## PASTOR AND PEOPLE.

The Preacher of To-Day Has a Hard a Road to Travel as the

PROPHETS OF THE OLDEN TIME.

Topics to Be Discussed in Our City Pulpits To-Morrow.

#### GLEANINGS FROM CHURCH FIELDS

The preacher who manages to please all parties in his congregation would require more than the wisdom given to mortals. There are those in every church who demand of their minister that he cry aloud against the sins and follies of the times. And there are conservatives in every congregation who believe that the pastor should refrain from denouncing popular evils which have money in them. Between the two the preacher has all he can do to hold his own. Verily the modern prophet has as hard roads to travel as those of the olden time.

GOOD WELLS AROUND SISTERSVILLE

The Meise well, of Lynch, Buchheit & Co., gave another impetus to the Gordon sand operations, south of Willow Grove yesterday. It is one of the biggest Gordon sand wells ever struck in the field, and promises to open up a big block of good territory. There were some big Gordon sanders found in the eastern part of the town of McDonaid, but they did not hold up for the reason that there were others in the same sand within a short distance of them, and it did not take all of them long to drain the rock. In the case of the Meise well there are no other producers within a mile of it, and it will be at least 35 days before any others can be put down close enough to the Meise to affect its output. Yesterday a large number of operators visited it, while others were scouring the country in the vicinity trying It is one of the biggest Gordon sand wells ner or operators visited it, while others were scouring the country in the vicinity trying to find a farm which was not already tied up.
