PRESIDENT BYRNE FILES A PROTEST

After thinking the matter carefully over the management of the Brooklyn team decided to play two games yesterday afternoon for one price of admission as a matter of courtesy to the baseball public of Pittsburg, and the two games were played, each getting one. That was quite a fair divy, in bad condition and kept the attendance but, oh! the local sluggers got there onl after one of the closest and most exciting tussles that has ever been witnessed in or about Pittsburg. It is safe to say that those of the 3,900 spectators who were rooting for Pittsburg never sat so uneasily on their seats in their lives before. At stages mat ters were close, and the visitors looked so much like winners that huge beads of perspiration were standing on hundreds o brows, and, when a tight hole was escape from, the sighs of relief could be heard nearly a mile away. It was, indeed,

An Exernelating Affair, A pins-and-needles contest was not in it It was really like the case of somebody leading one to the brink of a precipice and when about to throw you over some unseen hand would prevent the catastrophe. And the absolute finish of the game was the most remarkable and the most exciting stage of it. Old Pop Corkhill crowned himself with glory by throwing a man out at the plate. Had the run scored the score would have been tied, but as it was it retired the Brooklyns and won the game.

Certainly baseball is exciting after all that was seen in that came. Baldwin and Hart were the pitchers, and

It is safe to say they never had a better test of their pluck and skill. Baldwin never pitched a better game and never displayed etter judgment, and it may have been that his judgment on one occasion, viz., in pur-posely giving Brouthers his base on balls saved the day. All told, Mark only gave three bases on balls and only seven hits were made off him. That was splendid work against such a terrific lot of players like the wonders.

out of form as far as playing was concerned, but in kicking John is just as active as ever. And so are his team. They can kick, and they did it from start to finish. Started to Get Runs.

the third inning the first run was. Corkhill got his base on bails and Corknill was forced out at third by Boldwin's short grounder, and then Ward's wild throw allowed Miller to reach first all right and the bases were full. Rierhauer's sacrifice secred Mack, and Smith put the side out. In the fourth inning Farrell and Beckley each made a single,

In the sixth inning after Farrell was out, a wild throw by Joyce allowed Beckley to reach first. Shugart made a single and so Shugart made a single and so reaching third. Mack's sacrifice hit scored.

In the fifth inning, after Brouthers was out, Foutz got a lucky one down the right foul line for three bogs. Then Griffin got an-other down the right line for two bags, and Foutz tallied. This gave everybody the shakes, but Corcoran and Daly went out in order. In the seventh linning the visitors were led off by Daly. He was put out at first, and Hart got his base on balls. Collins went out on a fly to Singart, and Ward to the property of t made a single and so did Jovee, scoring Hart. With a man on second and third Brouthers came up, and Baldwin was a little nervous of Dennis and gave him his base on balls, filling the bases amid great excite-ment. Foutz taced Baldwin, and a hit meant a great deal, but Dave couldn't make it. He forced Brouthers out at second, re-

tiring the side When It Was Exciting. the ninth Griffin reached first on an error by Farrell. Corcoran was caught out by Beckley, and another error by Farrell nilowed Daly to reach second and Griffin third. It was now desperate for Baldwin. Mark struck Hart out, but Collins sent out a rattling single to right scoring Griffin. Daly also tried to score, but Corkhill threw the ball home with wonderful sim, and Daly was just nabbed on the post by Mack, and cheers rent the air as the game was ended. The second came was almost devoid of interest, as the visitors had it all their own way. Old Sport Galvin started in to pitch, but he retired at the end of the fourth inning, after six runs had been made and six hits of his delivery. Camp took his place. In the third inning Earle relieved Mack, as the latter did not feel well. Old Sport was touched up for four hits by the first four men who faced him, and that was

the other hand, the local sluggers could do nothing at all with Inks. Miller was the only man to hit the ball safe in the eight innings. Inks is a good man, and he has an excellent team behind him, and no mistake. He also had three hits to his credit, but they were of the extremely scratchy kind. Good hitting earned four of the eight runs and bad fielding made the other four. The home players fielded badly in the game, and their playing was a great contrast to that of the first game.

Camp pitched fairly well, and it may be that he will be worked oftener than heretofore. In the fifth inning Griffin received a violent blow on the thumb when striking at a

foul ball, and he bad to retire, Hart taking The game was called at the end of the eighth inning on account of rain. The

SUNDAY BALL PLAYING.

The Question Is Agitating the Minds of the League Leaders.

NEW YORK, May 3 .- [Special.]-The ques-He was well supported, but the home talent could not do much with Hart. He is a good pitcher and the errors of his colleagues lost the game for him. Ward was ent season the National League had not played games on sunday, but there appears to be a change of front in that respect. Six of the 12 clubs are now playing on Sunday, either at home or abroad. Washington, Bal-timore, St. Louis and Cleveland are the Sunday teams, while Pittsburg and Chicago are said to be ready to drop into line. Manager Buckenberger, of Pittsburg, is eager to play Sunday games, but is at present restrained Sunday games, but is at present restrained by the President of the club who is opposed. In the case of Chicaro there is a strong prospect of the team there playing on sundays, both at home and away. Anson has amounced that he is in moor of it, and President Hart delivers himself as follows:

"The Chicago club has no scruples against Sanday ball playing. The entire matter is left in my hands, and if it become apparent that Sunday games are desirable the Colts will play, provided there is no opposition from the press. However, at present it is not palpable that we need a change of programmie, but we are ready to accede to any demand in this direction."

demand in this direction."

New York, Boston, Brooklyn and Pailadelohia have not yet played Sanday games, and it is doubtful if they will. Director Talcott said to-day that the New York team would not play on Sunday. Speaking for Brooklyn, President Byrne says that no one was warranted in saying that the Brooklyns would play on Sundays; that previous to the sea-son the Brooklyn directors and decided against Sanday playing. Boston and Philadelphia are apparently opposed to Sunday games.

Mr. Pyrne's Protest.

President Byrne, of the Brooklyn club, vesterday notified President Young that he (Byrne) protested against the interpretation of the rule relating to the playing off of postponed games. Mr. Eyrne's protest does not at all refer to yesterday's games, but it is to force a definite and official statement regarding the meaning of the rule.

Viau and Shearon Released. CLEVELAND, May 3.-Pitchers Viau and Shearon are the first to walk Cleveland's plank. The club could not stand to carry seven pitchers. Viau is in splendid condi-tion and is said to be negotiating with an Eastern club. Retger is in good shape now and will be used in the box by Cleveland.

Ready for a Game.

THE DISPATCH Buseball Club is ready to arrange for games with any club from the newspaper offices of Pittsburg and other newspaper onces of Pritsburg and other amateur clubs of Allegheny county. Games will also be played during the season with clubs from the Newspaper League of Chicago, New York, Wheeling and other cities. All communications pertaining to arranging of games should be addressed to W. H. Durr, Manager, Disparch composing room.

The Seniors Won.

St. VINCENT'S COLLEGE, May 3 .- [Special.]-The Seniors and Juniors of this college played an interesting ball game yesterday, resulting as follows:

The Diamond.

H. F .- Galvin is in his 38th year. Frank Foreman is down for release by Wash-WELL, when we can quit even with Brooklyn it is not bad.

THE Alvins defeated the Evergreens yesterday by 12 to 15. THE Shadvaide Academy team defeated the High School team yesterday by 19 to 8. YESTERDAY'S WAS Galvin's first deleat this season. The old sport is still all right. THERE was some bad fielding on the part of the home players in yesterday's second game. FRED PFEFFER and Jack Chapman have amateur clubs named after them in Louisville. Such is fame.

THERE is said to be any amount of discord in the Washington club, which accounts in a measure for the club's poor showing. THE Volunteers would like to play any local '16-year-old' team. Address George F. Bauman, Jr., 1416 Fayette street, Allegneny. RAIN prevented the League games at Cincinnati and Cleveland and the Western League games at St. Paul, Omaha and Konsas City. An interesting ball game was played yesterday between the Park Institute and the East Liberty Academy trains. The former won by 24 to 14.

DEATH has cut into the family circle of the magnates during the past week. John R. Day has lost his father and Frank Robison his little daughter.

daughter.

THE Bug House Stars want to play any local team whose members are not over if years old. Address Torrence Kelly, Chartiers P. O., Mansfeld, Allegheny county.

THE New York Herold quotes George Billings, the son of the Boston director, as saying that the Bostons would be willing to release Stovey to the New York club for a "consideration,"

GRIFFIN mashed his thumb painfully in yester-dsy's second game. The crowd yelled densively when he stopped to nurse the injured member. Manager Ward forgot himself and waved his hand savagely at the unsympathetic spectators. He also received a hissing. Such is basebull life.

GRAND OPENING OF THE TOURNEY.

GENERAL SPORTING NEWS OF THE DAY

The big shooting tournament promoted by Messrs. E. E. Shaner and Jim Crow was commenced yesterday at Homewood Park, and was one of the most successful opening days of any tournament held in this State. Entries were not only numerous, but the shooting was of the very best quality.

There was a purse of \$300 for the day, but the entries were so numerous that \$278 were added to the purse, making a total of \$578 that were shot for. This is encouraging to the promoters and speaks volumes for the management of the event.

There were three classes of shooters, viz. the expert, the semi-expert and the ama-teur. In the expert class William Wols-tencroft won first prize, with an average of 88.8 per cent, and E. D. Miller was second, with an averege of 85.8 per cent. This is good shooting, certainly. In the semi-expert class William R. Fields was first, with an average of 82.9 per cent, and Walter Brooks was second, with 81.4 per cent. But the amateur class was a surprise. Seth Clover was first, with an average of 89.6 per cent, and J. Fulford, brother of the

champion, was second, with an average of The shooting to-day will be probably more interesting than vesterday, as there will be more money at stake. Following

LONGSTREET'S POOR TRIAL

The Favorite for the Brooklyn Alleged to

Be in Bad Shape. New York, May 3 .- Longstreet, the favorite for the Brooklyn handicap, had a very disappointing trial at the Gravesend track yesterday morning. The weather was very sultry and served to make the horses that

were worked sweat out profusely.

Longstreet was given his work at about 10 o'clock with Cox, the lightweight jockey of the stable, in the saddle. The horse broke the stable, in the saddle. The horse broke from the mile and a quarter pole at a good pace, covering the first furlong in 0:13. The big horse does not like working by himself, and little Cox was not strong enough to hold his head up and keep him at his pace. So he was eased up after going six furlongs in 1:19. The trainers were disappointed, as many bets were made that he would cover the mile and a quarter in 2:10 or better. It was rumored that "Jimmy" McLaughlin would be in the saddle on Wednesday or Saturday, when Longstreet will be tried again.

Good Sport at Nashville, NASHVILLE, May 3 .- Beautiful weather, excellent sport, brisk betting and a large crowd were the features of the third day of the spring meeting of the Westside Park Jockey Club. The race for the Linck's Hotel Handicap was the finest of the meeting and was warmly applauded. Though only two horses faced the starfer in the brood mare stake, the race was in doubt until the clos-

YALE'S NEW BOAT.

The Harlem Boat Spilder Finishes the Craft and Is Pleased With Her.

New York, May 3 .- "Ain't she a beauty," asked "Billy" Oliver, the Harlem boat builder, yesterday, as he gazed at the eight-oared shell just built for the Yale University crew. Workmen were sandpapering and olling the boat and putting on the finishing touches before shipping the shell to its destination. As he described the lines of the craft and spoke of her merits, he rubbed his hands in childish glee. The veteran boat

his hands in childish glee. The veteran boat builder has every confidence in the boat and from now until the big race on the Thames is decided he will not rest easy.

Oliver made a peculiar contract when he started to make the boat. He arreed to build one on the dimensions submitted for \$559, with the understanding that if the crew used his boat in the race and won, he would get an additional \$500. The collegians agreed to this, and gave Waters, of Troy, an order for a paper boat. The two shells will be taken to New London and given a fair trial, and of course the faster will be used in the race. Last year the Yale boys used a paper boat, while the Harvard boys rowed in a cedar shell. Many think that the paper boat caused the defeat of the wearers of the blue. Oliver says he is positive that the Yale crew was the superior, and he attributes its defeat to the fact that the paper boat lost its momentum at each stroke as the oarson least of this tributes its defeat to the fact that the paper boat lost its momentum at each stroke as the carsemen leaned forward. He said this could be seen very easily, and attributes it to lack of stiffness. On the other hand Waters claim that the paper boats are the better. Yesterday Oliver sent a communication to Troy offering to be; \$500 that his boat would be chosen for the race. He is anxiously awaiting an answer.
