SMITH AND HAMMOND MATCHED.

The Two Well-Known Sprinters Sign Articles and fut Up a Forfeit,

Articles were signed last evening and a forfeit put up in this office, for what promises to be an important sprint mee in this city. The contestants are George Smith, of this city, and Tom Hammond. The match was the result of a challenge issued by Hammond a few days ago in this paper. After a long discussion Smith agreed to concede Hammond four yards start in 100

condition of the track, only four in fact, but, as two of these were in the Derby, it made that race a rather tame and one-sided affair. Azm and Bashford (the Bashford Manor entry), were looked upon as certain winners and there was much disappointment when they were withdrawn. The talent was fortunate in picking the mullarks, three of five hot favorites winning. The moment the re-ult of the third race was announced, a great crowd rushed to the betting stand to place their money on the Derby, but the bookmakers' odds appalled the betters and not a great deal of money was put up on the chief event. With Bash-ford and Azra out, there remained only Millionaire Charles Fleishman's chestnut colt, Ronald, by imported Rossing-ton, out of secret, and Ireland Bros.' New-ton, by imported Billet, out of Yassar. The odds on Newton in the first betting were I to 6 and on Bonald 4 to 1. When the horses, went to the post only 1 to 8 was offered on Newton, while 6 to 1 could be easily obtained on Ronald. It was Ronald's first race as a three-year-old and he had never before been in a race of more than a mile and a quarter. In spite of this the great majority of the people staked their faith and their dollars on Ronald, and sympathy was with him throughout the race. Especially was this the case with women, of whom there were a great number present. The trampet sonnded and when the horses paraded before the stand Ronald received by far the greater share of apolianse. Presentily both horses stood waiting at the half-mile post on the opposite side of the course. The race was enderly one sided, as Newton concede Hammond four yards start in 100 yards for \$150 a side open for \$250 a side. The race is to be run at Recreation Park on June 18, between the hours of 2 and 3 r. M. Shef-field rules will govern the contest. Both sprinters are well-known. Smith has an in-ternational reputation, having won a Shef-field handicap. It is safe to say that the race will be one on which a large amount of money will be invested. The winner is to take all the receipts.
