

FOOLING THE PEOPLE.

Mr. Breckinridge, of Kentucky, Wants That Trick Stopped.

HOLMAN'S CHEESE KNIFE IS OUT, And He Insists on Faring Down River and Harbor Expenses.

UNIFORM MARRIAGE LAWS ADVOCATED

WASHINGTON, May 5.—The attack in the House to-day upon the river and harbor bill by Mr. Holman was sharp and bitter, but his remarks did not create a sensation, as did those of Mr. Breckinridge, of Kentucky, when he appealed to a Democratic House to deal frankly and fairly with the people, and not try to create the impression that the bill involved the appropriation of but \$21,000,000, when it really carried an expenditure of \$47,000,000.

He attacked the bill as being an extravagant one. It not only appropriated more than \$21,000,000, but it authorized contracts to be made which would make the Government liable to \$26,000,000 more. In connection with the bill he sent to the clerk's desk and had read a letter from W. E. Leonard, of Port Huron, Mich., to Representative Whiting, thanking him for his opposition to the proposal to make a 21-foot channel across Lake St. Clair, a distance of 30 miles.

Too Many Millions for Piers. This channel would have to be made with piers of wood or stone. It would cost \$17,000,000. It would cost \$17,000,000 more. Again at Beer Point, in Lake Erie, there would be ten miles of piers and five feet of dredging, and at the other end, 50 miles of piers. At the foot of Lake Huron there would have to be about three miles of piers. These 93 miles of wooden piers, with the necessary dredging, would cost \$2,500,000; and in five years the work would not be worth the button on a soldier's coat for the navigation of 21-foot vessels.

Mr. Whiting, of Michigan, thought that the proposition for a 21-foot channel from Duluth to Buffalo was premature and ill-advised. Mr. Breckinridge, of Kentucky, had too short a time accorded to him to attack the bill in detail, but he said that if a Democratic House wished to pass the bill it should act frankly with the people, and tell them that the measure involved an appropriation of \$47,000,000 and not of \$21,000,000. If the \$47,000,000 was fair and just, let the Democratic party go before the country and say so, and not declare that this was an economical Congress and had appropriated only \$21,000,000.

One Kind of Economy Not Wanted. Mr. Lockwood made an eloquent speech in favor of the deep waterway channel. He believed in the general policy of economy, but he was opposed to that economy which deprived the people of their just rights in the matter of transportation. Mr. Catchings, of Mississippi, in defending the bill, paid his respects to Mr. Holman. The gentleman from Indiana, he said, opposed the measure, as he did every other measure, which was a step toward the advancement of the country.

The general debate having concluded, the bill was considered under the five-minute rule. On motion of Mr. Blanchard, the appropriation for the improvement of the harbor at Manitowish, Wis., was increased from \$18,000 to \$28,000. Without disposing of the bill, the committee rose and the House adjourned.

AN INVESTIGATION WANTED.

Some Precedents Charges Made Against Secretaries Elkins and Noble.

WASHINGTON, May 5.—Before the Committee on Private Land Claims to-day, Representative Otis, of Kansas, produced a preamble and resolution reciting certain alleged wrongful acts on the part of Secretary Noble and Commissioner Carter, of the General Land Office. These acts, the preamble alleges, are in the interest of a conspiracy in 1877, of S. B. Elkins, then a delegate to Congress from New Mexico, Hon. T. B. Catron, United States Attorney for New Mexico, and Hon. Y. A. Williamson, Commissioner of the General Land Office, which resulted in the deprivation to homestead and pre-emption settlers in Colorado and New Mexico of their vested rights. The resolution calls for an investigation.

A BILL LIKELY TO PASS.

Secretary Tracy Urges the Consideration of a Steamship Privilege.

WASHINGTON, May 5.—The Senate Commerce Committee, by a unanimous vote, decided this morning to report favorably the bill granting American register to certain foreign-built ships of the Inman line of a tonnage of not less than 8,000 tons and a speed of not less than 20 knots, which passed the House Monday. Senator Freer, chairman of the committee, was authorized to urge immediate consideration by the Senate, and this he will do at the first opportunity.

Secretary Tracy, in a letter to the committee, expresses the opinion that the bill is second in importance only to the naval appropriation bill, and urges its passage.

BLAINE'S AID WANTED

To Obtain the Release of American Imprisoned in Ireland.

WASHINGTON, May 5.—General James F. O'Brien and Thomas St. John Gaffney, of New York, acting in compliance with the request of the Political Prisoners' Amnesty Association of Ireland, called on Secretary Blaine by appointment this morning to ask the friendly interposition of this Government in the matter of obtaining the release of Irish-American citizens now held as prisoners in Great Britain. They saw Secretary Blaine, who manifested an interest in the matter, but in advance of a legal presentation of the case the Secretary was not willing to indicate what action he would take regarding it.

Uniform Marriage Laws Reported.

WASHINGTON, May 5.—Two reports from the Judiciary Committee on the joint resolution proposing an amendment to the Constitution to provide uniform laws on the subject of marriage and divorce were made in the House to-day. The majority report, adverse to the resolution, was made by Representative Gates, and Representative Day presented the minority report.

FUNERAL OF FATHER STANISLAUS.

The Remains of the Venerable Missionary Placed in a Coffin.

The remains of the late venerated Father Stanislaus, of the Passionist Order, were interred in the crypt beneath St. Paul's Monastery, on Mt. Oliver, yesterday morning, with impressively simple ceremonies. This completes the 15 members of the order to be sepulchred there, and future interments will be made in the grounds adjoining the monastery. The body was at first in the simple black gown of the order, and there was no sermon in the exercises. The services were begun at 9 o'clock, but people began to fill the church as early as 7 o'clock. Six brethren of the order carried the coffin into the church, escorted by a procession of the clergy, and when the remains were placed in the sanctuary Father Boniface, rector of the monastery, proceeded with the solemn requiem mass, the office of the dead being sung in the Gregorian chant. Bishop Phelan participated in the ceremonies, as did also Fathers Joraski, Cashman, Conway, Wall, Ludwig, Andrew, Angelo, Henry, Kaylor, Devlin and Christopher.

VANILLA.

The finest Vanilla comes from Mexico; the beans are from 7 to 9 inches long. The production is not large and they are consequently held at a very high price. This high price induces the makers of flavoring extracts to substitute the rank, bitter, poisonous tonka or snuff bean. The Price Flavoring Extract Company annually consume in the manufacture of Dr. Price's Extract of Vanilla, more of the finest quality of Mexican Vanilla Bean than any other maker of flavoring extract in the world, and it is by their use that Dr. Price's Delicious Flavoring Extract of Vanilla secures its rare excellence.

A MODEL SHOE.

You begin to find out what sort of a shoe you have bought when you've worn it a little while. The test of a shoe is the wear it will give. We call our Foot-Form Shoe a model. It is a handsome looking shoe, but that is by no means all you can say about it. It is not only handsome looking, but it keeps its good looks. If you've ever seen anything cheaper in footwear you've had an experience that we've never enjoyed—the big in quality and the little in price have never been more happily comprised. This happy combination is also found in OUR CHILDREN'S WEAR—WELLS and OUR BOYS' IRON-KING SHOES.

HIMMELRICHS' NEWEST STYLES.

IMPERIAL CONGRESS BOOTEE FOR LADIES. This cut shows the precise nature of the boot, and can be classed as a model. Adjusted in a second, they are removed just as quickly. We feel convinced they will receive a large share of appreciation, as all improvements deserve.

BON TON. This style is another new one, and considered very fashionable. Inspection would certainly impress you with the elegance this boot possesses, and to step into them would be relished with all the comforts imaginable.

BLUCHERS. The name and shoe are both new, and a description is necessary. Not having any seams across the instep they would give you an advantage at that point. Broad across the ball, where the foot should have the most comfort, will give them a name and place within many a home that has sought to find a perfect fitting shoe in all respects and failed in the search. We ask for an inspection of this. Well selected stock, proper fitting, lowest prices and prompt service assured. It should be important to you to look into the merits of these claims, as they are founded on facts.
