prices than were obtained a week ago, when the large run demoralized trade. So far as could be learned there were no sales above \$4 50 this morning, but prime beeves would have readily commanded 50c per cwt more if they had been on sale. The supply of light tidy butcher beeves, such as our markets require most, was not up to demand, and this grade of cattle was 10 to 15c higher to-day than it was a week ago.

Fresh Milkers Plenty. The run of fresh cows was much larger to-day than it was a week ago. Last Monday there were not over 50 head on sale. -This morning there were fully double that This morning there were fully double that number on sale. Good stock was in good request, but all low grades were dull and slow. A sale of nine head at \$34 was reported, and the range was \$25 to \$40 per head. Demand for fresh cows has subsided somewhat in the past week or two.

Calves are still too numerous, but prices were a shade firmer to-day than they were a week ago. A few bunches were sold at \$44c, which was \$4c better than last week's top price. The range of markets was 3c to \$45c per pound.

top price. The range of markets was so to the product of the product.

Sheep-Markets opened at Liberty with 25 loads on sale and the movement was slow at barely last week's prices. Wood sheep are no longer a quantity. Sheep were sold at a range of 4c to 5c per lb, pearlings at 4c to 5c, and spring lambs at 6c to 10c. Hogs—About 27 loads on sale. Markets slow and dull with 34 Stas top price. Light weights were in best demand.

THE WESTERN STORMS

Caused a Flurry in the Chicago Wheat Pit-Everything Tended to Force Up Prices-Corn Was Worked the Opposite Way.

CHICAGO.-Every storm out West had a counterpart to-day on the Chicago Board of Trade. Excited operators and ragged prices were the result. Wheat started with strength enough for a 2-cent advance, but left off with a modest 1/2 gain on Saturday's closing price. Corn did exactly the reverse of wheat. It had even a wilder beginning and jumped up and down like mad, the total advance being 21/2 cents, but the closing was within 1/2 of the top. Pork went skyward 17/4c. In wheat the bulging was attributed to the unseasonable weather all over the country, but particularly in the Northeast where cold, wet and snowy weather has delayed seeding and the season is late. The wheat market may also have worked in sympathy with corn. The visible

SHEEP AND SWINE WEAK AND LOWER

Organic of The Disparch, Pittsburg, Monday, May 2.

Markets opened Monday morning at East
Liberty stock yards with 65 loads of cattle on sale, against 83 loads last Monday.

About one-half of the offerings to-day were from Chicago and Omaha. The balance were, in the main, from Ohio and Indiana.

Quality of cattle offered to-day was much below that of last week. The best on sale were considerably short of prime. Buyers were present in somewhat larger force than last week, and this tact, with the light run, gave strength to markets at a shade better prices than were obtained a week ago, when the larger run demoralized trade. So far as Oats advanced with the other grains on the bad weather reports, the market ruling about 1½c higher early in the session, but subsequently weakening. The close was at 1½c above Saturday's figures. Trade was active, especially at the opening, when country orders poured in. The provision market started strong at a slight advance in sympathy with the bullish feeling in grain markets. When a very sharp advance in corn followed, provisions made a further gain. There was some buying by scalpers who thought a general advance might be in order. Packers and others interested in establishing a higher range of values helped bid prices up. The chief influence was higher priced corn. Lard and ribs each advanced 10c, closing at the highest. the highest.

Rapid Development of the Great Valley of the Monongahela.

A NEW B. & O. TRANSFER STATION.

The Greenfield Avenue Railway Ready to Begin Business To-Day.

FEATURES OF MONEY AND SPECULATION

A gentleman who yesterday returned from a visit to Charleroi expressed surprise at the rapid growth of that place. He remarked: "It is running ahead of Duquesne. There is more building and more enterprise. It contains a number of wideawake people who are making the most of their opportunity. But every town in the Monongahela valley is forging ahead, and land is being bought up on all sides."

Wheels May Turn To-Day. It is expected that the Greenfield avenue railway will begin operations to-day, the change of grade of Greenfield and Second avenues having been completed yesterday. This line, as is well known, is a branch of the Second avenue road, and extends from Second avenue to the bridge at the main entrance to Schenley Park, a distance of about 4000 feet. It will land passengers within a few feet of the menagerie. The impression is abroad that double fare will be charged. It was authoritatively stated vesterday that the trip from the city to the park by this route will cost only five cents.

A New Transfer Station. Work will begin this week on the iron bridge for the Baltimore and Ohio Railroad at the intersection of Greenfield and Second avenues. This improvement is to enable the railroad to transfer passengers to the Junction road to make connection with the Pittsburg and Western, by which they will save 40 miles of travel. To carry out this object a large transfer station will be erected at the foot of Greenfield avenue, which will not only facilitate the business of the railroad, but greatly improve the approach to Schenley Park, and thus increase its value to home-seekers.

Yesterday's Building Permits.

Eighteen permits were issued yesterday for 19 improvements, the cost of all being estimated at \$22,505. Those of most importance are: E. M. Moore, two brick dwellings on McPherson street, Twenty-first ward, \$9,000; T. R. S. Baueman, frame dwelling on Natchez street, Thirty-second ward, \$1,150; George Haas, frame dwelling on Virginia avenue, Thirty-second ward, \$1,455; Mrs. Mattie McIntyre, frame dwelling and store on Kincaid street, Nineteenth ward, \$1,200; Schenley Park Planing Mill Company, frame planing mill on Boundary street, Fourteenth ward, \$2,000.

Special Features of Trade. One of the purchasers of the Singer property is a namonal bank director.

Carrie M. Fisher has purchased a lot 50x182 on Dithridge street, Fourteenth ward for \$3,500, upon which she will build a nice resi-

A GOOD BEGINNING DENOTING AN AC-TIVE WEEK ON 'CHANGE.

Several of the Specialties Higher and Nearly All the Rest of the List Strong-Duquesno Steps Up Lively-After Call

Prices Still Better. Business in local stocks yesterday was fair and prices strong, and in several instances higher. Some of the brokers predicted further improvement as a result of the further improvement as a result of the large amount of unemployed money. The best features of the day were Duquesne, Manchester and Central Tractions, Switch and Philadelphia Gas, each of which improved its position, and were still stronger after call. At the last session, Second National bank was bid up five points. Citizens' Traction made a

fractional gain. Sales at first call were \$1,000 Duquesne Sales at first call were \$1,000 Duquesne bond at 101, 125 Duquesne stock at 28, and 20 Central Traction at 304. Second call, 5 Duquesne Duquesne Duquesne Donds at 101, \$4,000 at 1014; 150 Duquesne bonds at 101, \$4,000 at 1014; 150 Philadelphia Gas at 194, and 50 at 193, Third call, 15 Central Traction at 304, 65 Manchester Traction at 44, \$1,000 Duquesne bond at 1014. After call, 12 Switch at 1634, 22 Pipeage at 124, 10 at 12, and 200 Philadelphia Gas at 193.

The finish on unlisted stocks was: Manchester Traction, 44 bid, offered at 444; Birmingham, 27 bid; Duquesne, 234 bid, offered at 225; U. S. Glass, common, 62 bid, offered 625. After the last call 193 was bid for Philadelphia Gas, 234 for Duquesne and 1634 for Switch. Bids and offers in detail follow:

MONETARY TENDENCIPE

Plenty of Funds and Low Rates the Salient Features. The week in local financial circles started off at a moderate pace. There was a fair demand for discounts at customary rates. Routine business was a good average. Bank clearings were \$2,314,276 86, and balances, \$415,812 22.

clearings were \$2,514.776 85, and balances, \$415,812 32.

At Chicago the feature of the money market is the readiness with which some of the large borrowers take up their loans, and the apparent reluctance on the part of others to borrow an increased line even at the low rates. There is more money in the banks than there is demand for at present, or is likely to be used in the near future. At Philadelphia demand for money is so light that institutions 'paying interest on deposits contemplate reducing rate of interest from 2 to 1 per cent. Rates on call loans show no improvement, and good commercial paper sails low. A very strong Boston drygoods merchant was recently offered a large amount of money on five months' time at 3 per cent and the loan was refused. The majority of call loans outstanding there are at ority of call loans outstanding there are at

23/ per cent.
At New York money on call was easy at 11/62 per cent; last loan closed offered at 2. Prime mercantile paper, 31/65 per cent. Sterling exchange quiet at \$4.85% for 60-day bills and \$4.88 for demand.

A SWEET DAY

FOR THE SEGAR STOCKS ON WALL STREET YESTERDAY,

A Boom Along That Line-New York's Stock Feature-More Animation Than Usual Throughout - Liquidation of

Longs in a Few Cases, New York, May 9.—The stock market to-day exhibited in the main rather more animation than usual of late, and while prices were not advanced, except in a few cases, there was a much better feeling in the room which was reflected in decreased sales for the short account, and rather more buying on a limited scale. There was considerable liquidation of long accounts in a few stocks, notably, Omaha and Rock Island, but the influence of these declines was offset by more nconraging advices from London, where more interest was manifested in American stocks and higher prices established.

The Industrials, however,occupied a more commanding position in the market than they have for some time, and the strength in those properties gave the list a stronger appearance than the course of prices among appearance than the course of prices among railroad stocks entitled it to. The strength in the Industrials was manifested principally in Sugar and Chicago Gas. The manipulation of Sugar took the upward turn to-day, and a portion of its late material losses was recovered, while the advance in Chicago Gas was based on a more substantial basis. The general list remained quiet and fluctuated within the usual narrow limits, exhibiting after a strong opening rather a reated within the usual narrow limits, exhibiting after a strong opening rather a reactionary temper at first, but inter developing a firmer tone in response to the movement among the leaders. The strength in Hocking Valley and Wheeling and Lake Erie was due in large measure to the rumor noted, but the others falled to score any marked change. The market steadily appreciated in the afternoon, and the close was fairly active and firm to strong at about the best prices of the day, though in most cases only slightly changed from the opening. Sugar, however, is up 2%, Hocking Valley 2% Chicago Gas 2%, Lackawanna and Louisville and Nashville cach 1%, and other

Sugar, however, is up 2%, Hocking Valley 2%, Chicago Gas 2%, Lackawanna and Louisville and Nashville each 1½, and other leaders fractional amounts.

Railroad bonds displayed the usual amount of activity with a continued steady demand for mortgages, but without material advance in the majority of the list. Among the newly active bonds the Chicago and Indiana Coal lists were prominent, and Chesapeake and Onio up 1½, but the usual leaders were rather quiet and no movement of importance took place among them. The total transactions were \$1,795,000 with the bonds mentioned leading in the dealings.

The total sales of stocks to day were 350,34 shares, including Atchison, 6,230; Delaware and Hudson, 4,939; Erle, 11,815; Hocking Valley, 16,432; Louisville and Nashville, 9,400; Northwestern, 4,150; Northern Pacific 914, 12,810; New England, 7,045; Reading, 75,100; St. Paul, 15,500; St. Paul and Omaha, 10,380; Union Pacific, 4,100; Western Union, 3,335.

The Drygoods Market.

New York, May 9.—The drygoods market opened without any new development. Demand was fair, but not strong, although many goods are well sold up. With converters more quiet, who have taken large quantities of brown cottons, the movement in trade was less conspicuous. Cotton fiannels, however, were more active, sales progressing very well, and in a short time the bulk of the goods will be placed. As regards cotton goods generally, there was little doing for next season, but some brands were in steady request for current wants, enough so to keep them sold up. Business in wool fiannels was fair, particularly in blues and whites. Quite a number of buyers are in the market, and it is probable that the demand will widen out some during the week.

RIO JANEIRO, May 9.—Coffee—First ordi-nary, 10,900 reis per 10 kilos: good second, 10,400 reis. Receipts during the week, 54,000 bage; purchases for United States, 37,000 bags; shirments to United States, none; stock, 194,000 bags.

The Coffee Markets.

New York, May 9.—Coffee.—Options opened steady, unchanged to 10 points lower, closed steady at 10 points decline to 5 points advance; sales, 16,000 bags, including May, 11.63 @11.70c; June, 11.40@11.50c; July, 11.35@11.50c; August, 11.35@11.40c; September, 11.35@11.40c; October, 11.40c; November, 11.40c; spot Rio about steady and duli; No. 7, 12%c.

The Wool Market. St. Louis-Wool-Receipts, 251,000 pounds: shipments, 49,000 pounds. Market unchanged. The various grades of medium and coarse wool sell steadily at previous quotations but inferior grades and badly handled stock go off slowly.

Faint Shadows of a Grim Colossus Prognesticate his coming. Mental depression and perturbation, a sensation of languor by day and unrest upon getting up in the morning, heartburn, occasional headaches, undue sensitiveness to slight noises, furred tongue—these mean that you need preventive tonic medication. Neglect it and the hideous colossus of disease will speedily stare you not of countrieurse and speedily stare you out of countenance and wrest health from you. Seek preventive aid from Hostetter's Stomach Bitters, which checkmates dyspepsia, biliousness, rheuma tism, constipation and malaria.

COMMON SENSE TEACHES That a blood purifier, in order to thoroughly purify the blood, must have alterative powers. The entire system must be cleaned and all traces of disease removed before nature can effect a cure. We say and can prove that the only remedy on earth that possesses the combined qualities of an antiseptic, alterative and blood purifier is Radam's Microbe Killer. It is the only medicine that can be taken in large enough quantities to stop fermentation, destroy microbes (the germs of disease) and not in any way cause harm to the patient. It contains no drugs whatever, but is a water charged with powerful germentstroying gases. As a spring medicine it is unequaled. Fifty-page book free. PITTS-BURG OFFICE, 10 Seventh av.
