-IN A-

NUTSHELL.

MOST MEN have a desire to invest their earnings in a way that will bring profit and security, but many men feel that their savings are too small to allow them the opportunities offered to men of capital. This is true in part, but there are often opportunities presented to the man of small capital if he but look for them and give a few moments for their investigation. Have you \$300? Have you investigated ALIQUIPPA? Here you will find a golden opportunity. With lots 25x110 feet, delightfully situated, and an assured working population, guaranteeing a population for the new town of several thousand at the very start off, such an investment must be sure and profitable. Or, if you are looking for a place of location to start in business. ALIQUIPPA is the place. Or do you want to build and sell houses?-the hundreds of workingmen will need themanother opportunity. In fact, the advantages of location, permanent enterprises and extremely low prices present an opportunity through ALIQUIPPA to poor and rich alike seldom equaled for enhancement in value and unquestionable security. Over one-fourth of the lots have been sold in less than three weeks. Isn't that a record? Plans and informa-
