LIVE STOCK REVIEW.

Receipts of Cattle at the Home Yards Beyond Demand, and

MARKETS ARE SLOW AT A DECLINE.

Prime Heavy Beeves No Longer Find Ready Sale in Pittsburg.

HOGS ARE LOWER AND SHEEP STEADY

OFFICE OF THE DISPATCH,
PITTSBURG, WEDNESDAY, June 8.

There have been, all told, about 65 carloads of cattle on the market at East Liberty this week, against 62 loads last week. Quality was a fair average. There were more primes on sale than usual, but at the same time there was a larger quantity of low-grade stock on sale than usual. Buyers were present in less than the average force, and prices were fully 15@20c per cwt lower this week than last on all grades excepting light, tidy butcher beeves, which were about steady at last week's prices.

There were no sales reported above $4 60, and yet there was a load of 1,600-lb beeves from Indiana on sale, well up to prime. The same would have sold a year ago at $6 75 with little trouble. Fresh cows were in fair supply and ranged in price from $27 50 to $40 00 per head. Calves were in light supply and 50c per cwt lower than last week. The top of the market was $5 25 and only a few fancy were sold at this figure.

There have been on sale up to this time about 45 loads of sheep and 55 loads of hogs. Good sheep are steady at last week's prices and common grades are dull and lower. Hogs are fully 20c per cwt below closing prices of last week. Markets were sluggish this morning, with $4 85 as top price.

A Live Stock Firm's Review.

Following is report of the week's transactions by Holmes, Briggs & Co.:

We report 65 loads of cattle on sale this week. Sixty-two loads were on sale Monday, 42 of which were from Chicago and 20 loads from Ohio and Indiana. The general average quality was about the same as last week. The attendance of buyers was light and demand was not equal to the supply, which made a very dull market at 10 to 15 cents decline from prices of Monday of last week on all but handy light grades. These were about steady. Heavy cattle were almost entirely neglected, and to effect sales on such grades prices had to be lowered below the lowest prices of the past year. Unless there is a better export demand soon it will be almost impossible to find buyers for heavy cattle. We quote prime 1,400 to 1,500 lbs steers, $4 40@4 60; good 1,200 to 1,300 lbs, $4 30@4 40; good 1,000 to 1,100 lbs, $4 00@4 20; rough and mixed lots, 900 to 1,200 lbs, $3 50@3 75; fat cows and bulls, $2 50@3 25; thin cows and bulls, $1 50@2 25; fresh cows and springers, $20 00@45 00 per head.

Receipts of hogs on Monday were about 40 loads. The demand was light and market dull at strong 15c below the closing prices of last week. Since Monday receipts continue fair and market almost lifeless and but little doing except on desirable grades, which are slow at shade lower than Monday. Common to good Yorkers and mixed grades are left lying in the yard sleeping undisturbed, while the salesmen are out looking for buyers, which means low prices and unsatisfactory sales when made.

The receipts of sheep on Monday were 25 cars. This, with an improved demand, stimulated buyers to higher prices, which gave the market a strong tone, and all desirable grades were ¼c higher than last week, while common grades have been dull at a shade higher prices. Since Monday receipts of sheep continue liberal, and prices 10c to 15c higher on prime grades, while common and medium close slow at Monday's prices. We advise all to go slow on common sheep. Receipts of calves have been light all week, and, as the demand has been light, Monday's prices were 25c to 50c lower than last week. Since Monday the market has been weak at 40c to 50c below last week's close.

Wheat Nervous, Closing Lower—Cable News Conflicting—Corn Trading Spasmodic, the Weather Disturbing Values—Oats and Provisions Follow the Leaders Closely.

CHICAGO—Wheat was unsettled and nervous to-day and closed with a loss of most of yesterday's gain. The opening was at about yesterday's final figures to a trifle higher, due to rains and storms last night and to firmer cables, but soon declined 1⅛c on reports of a heavy bank failure in London and rumors of a failure in Paris. A rally of 1⅛c followed unfavorable foreign crop news, which is said to have caused the advance at Liverpool. The result of conflicting dispatches was a nervous market for the rest of the day, with the close showing a loss of 1⅛c compared with that of yesterday.

Trading in corn was spasmodic and the feeling unsettled, with frequent changes in prices, the weather and the nervousness in wheat being the controlling influences. At the opening longs sold freely, and though the start was at a slight advance the prices soon worked down 1⅛@1¼c. A rally of ⅜c followed, but the gain was afterward lost and the close showed a loss of 1¼@1½c.

Oats followed wheat and corn and show a loss of ⅜@⅝c.

Provisions were largely influenced by grains and closed somewhat lower.

A PITTSBURG GIRL ENTANGLED

With Six Other Female Students in a Moravian Seminary Scandal.

BETHLEHEM, June 8.—A sensation has been created by relations regarding matters in the Moravian Seminary for young ladies. It is the oldest school for girls in America, having been established in 1750. The pupils have for several years been engaged in clandestine correspondence with the students of Lehigh University. Seven have been advised by the Principal, Rev. J. Blickensdorfer, that they would not be allowed to graduate. They are charged only with having carried notes and sent telegrams for other girls.

Nine other members of the graduating class have held an indignation meeting and intend leaving school before graduating day and prevent the commencement exercises. The girls on the other hand make charges against the principals. The Seminary authorities have taken the matter in hand and an investigation will be made. Of the girls who will not be allowed to graduate, four are from here, one from Pittsburg, one from Chicago and one from San Antonio, Tex.

POINTERS IN REALTY.

Court Records Throw Light on a Smithfield Street Transaction.

A BIG BOOST FOR FIFTH AVENUE.

A New Town to be Called Minerva Laid Off in Washington County.

THE WILKINSBURG R. P.'S WILL BUILD

It appears from the court records that Mrs. Penny has sold her interest in the properties Nos. 504 and 506 Smithfield street to Willis F. McCook, Esq., for $47,499. The other interests were purchased a year or more ago by the the Mellon Bros. Whether Mr. McCook acted for them or himself is not known.

Will Build a Church.

The Reformed Presbyterians of Wilkinsburg have decided to tear down the old church building, corner of South and Center streets, and rebuild on the same site this year. This will obliterate one of the landmarks of the borough. There has been a church on this ground for nearly 100 years. The present structure was erected in 1845, the year of the great fire in Pittsburg. The new edifice will be large and handsome. The increase in the value of their land, which they have subdivided, and some of which they have sold, justifies the undertaking.

A Boost for Fifth Avenue.

Yesterday's DISPATCH was full of important and stirring news, but probably the most interesting item in it, when considered from a local point of view, was the story of the purchase of an entire block of property on Fifth avenue with a view to the erection of an office building to cost $500,000 or more. This substantial method of showing confidence in the future of the city cannot fail to strengthen the business position along the entire line. The property in question came within a small fraction of passing into the possession of a hotel syndicate about two years ago. One of the owners objected to the terms, and this caused negotiations to be broken off. At an earlier period it was under consideration by one of the large insurance companies. The sale was confirmed yesterday by one of the late owners. The improvement of this property as indicated together with that of the Park property adjoining, on which, according to report, a 12-story building will be erected, will give the Court House district a forward impetus, and perhaps disturb the Rip Van Winkleism which has for an indefinite period held sway on Grant street.

Another Town on Paper.

It is reported that a company composed of Messrs. Lucius Marchand, L. S. Miller, L. T. Clavbaugh, J. W. Alles and Mrs. E. N. Lilley have purchased 70 acres of the bottom land just below Marchandville, Washington county, and will lay it off into a town, and that good inducements will be offered for manufacturers to locate. The proposed name for the new town is Minerva. The town of California, in the same county, is experiencing quite a building boom. Contractors have many houses under way and are completing on an average one a day.

Yesterday's Building Permits

Sixteen permits were issued yesterday for 16 improvements, all estimated to cost $90,383. The largest are: Mrs. H. E. Wainright, brick dwelling, on Penn avenue, Twenty-second ward, $24,000; N. Seibert, double residence, on Fairmount avenue, Nineteenth ward, $6,500; John Bissel, brick and stone dwelling, on Frankstown avenue, Twenty-first ward, $6,500; Edeburn & Cooper, brick office, on Grant street, Second ward, $7,000; W. Bauersmith, brick dwelling, on Rebecca street, Twentieth ward, $8,000; J. P. McCrea, brick dwelling, on Center avenue, Twentieth ward, $8,000.

A state bank has been organized at Medina, O., with a capital of $50,000.

The consideration for the property on Chartiers street, Allegheny, sold by A. J. Pentecost and reported yesterday, was $8,425, not $1,330 as printed.

Baxter, Thompson & Co. say the only difficulty in the realty market is the firmness of owners. They are using their persuasive powers on some of them.

Two thousand dollars a foot front for property on central Fifth avenue is considered quite moderate. It is safe to say there will be no other sale between Smithfield and Grant streets at that figure.

HOME SECURITIES.

TRADING SLOW, WITH A WEAK FEELING AT THE FINISH.

Outside Interests Claim a Large Share of the Interest of Investors—No Special Price Changes, but Declines in the Majority—Luster News.

Trading was light at all of the stock calls yesterday. The bulk of the business was done at the second. First prices were about steady as compared with the previous day, but in the afternoon a weak feeling prevailed, and last quotations were in most cases the lowest of the day.

Stocks making gains for the day were Pleasant Valley, Switch and Airbrake. Those closing down were Pipeage, Philadelphia Gas, Central Traction and Luster. None of the changes possessed the least significance. Outside news was more attractive than inside interest—nothing more.

Insiders in Luster, who have slated the stock for an advance, reported that the chlorination plant is completed and in operation, as are also the four mills. The company are well pleased with the new management and feel assured of good results in the early future. There is now in sight $42,500 worth of tailings, which are expected to net $36,000.

There was only one sale at the first call—10 shares of Pittsburg Junction Railroad at 31. The second call was a little better. Sales were 20 shares of Pleasant Valley at 24¾, $2,000 Birmingham Traction bonds at 10⅞ and 50 Duquesne Traction stock at 27. After call 100 shares of Philadelphia Gas changed hands at 18⅛. The third call was almost a failure. Thirty shares of Manchester Traction went at 43⅝.

Final bids for the day on the unlisted Tractions were: Manchester, 43⅝ bid, none offered; Duquesne, 26¾ bid, none offered; Birmingham, 26⅝ bid, offered 27. Bids and offers at each call follow:

STAGNATION IN STOCKS.

BULL LEADERSHIP NECESSARY TO ADVANCE THE PRICES.

A Resumption of the Gold Export Movement—An Upward Spurt in North American and Northern Pacific Preferred Late in the Day.

NEW YORK, June 8.—The stock market showed no change in its general character to-day. There was a resumption of the outward movement of gold, but the amount was not sufficient to have any influence upon the course of prices, especially in view of the unusually strong position of the banks. The crop prospects were discussed and the reports are taking on a more favorable temper, though the bears still regard the Grangers as the most vulnerable point in the market.

To-day both St. Paul and Burlington were remarkable during most of the session for the stubbornness of their resistence to pressure, and the material losses were generally outside of that group of stocks. The claim of the bears, however, that prices cannot go up without leadership on the part of the bulls, was fully exemplified in the stagnation in prices seen when the selling pressure was lifted, and the covering demand satisfied. It is evident, also, that the coming Presidental campaign is beginning to have its usual influence to restrict speculative operations.

Late in the day there was a sharp upward spurt in North American and Northern Pacific preferred, which was based on buying by the insiders and a rumor that the Vanderbilts had been purchasers of North American and were about concluding a traffic agreement by which much freight would be diverted from the Union Pacific to the Northern Pacific. While the rumor lacked confirmation both Northern Pacific preferred and North American rose about 1 per cent each, and the entire list followed with alacrity, notwithstanding the announcement of a heavy banking failure in London.

The market closed active and firm to strong, generally at slight gains for the day. The trading reached 249,935 listed and 8,352 unlisted.

The total sales of stocks to-day were 258,287 shares, including: Atchison, 4,910; Delaware, Lackawanna and Western, 5,300; Erie, 11,512; Louisville and Nashville, 14,520; Missouri Pacific, 8,200; North American, 10,525; Northern Pacific, preferred, 15,270; Reading, 25,100; St. Paul, 27,375; St. Paul and Omaha, 3,920; Union Pacific, 6,210; Western Union, 4,883.

Railroad bonds were quiet, and displayed some irregularity on the usual slight fluctuations. The trading reached $1,307,000.

THE MONEY MARKET.

Matters Reported Easy and Comfortable All Along the Line.

Local monetary conditions and movements yesterday were substantially the same as a week or a month ago. The demand for loans was perhaps a little broader, showing that improvement, although slow, is maintained. Clearings denoted a large aggregate of business. A cashier remarked: "Trade is excellent for a Presidental year. All the changes that occur are for the better. Nothing is going backward. The fall movement should be heavy." There was no change in rates. Operations at the Clearing House foot up: Exchanges, $2,366,140 79; balances, $470,258 19. There was some demand for exchange at about par.

At New York yesterday money on call was easy at 1@1½ percent; last loan, 1½; closed offered at 1½. Prime mercantile paper, 2¾@5. Sterling exchange quiet but firm at $4 87½ for 60-day bills, and $4 88½ for demand.

GONE BUT NOT FORGOTTEN.

A Well-Known Shoe Dealer in Financial Difficulties Has Disappeared.

Gossip is rife among the residents of Lawrenceville over the strange absence of George Gregory, formerly a well-known shoe dealer at 4413 Butler street, who about two months ago mysteriously disappeared. The store of Mr. Gregory has been closed for some time, and upon the door of the establishment is a Sheriff's sign which announces that on Friday morning, in order to justify certain claims held by Joseph Fuhrer, Sr., wholesale liquor dealer, against the proprietor, the stock, fixtures and household effects will be disposed of at public sale.

Mr. Fuhrer is the absentee's father-in-law, and, according to his statement, the rumor of Mr. Gregory being in financial difficulties is correct. When asked about his son-in-law's disappearance he said: "Shortly before Mr. Gregory went away it was alleged that he was deeply in debt and that some of his creditors were then in the city prepared to enter suits against him for the amounts due. During the past year or so I have indorsed his note for various sums aggregating $5,000, all of which I had to meet, and, wishing to protect myself, I obtained judgment for the full amount." It is stated that Mr. Gregory's possessions will not yield over this $5,000, and in this case if there are any other creditors they will secure little if any of the money due them.

DIED IN THE BATH.

Mrs. Harriet C. Magnus Suddenly Stricken by Heart Disease.

Mrs. Harriet C. Magnus, the young wife of Louis A. Magnus, of 54 Race street, Allegheny, was found dead in her bath room when her husband returned home from his work at 6 o'clock last evening. Mrs. Magnus had been in her usual health when her husband left home at the noon hour, but she had not been strong for some years. When Mr. Magnus went home last evening he found no supper prepared, an unusual occurrence, and calling for his wife got no response. Searching the rooms he found the bathroom door locked, and together with George Gill, a boarder at the house, they broke open the door and found Mrs. Magnus dead, kneeling on one knee in the bathtub, half filled with water, and her head dropped forward resting on the edge of the tub. She became ill and exhausted while bathing and died instantly, as evidenced by her position in the water.

Dr. McQuery was sent for, but she had been dead some hours, and the doctor said her death had been caused by heart failure. Mrs. Magnus was 35 years old. They had but one child, of 3 years, who was crawling about the floor alone when the husband returned from his work. The Coroner will hold an inquest into the case to-day.

NEW CASTLE, PA., June 8.—[*Special.*]—James Mammill, of North Beaver township, while crossing a field this morning was attacked by a large savage bull. He was carrying salt endeavoring to catch the animal, when the bull suddenly attacked him and before assistance arrived, it had gored its victim to death. Mr. Hammil was 70 years of age and one of the early settlers of the township.

LUMBER SLOW AT FORMER PRICES

OFFICE OF THE DISPATCH,
PITTSBURG, WEDNESDAY, June 8.

COUNTRY PRODUCE—Jobbing Prices—The receipts of strawberries were not so heavy to-day as yesterday, nor was quality of offerings quite so good. The weather of late has had the effect of lowering quality of berries. Old potatoes are weak and lower, and new potatoes are in liberal supply and quiet. Choice grades of creamery butter are steady, and all under choice are dull and heavy, with prices nominal. Country butter continues to be a drug, and sells for whatever the buyer is willing to give. A fair article of butter has sold as low as 10c per pound of late. Ohio cheese is dull and lower. Shippers of cheese claim that ours has been one of the worst markets in the country for a week or two past. Oranges and lemons are active and firm, and bananas are weak.

Lumber.

Trade in this line shows no improvement over last week. Well-seasoned lumber is in short supply, but there seems to be no difficulty in meeting all demands. Prospective strikes among ironworkers have of late had a depressing effect on trade.

EVERY TWO AND A HALF MINUTES.

The blood makes a circuit of the body every 2½ minutes, delivering nutriment and taking back waste matter to be filtered out by the liver and kidneys and removed from the body through the bowels and the urinary secretion. Any stoppage or obstruction of this process may produce various forms of disease, such as Dyspepsia, Biliousness, Constipation, Headache, Debility and bad blood with its multiplied evils (boils, blotches, pimples, sores, eruptions, abscesses and the like). When such obstructions exist as evidenced by the presence of complaints similar to those just mentioned, the best medicine to use is Burdock Blood Bitters, which unlocks the secretions, removing all impure and effete matter through the proper channels. By restoring healthy action of the stomach, liver, kidneys and bowels, B. B. B. removes all impurities of the blood from a common pimple to the worst scrofulous sore. my30-TTSSU
