IRON TRADE REVIEW.

Low Prices Still the Rule and No Favorable Symptoms.

HOW-QUOTATIONS HAVE DROPPED.

A Good Demand for Steel Billets, but the

Figures Are Low. REPORTS FROM ALL THE TRADE CENTERS

OFFICE OF THE DISPATCH, PITTSBURG, FRIDAY, May 6. RAW IRON AND STEEL-Business continnes to move along in a very unsatisfactory way. The demand has been irregular and competition lively. At present there are two classes of buyers, the first being consumers who purchase merely sufficient to keep their works running, the second, buyers who know a good thing when they see it, who have money and consider iron and steel a good investment at present prices. They enter the market and purchase blocks of 5,000 and 10,000 tons of pig iron, steel or most any leading article that can be obtained at prices that meet their views. For instance, take Bessemer pig. We heard of a sale of 6,000 tons of standand description at \$14.25, May, June and July. The party that made the purchase

ertainly made no mistake, as the price is the lowest we ever reported. A Drop That Was Not Expected. May 4. [89], we reported sales of 10,000 tons semer gi 816 75@17 00 cosh; gray forge at the same date sold at \$14 75@15 00. The esent rate for gray forge is \$12 85@13 00; selatter figures can only be obtained for ie best description. On the first of the the expected that with the approach of second month of the second quarter has

d-livery, consumers refusing to pur-in excess of what they actually reeven at the low prices prevailing, adding producers, with a regular line evomers, manage to dispose of the pal part of their current output at al part of their current output at total rates, and are, therefore, not a now nextery to take orders for the below rating rates. There continues competition among the furnaces that, are cause or another, are compelled ize, and the concessions which are to scente contracts tend to be a factor plug the market in its present shape, the inture outlook so unsatisfactory it is did that there will be a more general taken toward reducing production by action taken toward reducing production by the olowing out of a larger number of fur-naces. The Southern producers continue to turn out large quantities of pig from a con-solution of the partity of which is marketed in the easiern part of the State. Confidence Gradually Returning.

CHICAGO EUYERS HOLD BACK,

Believing That Prices Will Go Below Ever the Present Low Stage.

my May 6 .- [Special.]-Rogers, Brown herain sat: There has been somewhat a sit neticity in the Chicago pig metal ket during the past week than the pree, though inquiries are still plenty both long and short deliveries from a unit small consumers. The decrease unit small consumers. The decrease is unit go closed is largely explained by the plant constituers are looking for a new decline in prices; they argue that is are so beavy at the furmoes that is through unit of the made in order to cut the flant small be made in order to cut the flant small be made in order to cut the flant small sma bath long and short deliveries from gures until be made in order to cut out. On the other hand, many of more companies, both North and more fixed a point as the price below more tenses to go, preferring to hold moints, even to pile it, rather than rither sacrifice. The result is likely a period of function, with buying restricted to hand to mouth policy. The avertical to hand to mouth policy, we are larger than ever before, we in consumers' hands are much in consumers' hands are much in usual, and that the one nearly faresthe other. Large inquiries sperior charcoal are still floating deals are being closed from New York—Rosin quiet and steady. Tur-pentine part of furnaces to hold to as their minimum.

SUNSHINE ROUTS THE BULLS.

Yet the Weather Conditions in the Wes Are Unimproved - Heavy Drops All Along the Line-Free Seiling of May Oats-Fields Wet.

CHICAGO - Wheat broke 2%e to-day, corn Big. pork 25c. There was one failure-a small one. Brighter weatzer, a rumored renoval of the Russian prohibitory edict and the improved crop conditions in Kansas formed the bearish combination. Closing quotations were at or near the very bottom for the day. It was a noticeable fact that the Signal Service map showed there had been little or no improvement either in the West or the Northwest, where rain or snow was still reported; but with clear skies here

these conditions abroad were steadily over looked or discounted. Liverpool cables were looked or discounted. Liverpool cables were up \(\frac{1}{2}\text{1}^2\) d, but this was not as good as expected on the 3c advance here Thursday.

The market started on a break of 1\(\frac{1}{2}\text{c}\), and dropped another \(\frac{1}{2}\text{c}\) in a half hour. Buils turned in to sell. The bears helped very freely. On the street July price got le under the opening and 1\(\frac{1}{2}\text{c}\) under last night. It was a lively scene in the lift is exceed millions of paper profits dis-

der last night. It was a lively scene in the pit, as several milions of paper profits disappeared.

The weather caused corn to open very weak, and, the prospect of the clouds having emptied themselves, the market continued to weaken up to the close. Trading was active, but the weather and the decline in wheat encouraged both short selling and the selling out of long stuff, causing a heavy feeling, from which there was no relief during the day.

feeling, from which there was no relief during the day.

In oats there was free selling, especially of Max. The state of the fields, which were reported to be badly flooded yet, tended to make the market film, but the break in wheat and corn was a more powerful factor and caused a decline of \$5.8 in prices.

An improvement of 5c in the price of bors had no influence on the provision market. Wheat and corn, the strength in which yesterday had bolstered up the hog products, had ceased to lend support. July pork made spasmodic recoveries, amounting to loc, but the general tendency was down from start to finish. Lard dropped 75c and ribs loc. to finish. Lard dropped 75ce and ribs 10c. The leading futures ranged as follows, as corrected by John M. Oakley & Co., 4 Sixth street, members of the Chicago Board of Trade: Open- High- Low- Clos-

CITY REAL ESTATE.

One Thousand Dollars a Foot Front for Third Avenue Property.

NORTHSIDE PAROCHIAL SCHOOL. Some Fine Buildings Going Up in a Choice

District in the East End. FEATURES OF MONEY AND SPECULATION

It was reported yesterday that Black & Baird had just consummated the sale of a lot fronting 20 feet on Third avenue by 80 in depth, between Market and Smithfield streets, at a price close to \$20,000, or \$1,000 a foot front. The firm, while not denying the transaction, were not in a position to give immediate particulars.

Parochial School Building. It was stated in this column several months ago that Bishop Phelan had acquired by purchase a piece of ground on the corner of North and West Diamond streets, Allegheny, with a view to the erection thereon of a parochial school building in connection with St. Peter's Church, nearby. It was the intention at the time to begin work on the structure as soon as de-tails could be arranged, but owing to un-foreseen circumstances nothing was done. At a conference of the promoters of the enterprise a day or two ago it was announced that all obstacles had been removed, and that the work of construction would begin early in the fall. The building will cost between \$75,000 and \$100,000, and will be one of the completest institutions of the kind in the country. The lot upon which it will stand has a frontage of 90 feet on West Diamond by 135 on North Diamond.

More Fine Residences. A number of handsome buildings are going up in Boulevard Place. Among the owners are John C. Wallace, John H. Watt, F. H. Speer and E. M. Moore. Mr. Watt is building six, Mr. Speer four and Mr. Moore two. Values range from \$8,000 Mr. Moore two. Values range from \$8,000 to \$20,000. Mr. Wallace's house will be one of the finest in the place. Special Features of Trade.

Well-located property on Third avenue at \$1,000 a foot front is reasonable enough for Pittsburg.

Eight permits were issued yesterday for the same number of improvements, aggregating \$17,650 The only one of special value was taken out by D. J. Thomas for a brick was taken out by D. J. Thomas for a brick dwelling on Pacific avenue, Twentieth ward, to cost \$5.00?.

The street railways are fulfilling predictions made a year or more ago of becoming teading factors in the local stock market. It is hazarding nothing to say they will keep nace with the growth of the city.

Ira M. Burchfield will soon begin the erection of a commodious store in Hazelweed.

Preperty in the hill district on the Southside is looking up in expectation of a complete system of rapid transit. There is considerable of it on the market, but it is not

siderable of it on the market, but it is no pressed for sales.

The foundation has been completed for the industrial building for girls of the mute industrial building for girls of the mute school, Edgewood.

James G. Cooper has transferred to the Pittsburg and Allecheny Baptist Union a lot on Wylie avenue, Thirteenth ward, 89 leet front, for \$3,600.

In New York \$20,000 Pittsburg and Western 4s sold at \$47,500,000 Pittsburg and Western 4s 184,500 Pittsburg and Western 500 Pittsburg and 1918.

internal interest in three properties in the city and suburbs of \$2.530.

John K. Ewing & Co. sold to Miss Mary N. Counningham a lot 50x47 on Perrysville avenue, near Marshall avenue, Tenth ward, Allegheny, for \$1,000.

Black & Baird sold to W. W. Piper for J. Dunlevy, Jr., lot No. 65 in the Linden place plan. Twenty-second ward, for \$500.

E. T. Schaffner reports the following sales: For W. A. Mallard, a frame of three rooms and attic, lot 25x114 to alley, 120 Maple avenue, Thirty-first ward, for \$1.550; also for Margaret Droegar to Albert Stokker a three-room frame, lot 22x17, No. 97 Sandusky street, Thirty-first ward, for \$1,850.

The Burrell Improvement Company report the following sales at Kensington: Mrs. Clara L. Kimble and Mrs. Lilliam J. Hawley, lot 83, block 13, \$592; William Grupp, lot 44, block 1, \$600 cash; Harry Kauhoefer, lot 43, block 1, \$600 cash; L and J. Bordanaro and S. and J. Cantanzare, lot n. h. 14, and all of the sale of the sal block I. \$600 cash: L. and J. Bordanaro and S. and J. Cantanzare, lot n. h. H., and all of 15 and 18, block 15, \$2,000 cash: William C. Gray, Lucosoo P. O., Pa., lot 33, block 12, for \$125: Miss Matilda H. Armstrong, lot 95, block 3, \$892.50; Mrs. Sanah J. Park, lot 3, block 2, for \$80 David D. De Mott, lots 87 to 97, inclusive, block 8, for \$1,702.

HOME SECURITIES.

BULLS HOLD THEIR GROUND IN FACE OF LIGHT BUSINESS,

Not Much in the Way of Sales, but Nearly Everything Held With a Strong Grip-Tractions Contribute the Bulk of the There were less than a dozen sales at the

three stock calls yesterday, but this did not

intimidate the bulls. A majority of the active shares opened strong and, with a few exceptions, held advanced ground. It is hard to down things that have established their right to public confidence.
At the last session the bears made a slight impression on Philadelphia Gas, but not enough to pay them for their trouble. Manchester, Duquesne and Central Traction im-proved their position, but the latter yielded a small traction at the last session. Luster

a small fraction at the last session. Laster was bid up to 9½ after call. Airbrake finished at 115, the top of the day. Exchange National Bank was offered down from 86 to 85. There were no special leatures in the remainder of the list.

The declaration of a dividend of \$1 50 a share by the Pittsburg Traction people yesterday was no surprise. It had been expected.

Sales at first call were 250 Duquesne Traction at 27½, 100 Central Traction at 30, and 75 Manchester Traction at 44. Second call, 20 Switch at 16½, 100 Manchester Traction at 44. Third call, 25 New York and Cleveland Gas Coul at 50. After call, 40 Duquesne Traction at 27½. at 27%. Quotations on unlisted stocks at the last

NO DRIVES IN SHARES.

CONSEQUENTLY THE NATURAL BULL ISH TENDENCY IS SHOWN.

Shipment of Gold Has but Little Influence -Sugar and Reading Cause the Shrinkage in Business-Omaha, Chicago Gas and Union Pacific Up.

New York, May 6.-The stock market to day was relieved from the incubus of a severe drive at any of the leading stocks; and while further heavy shipments of gold were reported, they seemed to have little actual influence upon the course of prices. The May quotation of Sugar by the large interests which caused the 5 per cent drop yesterday having ceased, the smaller local opera-

side orders either to sell or ony. The shrink-are in the amount of business done to-day was almost entirely in the two leading spec-ulatives, Sugar and Reading. While the general list was, as usual, almost barren of feature, a few points of interest were seen and the market was saved from utter stag-nation. These movements were in every case advances, doing much to give the firm appearance during the greater part of the day.

day.

Omaha common, Chicago Gas and Edison receipts, as well as the recovery in Sugar and Cordage and the gain in Green Bay, attracted attention over the stagnation in the rest of the market. The opening was quiet and tame, but with the remains of yester-day's depression showing in the lower quoand tame, but with the remains of yester-day's depression showing in the lower quotations, and the further slight losses in the early trading. The fact that the pressure had been withdrawn soon became apparent. Prices improved under the demand from the shorts, though no material progress was made until the afternoon, when all the stocks mentioned, in addition to Mobile and Ohio, which moved up from 38 to 41 and closed only a small fraction lower, made their advances.

Ohio, which moved up from 38 to 41 and closed only a small fraction lower, made their advances.

The dealings beyond these incidents were without suecial interest, and among the active stocks fluctuations were very small, Reading ranging over only ½ per cent during the entire day. The prices were well maintained in the late trading, the market closing dull but firm at the improvement. The final changes show slight gains in most cases, but Ounda is up 1½; Chicago Gas, 1½, and Union Pacific, 1 per cent.

The total sales of stocks to-day were 194,425 shares, including: Atchison, 13,409; Chicago Gas, 10,140; Eric, 7,550; Northwestern, 3,300; Northern Pacific preferred, 5,709; New England, 3,825; Reading, 30,000; St. Paul, 9,620; St. Paul and Omaha, 18,665.

Railroad bonds were still fairly active with a widely distributed business and lew features of interest. The first temper is steadily maintained, however, and while the great majority of the list move within narrow limits a lew make substantial progress from day to day. Norfolk and Western firsts rose 2 to 120, but the active bonds were more sluggish and changes are small. The trading reached \$1,69000.

The following table shows the prices of active stocks on the New York Stock Exchange, 5; Fourth avenue.

Bank Clearings.

New York-Clearings, \$129,028,851; balances, day having ceased, the smaller local operators tried their hands upon it and a few of the railroad stocks, but with very indifferent success, and, the general list being left to take its natural course to some extent, displayed a firmer temper and an advancing tendency was developed. Before the close the market sank into a more intense duliness than it has seen for some time. This clearly demonstrates the narrowness of the speculation, as well as its professional character.

London was not a factor in any way, and commission houses report a dearth of outside orders either to sell or buy. The shrinkage in the amount of business done to-day are selled. New York exchange firm at 40c premium. premium.

THE HOME MARKETS.

COLD STORAGE HOUSES GATHER UP EGGS, AND SUPPLY IS LIGHT.

Bananas and Pineapples Pientiful-Corn, Oats and Wheat Steady-Millfeed and Flour Quiet-The Grocery Trade Still Featureless.

OFFICE OF THE DISPATCH, PITTSBURG, FRIDAY, May 6. COUNTRY PRODUCE-Jobbing Prices-As it is an accepted fact that eggs are to be no lower this season, large quantities are going into cold storage, and hence supply is light. Consumption has also declined and markets are barely steady. Ohio creamery butter is not coming to the front in good shape and markets are dull. The poultry supply is light and markets are steady. Bananas and pineapples are in abundant supply, and drift of prices is toward a lower level. The quality of strawberries coming in of late has been low. Little choice stock has been offered for the past week. Homeraised vegetables are coming in freely, and markets are weak and slow. Southern stuff is even slower.

is even slower.

THE MARKET BASKET.

Home-Grown Vegetables Lower, and Staple Meats Change Not.

At the Diamond market fruit and vege table stalls trade is reported better this week than last. Home-grown garden stuff is in better supply and quality than it was a week ago, and prices are steadily gravitat-ing toward a lower level. Southern garden stuff is being displaced by that which is produced nearer home. Strawberries from the Carolinas and Tennessee are beginning to come in freely, but quality of offerings so far has been poor. Choice strawberries thus far are hardly to be had.

Butter has for the week past been in lib. eral supply, and prices are lower. Poultry and eggs are in short supply and a shade higher than they were a week ago. In floral

Wool Markets.

New York—Wool in moderate demand and steady: domestic, 26@35c; pulled, 30@32c; Tex-ans, 15@22c. St. Louis-Wool-Receipts, 97,000 pounds; ST. LOUIS—WOOL—Receipts, 17,000 pounds; shipments, 105,000 pounds; no quotable change in the market; the demand is from Western mills for immediate use; fine to bright medium ranges at 180,25; coarse and braid, 140,20c; light fine, 150,18c; heavy fine,

The Drygoods Market.

New York, May 6.—There were more buyers in the drygoods market, and the inquiry for goods was somewhat more general, yet nothing of new importance transpired. The indications, however, were in favor of more activity in the near future. There is evidently neither haste nor speculation to be apprehended. At the same time the condition of the market is such that if a good southern and export demand should come on a scarcity of goods would be disclosed. There was a fair business in cotton flannels, wool finnels, dress goods and a few other speciables for the fail trade. The print cioth market was again higher, the price of standards being 3%c. Flat fail cambries are firm and selling at highest asked prices.

The Coffee Markets.

NEW YORK, May 6.—Coffee—Options opened firm, 5@15 points up, and closed steady, 10 @15 points up; sales, 47,500 bags, including May, 11.85@11.90c; June, 11.55@11.65c; July, 11.55@11.65c; August, 11.60c; September, 11.60@11.65c; October, 11.60@11.65c; December, 11.60@11.65c; Specember, 11.60@11.65c; Specember, 11.60@11.65c; Specember, 11.60.@11.65; spot Rio steady and more active; No. 7, 123/2c.
