#### DISPATCH, SUNDAY, MAY 1 1892. THE PITTSBURG

100.00

#### RESIDENCE OF H. C. FRICK, PENN AND HOMEWOOD AVENUES.

In spite of the return of smoke to this city, it is conceded by all who visit Pittsburg at this time of fear that a more beau-tiful scene than is presented in the suburbs of "Old Smoky" cannot be found in the whole United States. The buds are bursting everywhere, and the mass of greenery along the main avenues to the East End and in the suburban districts completely counteracts the depressing effects of the smoke that pours forth from so many mills and factories. After trying ineffectually for weeks to obtain a foothold, spring has really arrived at last, and May will be, as it should, the month of flowers and green trees. No wonder everybody wants to live away from the center of the city, and no wonder the real estate agents have had such a busy time of it this year. Now is the ime that the purchasers of suburban property realize that they have done a wise thing from every point of view.

### . . .

We all know what Tennyson says about "the young man's fancy" in the spring. Fortunately, it is not only the young man who is affected by the arrival of this most yous season. Those in whose hearts the imp of charity ever burns brightly feel a stronger glow as they see what opportunities are afforded for giving pleasures and necessaries to the poor and needy. The month of May will be prolific in entertainments for sweet charity's sake. The ladies of the various churches and charitable orcanizations are determined to make this menth netable for good deeds, and there will be a steady call upon the pocketbooks of the large class of citizens of Pittsburg who are ever ready to give their abundance to those who are less fortunate in this

#### world's goods. ....

There have been a number of charitable events already within the last few weeks, ne an earnest of those that are to come, and the campaign cannot be said to have more than fairly begun. One of the important days of this week, from a charitable point view, will be next Thursday, when donations for the Protestant Home for Incur-ables will be received at the Home in Lawrenceville. This excellent institution, that makes no distinction in its patients, further n to know their afflictions, is sorely in need of help. The hard-working ladies who give their time to its management are about to put in a new hydraulic elevator-a positive necessity at the Home-and they have not enough money to pay for it. They depend a great deal upon the results of "donation day" to help them to raise the required sum, several thousand dollars. It remains for the charitable to see that they do not hope in vain. \* \* \* To-morrow the fair under the auspices of the congregations of the various German Protestant Evangelical Churches of the two cities will open in Old City Hall. The fair is for a most commendable object, to raise money toward the building fund of the new orphan asylum at West Liberty, Although the German Evangelical Church is building the new school, it is not in any sense a sectarian institution. The children of parents of any church, or no church at are welcome, and all receive equal care. Dinner and supper will be cerved in the hall every day this week, and it is certain there will be no lack of guests. Eating and drinking for charity's sake is enjoyable in thore ways than one.

ing enjoyed a novel entertainment. An ing enjoyed a novel entertainment. An English play, a French comedy and a Ger-man dialogue, all good, are not often seen and heard in one evening. The talented young people you bore their parts in this diversified programme, as well as their in-structors connect receive too much precise structors, caunot receive too much praise for their smooth work.

The first concert of the East End Musical Club drew forth a very large and fashionable audience that was most encouraging to the young director, Mr. J. C. Breil. Although the programme was rather long, there were no signs of weariness to be detected among the listeners, and the entertainment throughout must be pronounced a success. One of the interesting features of the evening was the singing of Miss Pauline Lemmer, a bright young girl who has just completed five years of study in Germany, and whose powerful and flexible soprano was heard to advantage in the aria from "Lucretia Borgia" and the great

duet from "Cavalleria Rusticana," with Mr. Breil. Miss Lemmer will be a decided musical acquisition for Pittsburg, and will be much sought after for concerts. She has a good stage presence as well as a thoroughly trained voice.

# SOCIETY'S MEREY-GO-ROUND.

Events of the Past Week That Interest Folks in the Two Cities,

A delightful birthday party was given at the residence of Mr. E. W. Starr, the well-known theatrical manager, on Holland street, Wilkinsburg, last Monday evening. The eldest son of Mr. and Mrs. Starr, George O. Starr, meethed the second for the starr, deorge O. Starr, reached the age of 12 years last Monday, and the party was given so that a

Nonday, and the party was given so that a fitting celebration of the important event should be held. Before supper there were all kinds of children's games. Then a well-served repast, comprising lots of good things that little ones love, occupied the at-tention of the small guests for an hour. After supper the "donkey game" was intro-duced, when each one tried to stick the don-key's tail in the right place, and most of them failed. The first prize, for the person that came nearest to compilete success, was a handsome gold pencil case. It was won by Miss Lottie De Puy, while Miss Grace Elliott, who was very wide of the mark, carried off a miniature donkey as the booby prize. The evening wound up with dancing, the music for which was furnished by a number of society young men of Wil-kinsburg with mandolins and guitars. The occasion was a delightful one, and will long be remembered by those fortunate enough to be present. The guests were: Misses Lottie DePuy, Grace Elliot, Ida Stephens, Neilte Stewart, Mattle Gardner, Mary Gard-ner, Virginia Truby, May Callaban, Maggie Burna, Bianche Burns, Louise Colling wood, Tille Wright, and Messrs. Near the center is the inscrip-tion: "Flease accept, in the name of the comrades of the G. A. R. of Allegheny county, our sincers thanks for your efforts to make the meeting of the twenty-sixth annual encampment the grand success it was." Below are the signatures of Thomas G. Sample, president: H. H. Bengough and A. C. Frank, secretaries, of the Allegheny County Executive Committee.

#### Government Headstones.

As was announced in this column some time ago Post 141 has some 40 or more headstones for soldiers buried in the cemeteries of the Southside. Among these are several who were never connected with the post, and, although the place of burial so post, and, although the place of burial so far as the cemetery is concerned is known, the location is not. The friends of these will confer a favor upon the committee having this matter in charge by calling upon Com-mander L. T. McGrath. 1922 Carson street, who has a list of them. If the friends so de-sire, they can take the stones away with them. In fact, where the friends are able, this course would relieve the next creation

NOVEL AND GENEROUS OFFER TO THE LADIES.

NOVEL AND GENEROUS OFFER TO THE LADIES. People passing the corner of Smithfield and Diamond streets last Friday afternoon between 2 and 3 o'clock were attracted by a large crowd in front of Saller & Co.'s cloth-ing establishment. The cause of the excite-ment was the winding up and scaling of the lady's solid gold watch which had been on exhibition in the firm's mammoth window during the past week. Long before the hour advertised crowds of Indies had rathered in the store to witness the proceeding, showing the deep interest saken in Saller & Co.'s liberal offer. A news-paper committee, composed of Mr. H. L. Hall, of The Dispatch: Mr. John Gribben, of the Leader; Mr. William Kohler, of the Beo-bachter, and Mr. George P. Pettit, of the Post, had charge of the entire affair, attend-ing to the window and all other details. The lady guessing mearest the time the watch stops at will be presented with it. Hundreds of guesses have already poured in Hundreds of gnesses have already poured in by mail, and passersby should make it a point to witness the display in the window.

A fillip to the memory may not be out of place to the effect that there will be a meeting of the Ladies' Hospital Association at the Dispensary building, Sixth avenue, at 3 o'clock to-morrow afternoon.

Everybody will want to go to the Alvin Theater this week. The entertainment will undoubtedly be very good, and the purpose to be a served with the proceeds appeals to the hearts of all who have any ordinary human regard for their fellow creatures. The receipts of the week are to be devoted to the benefit of the Allegheny General Hospital, which has nearly completed an annex to the building, where a house-warming will be given as soon as the finishing touches have been bestowed. The attrac-tion at the Alvin will be the dramatic cantata of "Belshazzar," interpreted by a splendid cast. . . .

A Russian tea, under the auspices of the ladies of the First Unitarian Church, will be one of the leading social events of next week. making the marksmen of the State attain a high standard Colonel Osthaus has certainly hit upon the right plan. As predicted last week in this column, the date for the open-ing of the season of rifle practice has been set at next Monday, and the closing day is per 31. The two great changes to be

noted this year are first that every company must qualify at least 35 men or be con-sidered sufficiently lacking in discipline as to warrant disbandment, and recordly that to warrant disbandment, and secondly that shooters in order to qualify as sharpshooters must secore at least 45 points to their credit. Last year but 30 men were required to be qualified and only 45 points were necessary to become a sharpshooter. Officers are also expected to qualify this year or show cause for their failure, and in other ways the or-der issued by Colonel Osthaus is most ex-acting. The maximum of fixed ammunktion per company this year is 3,000 rounds and of blank cartridges 500 rounds, 1,000 rounds of the ball cartridges being forwarded to each company at the opening of the season. A provision of the State military code is

A REVISION of the State military code is one of the probabilities of the near future. ng. The code as it now stands has been most un

satisfactory, even under the old system of actics, for which it was intended to govern and as a consequence the adoption of the new regulations makes its revision imperative. Before the work in this line will be commenced, General Greenland pro-poses to have all the regiments in the State poses to have all the regiments in the State changed to 8 and 12 companies each, as the cases merit, so that the division into bat-teries will be more uniform, and the election of two and three Majors to the regiment will be decided upon. Another change talked of is a reduction of the minimum number of men to the company to 45 instead of 30, as it now stands. The fact is rapidly being recog-nized all over the State that the margin be-tween the maximum and minimum numbers for enlisted men is too small, and that poor men are frequently being kept in the service in order to hold companies within the limits of the law. Many other changes will be made in the code, and it is to be hoped it will be an improvement on the old one.

In a single county the number runs well up toward 100, and they form a large part of the businers in all the courts of the Territory. This is not due to any particular infelicity of the people of this Territory, but to the fact that the divorce law here is very lax, and scores of people have come in from other States to get rid of burdensome marital ties.

A residence of only 90 days is required. A divorce is granted for infidelity, cruelty, neglect, desertion or intemperance, and action can be brought in either the Probate or District Courts.
