

TAFFY FOR THREE.

Baron Fava, the President and Blaine Exchange Compliments.

ALL PLEASED WITH EACH OTHER.

General Baum's Defenders Now Having Their Innings.

A MIGHTY DULL DAY IN CONGRESS

WASHINGTON, May 23.—Baron Fava, the Italian Minister, made a formal call on President Harrison, this morning, in company with Secretary Blaine. There were no particular formalities and no set speeches. Baron Fava took occasion, however, to inform the President that his sovereign, the King of Italy, the Italian Government and the Italian people alike were greatly pleased and gratified by the settlement of the recent difficulty in a manner so honorable to both Italy and the United States. In referring to his former service in Washington he remarked that he had earnestly endeavored, during a residence of 11 years, to strengthen the ties of friendship happily existing between the two countries, and he hardly need add that, with the aid of the President and his own Government, he would continue his best efforts in that direction, not forgetting above all the sympathy which the United States has historically had for Italian unity.

CONGRESS GETTING DULL.

Very Little of Importance Being Transacted There Nowadays.

WASHINGTON, May 23.—In the Senate, today, Mr. Vest offered a resolution which was laid on the table for the present, discharging the Committee on Finance from the further consideration of the House bill to put wool on the free list and to reduce duties on woolen goods, and directing the committee to report the bill back to the Senate for its action thereon. The Senate bill passed authorizing the Secretary of War to procure and present suitable medals to the survivors of the "Fort Horn storming party" of Fort Hudson, on June 15, 1853. An amendment offered by Mr. Warren to extend the act to the survivors of the storming party of May 27, 1863, led to a pretty long discussion and was rejected. A number of local bills were passed.

IN THE HOUSE, today, another effort was made to get up the Sherman statue bill, but it again met the objection of Representative Kilgore, of Texas. Unanimous consent having failed, the next move probably will be to pass the bill under suspension of the rules, and it is quite likely that this will be one of the measures proposed next Monday for passage by a two-thirds vote. There was a little race over the honor of securing the passage of this measure. Both Representative Henderson, of Iowa, (Republican), and Representative Bryan, of Nebraska, (Democrat), as soon as the point of order raised against the Sherman statue amendment to the House favorably. He immediately, promptly introduced bills on the subject. Mr. Bryan succeeded the next morning in having a special meeting of the Military Committee called and his bill reported to the House favorably. He intended to ask the House to pass it next Monday. A number of bills of a local character were passed.

VILAS WAS ALL RIGHT.

One of His Decisions Passed Upon Favorably in a General Term Court.

WASHINGTON, May 23.—In the Court in General term this morning, Judge James delivered the opinion of the Court in the case of the Union River Logging Railroad Company against Secretary Noble et al, granting an injunction to restrain the carrying out of an order setting aside the order of Secretary Vilas granting certain easements (right of way, etc.), to complainants. The complainants, an incorporation under the laws of Oregon, built a road originally for the transportation of saw-logs and subsequently enlarged their business to the transportation of passengers. They made application under a certain act of Congress for certain easements, right of way, etc., and on January 29, 1888, the application was approved, and Secretary Vilas signed an order granting the privileges asked for. It was sought to have this order annulled and rescinded, and the complainants were directed to show cause why the same should not be done. The complainants, therefore, filed a bill to enjoin the department from carrying out the order.

Abolishing Post Traderships.

WASHINGTON, May 23.—A bill intended to abolish post traderships in the army, which has the approval of the War Department and General Schofield, was favorably reported from the Military Affairs Committee today by Senator Proctor. The measure will not produce a radical change immediately, and the present system will continue until those persons who are now post traders shall either die or retire, but when vacancies occur from either cause, then the office is to be abolished.

Never Forget He's a Chicagoan.

WASHINGTON, May 23.—Representative Durbin today introduced a joint resolution providing for the printing, as a Government publication, under the direction of the Commissioner of Education, of the proceedings of the several World's Congresses to be held under the auspices of the World's Congress auxiliary of the World's Columbian Exposition.

Not Kept From the Mails.

WASHINGTON, May 23.—An adverse report was made today by the Senate Committee on Postoffices and Postroads on the bill to prevent transmission through the mails of publications containing principally police court reports and devoted chiefly to printing criminal news and improper pictures.

Raum's Defenders on the Stand.

WASHINGTON, May 23.—Many chiefs of divisions in the Pension Office testified before the Raum Investigating Committee today that no favoritism or preference had been shown any attorney, and that the completed files order had been of great benefit to claimants.

River and Harbor Bill Referred.

WASHINGTON, May 23.—In the House today the river and harbor appropriation bill with Senate amendments was referred to the Committee on Rivers and Harbors.

KILLED HIS WIFE'S FATHER.

A Battle-Scarred Veteran Who Resented the Removal of His Child-Wife. MADISON, Ga., May 23.—S. W. Conley was shot and killed from ambush Saturday evening by E. A. Cochran. Conley had a daughter of 14, who was attending the neighborhood school up to three months ago when she disappeared. It was then discovered that she had eloped with Cochran, a man of 35 years of age who had lost a leg in the late war and an eye in a barroom fight, while the Conleys were people of means. As soon as the girl and Conley were located the girl was taken from her husband and restored to her father by order of court.

About a month ago Cochran with a gang of friends surrounded the Conley residence for the purpose of rescuing the wife, as they expressed it. A volley of shots from the residence scattered the besiegers, several of whom were severely wounded. Mr. Conley was returning home from Madison on Saturday when passing through a clump of woods near his house he was fired upon, the bullet going through his head. The next neighborhood a greatly aroused crowd of assassins.

AN ODD GAME OF BALL.

Seven Chinese Play a Team Composed of Young Southern Ladies. ATLANTA, May 23.—[Special.]—Had it been properly advertised there would have been a larger crowd at Vining's station this morning to witness a game of baseball played there than has ever attended a game at Brisbane Park. It was a game between seven Chinese, members of the First Christian Church, and seven young lady members of the church. The wabec-wabec crowd deserted their piles of unwashed collars and cuffs early this morning to attend the picnic of the First Christian Church. Arriving at Vining's station, they proceeded to play the game in good old Chinese way. This was too tame for the crowd present, and a game of baseball was arranged.

Nine innings were played, and the extra-innings proved that they had caught onto the Mexican man's ways, for they won the game by one run. The young ladies scored 19 and the Chinese 20 runs.

A WOMAN IN THE CASE.

Air in a Dead Contractor's Lungs Points to a Murder Mystery in Wisconsin.

MILWAUKEE, May 23.—The body found in Lake La Belle, Oconomowoc, yesterday, has been identified as that of S. McElroy, a street contractor, of Cleveland, O. It is supposed to be a case of murder. Physicians state that the lungs were filled with air, showing that death was not due to drowning.

There is a woman in the case and she is now under surveillance. Her name is Mary Wendelstein, alias Mag Bloomerstein, wife of a Minneapolis railroad man, and the couple stopped for three days at Oconomowoc boarding trucks for 2,000 cars, which in addition all knowledge of the manner in which he met his death, and declares she last saw McElroy when she parted with him last week.

TORTURED BY HIS CAPTORS.

Suspicious Characters Arrested for the Murder of Expressman Saunders.

JACKSONVILLE, Fla., May 23.—Seven men in all, and all white, are under arrest in Orange county on suspicion of being connected with the murder of Expressman Saunders. There are rumors that one man had such strong suspicions aroused against him that his captors resorted to physical torture in order to extort a confession from him, but the expedient was unsuccessful.

New Baltimore and Ohio Shops and Yards. Adjacent to the Humbird Land and Improvement Company Lots, Cumberland, Md.

The Baltimore and Ohio Railroad Company, recognizing the importance of Cumberland as a distributing point for the large territory lying around, and the further fact that its location made it desirable as the terminus of its divisions, has purchased the second, third and Pittsburg, proposed to the Mayor and City Council of Cumberland and in consideration of the loan of \$150,000, without interest by the city, the company would make Cumberland the end of the above divisions, and in addition would purchase a large tract of land within the city limits, upon which they would erect machine shops and round houses. The proposition was submitted to the voters of Cumberland on the 17th of June last and carried by a majority of four to one, showing that the people of Cumberland appreciated the vast importance of securing these improvements.

The company has purchased 90 acres of land, upon which will be erected their yards and shops. The Baltimore and Ohio propose to make Cumberland the Altoona of their road, and are constructing a yard that will contain track for 2,000 cars, which in addition to the yards already there, will give the company splendid facilities for the handling of their immense traffic. The shops will be constructed after an improved plan of the Pennsylvania Railroad shops at Altoona, Pa., and will give employment to 1,300 men. The train and other railroad men, numbering at least 1,000 additional, will necessarily make their homes in Cumberland. From these sources alone an increase of population is confidently expected of 6,000 to 8,000. It necessarily follows that the addition of this population to Cumberland will bring others, of all professions and trades, to the city, and that the building boom during the year 1922 and 1923 will assume immense proportions.

The Humbird Land and Improvement Company will have their first general public sale of lots on the premises, Wednesday and Thursday, June 8 and 9, 1922. Reduced rates on all railroads. All are invited. For further particulars, address the company's office, No. 3 South Liberty street, Cumberland, Md., or Washington Danenhower, real estate broker, 130 G street, N. W., Washington, D. C., or W. O. Beckenbaugh, auctioneer, Baltimore, Md.

Morning Noon Night Hires' Root Beer. Good all the time. It removes the languor of morning, sustains the energies of noon, lulls the weariness of night. DELICIOUS, SPARKLING, APPETIZING. Don't be deceived if a dealer, for the sake of larger profit, tells you some other kind is "just as good"—it's false. No imitation is as good as the genuine Hires'.

NEW ADVERTISEMENTS.

86,000 LIVES LOST.

Grief in Palace and Cot-Pity and Tears For the Sorrowing. The civilized world is startled to learn that, according to the latest and most reliable information, over 86,000 persons die every 24 hours. It is admitted even by old school physicians that powerful drugs and ignorant doctors have killed more people than all diseases combined. One of the most radical innovations the medical world has ever seen has lately been made by Munyon's Homeopathic Home Remedy Co.

It has fitted up convenient parlors where eminent physicians, male and female, are on duty from 9 A. M. till 9 P. M. every day. Open the door—walk in—you are welcome—no matter how many of you come. The rooms are large, the conveniences sufficient, the doctors plenty, the advice free. The central thought of this new movement is to strip every expense from medical examinations. Any person, rich or poor, old or young, is welcome here to the best advice of eminent physicians. No matter how difficult the case, no matter how much of the physician's time it may consume, the diagnosis will not only be thorough, it will be absolutely free.

Homeopathic specialists have made marvelous progress within the last few years. Here is one who never loses a case of Kidney Disease; there is one who saves every Dyspeptic patient; another has conquered Rheumatism; another Catarrh; another has a sovereign cure for Disordered Nerves, and so on until almost every disease meets its master in the person of some practitioner of this school. These are some of the claims: 1. Nervous diseases promptly cured. 2. Catarrh positively cured in a short time by gentle and soothing remedies. 3. Rheumatism relieved in three hours and cured in a few days. 4. Jaundice and all liver complaints speedily cured. 5. Insomnia or sleeplessness soon corrected and refreshing sleep secured. 6. Weak and generally debilitated people strengthened and lost power restored, no matter from what cause. 7. Headache relieved in 15 minutes. 8. Cold cured in 3 hours. 9. Coughs ceased in 30 minutes. 10. Asthma relieved in 5 minutes. 11. Sore throat cured in 3 hours. 12. Colic cured in 10 minutes. Kidney complaints, dyspepsia, constipation, piles, neuritis and all forms of complaints quickly relieved and soon cured. Hundreds of testimonials. Come to the office at any time and hear the living witnesses. There isn't the faintest obligation on your part to buy a cent's worth of medicine of any kind.

WE SPECIALLY SOLICIT WHAT ARE TERMED INCURABLE CASES. If you can't come send for the "Guide to Health," a little booklet that describes diseases in simple, plain words. It will cost you nothing, and may save your life.
