LIVE STOCK MARKETS.

Receipts of Cattle at the Local Yards in Excess of Demand.

QUOTATIONS OFF IN CONSEQUENCE.

Prime Heavy Beeves Are No Longer Sought in This Section.

SHEEP ADVANCED AND HOGS LOWER

OFFICE OF THE DISPATCH, PITTSBURG, MONDAY, June 6.

At the East Liberty stock yards there were 60 loads of cattle on sale at the opening of markets this morning, against the same number last Monday and 70 loads the previous Monday. Over 40 loads of to-day's offerings were from Chicago. The average quality of the beeves on sale varied very little from what it has been for some weeks past. There were no strictly prime heavy eattie on the market, and light primes were in short supply. Buyers were present in smaller force than usual, md markets opened draggy at a decline of 10c per cwt from prices of last week on all grades excepting handy, light butcher stock weighing from 1,050 to 1,150 lbs, which were fairly steady at last week's prices. There were on sale three loads of cattle, close to prime, weighing from 1,450 to 1,600 lbs, which were held at \$4 00 to \$4 75, but had not found buyers at these figures well

So far as could be learned \$4 65 was the top of markets. There was a fair supply of fresh cows but demand was light and markets were weak at lower prices. The highest sales reported were \$37 50. Veal and Pork Lower.

The run of calves was lighter than it has been for a month or two but in snite of this markets were dull at a sharp decline from last week's prices. Prices were 1400 nday. Top price of calves was 5c per th and very few of those on sale were good enough a quality to bring this price. SHEET There were 24 carloads on sale t the opening of markets, against 32 loads st Monday. The quality of offerings was low late average. There was very little choice stock on sale. Markets opened strong and active on good stock, and steady on all other grades. Best sheep were sold at 31_c: yearlings, 6c, and best spring lambs

There were over 40 loads of hogs on sale when markets opened, and more were ex-pected later on. Last Monday there were I leads on sale. The increased supply and not weather had a depressing influence on markets, and prices declined 10c to 15c from top price of last week. A few were sold at \$5 00, but the general range was \$4.80 to \$4.95 per ewt.

At the Allegheny Yards.

supply of cattle at Herr's Island yards was larger to-day than last Monday and quality was somewhat better. Markets were slow at a slight reduction from prices of a week ago. Best heavy beeves sold at a ce of \$4 85 to \$4 90, medium weights 50 to \$4 55, lightweights \$3 85 to \$4 25, and common stuff at \$2.59 to \$3.25.
Fresh cows were sold at the same range

this week as last, namely, at \$25 00 to \$40 00 per head. There were 286 calves on the market, which were sold at 434c to 534c per fit. There were few bulls and dry cows sale, and markets ranged from \$2 25 to coints: From Chicago_I Zeigler 194

WHEAT HAS NO FRIENDS.

Corn and Oats Are Almost as Badly Off-The Anti-Option Causes a Small Scare-Lard Unchanged and Other Bog Pro ducts Down.

CHICAGO, June 6.—Everything and nearly everybody was against wheat to-day. At the opening better weather in the West caused weakness. Prices started at Saturday's closing figures to 1/2 lower, and declined 1/2c. Then reports were received declined %c. Then reports were received from the winter wheat country that the bright, warm weather on the rain-scaked fields was causing rust in the grain. This caused free buying and a rally of %c. The passage of the Hatch anti-option bill was nucxpected and caused a rush to sell, which carried prices down 1%c. Later consideration, however, led to a belief that the bill would be defeated in the Senate and there was a rally of %c. Fluctuations thereafter were narrow, and the close was easy at 1%c decline.

Corn was weak from the start, and closed

decline.

Corn was weak from the start, and closed near the bottom. The close shows a loss of from 25 to 23 for the various futures, the nearby months suffering most. Oats are off lightlyc. Pork is down 123@15c; lard is until the confidence of people of all clearer in the

REAL

Activity in Building Evidence of Prosperity and Confidence.

ANOTHER DEAL IN RURAL ACREAGE

Two Transfers Which Will Widen the Business Area of East Liberty.

SAD DAY ON THE LOCAL FXCHANGE

Pittsburg and contiguous districts are full of homes for the people in various stages of development. Many have been completed and confidence of people of all classes in the ure of the city. Homes are the sheet chors of the community. A man who ns the place in which he lives is pracally superior to the storms of adversity. e from anxiety for the welfare of his nily. This should be the aim of every n, and that it is so, to a large extent at t, is shown by results. Pittsburg is

becoming a city of homes. Sales For Business Purposes. wo transactions were consummated yes lay which will have the effect of widenthe business area of East Liberty. The in size and value was that of 120 at the northwest corner of Penn and July 6 234 6 25 6 25 6 25 6 25 6 25 6 25 6 25 8 200 a foot frontage, or \$24,000 for the gley avenues, which sold at the rate of whole. The other sale was made through the agency of J. H. Coleman & Co., and involved a lot on Frankstown, near Park, This ground brought \$300 a foot front, the highest price ever realized in that quarter. Being situated at the extreme eastern and western limits of the commercial quarter of East Liberty, the fact that, as indicated, they are to be improved for business pur-poses denotes that the trading element of the population is pushing out, into new fields. It is important to note that the con-sideration in both cases overtops everything previously realized in either locality, af-

fording a practical demonstration of the ad-vancing tendency of values. Another Deal in Acres;c. Mr. J. C. Dick yesterday put the finishing touches to a deal by which he acquired the Douglas property, consisting of about 19 acres, situated near the Coltax School. The consideration was in the neighborhood of \$20,000. This tract is well adapted to subdivision, and this is probably what will be done with it. Mr. Dick is one of the most systematic and extensive improvers in the East End district.

Interest Among Non-Residents. As noted on many occasions, there is a brisk demand for acreage in the East Liberty and Wilkinsburg districts. The supply is somewhat contracted in the former, but in the latter it is sufficient for require-ments, unless an unexpected movement to ments, unless an unexpected movement to nequire large tracts should spring up. Among the inquirers and possible purchasers are a number of non-residents, who, having read or heard of the prosperity of the city, are anxious to identify themselves with it in a way to be benefited by future development. developments. Prices, of course, vary ac-cording to locality, rapid transit facilities and the condition of the streets, but they range from \$4,000 an acre up.

Yesterday's Building Permits. Thirteen permits were taken out yesterday for 18 improvements, aggregating in es-timated value \$17,685. The most important are: F. C. Goldenberg, two frame dwellings on Gray street, Thirty-second ward, \$2,200;
H. Eversman, brick dwelling on alley, near
Dinwiddic street, Eleventh ward, \$2,000;
same, two brick dwellings on Dinwiddic
street, Eleventh ward, \$2,400; William
Robinson, brick dwelling on Soho street,
Thirteenth ward, \$2,400; Henry Shuesler,
tour frame dwellings on Grayw street Twenfour frame dwellings on Carow street, Twen-

ieth ward, \$3,200. Special Features of Trade. Members of the Exchange yesterday made a prompt and liberal response to the appeal by Titusville and Oil City for assistance. It is the opinion in business circles that officers of the First National Bank of Charofficers of the First National Bank of Chartelers acted wisely in appointing Mr. Herbert A. Johns to the position of cashier. He begins with a comfortable salary.

A fine residence is going up on Fifth avenue near the upper end of Casey's row.

The Reformed Presbyterians of Wilkinsburg have purchased a lot and will erect a house of worship this year.

The Wilkinsburg lockup has been completed. It contains five cells and is fireproof.

proof.
A private telegram from Chicago says the committee in charge of the lighting of the World's Fair has reduced the bond demanded from the Westinghouse Electric Company from \$1,00,000 to \$500,000, which is satisfactory to the company. any from st. company.

Pittsburg and Western's earnings for the fourth week in May increased \$8,511, and for this month \$22,615.
Mr. Kelly, or Kelly & Rodgers, is building a fine residence on Stawton avenue. It will cost \$15,000.

Additional Points in Realty. George N. Beckwith has sold since April 28 nine properties, aggregating \$103,690. The most important of these were the Bissell and Imboff deals, amounting to \$89,600.

A. J. Pentecost sold for W. T. Bradbery and Brewer Scott, executors of William Sample, a lot fronting 68 feet on Main street by 300 feet, Sharpsburg, with a brick resi-dence, for \$8,425, J. Murray Clark being the purchaser.

Henry Gram made the following sales last Henry Gram made the following sales last month in the Eighteenth ward: House and lot on Natrona alley, \$2,000; house and lot on Lotus alley, \$1,175; house and lot on Keystone street, \$2,000; lot on Butler street, \$2,700; lot on Butler street, \$2,700; lot on Butler street, \$2,700; lot on Butler street, \$2,200; lot on Butler street, \$2,700; lot on Butler street, \$2,000; lot on the Camelia plan, from \$200 to \$300 each; 2 lots in the Bissel plan, on Duncan street, \$350 each; 1 lot on Keystone street, \$700.

Black & Baird sold to Theodore Cappell a lot on the west side of Atwood street, Oakland, 24x100 feet, to an alley, being No. 4 in the Lowers & Flynn plan, for \$2,610 eash, Mr. Cappell will at once improve the property by the erection of a handsome dwelling.

John K. Ewing & Co. sold to William H. Stevenson for J. & S. McNaugher, in their plan, Twelfth ward, Allegheny, a lot 25x172 on Pipe street, for \$500, on monthly payments. ments.
C. L. Straub & Sons sold another of their Beechwood Park lots, being No. 58, and routing 50x160 on Beechwood avenue, for \$5,250.

J. E. Glass sold for A. L. Watkins lot No. 287 in the Sawyer plan, on Morningside avenue, for \$500.

W. E. Hamnett & Co., of Wilkinsburg, sold a lot on South Street, Wilkinsburg, for \$1,450

HOME SECURITIES.

BROKERS PROMPTLY RESPOND TO

THE CALL OF DISTRESS.

They Raise a Considerable Sum for the Relief of Oil Country Sufferers-Prices Strong, and in Some Instances Higher. Sales and Fluctuations,

Proceedings of a strictly business nature on 'Change yesterday were unimportant. There were few changes from Saturday, but such as occurred were improvements, Stocks gaining for the day were Allegheny National Bank, Citizens' National Bank, Junction Railroad, Monongahela Water, and Airbrake. Those making concessions were Lus-ter and Central Traction. The unlisted tractions held their own and a little more. The principal topic of discussion was the awful disaster in the oil country. Members of the Exchange held a meeting early to exof the Exchange held a meeting early to express sympathy and raise funds for the relief of the sufferers. The directors voted \$250 for this purpose. Subscriptions amounting to between \$1,200 and \$1500 were forwarded through the medium of George Heard, who was authorized to represent the Exchange in the afflicted cities and towns. There were only two sales at the first call—25 Switch at 17%, and 60 Pittsburg, Wheeling and Kentucky Rallway at 51. The second call was a misfit. The third call turned out better. Sales were \$10,000 H. C. Frick Coke Co. 5°s at par and interest, 50 Manchester Traction at 44 \$3,000 Duquesne Traction bonds at 102%, \$4,000 Birmingham Traction bonds at 1013%, and 15 Birmingham Traction

BEARISH LEGISLATION.

THE PASSAGE OF THE ANTI-OPTION BILL LOWERS PRICES.

Conlers and Grangers Are the Stocks Under the Hammer-New England and a Few Specialties Strong-The General List Follows the Weak Leaders,

NEW YORK, June 6.-The stock market to day was again under the hammer, but these transactions were in the Coalers and Grangers only, and among the latter only Bur lington in particular. Among the Coalers material losses were sustained in Jersey Central, Delaware and Hudson and Lacks wanna, while Reading was comparatively well held.

When the news that the anti-option bill when the news that the anti-option bill had passed the House of Representatives was received, another drive was made at the Coal shares, with the effect of driving them down still further, and the extreme loss reached 3½ per cent. The whole list sympathized in the weakness displayed by the leaders, and, notwithstanding the strength displayed in New England and a few specialties the quorations yielded all ew specialties, the quotations yielded all along the line. The market closed weak with most of the active stocks close to the owest of the day. Total sales of stocks, 238,471 shares, includ-

Total sales of stocks, 238,471 shares, including: Delaware and Lackawanna, 13,000; Erie, 4,200: Northwestern, 3,500; Missouri Pacific, 5,900; Jersey Central, 5,600; Northern Pacific, 8,203, do preferred, 12,670; Reading, 48,860; St. Paul, 11,500; St. Paul and Omaha, 4,100; Union Pacific, 5,800.

Raiiroad bonds showed a decided falling off in interest, and while there was no approach to the weakness of the share list, prices were inclined to drop, even though the final changes show some material pains. The Reading Issues were very prominent, and gave color to the entire list. The trading reached only \$1,227,000.

The following table shows the prices of active

The following table shows the prices of active stocks on the New York Stock Exchange yester-day. Corrected daily for THE DISPATCH by WHIT-NEY & STEPHENSON, oldest Pittsburg members of the New York Stock Exchange, 57 Fourth avenue:

TRAFFIC IN CASH.

A Fair Movement, but Nothing Denoting a Change in Conditions. Local monetary matters were moderately

specially new in conditions or prospects. Considerable cash was checked out to send to the Titusville and Oil City sufferors. Rates were steady at 5@6 per cent. Clearings were \$2,820,874 48, and balances \$534,-574 56.

The currency statement just issued by the Tressury Department shows that the total amount of all kinds o money in circulation on the 1st inst. was \$1,620,010,229, an increase of \$115,731,720 compared with the same month last year. The largest increase was in Treasury notes, which now amount to \$57,068.672, against \$38,112,280 a year ago. There are also \$35,000,000 more gold certificates in circulation than at the corresponding date in 1891. There was a net increase in circulation during May of \$5,437,895, and the Treasury made a net gain of \$7,910,008 during the same time.

St. Louis—Clearings, \$4.010,131; balances, \$453,259. Money quiet, 565 per cent. New York exchange, 90c premium.

New York—Bank clearings, \$84,321,724; balances, \$5,289,860.

HOPE FOR THE FIFE POOL.

One Producer There, and an Important Experimental Well Started - No New Holes in the McDonald Field-Wells Expected To-Day and This Week.

The day in the McDonald field was entirely harren of interest yesterday, so far as new wells were concerned, for there was not one reported. The regular routine work went on as usual, but it produced no results worthy of special mention. It may be different to-day and it may not. There have been thousands of instances in which wells have had it said of them that they would reach their objective to-day or to-morrow and were delayed far beyond the allotted time and perhaps never got them at all. It may be so to-day and that to-morrow's report may again con-tain no record of a completed well, but it will bardly happen that all will miss at

What Is Expected, The Forest's W. J. McGill No. 2, northeast of Oakdale, will reach the fifth sand to-day, and its McCleiland No. 2 late in the week. The same company's Campbell No. 2, near the Meise, and McEwen No. 2, between the the Meise, and McEwen No. 2, between the Meise and the Mankedick, may both possibly get in this week.

Greenlee & Forst's Kirk No. 1, also near the Mese, will touch the Gordon on Thursday, if not sooner. Their McMurray No. 3, on first lease, is in the Gordon and will be due in the fifth this week. Their Marshail & Chalfant No. 2 is on top of the Gordon and Gladden No. 4 will get there at the tail end of the week. Their Bell No. 1, Independence, is cased and is drilling at 1,200 feet.

The Venture O'l Company's Springer No. 1, southwest of McDonald, has water in the 50-foot and must case it off. Its Robbins No. 1 is still fishing. The fishers got a hold of the tools and drew them up part way, but they stuck azain. Their Woods No. 1 and Moorhead No. 2 were shot yesterday.

The Fife Pool.

The Fife Pool. Fitzgibbon, Hatry & Co.'s James Walker, near the Fife well of Hirsh & Co., was reported by the pipe line gaugers yesterday as making but 30 barrels an hour. Reliable information from the well places its actual production at 70 to 75 barrels per hour. The company is about to start the drill in another well on the same farm, a little east and south of this big one. The rig has been waiting for them for several weeks, if not months. months.

Lenz, Schlegel & Field's Noble heirs No. 1, southwest of the Walker some little distance, is in the Gorjon and will be in the fith some time this week. If this well turn out to be a producer of any size it will turn out to be a producer of any size it will turn out to be a producer of any size it will turn out to be a producer of any size it will turn out to be a producer of any size it will turn out to be a producer. prove that the Fife pool is another sucker-red belt, like that from Oakdale to Nobles-town, and that there might be a good deal of oil in it, too.

The McDonald Ganges. The following estimates were submitted by the gaugers of the Southwestern Penn-

sylvania Pipe Line Company: The production of the field was 24,000 or just the same as the day before. The hourly gauges were as follows: Jennings, Guffey & Co.'s Matthews' No. 3, 20; Lynch & Co.'s No. 1 Meise, 25; Oakdale Oil Company's Morgan No. 2, 40; J. M. Guffey & Co.'s No. 7 Mankedick, 20; No. 1 McMichael, 20; Brown, Robison & Co.'s No. 3 McMurray, 20; Forst & Greenlee's No. 2 McMurray, 25; Fitzgibbons & Co.'s No. 3 Walker, 30. On account of the terrible disasters on Oil creek all business was suspended at Oil City yesterday and the elore no reports of runs

Yesterday's Market Features, The Oil City Exchange was closed on ac count of the disaster. George Heard was sent up to represent the Exchange in the distribution of funds contributed for the relief of the sufferers. There were no sales here. The quotation was 54½ straight through. Refined were off % at Antwerp. OH. City, June 6.—No market. Exchange closed on account of flood and fire wreck. New York, June 6.—The petroleum market was of the narrowest possible description, opening dull, and transactions were limited to one sale, the market closing dull. Pennsylvania oil, spot sales none; July option sales, 1,000 barrels, at 54½c. Lima oil, no sales. Total sales, 1,000 barrels. CLIVELAND, June 6.—Petroleum quiet; S. W. 1109, 6½c; 74° ansorine, 7c; 86° gasotine, 10c; 63° naphtina, 6½c. sent up to represent the Exchange in the 3º naphtna, 61/c.

Turned Completely Topsy-Turvy By the malicious sprite, dyspepsia, the stomach may still regain its accustomen order and equilibrium by the use of Hostetter's Stomach Bitters. Heartburn, wind on the stomach, sour cructations, nervous annoyance and disturbed rest, all indicative of chronic indigestion, are obviated by it. It is unparalleled for malaria, constipation, billiousness, rheumatism and la grippe.

The City Will Ring

With the news. All our \$15, \$18 and \$20 men's spring suits for \$8 90 inst for three daysto-day, Wednesday and Thursday. The First Raspberries of the Season Are Now to the Front.

DAIRY PRODUCTS STILL A DRUG. Oats and Far Corn Advancing, and Other

Cereals Quiet. THE GROCERY TRADE FEATURELESS

COUNTRY PRODUCE-Jobbing Prices-The egg market has weakened under the influence of liberal receipts by the Ohio river steamboats, and movement was quiet this morning, with 17c as top price. The first raspberries of the season were on the market to-day. Strawberries are weak and lower, the quality of Monday's offerings being very low. There were few choice berries on sale, and the best offered were slow at 10c per box. Home-raised strawberslow at 10c per box. Home-raised strawber-ries will be due about the last of this week. Poultry is very scarce, but demand is light, owing to high prices. Receipts of new po-tatoes have been liberal the past few days, and markets are weak. Old potatoes are also a shade lower. Dairy products favor buyers all along the line. Country butter is a drug and prices are nominal.

BUTTER-Creamery Eigin, 18@20c; Ohio brands, 16@17c; common country butter, 10@12c; choice country roll, 14@15c.

Pennsylvania and Long Island Roads Join Hands-Will Go Under New York and the Fast and North Rivers-Austin Corbin Is the Projector of the Scheme

Which, He Says, Promises Big Returns. NEW YORK, June 6.-The mystery in Wall street for the last four weeks has been the activity and steady advance of Long Island Railroad stock. The mystery is cleared up by the announcement that the Long Island and Pennsylvania railroads have joined hands to build a tunnel from Jersey City, to Brooklyn. Work was begun to-day. The agreement was signed last weel by the two companies; the expense of the construction is to be shared equally by both,

and the stock in the new tunnel company will be owned jointly.

Austin Corbin explained the details of Austin Corbin explained the details of the scheme so far as they have been perfected to day. The tunnel will run from Grove street in Jersey City near the Pennsylvania Railroad depot, through the bedrock of Manhattan Island, and will have a terminus in Brooklyn just beyond the City Hall. Mr. Corbin says it is not yet determined where the stations will be in New York City. The engineers are now at work and it depends on their decision. The tunnel will be reached at the stations by elevators. The tunnel will be 26 feet wide elevators. The tunnel will be 26 feet wide o that two tracks can be built. Mr. Corbin

said:

"It will be a plain, ordinary tunnel, and not a great head or a little head system. We can make the trip from Jersey City to Brooklyn in nine minutes. Our cars will be always full. The people from Jersey City to New York are replaced by New York passengers going to Brooklyn. From Brooklyn we will take people to New York and at our New York station take passengers to Jersey City."

gers to Jersey City."

The plan is feasible and the cost will not The plan is feasible and the cost will not be so great as one would imagine. The tunnel will permit passengers on the Pennsylvania to go or start from any point on Long Island, and it will greatly relieve the ferries and the Brooklyn bridge, which are now much overcrowded with travel. Mr. Corbin did not say whence the authority came by which the tunnel could be constructed. There was a bill rushed through the Legislature in the last day of the secthe Legislature in the last day of the session, known as the Mullaney bill. It is a general law, giving railroad companies the right to build bridges and tunnels. The bill became a law by the signature of the Governor. It was claimed at the time of the passage of the bill, and not denied, that it would permit railroad companies to ob-tain bridge and tunnel charters without the express permission of the Legislature in individual cases.

DR. H. F. FORMAD DEAD.

He Was a Celebrated Philadelphia Physician and 'ud len'y Pussed Away. PHILADELPHIA, June 6, -[Special.]-Dr. Henry F. Formad, demonstrator of pathology at the University of Pennsylvania. died suddenly at the residence of his sister, Dr. Marie K. Formad, 1008 North Sixth

The Doctor had been sick only morbus. about 24 hours. He was at the University on Friday and expected to join his wife at the Traymore Hotel, Atlantic City, on Saturday. During Friday night he was suddenly taken ill and was treated by his sister and another physician, but he continued to grow worse. At 2 o'clock this morning Dr. Horatio C. Wood, also of the University, was called in. On his arrival he found Dr. Formad cold and in absolute collapse, but conscious He did not react to treatment and died

about 6 o'clock Dr. Formad was about 48 years of age, and was well known in medical circles in this city and also in other parts of the country. He was Coro-ner's physician for several years, and probably made more post mortem ex-aminations than any other doctor in the country. He was frequently called to other

nicroscovic examinations. GAS WAS THE WEAPON

With Which a Chicagoan Ended the Life o Himself and His Sweetheart. CHICAGO, June 6.-Rudolph Hacker, a cigar manufacturer, and Mrs. Louise Plum, wife of Jacob H. Plum, who keeps bakery, were found dead in bed together in the woman's home, at noon to-day. The gas was turned on full from the two jets, and the circumstances point to a double suicide. The idea of suicide at once entered the minds of the officers who discovered them, but subsequent developments went to show that during the past few weeks strange relations had existed between the pair. The officers now advance the theory that Hacker found the woman asleep in the

house, and to prevent her leaving him, which she was contemplating doing, he turned on the gas and killed her and him-The woman had been separated from her husband for three years because of her re-lations with Hucker. She had recently promised to return to her home, and it is suspected that when Hacker became aware of this he resolved upon the deed.
