DEEMING TO HANG IN TWO WEEKS

St. Petersburg, May 9.-Details were received here to-day in regard to the serious labor troubles which have been occurring at Lodz, a town of Poland, 75 miles from Warsaw, where 30,000 men have been on strike since May Day and have been engaged in riotous demonstrations during which they made violent attacks on the Hebrew residents. From these later dispatches it is learned that the rioting has been of a far graver character than was at first supposed, and that the outbreaks have been accompanied by a serious loss of life. both in the ranks of the strikers and the Hebrews whom they attacked.

All during last week the unemployed men had been in an ugly and dangerous mood and their anger toward their former employers and the hated Hebrews grew so intense that it resulted in a series of disorders in which a number of human lives and considerable property were sacrificed. The strikers first made an attack on the

mills, and the authorities being inadequate to cope with the large number of excited and desperate men, the rioters had things pretty much their own way and succeeded in thoroughly wrecking the buildings.
When they had become tired of this work

of destruction the rioters turned their at-tention to the Hebrews living in the place and proceeded in force to the Hebrew quarter to carry out their revengeful designs.

The Hebrews having feared an attack from the strikers, had made preparations to defend their lives and property and they offered a most desperate resistance to the invaders of their homes. The fighting between the attacking rioters and the besieged Hebrews was fierce, and many of the combatants on both sides lost their lives during the conflict, while a large number received wounds which in many instances

will probably result fatally.

The local officials were powerless to suppress the rioting, and the situation grew so that the Governor was finally alarming that the Governor was finally compelled to invoke the aid of the military in quelling the disturbances. It is alleged that the sympathy of the soldiers was with the strikers in their attacks on the Hebrews, and that when they were dispatched to the scene of the fighting they made no attempt to defend these people, and only intervened for the purpose of preventing the riot from spreading through the town.

The whole place is in a state of great excitement over the affair, and the authorities are taking precautionary measures in the event of a renewal of the disorders.

TO BE HANGED IN TWO WEEKS.

Murderer Desming's Mother Predicted That Such Would Be His Fate,

MELBOURNE, May 9 .- The execution of Frederick Bailey Deeming for the murder of his wife at Windsor, a suburb of this city, was to-day set down for May 23. Deeming is kept in irons to keep him from injuring himself and others, for he is at times very savage, while in his best mood he is forbidding and morose. He is report-ed as saving that his mother predicted that he would be hanged before he reached the

age of 40.

It is evident that Deeming has not the slightest hope that his appeal for a further inquiry into his mental condition will avail him to escape hanging. The condemned murderer to-day confessed to a clergyman that he killed his wife at Windsor. Deeming claims that in his youth he was called "Mad Fred," and says that on one occasion he threw a girl, who addressed him by that name, into a canal. When he was 12 years name, into a canal. When he was 12 years old and again when he was 16 he was, according to his story, confined in asylums. He also says that his father, mother and brother were confined in asylums, but information reaches here from Liverpool that his two brothers, who reside in Birkenhead, say there is not a word of truth in this

RIOTERS BEAT THE POLICE.

Non-Union Men Cause Disturbances Among England's Mining Operatives.

LONDON, May 9 .- Castledene colliery, near Hartlepool, has been the scene of riotous outbreaks since Saturday. The trouble grew out of the employment in the mine of a non-union man named Stockdale. The union men attacked him Saturday evening as he was leaving his work, and would no doubt have seriously injured him had it not been for the interference of the police. The rioters then turned their attention to the latter and hurled a shower of stones at them. A num-ber of the policemen were struck by the missiles and badly injured. Stockdale then took to his beels and ran to his home.

The men afterwards attacked Stockdale's home and the colliery and carried off 100 tons of coal. Sunday the mine officials

promised to discharge Stockdale and the troubles were stopped. The ringleaders of the mob will be arrested. There has also been rioting to-day at the

cotton mills at Ashton-Under-Lyne, where the operatives are indignant that non-union men should be emplayed. Police quelled

Two English Ministers Preach Similar Sermons and One Gets Into Trouble. LONDON, May 9.-The meeting of the

Congressional Union to-day was marked by an unpleasant incident. Guinness Rogers having moved that J. W. Woods be elected becretary of the Union, Dr. Parker referred to accusations against Mr. Woods to the effect that he had plagarized a sermon pub-lished as Dr. Dyke's.

Mr. Woods explained that he wrote that sermon in 1874 and preached it in 1889 after reading Dr. Dyke's sermon. Mr. Rogers characterized the attack upon Mr. Woods as an act of dastardly injustice. Dr. Parker then moved to nominate a Secretary by ballot. After an excited debate Dr. Parker's motion was rejected and the election of Mr. Woods was carried with cheers.

Motion to Allow County Councils to Com

sell any land that the Councils required to divide into small holdings.

The Rt. Hon. Henry Chaplin, President of the Board of Agriculture, refused to accept the amendment. Several of the Liberal leaders advocated Mr. Seale-Hayne's motion as the essential principle of the bill. The motion was rejected by a vote of 229 to 152.

Circus Proprietors Charged With Aiding the Abduction of a Child-Taken From a Zanesville Infirmary Without Consulting the Parents.

There will be a rather important hearing before Magistrate Succep this morning. R. Harris, S. J. Ford, Prince Kokaine and T. K. Burk, proprietors and principal employes of the Burk & Ford 10-cent circus, have been arrested on a charge of abducting a minor child, and are under bail to the amount of \$105 each for a hearing to-day. The details as told by Agent McDonald, of the Anti-Cruelty Society, who is the prosecutor, are

as follows:

About three weeks ago the Burk & Ford show was in Zanesville, O. An agent representing the concern went to Superintendent Meershaum, of the infirmary, and represented that they wanted a child represented that they wanted a child to take to their home, which they said was at Chester, Pa., where they said they kept a grocery store. Mr. Wylie, a member of the board, without consulting the other members, allowed the child to go out. Shortly after the parents of the boy, who was only 6 years of age, became alarmed and complained against the actions of Mr. Wylie. The matter was reported to the authorities, and it was not long until the child was located. When Burk & Ford's show arrived on the South-side yesterday Agent McDonald and Inpector Kelly were at Twenty-second street waiting for them. Learning that the people connected with the show were quartered at the Hotel Arthur the officers went there and found the missing child. He was taken in custody and an information made against the four men named, charging them with aiding and abetting the abduction of a minor. The boy's name is Francis Evans, and he was

Warwick Poesn't Think He Will Have to Run for Congress Again,

GIVING THEM MORE DELEGATES.

MORGAN NOT BEING SO HARD TO BEAT

COLUMBUS, O., May 9 .- [Special.]-The Cleveland-Campbell crowd are terribly exercised over what they claim is a trick of the Hill men to "do" them at the Democratic State Convention in this city, on June 14 and 15. When the Democratic State central committee met to fix the time and place for the convention a few weeks ago, it was supposed that the representation would be one delegate for each 500 and fraction over 250 votes cast for James E Campbell for Governor last year, but lo and behold, when the call ap-peared in print it was found that the apportionment was fixed on the vote of 1889, the year Governor Campbell was elected, when a very large Democratic vote was cast, and not last year, when he was defeated on a light Democratic vote.

The meat in the coccanut lies in the fact

that Cincinnati and Hamilton county, under the apportionment of the call, get 82 dele-gates instead of about 58, and it is said these men will all be anti-Cleveland. The same rule will work the same way in other parts of the State, and 65 delegates will be gained for the Hill faction-so, at least, the Cleveland men say.
It is not known why the 1889 instead of

the 1891 vote was taken as a basis for ap-portionment, unless it was to make a better showing for the Democracy—a larger convention, etc. A committee was appointed to apportion the vote by counties, but it is not known that any particular year was mentioned, although it is customary to take the latest election vote in the apportionment for delegates. Chairman Norton laughs about the matter, and says that it does not make much difference, as Ohio will heall easily and the sale of the sal be all split up anyhow.

JUDGE KING WASN'T IN IT.

His Late Judicial Antagonist Says He Never Had a Bit of Show.

Youngstown, May 9 .- [Special]-Judge Johnston to-day, upon being informed that Judge King credited him with causing his defeat for the Congressional nomination, said: The Judge certainly gives me more credit than I deserve. There was no time during the progress of the convention that Judge King could have been nominated. Frankly I did not expect to see Mr. Morgan nom inated. The instruction I gave my delegates was to use their own judgment and they acted accordingly, and I had abundant reason to believe I would be nominated. During the recess of the covention, at supper time, I had prom-ises from 60 of the Stark county delegates that they would support me, and I felt confi-dent of winning. Why they did not fulfill their promises I cannot say, but I staid in the race believing that I would be nomi-nated.

There is a strong sentiment here among Republicans against the nominee, Mr. Morgan. County Auditor Devey said to-day: "The nomination of Mr. Morgan is an insult to more than 3,000 members of the Amalgamated Association and other branches of organized labor in Mahoning

He Thinks Morgan Can Be Beaten by Any Good Democrat.

Massillon, O., May 9 .- [Special.]-Congressman John G. Warwick arrived from Washington to-day and will remain several days on private business. He was asked what he thought of the Democratic success in this district. He replied:

From what I can hear, the Republican nominee, Mr. Morgan, will prove very weak, and can be defeated by the Democratic candidate, despite the large majority in the district. I am glad this is so. Under normal conditions the district is safely Republican, and if that party had named a man who could carry the full strength of the district, I would have it incumbent on myself to accept a renomination, even against my wishes. As it is now, with a spiendid chance of electing the Democratic nominee, I seel at liberty to follow my own inclination and return to private life. Mr. Bright was asked if the dispute as to Chicago's share of admission tickets had yet been determined. He re-

plied:) "The contract made with the Chicago lo cal committee was to give Chicago 3,000 tick-ets in a structure seating 15,000 people. On the strength of the increased seating capacity of the hall that is being built, the local committee demands 3,000 or 4,000 more tickets. Rather than accede, the National Committee has stated that it will defray all additional expenses incurred for a larger hall."

A Peculiar System of Bookkeeping in the Allegheny Controller's Office-Books Do Not Balance by Nearly Two Million -After Rippey's Money.

The regular meeting of the Allegheny Auditing Committee was held last night, As no meeting of the sub-committee had been held owing to the lack of a quorum, the report of the auditors, Bigger and Me-Kirdy, was presented direct to the general committee. The report was concerning the bond account of the city kept by the Con-troller, and was read by Chairman Gilliford. The report was as follows:

Your auditors would respectfully report that we have finished our examination of the bond accounts of the otty, and find that the proceeds of all bonds sold, beginning with what were called "foreign bonds," in 1849, to the present date, have been paid over to the proper city officers. We also find that from the year 1860 to the year 1870 bonds have been issued amounting to considerable sums, from which the city received no cash. These bonds were issued to contractors in settlement of their claims against the city. These issues have been properly authorized

settlement of their claims against the city. These issues have been properly authorized by Councils, proper entries or explanatory entries have been made on the Controller's books, consequently we believe they are correctly accounted for.

As to the manner of keeping the bond accounts in the Controller's books, we would say that while these accounts have been kept in an intelligible manner the entries have not been made correctly and in order to keep the accounts right only certain entries or one side of certain entries were posted to the ledger.

Continuing, the report cited items from the books as examples to show that while all the proceeds from the bonds, etc., were accounted for, the bookkeeping was not in proper form. Occasionally debets got on the credit side of an account and so on, making a wrong appearance, though the

accounts were correct. Auditor Bigger stated there was no shortage, but on account of defective bookkeeping the accounts do not balance by \$1,900,000. A discussion arose as to whether the office was all right because there was no shortage. It was ended by some one calling up the Rippey shortage, and the Controller said the matter was in the hands of the City Solicitor. The auditors will next inspect the interest account.

WOMEN AND DANCING

The Two Topics Which Agitated the Methodist Conference.

A MOVE IN FAVOR OF PLEASURE

Started in New York With the Approval of Bishop Foster.

MINISTERS SCHEME TO COVER RECORDS

OMAHA, NEB., May 9.-Women and dancing were two of the topics that agitated the Methodist Episcopal General Conference to-day. Committee membership was demanded for the former and young members gave decided indications of a desire to enjoy the latter. The woman question was sprung in the form of a resolution by J. B. Maxwell, of Nebraska, asking that they be admitted to full participation in the doings of the General Missionary Committee. The resolution while exciting much interest was referred under the rules without discussion. The project to mix terpsichorean gaiety

with piety came in the shape of a memorial from the Troy Conference, petitioning the General Conference to expunge from the discipline section 242, relating to amusements, or at least asking that it be modified so that dancing may be permissible. The memorial is signed by Rev. William W. Foster, Joel W. Eaton, William H. Hughes, John W. Thompson, E. P. Stev-ens, E. E. Sawyer and several others, all of New York. Bishop Foster, of Boston, approves the movement and has given it his official sanction, and will advocate its adoption. The memorial is now in the hands of the Committee on Discipline, to whom it was referred.

A Bishop to Be Called Down.

Dr. Hammond, of San Francisco, offered a resolution referring to the entertainment of the next General Conference. A commit-tee was appointed to consider the subject, A resolution was offered calling upon the Committee on Episcopacy to ascertain if either of the missionary bishops had ordained anybody outside of the special ter-ritory to which they have been assigned and if so by what authority they had done so. The resolution was referred to the

Committee on Episcopacy.

This will doubtless touch the action of Bishop Taylor, who, it is said, ordained a minister while in England. His authority extends only over the work in Africa.

the Episcopacy, offered a resolution for a proposed amendment to the Constitution of the United States. It relates to protection of the public schools in the United States against religious encroachments and to de-fine the attitude of the churches with rela-

tion to schools. The resolution was adopted amid applause.

Dr. King also offered a resolution declar-Dr. King also offered a resolution declar-ing that appropriation of money by the na-tional Government for ecclesiastical educa-tion was not in accord with the principles of the Constitution, and that the churches

should refuse to receive money from the Government for the education of the Indians. Dr. King spoke earnestly upon the subject, stating that all the churches had been getting assistance from the Government in their Indian work. He believed it a wrong principle. The Catholic Church, he said, had received over \$2,000,000. He wanted the whole contract system between the Government and the Church wiped out. The resolution was carried unanimously.

The resolution was carried unanimously.

Dr. W. F. Moulton, the English fraternal delegate, being obliged to leave for home, was requested to give the conference a parting word. He made an eloquent ada parting word. He made an eloquent address. After a waive of applause, the conference arose and sang "Bless Be the Tie That Binds." An appropriate response to Dr. Moulton's address was made by Bishop Vincent.

Ministers Want to Keep Off the Record. An invitation from the Methodist Union, of Cleveland, O., was read requesting that the General Conference be held in that city four years hence. Referred to the Commit-

tee on Conference Entertainments. Dr. McDowell, of Philadelphia, offered a esolution proving for a change in the rules by which neither the laymen or the minis-ters, when voting by call of the orders, that is separately, should have power to demand a call of the roll of opposite order, wished to be placed on record. The resolution, if compel the ministers to go on record or the ministers to put the laymen on record against their will. Dr. Buckley, of New York, was in favor of the amendment. Dr. Lawrence was very much opposed to it. A hot discussion followed, in which a number of laymen spoke against the amendment. The vote of the laymen on the resolution stood: Yeas, 37; nays, 113. The ministerial vote stood: Yeas, 216; nays, 48. The amendment was lost, as the two orders failed to agree.
