NEWS OF THE CYCLING WORLD. What the Athletes Are Doing in the Field

and Other Meetings.

RITS OF LIFE IN THE TENNIS COURTS.

The past week has been full of fair promises and disappointments. Uncle Jerry Rusk was responsible in part for the promises and the weather for the disappointments. On several occasions the early morning hours of deceptive days gave assurance that storms were a thing of the past, but, ere the afternoon had grown old, thunder and lightning, rain and wind reigned supreme. Plans for tours on wheels, tournaments of tennis on private and club grounds and other outings were thus rudely set aside, only to be made and

frustrated on the succeeding day. The mildest of the amateurs called the weather simply exasperating when so many important events that need preliminary practice are pending. According to all calculations made when the winter snows were still on the ground, practice should have commenced six weeks ago and have continued uninterruptedly until the present. But it has hardly begun yet, and there is a backwardness in every direction that will be felt when our champions come in compe-tition with those of more favored localities. Some of the venturesome have taken advantage of the few clear, dry bours, and have secured an hour or so here there for exercitation, but when it did not rain it was muddy and some of the mire When clearing time does come, then will there be a general cry of relief, not only from the wheelmen, the tennis enthusiasts, and the cricket and ball players, but from those who are to compete in events in field meetings. It has been a sad, sad spring but, as a lady cyclist re-cently remarked, it is hoped that it will be a "real old-tashioned summer."

The athletic sports on the Fourth of July promise to be one of the most interesting features of the day. The A. A. U. of this city and Allegheny were wise in giving the arrangement over to Prof. Kirchner, who is already busy with the affairs of this feature of the celebration. He has prepared entry blanks and all the amateurs in this part of the country are invited to take part. It is his intention, and he will accomplish it if anyone can, to make the meeting the most successful that has ever been held in Pittsburg. It will eclipse all former efforts in this direction. Schenley Park has been chosen as the spot and the following is to be the list of events: 100-yard dash, 110-yard hurdle race, hon-step-and-jump, 220-yard dash, running high kick, putting 16-pound shot, 440-yard dash, 440-yard dash, one mile bicycle race, throwing 16-pound hammer, one-half mile run, two-mile bicycle race, sack race, one-mile run, running broad jump, tug of war (625pounds limit, four men), pole vaulting and running high jump. Gold and silver medals for first and second prizes will be

given in each event. It has not yet been decided when entries will close, but those who intend to be contestants should send in their names as early as possible. Entry blanks have been sent to the athletic associations and have been left at the following places: George Smith's, 1503 Carson street; Al Pratt's, Wood street; W. P. Johnson, 12 Singer Wood street: W. P. Johnson, 12 Singer association popular with its members, row, West End; J. B. Golden, 29 Din-

widdie street, and they can be found with Prof. Kirchner at the East End Gymna-sium. They will also be placed in Alle-gheny, and college athletes will be invited

The official programme of the tenth annual meeting of the Pennsylvania State division of the League of American Wheelmen at Scranton June 20, 21, 22 is out in the shape of a neat little book. The chief entertainers of the hundreds of visitors to the meet will be the Scranton Bicycle Club, and the committee chairmen in charge are H. C. Wallace, J. J. Van Nort, A. G. Thomason, R. J. Williams, W. W. Berry, B. P. Connolly, F. A. Havens, F. D. Watts and Mrs. Charles A. Burr. It is expected that a majority of the wheelmen will arrive on Saturday and Sunday preceding the opening of the meet, and committees will make things pleasant for all visitors. Ladies will also be taken care of by a committee appointed for that purpose.

Some very pleasant runs will be made.
On Sunday there will be informal runs to

Wilkesbarre, Pittston, Olyphant or Car-bondale. On Monday leaving headquarters at 8 A. M. under Captain Havens a party will visit Oxford mines; under the first Lieutenant, a party will go down the Briggs shaft; under the second Lieutenant, a run will be taken to the Pine Brook shaft and other parties of 25 each will be taken to the different mines. On Wednesday afternoon at 5 o'clock a run will be made through the famous Wyoming Valley over the cinder path to Wilkesbarre, passing the foot of Campbell's ledge. Lunch will be taken at Pittston and the party will run past the Wyoming monument and along the banks of the Susquehana into Wilkesbarre. On Thursday a run will be made from the Delenursday a run will be made from the Dele-ware Valley through Port Jervis, Mulford, Dingman's Ferry, High Falls, Bushkill to Delaware Water Gap. There will be 23 races, 18 open, four State championship and one club race.

J. W. McGowin, Secretary of the Keystone Bicycle Club, has sent the following letter to his associate members concerning

The near approach of the time of our State meet (June 20, 21, 22) renders it necessary to lay before you our programes. You no doubt have received the very complete and handsome programme issued by the Scranton Bicycle Club, in which so many attractions are offered for your pleasure. This will be the greatest Pennsylvania meet ever will be the greatest Pennsylvania meet ever held, and one at which much more enjoyment will be had than at even the national meet. Every member of the club who can should attend. We have choice of two routes, one via Lewiston and Sunbury, leaving Pittsburg over Pennsylvania Railroad 8 a. M. Saturday, 18th inst., arriving at Scranton 9 p. M. Round trip fare, \$9 70. No Pullman. The other route, via Harrisburg and Northumberiand, leaving 8:10 r. M., Sunday, 18th inst., arriving Scranton 9 a. M., Monday. Round trip fare, \$10 60. Pullman if desired, should our party be of sufficient size we will have special car either route. Members are requested to notify the Screetary not later than Tuesday next if going, stating preference as to route. Friends of members will be welcomed to our party and assured of a good time. Don't fail to take in this meet, the greatest of the year.

Saturday evening there will be a great lantern parade at the East End to celebrate the opening of the new Wheelman's headquarters of Messrs. Squires and Culbertson. The wheelmen joining in the parade will be furnished with lanterns and after they have concluded the run, will be banqueted in the reception hall at the junction of Center and Ellsworth avenues. Professor Kirchner, who has been connected with Mr. Culberton will be reafter devite all of his time to son, will hereafter devote all of his time to the East End Gyms. An invitation has been extended to all the wheelmen in Western Pennsylvania to participate in the

The more interests that can be provided for the members, the more enthusiasm will be occasioned. The Gym is already most popular and these side issues are fast tending to

Numbered among the members of the East End Gym wheelmen are now some two score ladies. The last additions to the membership were made on Monday evening, when the following were elected to enjoy all the privileges of the association, Mr. J. P. Culbertson in the chair: Miss Bessie Hubbard, of 6038 Stanton avenue; Miss A. G. McCleery, of 326 Meadow street; Miss Cora R. Wells, of 603 Shady avenue; Miss Elizabeth Fawcett, of 335 South Hiland aven: e; Miss Agnes M. Gill, of 5904 Rural Mamie Dope, of 219 Oakland avenue; Miss Belle Mathews, of Juliet street; Mrs. Ed-strom Proctor, of 219 Hoffman avenue; Mrs. J. H. Stauff, of Forces and Halket streets; J. H. Stauft, of Fordes and Halket streets, Mrs. G. F. Wamhoff, of Alder and Edwin streets. In addition to the ladies the fol-lowing gentlemen were admitted to mem-bership: C. H. Livingston, F. A. Keating, J. A. Davidsod, G. H. Balley, C. F. Beggs, Russell Johnson, James Alexander, William Addy and Fred McFuhy.

The East End Gym wheelmen had a most pleasurable run on Friday evening. They started from the Gym at 7:45 and rode to Wilkinsburg and returned to Halket street, where they dismounted and rested 15 minminutes. Then they rode to Penn avenue, near Shady, where they partook of refreshments and separated, many of the riders trying the effect of moonlight on the paved streets of the East End. As usual Captain J. P. Culbertson led the run. He was accompanied on his new Worth tandem by Miss Nellie Crouch. The other ladies in the party were Miss Hubbard, Miss Matthews, Miss McCleery, Miss Davis, Miss McQuistan, and as guards there were about 20 gentlemen. The next run will take place on Saturday, when the wheelmen will join in the great lantern parade. Chief Marshal Culbertson, of the parade, savs that it will be the biggest thing ever attempted in this part of the country, and he is authority that cannot be disputed. ninutes. Then they rode to Penn avenue,

The East End Gyms have a new set of officers. Their recent exciting campaign is over and the Gyms have settled down again to enjoy a season of quietude undisturbed by log rolling for candidates for office. The affair was concluded last Monday night when the members decided by a majority upon the following officers for the year: President, E.N. Randolph; First Vice President, E. H. Henderson; Second Vice Presi-dent, James Gardner, Jr.; Recording Secredent, James Gardner, Jr.; Recording Secretary, R. L. Sleeth, Jr.; Corresponding Secretary, O. M. Coulter; Financial Secretary, E. W. Deboe; Treasurer, E. T. Ebberta; Captain Harry C. Fry, Jr. Lieutenant, E. E. Keating; Librarian, J. T.: Lawson; Directors, J. B. Barbour, Jr.; Charles S. Miller, A. M. Stevenson, E. W. Martin, J. H. Sawert, E. C. McChristy, A. B. Borland, George W. Lang, D. H. Barr and J. Albert Awl.

To-morrow and Tuesday will be great days of sport for the cricket enthusiasts. The Detroit team will then test the strength of the Wilkinsburg eleven. This match was to have been played some ten days ago, but the previous weather had been so execrable that the Detroiters asked for a postpone-ment on the ground that they had had no time for practice. The Wilkinsburg team was in no better shape, and consented regu-

larly to the fixing of another date. Since then, however, the weather has been scarcely more propitions, but both teams go into the field determined to play their best whether they are in perfect condition or

Among the Detroit players are Hum-phreys, Roberts, Dale, Bamford and Hinch-man, all well known here. If the rest of man, all well known here. If the rest of the team is composed of as good men the contest will be close, for the Wilkinsburg team will be constituted as follows: Hague, Brown, H. Penn, J. F. Horne, F. N. Schwartz, J. L. Schwartz, Burrows, George MacPherson, A. S. Valentine, C. V. Childs and Walter Scott. There ought to be a large attendance on both days at the grounds at Brushion station. The game will be all the more interesting because the match is on July 4 and 5, between the Chimatch is on July 4 and 5, between the Chi-cagoes and the winners of this game. There are four other inter-city matches to be played this season as follows: June 27, 28, Philadelphia versus Baltimore; June 29, 30, avenue; Miss Agnes M. Gill, of 5904 Rural avenue; Miss Margarette McIniston, of 213 Emerson avenue; Miss Jennie Hatley, of 237 South Hiland; Miss F. S. Davis, of 6020 Penn avenue; Miss Bessie C. Riggs, of Rural avenue; Miss Annie B. Edelbura, of Rural avenue; Miss Nan Armstrong, of Shetland avenue; Miss Marie D. Coyle, of 951 Fifth avenue; Miss Marie D. Coyle, of 212 Oakland avenue; Miss Donie Konkle, of 212 Oakland avenue; Miss Donie G. 219 Oakland avenue; Miss Done of 219 Oakland avenue; Miss Davis Davi Western city whose team wins the preceding contests. It therefore behooves the Wilkinsburgs to defeat the Detroits and afterward the Chicagos should be laid cold.

President O. H. Allerton, Jr., of the Keystone Cyclers, left Pittsburg Wednesday for Europe, to be gone for three months. He will have a grand time; there is no doubt about it. The route laid out includes a seven mile coast down a mountain on a road overlooking the Rhine, where the scenery is magnificent. Mr. Allerton is an indefatigable cycler and never missed a day in May, notwithstanding the weather. His mileage record for that month was over 500 miles, and for 20 days it rained. It was in 1880 that he first rode a wheel, and since that time he has scarcely missed a daily ride winter or summer.

The Emerald Literary and Athletic Society intends to have an interesting programme for its meet at Kenney's Grove on July 2. The events will include a 100-yard handicap, 220-yard dash, one mile race, standing broad jump without weights, running broad jump without weights, standing hop, step and jump, running hop, step and jump, standing high jump, running high jump, high kick, putting 16-pound shot, throwing 16-pound hammer, throwing base ball, sack race. Then there will be a ball game between the Emerald Gyms and the

Yellys, and valuable prizes are offered to winners of the contests. Entries close at winners of the contests. I 2816 Sarah street on June 29.

Several parties are in process of forms tion for runs both to the State meet at Scranton and to the national meet at Washington. Mr. Petticord is arranging to conduct a party of ladies and gentlemen on wheels to the national meet, and to make it pleasant for the lady riders he intends to allow them to set the pace. The party will take the train to Martinsburg, and as the balance of the way is through magnificent scenic country the wheels will be called into use to complete the journey. It is also his intention to get up a party of 25 to take a special car to the State meet at Scranton. a special car to the State meet at Scranton, and as there is no time to be lost in making arrangements, names of those who intend to join his parties will have to be forwarded to him at once. Mr. C. H. PETTICORD intends to try to break the record between here and Buffalo, 250 miles, on July 3 and 4. SHADBOLT, of Brooklyn, N. Y., holds the record for year's 'cycling. From May 20, '91, to May 20, '92, he made 15,164 miles.

Over 22 mileage medals were awarded by the Cycling Department of the New York Athletic Club at its last regular meeting. N. H. FRIESELL, of the Allegheny 'cyclers hours and five minutes. In all he rode 68 miles in 7 hours.

And still the mud is muddy. Some of the wheelmen say they are getting real tired of it and that they would like to see a little dry dust for a change. FRIDAT night was a ideal night for the 'cyclists. Everyone who had a wheel, man, woman or child, was out and the streets were lined with them.

DAN CANARY is said to be the champion trick riding cyclist of the world. He seems to be able to ride up and down stairs as readily as another person can walk. THE Allegheny wheelmen will probably

make several entries of members in the events at the State meet. Just who will take part in the contests has not yet been MESSRS. LYTLE BROS., B. Eccles, A. L. Banker, Parker and Hunter are off for a run

THE mileage record for May includes Captain Friesell 500 miles, Miller 484 miles, Wilson 418 miles. Hayes 322 miles, Boggs 388 miles, and McNish 295 miles. The June figures will be somewhat higher.

SECRETARY McGowin, of the Keystones, expresses the intention of riding his wheel to the rational meet at Washington next month. He will probably be accompanied by W. M. Myler and a number of other mem-bers of his association.

The one-mile ordinary also will have a large number of entries.

Tennis Tourns ettes

Ir will be the fashion for tennis players to wear a delicate tan on their faces and a few freckles this summer.

THE Painter brothers are talking of again entering the tennis arena for honors, both in singles and doubles. TENNIS has been added to picnic ground attractions. The only trouble is that not snough courts are provided.

A MIXED double tournament is planned t come off some time before July 1 on the Pittsburg Tennis Club courts. East End tennis courts were used but little during the week though one or two evenings the players ventured to stretch their nets.

THE Pittsburg Tennis Club's new h being pushed forward rapidly and will be ready for occupancy before the tournament takes place in July.

EARLY tournaments seem to have but little attraction for the first-class players. They guard their actual condition as zealously as do the college crews. WILKINSBURG tennis enthusiasts have been

in a constant state of irritation lately over the weather. It has rained just enough to keep the courts too soft for use. FRIDAY was ladies' day at the East En Syms' tennis courts and they were all occu-pied. For a while the weather was pleasant and the courts in good condition.

RACKETS came to the front yesterday. NEARLY every private court and club net in the city was in use yesterday. This shows what a little good weather and sunshine

SUPERIOR tennis players have been having bad luck. Like the rest of the county they have not had opportunity to play even a single set, and they are talking of a tournament.

THE "Three A's" intend to have a tennis club in the Western Pennsylvania Associa-tion. The courts opposite Recreation Park in Allegheny will soon be in excellent con-dition, and it is expected that some crack players will be developed there this season. THERE is some talk of a tournament among the ladies of the East End Gyms and arrangenents are being made with that end in view. if it occurs it will be very interesting, for there are a number of good players getting into practice whatever circumstances per-mit.

HARD luck has cast a shadow over the courts of the Pittsburg Tennis Club and the courts have not been used much during the past week. It is coming on time, too, when those who are to take part in the champion-ship tournament next month should get into good form and practice (plenty of it) is needed.

A RELAY race to Butler, Harmony and back to Allegheny is suggested as an advertisement to stir up the local riders into an effort to win fame. If such riders as Messra. Miller, Wilson, Pettleord, Myler Bros., Lytle, Eccles, A. L. Banker, Gibson, Carmack and Friesdell could be entered for the race, fast time could be assured. Now that relays are the race, the wheelmen of Pittsburg might as well have some of the fame.
