toward the end of the session the packers adopted the tactics of yesterday and flooded the market with offerings of pork for July delivery, sending prices down, from which there was no recovery, the market closing weak for the product and steady for lard and ribs. Pork shows a net loss of 15c, while lard and ribs are unchanged.

The leading futures ranged as follows, as corrected by John M. Oakley & Co., 45 Sixth street, members of the Chicago Board of Trade:

REAL

A Good Time to Dispose of Unproductive Central Property.

SALE OF A NORTHSIDE RESIDENCE.

Five Acres on Squirrel Hill Change Hands Twice Within a Week.

HERRON BILL DISTRICT BUILDING UP

From the large number of transfers appearing in the court records, it is clear that the real estate market is in good shape. That no weakness is shown by those who purchased two or three years ago furnishes satisfactory evidence that the market is strong. Foreclosures are few and far between. High rents in the downtown districts are encouraging location in the suburbs. This stimulates demand for acre property suitable for residence purposes, and enlarges the scope of building operations. There is little of a speculative nature going on. Vacant property is being bought for immediate improvement by people who have decided to become proprietors instead of renters. This is a feature of the market that cannot be presented in too strong a light. It denotes strong conditions.

Four Good-Sized Deals. It was reported yesterday evening that 115 feet on Penn avenue by 1,000 on Dallas avenue had been sold to A. H. Wilson, of the East End Hotel, for \$53,000. It is understood the deal was conducted by W. A. Herron & Sons. Black & Baird yesterday sold a residence property in Allegheny, presumably on Ridge avenue, for \$30,000. The late owner will remove to the East End. Five acres on Shady lane, Squirrel Hill district, changed ownership about a week ago at \$2,000 an acre. Yesterday it was resold to a Diamond street business man at a fair advance. The Carnegie Comman at a fair advance. The Carnegie Company completed negotiations yesterday evening for about 10 acres at Duquesne. The price was not stated.

Unproductive Central Property. This is a good time to bring unproductive real estate into the market. Money is abundant, and a great deal of it is seeking investment. Nearly all the downtown streets are disfigured by dilapidated buildings which bring little or nothing to the owners, and never will; they have reached the limit of their productive capacity. No one wants to rent them, except as a final recourse. Many owners say they caunot afford to improve, but refuse to sell for the reason that they expect better prices some time in the future. A bird in the hand is worth two in the bush. The future is uncertain. The unexpected often happens. This property would sell readily at good prices if put on the market, handsome stores would multiply, and the business area be materially enlarged. While owners of central property that presents a barrier to improvement cannot be compelled to sell, they should not overlook the fact that with the money obtained for their holdings they could buy or build in some other quarter, to their own advantage as well as to that of one wants to rent them, except as a final to their own advantage as well as to that of

the community. Building Up Herron Hill. Biggs Bros., the Smithfield street jewel-ers, are finishing the last of about a dozen handsome modern dwellings on Bedford avenue, in the Herron Hill district, and are contemplating the erection during the sum-mer of as many more on Madison avenue in the same locality. Every house so far fir-ished has been sold. It is reported that a Wood street merchant is having plans drawn for a block of ten middle-class houses further out the avenue first mentioned. These and other improvements under way disprove the claim occasionally made that

Herron Hill is a backward quarter. Yesterday's Building Permits. Ten permits were issued vesterday for 11 of most value are: A. E. Clark, brick dwelling on Stanton avenue, Nineteenth ward, \$5,000; Mrs. Rosanna Murphy, two brick dwellings (connected) on Zeech street Fifteenth ward, \$2,800; Alex. Wickland frame dwelling on Courier and Ingalls' alleys, Twentieth ward, \$1,600; George C. McMurray, frame addition to dwelling on Woodville avenue, Thirty-fifth ward, \$1,-800; Charles Donnelly, brick addition to dwelling on Fifth avenue, Twenty-first ward, \$4,000; John Connelly, frame dwelling on Euclid avenue, Nineteenth ward, \$2,600.

Special Features of Trade. Business is steadily recovering lost ground. Grumblers are scarce. The Hubley mansion, on Penn avenue, Wilkinsburg, is being remodeled and mod-

ernized throughout. Earnings of the Buffalo, Rochester and Pittsburg Railroad for the third week of April increased \$2,116. Northern Pacific's April increased \$2,116. Northern Pacific's earnings for the same time were but \$407,470,a decrease of \$12.699.

D. S. Elliott paid J. W. Johnston \$6,000 for three acres in North Versailles township. The improvements are valuable. John C. Martin has purchased a tract of land in Baldwin township for \$7,000.

Toledo is agitating the question of organizing a real estate board. Pittsburg seems to have no use for such an institution.

Mr. Callahan has sold his residence property on Holland street, Wilkinsburg, for \$3,000.

It is reported that at their meeting on Monday the directors of the Pennsylvania

Monday the directors of the Penusylvania Railroad will declare a dividend of 3 per cent.
The Governing Committee of the New York

The Governing Committee of the New York Stock Exchange has listed the following securities: Westinghouse Electric and Manniacturing Company, 83,712,228 first preferred 7 per cent cumulative stock and \$5,038,116 agsenting stock; West Virginia and Pittsburg Railroad Company, \$4,000,000 first mortgage 5 per cent gold bonds.

Among the deeds recorded yesterday was that for the Slataper property, purchased by Robert Sproul for \$41,500.

Preferred stock of the Pittsburg and Western Railroad sold recently in New York at 20. Additional Points in Realty.

Speaking of rural property yesterday a prominent investor said: "That it will increase in value with the growth of the city and the development of rapid transit, there can be no doubt. This has been the case in

can be no doubt. This has been the case in the past and will be in the future."

Reed B. Coyle & Co. sold for James C. Dick a property on Mariopoe avenue. Twentiet:: ward, consisting of a frame residence of ten rooms and all modern improvements, with lot 50x 120 eet, for \$11,000.

Hoimes & Co. sold two lots in the Grove plan to George Whitesell, Nos. 34 and 85, for \$300: also two lots in the same plan, Sl and 80, to W. L. Wilson for the same price; also six lots, same plan, Nos. 58 to 63 inclusive, to William Decker, for \$300 each.

Hoffman & Baldridge sold a new frame house of eight rooms, with all modern fixtures, with lot 25x 120 eect, on Holland street, Wilkinsburg, for \$3,800; also a lot on Whitney street, 35x 115, for \$1,200 cash; also lots Nos 18 and 43 in Palmer Place Plan, Swissvale, 40x 120 each, for Henry H. Neyley, for \$1,600; also lots Nos. 230 and 231 in Swissvale Place Plan, Swissvale, for \$300.

John & Ewing & Co. sold to William J.

lots Nos. 239 and 231 in Swissvale Place Plan, Swissvale, for \$500.

JAY GOULD A DAMPER.

HIS UNION PACIFIC VICTORY A WET BLANKET ON STOCKS.

Prices Soon Recover, but Intense Dulines Characterizes the Market-Industrial Strong but Stagnant, Cordage Showing the Most Life-Railroad Bonds More Active.

New York, April 28.-The stock market foring the forenoon to-day exhibited some ncrease in the amount of business, as well as general interest in the speculation; but later it became duli and stagnant, while ex-hibiting a firm temper in the main. The professional element was more juclined to take the long side, especially as the loan crowd showed an increased demand for

take the long side, especially as the loan crowd showed an increased demand for stocks, indicating the character of the selling during the last few days. The reduction in the Bank of England rate, while not unexpected, was one of the strengthening influences, and London was, to a moderate extent, a buyer of specialties.

The selling of Union Pacific, induced by the fallure to oust the Gould party from the directory, overshadowed for a time the covering of shorts, but both movements diminished rapidly and further decline was checked. The bears are still active in Atchison and the Grangers, and these operations had influence enough to check buying in the general list, so that the early advances were in but few cases increased late in the day. There was also considerable pressure upon both Reading and New England, but trading in the former was reduced after 12 o'clock to the smallest limits it has seen for a long while, and after a slight recovery, it remained stagnant with the others of the list.

There was a better feeling in the Industrials, but no animation or life in any of them outside of Cordarc, which recovered a small part of its late decline; but among the low-priced shares no leature of any kind was developed.

First prices were fractionally higher throughout the list, but the weakness in Union Pacific checked the advance after it had gone a little farther; and while there was a recovery from the first decline, the market soon drifted into the most intense dullness. The hopeful feeling, however, made itself felt later in the day, and there was a partial revival of the animation with a slow but stendy appreciation of values, which again brought most stocks up to and in some cases beyond the level of the best prices of the torenoon.

Some of the low-priced shares at this time made sharp movements upward, and Pittsburg and Western preferred, the Chesapeake and Ohlio shares. Tennessee Coal and Denver

Some of the low-priced shares at this time made sharp movements upward, and Pittsburg and Western preferred, the Chesapeake and Ohio shares, Tennessee Coal and Denver and Rio Grande preferred made substantial gains. The market finally closed dull and stagnant, generally at fractions better than last evening. A few marked gains were made, however, and Sugar rose 1½; Lake Shore, 1½, and Reading, 1½.

The total sales of stocks to-day were 247.-313 shares, including: Atchison, 18,675; Erie, 11,219; Northern Pacific preferred, 5 329; New England, 13,230; Reading; 51,400; St. Paul, 13,-650; Union Pacific, 34,885.

Raffroad bonds were more active, and displayed again a firm temper throughout, with lew material gains. The total transactions were \$2,124,000, out of which Atchison incomes furnished \$33,000; Reading thirds, \$181,000, and the deferred incomes, \$224,000.

\$181,000, and the deterred moomes, \$225,000. All the active issues were strong.

The following table shows the prices of active stocks on the New York Stock Exchange yesterday.

TRAFFIC IN MONEY.

Views of Experts on the General Situation and Outlook.

Usual business and conditions prevailed in local financial circles yesterday. In striking a balance between the rosy Clearing House reports and complaints of slackness in trade, a good authority says the apparent contradiction is due more to low prices than to lessening of activity. There was no change in the interest rate. Bank clearings were \$2,588,423 34, and balances \$657,537 16. The Bank of England reduced its minimum rate of discount from 2½ per cent to 2.

A New York banker observes: "The general financial situation appears good. Every line of business is on a safe and conservative basis. There have been no booms in any direction for a long period, and while nearly every other important country has been suffering from great loss of crops and financial disturbances, conditions here have been steadily improving."

At New York yesterday money on call was easy at 1½ @2 per cent. Last loan, 1½ closed: offered at 1½. Frime mercantile paper, 3½ @5 per cent. Sterling exchange quiet but steady at \$4 87 for 60-day bills and \$4 88½ for demand. in trade, a good authority says the apparent

THE HOME MARKETS.

EGGS GOING FREELY INTO COLD STOR-AGE AND SUPPLY HERE SHORT.

ow Vegetables on the Decline-Tanners Buying Bides Less Freely Since the Advance-Harness and Sole Leather Dull.

Office of The Dispatch, Pittsburg, Thursday, April 28.

COUNTRY PRODUCE—Jobbing prices—
The time is here when large quantities of eggs are going into cold storage, and as a tanners for stock delivered here: result stock is very light in the hands of our dealers. The consumption, however, has declined and supply is equal to demand. Receipts of creamery and country butter are on the increase, and markets are reported weak. The quality of Ohio creamery offered of late is searcely up to standard. The fered of late is searcely up to standard. The difference between Elgin and Ohio creamery is now fully 5c per pound. Poultry is in limited supply, and drift of markets is upward. Southern vegetables are arriving very freely and markets show tendencies to lower prices. New peas, cucumbers, and, in fact, all things in the vegetable line are quiet. Receipts of bananas for the week

Grain, Flour and Feed.

On Thursday's call at the Grain Exchange were sold two cars of sample oats at 35c, and one car part mixed and part No. 1 tim hay at \$11 50 and \$14 per ton. Receipts as bul-letined, 28 cars. By Pittsburg, Ft. Wayne and Chicago Railway—2 cars of oats, 1 of middlings, 5 of hay, 1 of corn and oats. By Pittsburg, Cincinnati and St. Louis—2 cars of Pittsburg, Cincinnati and St. Louis—2 cars of sack flour, 1 of hay, 8 of corn, 3 of cats, 1 of grain, 1 of bulk bran. By Baltimore and Ohio—1 car of hay. By Pittsburg and Lake Erie—3 cars of rye, 1 of hay. Wheat is a shade firmer than it has been of late, but flour is still quiet and slow. A representative of one of our city flouring mills reports that it is impossible to turn out flour at a profit with present cost of wheat. Ear corn is a shade lower and all cereals are slow. Hay is active and firm at prices quoted.

Following prices are for carload lots on track. Dealers charge an advance from store:

Hides and Calfskins.

Tanners are buying less freely since the recent advance in light hides, and as a re-sult markets have been quiet the past week. Calfskins are coming in freely, but demand is good for all offerings at last week's rates.

.\$1 00@1

Reduction for No. 2 stock, 11/2 cents per Ib

Allegheny tanners report this as one of the quietest weeks on record. Medium weights are in best demand, but all grades are slow. Sole leather is even slower than harness, No. 1 harness leather does not accumulate, but B stock is piling up more than has been the rule of late years at this season. Following are prices, as established by Al-

Following are prices, as established plegheny tanners:

No. 1 trace, 35c per B; B trace, 34c per B;

No. 1 harness, 120 to 170 Bs, 23c per B; B harness, 120 to 170 Bs, 27c per B; No. 2, 120 to 170 Bs, 25c per B; No. 1 black line, 25c per B; No. 1 black line, 25c per B; No. 1 owk collar leather, 10%c; B oak collar leather, 9%c per B.

Oak belting butts, prime quality. 3 X overweights, 20 B5 and up. 2 B overweights, 20 B5 and up. 2 B overweights, 20 B5 and up. 2 C overweights, 20 B5 and up. 2 Middle weights, 16 to 194 B5, 1c less than above.

Turpentine Markets. NEW YORK-Rosin firm and quiet. Tur-pentine quiet and steadier at 311/@341/c.

WILMINGTON-Spirits of turpentine steady at 301/c. Rosin firm; strained, \$1 10; good strained, \$1 15. Tar steady at \$1 35. Crude turpentine steady; hard, \$1 10; yellow dip, \$2 25. CHARLESTON—Turpentine steady at 31c Rosin firm; good strained, \$1 20.

Savannah-Turpentine firm at 311/2c. Rosin quiet at \$1 15@1 20. The Coffee Markets. New York, April 28.—Coffee—Options opened steady and unchanged to 5 down, and closed steady 5 down to 5 np; sales, 9,000 bags, including April, 12.55@12.60c; May, 12.25c; July, 11.80@11.90c; September, 11.90c; December, 11.80; spot Rio quiet and steady; No. 7, 13@13%c. BALTIMORS, April 28.—Coffee firm; Rio cargoes fair at 17c; No. 7, 13%c.

The Drygoods Market, New York, April 28.—Business in drygoods was somewhat less active, following yesterday's partial holiday, but no change was noted in the character of the demand. Finnels, both woolen and cotton, were in chief interest, with considerable doing, but nothing was active in general trade.

NEW YORK, April 28.—Pig fron dull; American, \$14 75@16 25. Copper quiet: lake, \$11 85 bid, \$12 00 asked. Lead firm; domestic, \$4 25 @4 30. Tin easy; Straits, \$20 50 bid, \$25 70 asked. The Metal Markets.

St. Louis-Wool unchanged. Best grades of coarse wool are most wanted, ranging 15220c. The various grades of medium range 182234c. Kicking About a Dumping Ground,

Property owners on Sedgwick street, Allegheny, are complaining about the dump-ing of refuse, dead animals and other disease breeding matter on a vacant lot on that street, and it is alleged have requested the Humane Society to enter suit against the to have it abolished. It is also alleged that when a complaint was made about it at the Health office the complainant, a lady, was contemptuously treated.

ALLEGRENY GENERAL HOSPITAL,
Max Klein's Silver Age Whisky has been
used exclusively in this institution for medicinal purposes with good results.
