PEFFER ON HIS PLAN

Of Government Loans to Farmers, to Pull Them Through Dull Times.

BENATORS BUSY WITH POLITICS.

Attempts in the House to Get Through

BIG INCREASE IN THE PENSIONS BILL

With the Fession's Work.

WASHINGTON, June 13 .- Not one of the Senators who have been in attendance or the Minneapolis Convention was in the Senate chamber this morning when the session opened. There were but 12 Senators present on the Republican side, and a few more than that number on the Democratic side. The first indication of the Democratic movement on Chicago was the granting of leave of absence to Mr. Voorhees until the 26th inst.

The pension appropriation bill, with amendments, was reported back from the Committee on Appropriations and placed on the calendar. It carries a total of \$146,-737,350, which is an increase of \$11,912,284 over the House bill, and \$327,200 less than the estimater. The bill, as reported, exceeds that of last year by \$11,522,565. The principal increase over the House bill is \$11,907,634, for army and navy pensions.

The bill introduced by Mr. Peffer on the 26th of May "to increase the currency and provide for its circulation, to reduce the rates of interest and to establish a bureau of loans," was taken from the table, and Mr. Peffer addressed the Senate in explanation and advocacy of it.

Provisions of Peffer's Plan. It provides for the appointment by the President of three commissioners, to hold their office in Washington, whose duty it shall be to establish loan agencies, one at the capital of every State and Territory, and at other convenient places-such loan agency to be known as the Central Loan Agency for that State or Territory.

The business of these local agencies is to

The business of these local agencies is to be to lend money to the people on the plan of well-regulated real estate and loan agencies secured by real estate. The loans are to be for not less than one year nor longer than two years. They are to be for not less than \$100 nor more than \$2,500 to any one person or family. There is no provision as to the rate of interest. In order to provide funds, Treasury notes are to be issued, equal in amount to \$1.50 for every dollar's worth of gold and silver coin and bullion belonging to the United States—the bullion belonging to the United States—the bullion to be estimated at its coinage value. No banking firm, company or corporation is bereafter to receive interest at a higher rate per annum than 5 per cent for a short time or 4 per cent for a year or longer.

Loans on Agricultural Products.

There is a section in the bill providing for loans, at one-third of 1 per cent a month by the bureau of loans, for less than 12 month by the bureau of loans, for less than 12 months on the security of personal property, whenever any State shall have provided warehouses for agricultural products, such as cotton, wheat and tobacco, and for manufactured articles that will not deteriorate

factured articles that will not deteriorate by storage for a few months.

Much of Mr. Peffer's speech was in denunciation of usury, which he said was breaking down the Republic. The people, he said, were in earnest about the matter. The Republic would go down unless the people were saved, and there was no way of saving them except by destroying the great evil of usury. The bill was in that line. It was suggestive and helpful, and at least deserved the consideration of the Senate.

Mr. Peffer said he had examined the constitutional question and that he believed that Congress had as perfect authority to lend money to the people as it had to provide for carrying mails or packages or determining the rates which railroads may charge for the carriage of freights or passengers. At the close of his speech the bill west over without extino

Mr. McPherson gave notice of his inten-tion to address the Senate next Wednesday on the bill for the free coinage of silver, and Mr. Morgan gave notice that he would do so to-morrow, as he expected there would then be a quorum in the Senate. The Senate then, at 2:85, adjourned until to-morrow.

Work Resumed in the House,

The Speaker to-day laid before the House a letter from the Secretary of the Treasury asking for an appropriation of \$250,000 for adequate precautions at the World's Fair for the protection of revenue from customs, and for the supervision of importations

On motion of Mr. Peel, of Arkansas, a bill was passed providing that Indian chil-dren shall be declared to be citizens when dren shall be declared to be citizens when they have reached the age of 21 years, and shall thereafter receive no support from the Government, provided they have had ten years of industrial training.

Mr. Otis, of Kansas, asked consent for the present consideration of a resolution re-

citing improper conduct on the part of Sec-retary Noble and Commissioner Carter, in regard to the Maxwell land grant (said con-duct being alleged to be in pursuance of a

conspiracy entered into some years ago by Stephen B. Elkins and J. A. Williamson), and asking for a special committee of seven members to inquire into the matter. Mr. Payne, of New York, objected, and the reso-lution was referred. lution was referred.

After action upon some District of Columbia measures, the House went into committee of the whole, Mr. Creary, of Kentucky, in the chair, on the fortifications bill. After dispensing with the first reading of the bill, the committee rose, without further action.

A Number of Bills Considered. In the "consideration" morning hour a Senate bill was passed, with an amendment, authorizing the entry of the lands chiefly valuable for building stone, under the placer mining law. Also, the bill to protect settlement rights, where two or more persons settle on the same section of agricultural public lands before survey thereof.

Also, granting to the State of Minnesota certain lands in St. Cloud and Crookston for a public park.

for a public park.

Also, to establish a division line between the lands of the United States and the Pitts-burg, Ft. Wayne and Chicago Railway Com-

pany.

A bill granting to the State of Kansas, in trust, the Fort Hayes military reservation, for the purpose of a soldiers' home on the cottage plan, gave rise to opposition, and without disposing of it the House ad-

Tin Plate Bill Coming Up Next. WASHINGTON, June 13.-It is the present intention of the Democratic manager to call up the tin plate bill when the fortifications appropriation bill is disposed of by the House. The consideration of the tin plate bill will probably occupy several days, so it is doubtful if any other tariff measure will be called up during the week. Several conference reports are expected, and, if pre-sented, will occupy the attention of the House after the tariff bill is acted upon.

HIGHLAND PARK

WILL NOW BE MORE POPULAR THAN EVER,

Ed Wallace's Caroussel and Ice Crean and Dining Pavilion Opened Saturday to the Public,

and Dising Pavillon Opened Saturday to the Public.

Highland Park is a favorite summer resort to thousands of Pittsbury's inhabitants. It would be to the inhabitants of any city; but what makes it especially appreciated by the people of Pittsbury is the fact that the city has no out-of-town resorts within easy going distance. As a result any pleasant afternoon and evening during the summer and fall months finds from 5,000 to 15,000 people enjoying the cool breezes, beautiful scenery and numberless other attractions of Highland Park. So all that has been lacking in former years to complete the public's enjoyment is this year furnished by Mr. Ed Wallace, who has erected, on grounds facing 180 feet on Highland avenue and 100 feet on Bryant street, an ice cream and dining pavilion 80 feet in length. This contains everything for the convenience of the public, all summer drinks, ice cream, etc., being served at the lunch counter or to those occupying seats at the numerous tables. To many the most important feature of this Highland Park attraction is the caronasel or merry go round erected near the pavilion, it is an exceptionally fine one, and will make glad the hearts of not only the little ones, but many older people as well. Fully 5,000 persons attended the Saturday opening; and, if the number of gallons of fee oream consumed is any orterion, surely this latest Highland Park attraction will be a success.

Jr. O. U. A. M.

The Pennsylvania Bailroad Company have arranged to run a special train from Pittsburg at 7:15 a. M., June 20, as a section of the New York and Chicago Limited, and special train from Philadelphia to Atlantic City, arriving at Atlantic City at 7:30 r. M., for the benefit of the Jr. O. U. A. M. Twelve hours and fifteen minutes from Pittsburg to Atlantic City, stopping at Braddock, Irwin, Greensburg, Latrobe, Johnstown and Altoona. Rate from Pittsburg, Braddock, Irwin, Greensburg, Latrobe, \$10; Johnstown, \$9 25; Altoona, \$8. This includes transfer in both directions. Through Philadelphia tickets good to return on any regular train (except New York and Chicago Limited) until June 29, includive. Persons taking advantage of this special train will save the expense of sleeping or parior cars, and will be afforded a daylight ride over the Alleghenies.

HARRISON'S AUDIENCE

Mayor Gourley Promises the President That He Will Talk to

TWO HUNDRED THOUSAND PERSONS

At the Independence Day Celebration in Echenley Park.

MORE CONTRIBUTIONS NEEDED NOW

The great calamity in the Oil Creek valley has so overshadowed all other matters during the past week that the proposed celebration of the Fourth of July has been to a large extent forgotten. The contribu-tions for the past 10 days have been very light and at present there is but \$3,389 in the celebration fund. The Mayor had hoped to raise from \$7,000 to \$10,000, and to make this last celebration during his term of office eclipse all others in every way, but owing to the Oil Creek horror he has decided that if he can get contributions amounting to \$5,300 or \$5,500 he will not

The actual expenses of last year's celebration amounted to \$5,300. This year it will require at least \$3,000 of the fund for general expenses, and the balance to be secured is intended for a fireworks display in the

The Mayor Changed His Mind.

The Mayor last week had half decided not to attempt to raise enough money for a fireworks display, but he realized that there would be such a great disappointment if this feature should be eliminated, that the resolve was withdrawn, and he now proposes to make a new appeal for funds for that pur-

Pose.
Only three weeks now remain in which to collect all the money and prepare for the celebration. The fireworks contract must be let within ten days, as the manufacturers demand at least two weeks in which to fill the order. It will require \$2,000 more in contributions to place the order, hence the Mayor's anxiety to receive the money at

"I have to-day written to President Har "I have to day written to President Harrison, earnestly requesting him to come to
our celebration," said the Mayor last evening, "and I have strong hopes that now the
excitement consequent upon the nomination
has subsided, he will be with us and deliver
a brief address suitable to the occasion. I
assured him at least 200,000 listeners, and a warm, patriotic reception from all our

Pushing the Arrangement of Details. "The arrangement of details for the day are being made with as much speed as possible. Aside from the fireworks display we have money enough on hand to pay for everything. I have hopes that our patriotic people will come forward liberally to make this feature as successful as the other, and particularly when we expect the Chief Magistrate of the nation as our guest on this occasion. I have not deemed it wise or proper to ask our citizens for Fourth of July funds at a time when they were called upon to

to ask our citizens for Fourth of July funds at a time when they were called upon to aid the suffering people whose homes and property had been destroyed, but henceforth I believe there will be a response sufficiently liberal to assist us in maintaining our celebration of Independence Day as a distinctive feature of our city. The contributors thus far have been generous, but few in number. If everybody would contribute only a small sum there would be more than enough. I hope that those who can will send us something and at once. It will help us and the whole people are to receive the benefit."

Yesterday's contributions were: J. G. Bennett, \$10; William F. Auil, \$20; Times. \$100. Total, \$130.

A Model Chicago Location,

A syndicate of successful and wealthy don Heights, a model residence location, on the market. Their reasons for delaying giving investors a chance to share in the enormous profits (which will result from the settling up and occupation of Sheldon Heights) is that their improvements have just been completed. It has taken a year's time and a large amount of money to macademize all the streets; lay stone sidewalks around every block; put pure water in every street; plant trees, and in fact make the model residence location of Chicago. This is what has been accomplished with Sheldon Heights. Lots are now being sold upon prices and terms that make Sheldon Heights property the best possible purchase in Chicago real estate. Send for the fuller description of the story in a booklet called "The Way to Win" to Jas. E. & Robt. L. McElroy, Chamber of Commerce, Chicago. giving investors a chance to share in the McElroy, Chamber of Commerce, Chicago.

Small in size, great in results; De Witt's Little Early Risers. Best pill for constipation best for sick headsche and sour stomach.

A beautiful souvenir will be presented to each participant in our parade June 18.

Leave orders for decorations.

PITTEBURG 'CYCLE COMPANY.

DR. BRIGGS HAS A RESPITE.

The New York Presbytery Won't Try His Case Before October.

NEW YORK, June 13.—[Special.]—The New York Presbytery, which met this afternoon in the lecture room of the Scotch Presbyterian Church, received the formal notification of the action of the General Assembly in Portland, last month, upon the case of Professor Charles A. Briggs. The order to try Professor Briggs was re-ceived in silence, and just before the Pres-bytery adjourned Rev. Charles L. Thomp-son offered this resolution, which was car-ried:

WHEREAS, The Presbytery has received the official notification of the action of the General Assembly in the matter of the appeal against the Presbytery in dismissing the case against Dr. Briggs,
Resolved, In the judgment of the Presbytery the issue of the case is impracticable during the summer, but it will receive the attention of the Presbytery on its reassembling in the fall.

sembling in the fall.

The Presbytery will not meet again in regular session until October, and the trial will probably be set then for some day in November. Dr. Briggs' friends will carry the case, on appeal, to the Synod, if on the Presbytery trial he is declared a heretic. The Synod of New York meets every October, so that the appeal will necessarily go over until October, 1893. The final appeal to the General Assembly cannot then come before that body until May, 1894.

THE TYPOGRAPHICAL CONVENTION.

Its Fortieth Annual Session Opened by Complimentary Addresses.

PHILADELPHIA, PA., June 18.—The fortieth annual convention of the International Typographical Union, which is to last a week or ten days, began here to-day. Mrs. Lola Julian, of Kearney, Neb., was the sole woman present. She represented Union No. 109. William B. Prescott, of Toronto, Canada, called the convention to order. Major Moses Veale, as the represen-

order. Major Moses Veale, as the representative of Governor Pattison, delivered the address of welcome. He was followed by Mayor Stuart, who tendered the delegates a cordial greeting in behalf of the city.

George W. Chance, speaking for the local compositors, welcomed their fellow "types" from other sections of the country. President William B. Prescott responded, after which the roll of delegates was called. A protest was entered against the seating of John D. Vaughn, of Union No. 317, Orede, Col., and also several others whose unions had not fully paid up an extra assessment levied. Committees were then announced, and the convention adjourned. The meeting was followed by a parade with about 1,200 men in line.

A MINNESOTA TWISTER.

It Tears Up Trees and Blows Down Houses but Takes No Lives.

MINNEAPOLIS, MINN., June 18 .- Orong Point, Lake Minnetonka, was crossed this morning by a small cyclone which formed on the surface of the lake and swept across the peninsula with irresistible force. The residence of George A. Brackett was wrecked and all the fine trees surrounding the house, most of tham 50 years growth,

the house, most of the most of the most of the members of the wrecked cottage. Hardly a tree is left standing.

Along the route of the storm, after playing havoc on the point, the twister doubled on its course and went out across the lake where it apparently subsided after lashing the water into a foam. That there was no loss of life is remarkably providential. Mr. Brackett had a houseful of visitors as well as the members of his own family. Shortly after 7 o'clock Mr. Brackett heard the peculiar moaning which prompted him to hurry Mrs. Brackett and the rest into the cellar whither they were at once followed cellar whither they were at once followed by the guests. In a few moments the wind was upon them. It swept branches of trees and debris of all kinds in its course, almost covering the retreat of the cottagers.
