Fargo & Co.'s detectives said to-day: This is the first time that a Sheep Ranch stage has been held up, the object probably being the money destined for Haggin's ranch. It is the worst attempt at stage rob-bery that has occurred for years, on account of the loss of life. The robber must have be-come demoralized and fired before he knew what he was doing. LONDON, April 30. - Lord Randolph Churchill has issued a manifesto, in which he sets forth his attitude on the labor ques tion, a point which has hitherto been undecided. The manifesto is in the form of a letter of a candidate for a seat in the House

"Hence-forth," the manifesto continues, "labor will be independent of all political parties, and the latter must recognize the fact." In addition to the other charges Stately was
