## A DAY FOR CHILDREN.

The Second Sunday of June Is Now Deserted by the Churches

TO A FESTIVAL FOR YOUNG FOLKS.

Some of the Topics to Be Discussed in Local Pulpits To-Day.

GLEANINGS FROM CHURCH FIELDS

The second Sunday of June has come to be recognized in the churches as children's day. No better time could have been chosen for the children's festival. Nature is now at her best. It is a time of full bloom for flowers. The churches more and more recognize that their field is with the young. This is the era of Sunday schools and missions, and churches do well to recognise that their coming harvests are to be gathered from these fields.

To-day the churches of this city will be crowded with young people and floral offerings will beautify the sanctuaries. It is well that the children shall have one Sunday in the year they can call their day. The churches which do not recognize childrens day are already in the minority, and the time is not far away, when the day will be universally observed.

Fishing Is the Feature at Camp May Nor With Occasional Baths.

CAPE MAY, N. J., June 11 .- [Special.] -- Many families are already here for the summer, and many of them never before enjoyed cottage life here. The summer excursions by rail and boat, which have already began to come, will be mainly from New York, Philadelphia, Wilmington and Baltimore. Every day the regular boats come from Philadelphia with crowds. The through cars from New York have added largely to the list of visitors from the metropolis. The full summer schedules of trains were pur on to-day, which gives Cape May excellent accommodation.

modution.

The ocean bathing is excellent, and, although the water is a trifle cool yet, many take their daily dips already. Fishing forms the main feature of the pleasure here just now. Weak fish, snapping mackerel, bass and red and black drum are being caught in great numbers. The most enthusiastic fisherman red and black drum are being caught in great numbers. The most entitusiastic fisherman here is Mr. Joseph Eichbaum, a prominent Pittsburg merchant, who is a guest of M. E. Heisse, of Philadelphia, at his cottage here. By the way, Mr. Eichbaum, is the Right Worshipful Past Grand Master of the Masonic fraternity of Pennsylvania, and a welcome guest of the Cape Nay lodge. Mr. Eichbaum goes fishing in the yachts and with the members of the Ichthyophagus Club, an organization of Philadelphia guests here. Wednesday he captured by line a shark weighing 350 pounds, which was 8 feet 6 inches in length. It was taken from the ocean off the end of the iron pier.

M. C. Harrison, of Pittsburg, is one of the popular guests of the Addine.

INTERESTING EVENTS IN REALTY.

PRATURES OF MONEY AND SPECULATION

In spite of flood and fire in a tributary district, and of political excitement which engrossed attention in all quarters, business made some progress last week. There was more commercial paper on the market, and rates stiffened a little, or, rather, there was less disposition to shade. The real estate market was reasonably active, several large sales being closed, some of which established a new standard of values. There was a brisk movement in single lots. Building, although not up to the highwater mark of the year, made satisfactory progress.

Regarding the Hump. It was stated authoritatively yesterday that the building to be erected by Mrs. Thomas Carnegie on the square on Fifth avenue, recently purchased by her, will be constructed with a view to the removal of the portuberance commonly called the "hump." The Kaufmanns are building to "hump." The Kaufmanns are building to meet the same possibility. Should the Cathedral property change hands, of which there is some tall talk, and be converted to business purposes, this question, which has been prominent for years, would be quickly settled in tavor of the cut, for a level ap-proach would be a necessity. Sentiment seems to favor the improvement.

A Go This Time. The Hamilton property, corner of Penr and Dallas avenues, incorrectly reported sold some time ago, to Mr. J. G. Stephenson, changed hands vesterday through the agency of Samuel W. Black & Co., at \$57,000. It consists of a good house and six acres of ground. The purchaser, a professional man of Lawrenceville, will, when the lease expires, improve the place and occupy it as a residence.

An Investment Pans Out.

Particulars of a transaction in Highland Particulars of a transaction in Highland
Park realty, which was concluded some
time ago but not reported, leaked out resterday. W. C. Lyne purchased through the
agency of C. H. Love the Haymaker property, corner of Highland avenue and Callowhill street, for \$20,125. Mr. Lyne cut it up into large lots, and has within the last few weeks sold all of them excepting two, the aggregate amounting to \$30,000. Two of the lots were disposed of yesterday by Mr. Love—one to C. L. Reno for \$5,000, and the other to Staley & McCormick for \$3,500. The two lots unsold are valued at \$12,500. This deal is a good illustration of the profit to be derived from judicious investments in real estate.

Two More Fine Houses. Mr. E. J. Wilkins, who recently sold his Penn arenue property to John B. Jackson, of the Fidelity Title and Trust Company, has purchased a fine lot on the corne of Linden avenue and McPherson street, Boulevard Place, upon which he will immediately begin the erection of a tine res dence. It is understood the sale was mad by Black & Baird. A prominent merchan is making arrangements to build in th

Will Build a Church. Morris & Aisbitt vesterday sold to the First Presbyterian Church of Ingram two lots in the Hodgson plan, situated at the corner of Stanley, McKee and Renfrey streets, for \$1,500, less the usual discoun streets, for \$1,000, less the usual discoun for cash, on which the congregation propose erecting a fine edifice at an early date. INCIDENTS OF THE WEEK IN LOCAL SPECULATIVE CIRCLES.

Trading of Moderate Volume With a Narrow Range of Fluctuations-Only Two or Three of the Changes of Special Significance-Week's Results.

The stock market was productive of scarcely anything of a noteworthy character during the week ending yesterday. It was variable, a bearish feeling predomi-nating at the beginning succeeded by a stronger tone later, with a fractional recovery all along the line, but the improvement was not maintained in all cases.

BOTH LONDON AND CHICAGO BUYING SENDS THEM UP.

t. Paul the Leader in the Upward Movement-Bears Raid New England-The Bank Statement Neutral-Otherwise It Would Have B en Neutralized. New York, June 11 .- The stock market to

day was unusually active and decidedly strong, displaying the most pronounce in complete command, and the demonstra tion against the list in the early dealings soon faded away and prices took a rapid upward movement. The bank statement was of a neutral char-

acter, but it would have had no influence

one way or another in a case against the buying of their specialties by both London and Chicago, especially the latter. Chicago and Chicago, especially the latter. Chicago orders to buy were in the market in force, and St. Paul was once more the lender of the market, both in activity and strength, though the other Grangers followed closely. There was a sharp slump in New England in the early trading, but its loss of 1 per cent had no influence of note, though the pressure by the bears on the rest of the list caused fractional concessions for the first caused fractional concessions for the first caused fractional concessions. caused fractional concessions for the time being, which, however, were soon recovered when the market once more began its up-

This action, then, of the convention has shown its effect to-day on prices.

"Coupled with this we may put the government eron report, which was all or more than could be expected, as to promise of the crops at this early period. It would seem that the bear element has had a long enough inning, and that for a time we might now expect a change in the temper of speculation. Prices have been presistently hammered, and they were down to the lowest point of this year. There is room for improvement, and we are going to have it. Keep your eye on the situation and watch the opportunity to 'catch on.'"

FIVE FIFTH SANDERS.

Three of Them Are Good Producers, While Two Are Almost Dry. THE WALKER DROPPING FAST.

Sistersville Coming to the Front With Some New Producers.

NIG GASSER ON THE RUSSELL FARM There was a lot of new work finished up in the M Donald field yesferday. Three

good fifth-sa were reported, and two good fifth-sa deris were reported, and two light ones were drilled into that sand. Ilight ones were to of the field, which had The production to 23,000 barrels Friday, fallen from 24,500 barrels yesterday. Two was increased 500 ball list of those making wells were added to the These both be-One is their No. 3 on the Oakdale and lease and is located between of their No. Noblestown. It carrels late Friday night at the rate of 150 h o be an hour, and was reported yesterday that making 90 an hour.

Their No. 5 on the Marshall lease No. and located south of the McMurray lease, was being cleaned out yesterday and was making about 25 barrels an hour.

The well on the Kirk farm, near the Melse well, was reported to be making from 12 to 15 barrels an hour from the Gordon and. It struck the first pay when seven bits in the sand, and they were expecting to reach the

sand, and they were expecting to reach the lower pay last evening, when it is expected to run up to at least 40 or 50 barrels an hour. It Is Falling Off Rapidly. The Walker farm well of Fitzribbons, Hatry & Co., located southwest of the Fite, is falling off at a startling rate. Friday is was reperted by one of the owners to have gone as high as 300 barrels an hour, while the pipe line gaurers placed it at only 35 barrels an hour yesterday morning.
This is coming down at a faster rate than any of the other wells in the field.
The pool may prove to be of the soda fountain class. Wells which are now being tain class. Wells which are now being started will thoroughly test it.

The Wood and Oil Company's No. 1 on the Crawford farm, located two inless southwest of McDonald, is dry as a powder house in the fifth sand. It had a showing of oil in the Gordon, and yesterday they were pulling the casing and will try to develop a light producer from the Gordon formation.

Their No. 2 on the same farm was on top of the Gordon yesterday afternoon. The Scott No. 1, belonging to the same company, and located half a mile southwest of the Crawford No. 1, is good for 60 barrels a day from the fifth sand. the fifth sand.

The Wheeling Gas Company's No. 1 on the Robbins tarm is dry in the fifth sand, but is a good gasser in the 50-foot, and has a small showing of oil in the Gordon. Their No. 1 Springer is on top of the Gordon sand, and Gladden No. 2 will be in the 50-foot Monday.

Will Soon Be Completed. Tuesday their No. 1 McGiffin which is being drilled for gas near Venice, will reach

the 50-foot. No. 1 on the Moureau, at Venice s down 1,200 feet, and No. 1 Patterson is 9:0 feet deep.

The Forest Oil Company's No. 1, on th,
McCleiland heirs' property, near Oakdale,
was on top o the fifth sand last night, and the urillers were expecting the oil at every the drillers were expecting the oil at every bit.

The same company's No. 1, on the Mrs. Campbell farm, located south of Willow Grove, was due in the Gordon sand last night. They have started a well on the Oak Ridge coal property, south of Oakdale, and only 20 rods south of the dry hole drilled by Gartland & Feeley last fall.

Greenlee & Forst's Nos. 2 and 3, on the Marshall lease, were expected to reach the fith sand last evening. They will start to spud in No. 6 Marshall Monday. The same party's Nos. 1 and 2, on the Marshall and Chaifant, were being tubed yesterday. No. 3 may get the Gordon sand the last of next week.

Two other wells were located on the Kirk farm yesterday. The big casing will be put into their McLean orchard well to-morrow New Wells at Sistersville. SISTERSVILLE-There was a report in circu lation last evening that the McCoy well, of Jones & Tenant, had increased and was making from 700 to 1,000 barrels a day. nile and a haif. Their No. 1 on this farm, which is still doing 400 barrels a day, was a which is still doing 400 barreish day, was a big gasser for several days before the oil commenced to come. This leads them to believe that the present well will turn into a big oil producer within the next ten days. Jones & Tenant's well on the Morrison & McCornick farm, located about a mile and a ball eat of the town was on top of the

half miles south of Sistersville, and expect to, get the sand by Tuesday.

Duel & Johnson dropped the casing on the Moore farm, in the southern part of the field, and were fishing for it yesterday.

George S. Martin & Co. have started a well in the lower part of the field, on the West Virzinia side, and not far from the dry hole drilled by Duel & Johnson.

Hasson & Co. have the tools stuck in the well on the Mericie farm, on the Ohio side of the river. i the river.
Five miles up the river from Sistersville,

Five miles up the river from Sistersville, at Sardus, the McGrew Bros. have finished tubling their well on the Nesbit farm, and will start to pump it this week.

The Victor Oil Company claims that it has not yet reached the sand in its test well at Paden's Valley, between Sistersville and Sargus. The sand dips to the north, which makes deeper drilling in that direction.

There was a report last night that the test well drilled by J. M. Patterson & Co. on the Huey farm, three miles southwest of Verona on the Allegheny Valley Railroad, was showing for a well from the 30-loot. They also got a showing of oil in the 100-foot.

The McDonald Gaures. The following estimates were submitted by the gaugers of the Southwestern Pennylvania Pipe Line Company: The production of the field was 25,500 o 500 more than the day before. The hourly gauges were as follows: Jennings, Guffey & Co.'s Matthews' No. 3, 20; Lynch & Co.'s No. Co.'s Matthews' No. 3, 20; Lynch & Co.'s No. 1 Meise, 25; Oakdale Oil Company's Morgan No. 2, 33; J. M. Guffer & Co.'s No. 7 Mankedick, 20; No. 1 McMicuaei, 20; Fitzglibons & Co.'s No. 3 Walker, 35; Forst & Greenlee's No. 3 McMurrny, 90; No. 5 Marshull, 20.

The stocks at the wells are reported at 57, 600 barrels. The runs from McDonald Thursday were 22,181 barrels. Outside of McDonald the Southwest Pipe Line runs were 7,463. National Transit runs. 32,238; shipments, 21,961; New York Transit runs. 29,543; Southern Pipe Line runs, 19,721; Eureka runs, 2,319; shipments, none; Buckeye shipments of Lima oil, 88,387; Buckeye runs of Lima oil, 57,670 barrels.

More Drilling at McDonald, A number of wells have already been started south and southwest of the Walker, and within the next 49 days the extent of the poor, if there is any, will be pretty well

developed. The Forest Oil Company's No. 3, on the w. J. McGill farm, was ten feet in the sand yesterday afternoon and had not yet struck a pay streak. It had not been given up as dry, however, as the other wells in the neighborhood did not get the oil short of 15 feet in the sand. The same company's No. 2, on the Mrs. Campbell farm, located near the Meise, is due in the Gordon some time to-day.

the Meise, is due in the Gordon some time to-day.

J. M. Guffey & Co. cased yesterday at their No. 1 on the McShane farm, south of the Meise. Their Nos. 8 and 9 on the Mankedick farm were reported to be in the Gordon last night, and showing for producers.

Mercer & McClurg's No. 1 on the Guy lot, located half a mile west of Oakdale, is due in the Gordon sand Monday.

Marshall, Kennedy & Co.'s No. 1 on the Sudekim property, half a mile north of Noblestown, is in the Gordon, and making from 85 to 70 barrels a day. It will not be drilled to the fith, as the others which have been put down around it were barren in the been put down around it were barren in the fifth. Corn was affected by fine weather for the growing plant and sympathy with the break in other grains. Holders had evidently lost heart and the selling craze was intense, long corn being thrown over recklessly, and an immense business was done. Receivers sold freely, and New York and St. Louis were largely represented on the selling side. A trained and trusted correspondent has just visited Allegheny in search of reliable information concerning this prominent specialist and the result of his ministrations here—and, after a thorough examination—a close investigation and a compilation of data (full and effective) we do not hesitate to indorse Dr. Burgoon fully and freely and to recommend his remedies without stint. A consensus of opinion made among the representative commercial and effectives and in the rests. indorse Dr. Burgoon fully and freely and to recommend his remedies without stint. A consensus of opinion made among the representative commercial and financial interests of the two cities served to show how high a place in public confidence Dr. Burgoon occupies. On all sides—in the counting room—in the marts of trade—in the banks and offices of those whose name socially, industrially and commercially are written high in the roil of honor—from those of unquestioned standing and worth the colorism showered upon Dr. Burgoon was such as to inspire strongest confidence and most implicit trust in the representations and promises of relief and cure held out by Dr. Burgoon. Bankers, manufacturers, lawyers and merchant princes of Allegheny and Pittsburg vied with each other in bestowing expressions of honor, trust and confidence on the man who to-day is the acknowledged leader in the medical profession of the city in which he practices—the most eminent, the most successful of all those who practice the honorable profession of medicine. Dr. Bargoon is no vulgar pretender, no vain boaster, no impulent annex or charitant. He is an intelligent sion of medicine. Dr. Burgoon is no vulgar pretender, no vain boaster, no impulent quack or chariatan. He is an intelligent physician, a deep reader, a profound reasoner, a man who by keen intelligence and closest study, diligent application and executive ability of a rare order has breasted the wave of circumstance, grappled with the star of his destiny and stepped boldly from the ranks of the obscure and unknown up to an eminence that many physicians would give halt the years of their life to attain, and which many seek for in vain for a lifetime and never accomplish. and never accomplish.

No fectures, no musical productions will present more unique and useful features than will the explainations of the makers of these marvelous and infraculous medicines. In every land inframities and lils of flesh are the beritage of mun. Dr. Burgoon's curee of catarrh where all earthly means prove ineffective could have been accomplished under the same conditions at Bombay as at Allegheny. His rare, nay, unequaled success in cancer and parasites could be duplicated in Berlin, in Paris, in London.

Before the man under whose outstretched hand the human system obeys the dictates of an over-mastering power—those who assemble from all parts of the globe may well stand amazed. Not to give such a man our heartlest approval would be to do an injustice to our readers—not to indorse his treatment would be to neglect the sucred duties owing to invalid and suffering numanity—not to recommend his medicines would be to ignore a wonderful factor in the physical and mental regeneration of mankinds. be to ignore a wonderful factor in the physi-cal and mental regeneration of mankind. Illis treatment is thorough, effective, result-ful, sure. His remedies are unequaled and uniating in their power-but narmless to man, woman or child. As to Dr. Burgoon personally, it is not frequently it is ours to have such an individuality as the subject for our pen. Socially beyond reproach-professionally head and shoulders above his fellows—an honorable man, a trained physiiellows an honorable man, a trained physician, and one who withal "bears without recian, and one who within "bears without preach that grand old name of gentleman Before such a figure let the youth of Ameica panse for reflection for emulation. Stating with no stock but honest worth—swhere he is to-day! It is the oft-told sto of what pluck backed by brains and steere by honomble endeavor will accomplish in this grand land of ours. It is the magical power of unsleeping vigilance, unsparing labor, indomitable nerve, inflexible applica-

tion to duty.

But not by idly sitting down and wishing But not by idly sitting down and wishing was this great consummation achieved, not by looking back to count the milestones, or looking with ear to the vista of the future where the shadows gather—not by wishing, or repining that Dr. Burgoon has attained the pinnacie of a noble ambition, but by work! work!! work!! he has honestly earned name, fame, emolument and glory.

It is such men and such careers as that of Dr. Burgoon that the poet had in mind when he wrote:

he wrote: The heights by great men gained and keps Were not attained by sudden flight; But they, while their companions slept, Were toiling upward in the night.
