infernoon that his resignation had not been caused or influenced by questions arising from the National Convention of this week. The interview as a whole has since been repudiated, but we have no doubt that this particular statement is true. Mr. Blaine, though often credited with mysterious plans and adroit wire-pulling, is, in fact, one of the sincerest and most straightforward of men. He said four years ago that he was not a candidate for the Presidency, and could not take the nomination a struggle might bring him. At that moment he was absolutely sure of the commination, and, as we think, of the election. But he meant exactly what he said, he stuck to it, and even sent an appeal by cable to his friends, in the midst of the convention, to stop the successful struggle for him on which they had already entered.

This time he said exactly the same thing. To many friends within the past fortnight he has repeated that he does not wish the nomination and could not be a candidate for it. We see no warrant for the offensive assumption that he has not meant what he said now, just as he was proved to mean what he said in his withdrawal in 1888, which the whole world now recognizes as the greatest and most extraordinary act of magnanimous self-renunciation ever displayed by an American statesman.

SUBSCRIPTIONS COME RAPIDLY.

Relief Committee of Able Men Organized at the Meeting.

HOUSE TO HOUSE CANVASS FOR AID

The lesson in charity that Pittsburg learned at the time of the Johnston horror s ands in good stead in the present calamity, and on every hand there is springing up an organized, practical movement for the relief of the sufferers in the element-stricken dis-

Meetings were held yesterday by numerous organizations and measures of relief were adopted. In the morning the Petroleum Exchange held a special session and,

Phisburg's Business Interests Represented. The Mayor himself called the meeting to order, and, though it was not a particularly large gathering, there being less than 200 present, it represented the flower of Pittsburg's varied business interests, and every men of them was full of sympathy and had unlimited means at command to show it.

I heard of this frightful disaster last night at 9 o'clock from Mr. William R. Thompson, and after discussing the matter with him called up THE DISPATCH by telephone, requesting that, if the circumstances justified, a proclamation should be called for this oting to which my name should be signed. Thanks to that enterprising newspaper every paper in the city received notice, and the proclamation was published browleast. As to the work before us, all are familiar with it. There is much to be done, much suffering to be alleviated.

This morning I placed myself in commu-

nication with James B. Scott, who has been in telegraphic communication with the business men of Oil City and Titusville, and be will now read the telegrams be has re-

Money the First G reat Need. Numerous telegrams were then read by Mr. Scott, showing that information of the actual fatalities or loss of property was meager up to that time, but money was needed first of all. While Mr. Scott was talking the ticker of the National Transit Company, which had been placed in the room while the meeting was in progress, received a message for Captain J. J. Vandergrift, giving new details of the ruin, and lacing the loss at Oil City at not less than

ladies of the Children's Aid Society, offered their services for any children rendered homeless by the disaster. On behalf of the hospitals of the two cities he offered the buildings, physicians and nurses in whatever way the committee might direct. While the doctor was speaking, Mr. Thompson anounced that two doctors from the Penn Hospital were prepared and ready to go whenever needed with a supply of band-nges, splints and other things. Mr. Scott iced that the Allegheny Valley Railroad was prepared and willing to transport all provisions or supplies to the sufferers tree of cost and that the wires of the Postal Telegraph Company were open to the use of the lielier Committee tree of charge. S. S. Marvin announced his readiness to send from 1,000 to 5,000 loaves of bread.

Organization of the Committee. The organization of the committee was proceeded with by the appointment of the following Relief Committee, the motion including the Mayor as a member: James B. Scott, Reuben Miller, Captain J. J. Vandergritt, George A. Kelly, W. R. Thompson, S. S. Marvin, Robert Piteairn, D. Me-Cargo, Captain C. W. Batchelor, Captain John Eaton, Hon. David Kirk, A. J. Lo-

gan and George Heard. Mayor Gouriey named William R. Thompson as secretary, stating that his services in connection with the Johnstown flood had made his name familiar everywhere and his ability made bim the best person for the duty. The meeting unanim agreed to the appointment, and the Mayor appointed W. H. Reed, Harry Paul, W. H. Keech, W. R. Ford, H. W. English and J. Morton Hall a committee to receive and forward provisions, clothing, etc. The offices of the A. V. R. R. on Penn avenue and the warehouse of George A. Mayor Kennedy appeared at the meeting, announcing that he would receive subscriptions from Allegheny citizens and that co tributions of clothing and provisions could be sent to Marshall, Kennedy & Co.'s mill. The Ladies' Saturday Hospital Association met yesterday afternoon to take action for the benefit of the sufferers, but not wishing to conflict with the Relief Committee, the President, Mrs. C. V. Sheriff, was authorized to confer with the commitmittee this morning and offer anything the society could do. A committee will go to

Oil City to-day. Governor Pattison vesterday issued the following proclamation.

WHEREAS, The people of Titusville and Oil City and adjacent portions of the oil region have been visited by a terrible calamity from water and fire, carrying destruction to life and property and leaving homeless and destitute hundreds of our fellow cttizens; Now, therefore, I. Robert E. Pattison, Governor of the said Commonwealth, do hereby issue this my proclamation, recommending to the citizens of Pennsylvania prompt action for the relief of their fellow citizens, and I do further request and direct all citizens, societies, committees and al citizens, societies, committees and agencies desiring to aid in this work to put themselves in communication with the au-thorities of Titysville and Oil City.

New York R-ady to Give Aid. New York last night sent the following telegram: "If help is needed in Titusville and Oil City Mayor Grant says New York City will do more than her share."

The Department of Charities, the antiCruelty Society, Humane Society and Im provement of the Poor Society all met injured or needy persons who may come to this city, and steps will be taken to send supplies to the devastated district.

Alleghenians Act With Promptness. The relief work in Allegheny was laid out yesterday in a thorough and systematic manner, and every Alleghenian will be given an opportunity to subscribe to a fund that will bear the city's name. After leaving the Pittsburg meeting yesterday Mayor Kennedy returned to his office and held a conference with some gentlemen who came in, and the result was that last night the Mayor issued the following proclamation:

ALLEGHENY, PA., June 6, 1892. To the Citizens of Allegheny: leum Exchange held a special session and, after appropriate resolutions, appointed a committee to take subscriptions, which, at the public meeting at City Hall in the atternoon, reported that \$1,800 had already been collected, one-half of which had been forwarded for the immedidate needs of the sufferers, the balance being at the disposal of the Citizens' Relief Committee.

The most important meeting of the day was that in City Hall, summoned at the first moment the horror of the situation was appreciated by Mayor Gourley.

In addition to this men representing the different lines of trade were selected for their respective lines, and committees to wait on the butchers, the hucksters and the gardeners at the market house this morning were named. The notices to the collectors were mailed last night and their books prepared. Each book will contain a printed slip, signed by the Mayor, giving the collectors authority

The first Allegheny collections came to Mayor Kennedy last night. They were as follows: Boggs & Buhl, \$200; George W. Suaman, \$100; Pusey & Kerr, \$100; Mar-shall-Kennedy Company, \$100; total, \$500. This money has been deposited with City Treasurer Maclerron, who is treasurer of the general committee, and messages sent to Oil City and Titusville asking for an ex-

pression of their desires in the matter.

As yet there are but two places to which goods can be sent—the Marshall-Kennedy Milling Company on Lacock street and the Mayor's office. Mayor Kennedy would like to get the offer of serehouses or other buildings in the various districts of the city that could be used for this purpose for a few days. ETNA COUNCIL OBJECTS.

The Burgess Deposed by a Vote of Three to One From Presiding at the Meeting-The Street Rallway Ordinauce Not

Brought Up at Millyale, The Council of Etna borough had another lively time last night over the question of the Burgess' right since Judge Stowe handed down his opinion against the Burgess of a borough presiding at Council meetings. Some of the Etna Councilmen have objected to Burgess Martin acting with them. Mr. Martin, however, has held on to his rights as formerly understood and refuses to give them up until the

Supreme Court passes on the question.

Last night Councilman Beegle objected to Mr. Martin presiding and nominated Councilman Stackhouse for Chairman. Mr. Schneider seconded the nomination; it was put and de chared carried by 3 ayes to 1 no. There was considerable excitement and confusion. Burgess Martin and Councilmen Robertson and Williams refused to recognize Mr. Stackhouse as Chairman, and Mr. Beegle made a motion to adjourn. The re were three votes in the affirmative, and the opposing members left the Chamber. The electric street railway question was to have come up at the meeting and this was the source of the trouble.

It was reported that Burgess Martin ordered the constable not to open the hall for depots of the committee to receive supplies | an extra meeting or post notices for it without authority from him. At the meeting of Millvale borough Councils a full attendance was present. Nothing was done, however, outside of routine business. It was rumored that the Millvale, Etna and Sharpsburg street railway ordinance was to come up, but the Council adjourned without the subject being broached.

A SIGNIFICANT BIT OF INFORMATION

SPECIAL TELEGRAM TO THE DISPATCH. MINNEAPOLIS, June 7 .- The full list of office-holding delegates to the convention is a most formidable one. On the New York delegation there are George Sharp, a member of the Board of General Appraisers; Edward C. O'Brien, Commissioner of Navigation, the young protege of Warner Miller, who has been here for a week telling everybody whom he meets that two-thirds of the New York delegation is for Harrison; S. W. Allan, of Auburn, one of the World's Fair Commissioners; Charles H. Murray, Superintendent of the Census, and "Jake" Patterson, who was to be one of the commissioners for the building of the new Custom House,

In Indiana there is a larger proportion of office-holding delegates. The leader is Stanton J. Peele, Delegate at Large, who holds the high judicial position of Judge of the Court of Claims. It is probable, how-ever, that the spectacle of a Federal Judge lobbying will be two much for even this office-holding convention, and the Judge will probably be represented by an alter-

There are many more officeholders from the Northern States, but the list has not yet been completed. It is in the South, however, that the office-holding Harrison men are really strong. Georgia leads the list with 22 office-holders out of 26 delegates. Here is the list:

Tariton, Deputy Collector of Internal Revenue; D. Tariton, Deputy Collector of Internal Revenue; Dr. Collier, Surveyor of the Port of Louisville; Sid J. Burchett, United States Marshal.

self-renunciation ever displayed by an American statesman. Undoubtedly, a spontaneous and unanimous nomination, either as the result of an original demand, or as the escape from a deadlock would compromise acceptance, as it would that of any other American citizen of the Republican faith, and as it would have compelled his own acceptance in 1888. But that is a contingency which the situation at Minneapolis scarcely seems to make probable, and we feel confident that it is not a contingency which this Bayard of American statesmen himself contemplates. "That does not look very likely, but if there is to be a dark horse, I am for Alger, I tell you that. He is my dark horse, if it comes to the selection of a compromise candidate. General Michener Says Harrison Will Get There on One Ballot,

MINNEAPOLIS, June 6.-The silent soldier of the Harrison forces, ex-Attorney General Michener, of Indiana, seemed to feel this evening that he had matters sufficiently well in hand to step aside for a moment in the heat of the siege and outline the situation. He said: "The reaction today has been distinctly in favor of the President. I could name four men in one State alone who are claimed for Blaine that have, since the latter's resignation from the Cabinet, and in a measure as a result of that action, been brought to the support of General Harrison and have sig-nified their intention to cast their votes for him in the convention.

"This is only an instance of many similar changes, constituting almost a general movement to-day. The President's friends have not from the start felt themselves in such a strong position as now, or in better shape for aggressive action. Our figures indicate apparently beyond question a first-ballot renomination of the President."

One-half the lots have already been sold. All we ask is that you take a little time to investigate the new town. Time thus spent will prove money to you, Plans and information about

But you don't want to pay that much for goods that we make up for \$20 and \$25—be they ever so handsome. The best of it is, our styles are the new styles. You know what a difference that makes.
