THE WEEK IN OIL

## A Fairly Good Market, With a Glance at

the Inside, Trading, which was light, was mainly of a professional character. Posted clearances were 170,000 barrels. At the close yesterday the price was \$40 lower than the opening on Monday. This represents the loss for the week.

Switching the option to June was the reipal business ye-terday. It was done t  $B_{4}c$ , being easier than for several months, t  $B_{4}c$ , being easier than for several months, t is thought that local traders added but Pac, being easier than for several months, is thought that local traders added but the ir anything, to their holdings during e month, but that they sold more than ey bought. At the finish there was noth-g in sight to influence the market either as the present week, but the possibility of stersville should have a conservative in-more. Fluctuations are shown in the fol-

| they bought. At the instant of the sight to influence the present wisters ville should have the Fluctuat owing table: | the fin<br>nence<br>leek, b<br>have  | ish the<br>the m<br>ut the<br>a con | ere wa<br>mrket<br>possib<br>servat | either<br>lity of<br>ive in- |
