Important Bills Passed Yesterday by Both Senate and House.

THE FORMER FOR HOME SHIPPING

And the Other One for the Improvement of Rivers and Harbors.

HOW THE VOTES ON BOTH WERE CAST

WASHINGTON, May 9.—After the routine morning business in the Senate today, Mr. Frye, from the Committee on Commerce, reported back the House bill to encourage American shipbuilding.

The bill having been read in full, Mr. Frye stated that although it was general in its provisions, two ships only were to be admitted to American registry.

Mr. Vest, a member of the Committee on Commerce, said he had supported the bill in committee and would support it in the Senate, although it lacked a good deal of meeting his convictions on the question of free shipping.

Mr. Vest persisted in the contrary opinion, because the subsidy bill applied only to American-built ships.

Mr. Sherman read a clause of the pending bill to show that the City of Paris had the right to all the rights and privileges of vessels of the United States.

Mr. Mills, in order to make the bill conform to Mr. Vest's views, moved to amend the bill by striking out the clause read by Mr. Sherman.

The bill was then passed—just as it came from the House—yeas, 41; nays, 10—as follows: Yea—Messrs. Allen, Allison, Barbour, Bruce, Butler, Call, Cameron, Cockrell, Coke, Culom, Duwe, Dixon, Dolph, Dubois, Frye, Gibson (Maryland), Gurnea, Hale, Harbo, Harbo, Hawley, Hill, Kenna, Kyle, McMillan, Morgan, Padlock, Perkins, Pettigrew, Platt, Power, Proctor, Quay, Ransom, Sanders, Sawyer, Sloup, Stockbridge, Vest, Vilas and Wallace.

The resolution for payment to the Choctaw and Chickasaw nations for their interests in the Cheyenne and Arapahoe reservations—about \$3,000,000—was then taken up as unfinished business.

Mr. Outwaite, of Ohio, moved to amend the instructions by requiring the committee to strike out all appropriations which are for new works or for further extension of works now under construction.

Mr. Helman, of Indiana, moved to recommend the bill, with instructions to the committee to report it back with an amendment striking out the contract provisions.

Mr. Outwaite, of Ohio, moved to amend the instructions by requiring the committee to strike out all appropriations which are for new works or for further extension of works now under construction.

The amendment was lost—yeas, 69; nays, 70. The question then recurred on Mr. Helman's motion, which was defeated—yeas, 52; nays, 16. The bill was then passed—yeas, 186; nays, 85. This was the second Monday in the month the floor was then accorded to the Committee on the District of Columbia.
