Services at 10:45 a. M. and 7:45 r. M., by Rev. J. M. French, of Omaha, Neb., member of U. P. General Assembly, Morning subject, "The Brand of Jesus;" evening subject, "We Shall Know Hereafter." GLEANINGS FROM CHURCH FIELDS

A generation has passed away since the United Presbyterian Church came into exstance This church started upon its career in May, 1859, in the Old City Hall in Pittsburg. The first Moderator of the Assembly was the Rev. John T. Pressly, D. D., who was for a long time a leading light in Allegheny. The writer was present at the birth time of this denomination, which was a time of intense religious enthusiasm. The successor to that Assembly is now in session in Allegheny, but there are very iew, if any, of those who gathered in the Old City Hall in 1859 present as representatives of the Assembly of 1892

Times have changed in the religious S. W. Davis, pastor—10:30 A. M., "Waiting on the Lord;" 7:30 P. M., "The Rumseller's Doom," world since this denomination entered upon its career. The leaders of a generation ago had no thought of praising God with an organ. The Assembly which met this week was opened with praise, accompanied with music on a grand organ. The U. P. fathers who have gone over to the majority would scarcely know where they were, if they were to appear at the Assembly now in session.

WANT TO BUILD A BRIDGE.

The Panhandle Railroad Asks an Injunction Against the Oil Well Supply Company and J. W. Friend - Actions for False Arrest Are Plenty.

A bill in equity was filed yesterday by the Pittsburg, Cincinnati, Chicago and St. Louis Railway Company against the Oil Well Supply Company and J. W. Friend. The plaintiff states that the Panhandle Railroad bridge over Sawmill run, Thirty-sixth ward, is about worn out, having been erected in 1864, and they desire to replace it with a new steel structure.

Water tanks, piles of pig iron, sheds, etc., are under the bridge, and the defendants refuse to allow the railroad company to remove them to erect the superstructure fo the new bridge. For the safety of lives and property it is necessary to have a new bridge, it is asserted, and an injunction was asked for to restrain the defendants from interfering with the plaintiff company or its employes in constructing the new bridge or temporarily removing the buildings and material on the ground.

Williams Says He Paid Bis Taxes.

The case of Maurice Williams against ex-County Treasurer William Hill and H. W. Sims and E. M. Marks for damages for alleged false arrest is on trial before Judge Porter. The plaintiff was a resident of Mc-Keesport and was arrested at the suit of the Delinquent Tax Collector, employed by Treasurer Hill, for non-payment of county taxes. He was released in a few hours, but brought suit for damages, alleging that be had paid his taxes. A non-suit was entered yesterday against the plaintiff as to Mr. Hill, but the case is still on trial against Sims and Marks, the collector and constable. sims and Marks, the collector and constable

Strangling on a Straw.

Judges Collier and Siagle heard motions for new trials and arrest of judgment in Criminal Court vesterday. The only argument was in the case of Matthew Stewart, chargey with neglecting his children. Stewart is the wealthy Allegheny grocer who was convicted last week. His attorney, D. F. Patterson, raised the point that the word "willful" was omitted from the indictword "wilful" was omitted from the indict-ment and therefore the conviction was illegal. Assistant District Attorney Goeh-ring held that the indictment charged "un-lawful neglect," and that was sufficient. The Court reserved its decision.

Longmore After Solomon and McTighe. The suit of Joseph B. Longmore against K. Solomon and Officers John Coslett and John McTighe for damages for alleged false ar-rest is on trial before Judge Stowe. Solomon was manager of Gusky's store, in which Longmore was employed as a salesman.

the Gordon Fand.

The new pool between Noblestown and Oakdale, in the McDonald field, was considered widened yesterday by Forst & Greenlee's No. 5 on their No. 2 Marshall lease. It struck the fifth sand at an early bour yesterday morning, and started off at 60 barrels an hour.

In consequence the production of the field took an upward turn, and stopped at 24,000 barrels, an increase of 1,000. There are now 11 wells in the field reported to be

making 20 barrels an hour or more.

The No. 5 Marshall of Greenice & Forst is located on top of the nill, about 1,000 feet south of their No. 1 McMurray, and the same distance east of south from their well near the mouth of the coal tipple. Judging from the present developments the spur to the southward does not extend far to the west, as Brown, Robison & Co.'s No. 2 McMurray is almost directly west of it about 700 feet. This well is good for from 275 to 300 barrels a day. Forst & Greenlee's No. 1 on the No. 2 Mc

Murray lease, located nogth of the railroad, and on the line of the Noblestown road, is good for 75 barrels a day from the Gordon and. It is being drilled on down to the fifth sand. Their No. 1 on the Marshall and Chairman fant lease, located about half a mile south of Noblestown, is due in the Gordon sand to

Three on Top of the Gordon. They expect to reach the Gordon early next week in their No. 2 on the Marshall No. 2, in No. 3 on the same lease, and in their No. 1 on the Bartley lot located in the north-

They have cased their Kirk No. 1, located near the Meise well, with 6½ casing.

The Devonian Oil Company's No. 2 on the W. B. Moorhea! farm, a nule and a half southwest of McDonaid, was drilled through the Gordon sand yesterday and is spraying only a small amount of oil. It was in the Gordon sand that they expected to get a well. There is a good producer east and west of it. The Devonian's No. 1 Moorhead is doing nearly 300 barrels a day, and W. P. Rend's No. 1 on the J. D. Sauters farm a short distance west, is good for ten barrels an hour. Their No. 1 on the McDonald Bros.' property is in the 100-foot saud, and they are starting a well on the Louisa Kelso farm in the southwest.

they are starting a well on the Louisa Kelso farm in the southwest.

The Wheeling Gas Company's No. 1 on the J. P. Scott farm developed into a big gasser in the 50-loot sand yesterday. The gas will likely be packed off, and the well put down to the fifth sand. Their No. 1 on the Robbins' farm should get the fifth sand Monday, and No. 1 Gladden will be in the Gordon about the same time.

The Forest Oil Company's No. 6 Jane McGill was making 20 barrels an hour yesterday.

SISTERSVILLE-The Victor Oil Company's well at Padden's valley, four miles up the river, is due in the sand early next week. Smith & Shay's well on the McCoy property, east of town, is showing for a good well.

The McDonald Gauges. The following estimates were submitted

by the gaugers of the Southwestern Pennsylvania Pipe Line Company:
The production of the field was 24,000, or 1,000 more than the day before. The hourly gauges were as follows: Matthews' No. 3, 20;

Pretty Little Maggie McNabb Turned Over to the Humane Society.

Maggie McNabb, the girl brought back from Erie by Detective Fitzgerald, was turned over to the Humane Society yesterday. The girl says A. W. Collins, her brother-in-law, is a fake doctor, and made Jeannette Williams, his wife and herself peddle soap which he called electric eradicator. The soap was only worth 5 cents a bar, but they sold it so as to make \$4 25 on each one. She said the doctor made them give up every day.

Mrs. Collins also called on the police and

said her husband's real name was Arthur Schreiber. She said she was only 17 years old. She married the Indian doctor at Jackson, Mich., three years ago. Chappel, who was accused of enticing Miss McNabb away, was released.

The Evolution of Thought, Dr. W. T. English delivered the annual address before the Arcadian and Promethean Literary Societies of Duquesne College ves-terday afternoon. His subject was, "Evo-lution of Thought," which was discussed in a very scientific and interesting manner.

man or woman on earth, says the chief inspector of the New York Board of health, Cyrus Edson, in the North American Review. "What is the outcome?" he asks.

He shows how the way of living we have- "we," the average we-crowds upon the digestive apparatus an amount of work that sooner or later embarrasses it. "The digestive organs," he says, "are controlled by a very important system of nerves, and the nervous balance, (if I may be allowed this term) of these is deranged. This gives rise to all kinds of nervous phenomena-insomnia neuralgia and hysterical symptoms."

It is this too general condition in its various phases that Dr. E. E. Phelps of Dartmouth College studied with such signal success when he discov-ered the great remedy known as Paine's cetery compound, solving for the first time in the practic of medicine the problem of restoring what Dr. Edson aptly called "the nervous balance."

Paine's celery compound is not a patent medicine; it is the prescription of one of the most eminent men his profession has had. The formula is not a secret; it has always been given freely to reputable physicians. And the unanimity with which they have endorsed it, used it, prescribed it, written about the remarkable cures it has effected, is one of the best proofs of its virtue. But a greater one is the flood of testimonials, unsolicited, that have recently come from well-known men and women in this city and throughout this State and from all parts of the country, saying in substance:

"Paine's celery compound has made me well,"
