

CONGRESS HEARS IT.

Republican Members Think Blaine Will Be His Party's Nominee.

THE POSTOFFICE BILL PASSED.

Senator Hill Futs Election Supervisor Davenport on the Rack.

\$10 MONTHLY PAID FOR CLERKSHIPS

WASHINGTON, June 4.—The attendance in the House this morning was small. Several bills were called up, but had to be postponed owing to the point of no quorum, raised by Mr. Buller, of Texas.

The House went into committee of the whole (Mr. Buchanan, of Virginia, in the chair, on the postoffice appropriation bill. The pending amendment was that offered by Mr. Hayes, of Iowa, to strike out section 3, which provides that land grant roads shall receive for the transportation of the mails 30 per cent of the compensation charged to private parties for similar transportation. Agreed to—104 to 81.

On motion of Mr. Newberry, of Illinois, an amendment was adopted appropriating \$50,000 for the establishment of a branch postoffice on the grounds of the World's Fair. The committee then rose and reported the bill to the House, and it was passed.

Immediately Mr. Hatch, of Missouri, arose and moved that the House go into committee of the whole to consider revenue bills, the object being to take up the anti-option bills. After several filibustering motions a motion by Mr. Warner, of New York, to adjourn was defeated. On a motion by Mr. Cramer, of Pennsylvania, a recess until 5 P. M. was ordered and tellers were ordered.

Then came the session of the day, and a flood of many days and weeks. This was the information given by the Associated Press of the resignation of James G. Blaine as Secretary of State. The first bulletin, merely announcing that he had resigned, and that his resignation had been accepted, was received in some quarters with incredulity and in others with enthusiasm, but everywhere with intense interest. In a few moments came the text of the letters of resignation and of acceptance, and instantly the desk of the Associated Press reporter was surrounded by a crowd of members eager to learn the exact words in which the Chief Magistrate and his Premier had couched their communications. The pending motions were forgotten; the tellers were neglected, and the only question was, "What does it mean?"

This question was answered by the Republican according to their administration or anti-administration proclivities; but among the Democrats the impression prevailed that it meant that Blaine would be the Republican standard bearer. When the excitement had subsided the motion for a recess until 5 o'clock was rejected—yeas, 8; nays, 157. Filibustering tactics consumed the remainder of the day, and the House adjourned.

MAKING VOYERS TO ORDER.

Senator Hill Futs a Chief Supervisor of Elections on the Rack.

WASHINGTON, June 4.—Senators Chandler and Hill, of the Senate Committee on Immigration, to-day examined John L. Davenport, Chief Supervisor of Elections of New York, relative to the evils of the present administration of the naturalization laws in that State, as set forth in the petition presented to the Senate recently by Senator Hiscock. Before Mr. Davenport made his statement he was closely cate-

chised by Senator Hill as to the petition itself. He developed the fact that the petition, which was signed "irrespective of party," bore the signatures of 5 Democrats and 19 Republicans, nearly 11 of the latter being members of the Union League Club. Mr. Davenport's statement pointed out alleged corrupt and irregular practices in naturalization cases, and said that the entire proceeding was a wild scramble to get certificates of naturalization. He presented a table showing the number of persons from each nation naturalized in October, 1891, by the Superior Court of New York. This made a total of 6,871 persons. During the progress of the investigation Senator Hill reminded Mr. Davenport that the statements were not sworn to; but the latter said to Chairman Chandler that he was prepared to substantiate the statements, and in order to accommodate him the committee adjourned, to meet again next Thursday.

\$10 A MONTH FOR OFFICE

Paid by Several Clerks in the Census Bureau, Who So Testify.

WASHINGTON, June 4.—Before the Census Investigating Committee this morning appeared F. H. Quinlan, who stated that he had received an appointment in the Census Bureau for three months through Joe Germlinger, to whom he paid \$10 a month. Others were appointed at the same time under the same conditions. Germlinger was merely a clerk in the bureau. He (witness) had no employers.

Mr. Oppenheimer testified that he was appointed under the same circumstances—that he should pay Germlinger \$10 a month, but he had paid, however, but \$5, as he was discharged before the expiration of a month. His application for a position was not inducted. C. H. O'Brien, a watchman in the Census Office, testified that two men, purporting to be newspaper men, obtained entrance to the office every evening for six weeks on passes signed by Section Chief Hyde. They remained from 6 until 11 o'clock.

CORRUPTION, DECEPTION AND FRAUD

Written All Over the Original Keystone Bank Papers Scanned by Committee.

WASHINGTON, June 4.—To-day the House Banking and Currency Committee listened to Expert Examiner Barrett, who gave an account of the condition of the books of the Keystone Bank as he found them upon his detail by the United States Treasury to make the examination.

The original papers showing the condition of the bank at various times, as prepared by the officials for the information of Mr. Barrett in making his examination, were presented to the committee and scanned by the members. The various entries in lead pencil, changes, alterations and interlineations made to mislead the auditor were plainly evident, and were commented upon by the committee as showing a most deplorable and almost unprecedented case of corruption, deception and fraud.

Stars and Stripes for Another Ship.

WASHINGTON, June 4.—In the House this morning on motion of Mr. Meyer, of Louisiana, the Senate bill was passed granting an American register to the steamer Foxhall, of New Orleans.

A Truce During Convention Week.

WASHINGTON, June 4.—A tacit agreement is existing between the Democrats and Republicans of the House that during the convention week no tariff legislation will be called.

HAIR ON THE FACE, NECK, ARMS OR ANY PART OF THE PERSON QUICKLY DISAPPEARS AND REMOVED WITH THE NEW SOLUTION

MODENE

THE GROWTH OF HAIR IS STOPPED WITHOUT THE SLIGHTEST INJURY OR DISCOLORATION OF THE MOST DELICATE SKIN—DISCOVERED BY ACCIDENT. In experimenting, an incomplete mixture was accidentally spilled on the back of the hand, and on waiting afterward it was discovered that the hair was completely removed. We purchased the new discovery and named it MODENE. It is perfectly pure, free from all injurious substances, and so simple any one can use it. It acts mildly but surely, and you will be surprised and delighted with the result. Apply for a few minutes and the hair disappears as if by magic. It has no resemblance whatever to any other preparation ever used for a like purpose, and no scientific discovery ever attained such wonderful results. IT CANNOT FAIL. If the growth is light, one application will remove it permanently; the heavy growth such as the beard or hair on moles, may require two or more applications before all the roots are destroyed, although all hair will be removed at each application, and without the slightest injury or unpleasant feeling when applied or ever afterward. MODENE SUPERCEDES ELECTROLYSIS.
