The cricket contest between the Detroit

and Pittsburg teams was begun yesterday at

Brushton. There were few people there, probably owing to the lack of energy of the

officials of the local club. The match is a

two-inning one, and on yesterday's play the

Pittsburgers finished with much the best

of it.

The visitors were sent to the wickets first and were disposed of for a total of 107. The only two good contributors to the total were Ramford 21 and Tom Dale 25. Dule played

The Pittsburgers made a total of 160 for the

loss of four wickets, the leading scorers being Schwartz 29. Penn 32, Horn 56. The fielding of the visitors was bad, and this helped the score of the local team. Dale bowled very well, taking two of the four wickets. Almost all the 22 players tried their hand at bowling. The match will be resumed today.

East Liverpool Shoot.

The first sweepstake shoot of the East Liverpool Gun Club will take place at the

club grounds, Gardner's Park, to-morrow.

The shoot will commence at 10 A. M. and will continue all day. There are eight events to take place, and Keystone targets will be need. The contests promise to be highly interesting, as many of the leading shooters of the country will be there.

[SPECIAL TELEGRAM TO THE DISPATCH.]

CONNELLSVILLE, June 13.-Last even ing Detective Robert Sheppard, of the Baltimore and Ohio Railroad here, suddenly took the last train to Uniontown, about 12 the principals accompanied by their seconds and three or four friends made their way to Big Spring Grove, just above town, and pitched a ring, but as the opponents, having stripped in regular pugilistic style, were about to face each other, Cavanaugh's mother was discovered making her way to the scene of battle. Before being discovered they all retreated over the hill to West Run, and the preliminary preparations were again completed. Again the old lady made her appearance and the second time stopped the proceedings by taking her son home. The young men, who are both about 23 years of age, are still determined to fight it out and will probably gratify their wish later on. miles away. Before leaving he received a visit from Superintendent Holbrook of this division. At Uniontown he called on Sheriff McCormick and a posse of 12 resolute men was gathered and armed with shot guns and revolvers. From Uniontown the party run by special train to Layton, 12 miles, west of here. There the special train was deserted and the posse waited for the New York and Philadelphia express which leaves Pittsburg at 9:20 P. M.

The posse boarded the express and rode to Connellsville. Some of them left the train there while the others went on to Cumber-land. This is all that is definitely known here, except the suggestive fact that on this journey the express carried no less than 5186,000 in cash. Rumor explains these in-cidents of the special train and armed posse in two ways: One theory is that some malici-ous person hoaxed the railroad officials by a alse warning.

Anxiety Caused by the Cooley Gang. The other theory takes its rise from the actual knowledge that members of the notorious Cooley gang have been seen very recently around farmer Ramsey's house at Adelaide, four miles from here, on the way to Layton. Ramsey's son is said to be a member of the gang and their presence at his farm was regarded as boding ill to some

person or persons in this neighborhood.

It is rumored that the gang in some inexplicable way obtained information of the large amount of treasure which the express was to carry on this occasion and had laid a plot to flag or wreck it just east of Layton and secure the booty by force of arms. A member of the gang is supposed to have become frightened by the audacity of the enterprise, by the amount of risk which it involved, and still more by the knowledge that a nue and cry would be set up to some purpose even if the scheme should prove successful.

Supposed Confession of an Accomplica-Under the pressure of these fears he is said to have gone before a Justice and made a clean breast of the whole plot. Then the Uustice wired the news to the Pittsburg officials and they in turn made their preparations and took what precautions they

believed necessary.
Up to the present it is known that no attempt was made on the train and that consequently none of the alleged miscreants have been arrested. Not a word can be obtained from the railroad officials, nor can the justice's name be ascertained, but the matter cannot end here, for whether hoax or reality the railroad company will sift the matter to the bottom.

The Pittsburgers Begin the Local Cricket Match Very Well.

RESULTS OF THE RUNNING RACES

ISPECIAL TELEGRAM TO THE DISPATCH. 1 NEW YORK, June 13 .- The special meeting of the League, the call for which was signed by six clubs was held here to-day, The magnates as a rule were disinclined to talk about the object for which the meeting had been convened. In response to queries, however, Von der Horst, of Baltimore, Ruckstuhl, of Louisville, Wagner, of Washington, and Von der Ahe, of St. Louis, all emphatically denied that they had signed the call and each insisted that while they were at present laboring under a stress of hard luck, they were not asking for help. At the same time, if the teams which were carrying over 13 or 14 men were disposed to turn loose their surplus players they, the weaker club managers could find places for

them. Arthur H. Soden, president of the Boston club, admitted that his club had signed the call. He said: A Very Good Object Alleged.

"The object of this meeting is to devise, if possible, some means for bettering the general baseball situation."
"In what respect is the condition of affairs unsatisfactory?"
"It is decidedly not up to expectations in the matter of attendance. The season of the year which should have been very profitable has in fact been disastrous. There is no quarrel among the clubs, and the teams are nearly all playing good ball. Yet we are not prosperous. If baseball is not profitable under such favorable conditions

then we must find a remedy or else drop the game and engage in some business that will give reasonable returns on the capital in-After the meeting, which was secret, Nick

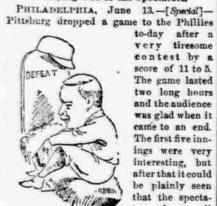

Young made the following disclosures: The officials found it absolutely necessary to increase the club assessment from 10 to 12 1/2 per cent. This was done in order to meet the large debt incurred in purchasing the Association clubs that retired at the time the 12 club League came into existence. The most important business transacted was that relating to the reduction of the team It was embodied in the following

resolution:

They Passed a Big Resolution. Resolved. That it is the sense of this Leagne that for the purpose of reducing the financial expenses of the various clubs and equalizing the playing strength, no club shall carry over 13 players, and on July 2 each club shall furnish to the Secretary the the names of the players it desires to retain.
It was also decided that the players released by the various clubs shall be placed in the hands of President Young, who will distribute them according to his best Each club desiring players will notify Mr. Young and he will use his discretion in complying with the request. Mr. Young said there had been no discussion on the 12 club or double championship. The former, he said, had come to stay and would undoubtedly remain for ten years. He said the cutting of the team limit to 13 men would throw about 17 men into his hands for distribution. Boston and Brooklyn are the only teams which will release men of any value. Boston will have to put either Stovey or Lowe and one of their catchers in the pool, although they might conclude to let i pitcher go. More likely a catcher. Brooklyn will, of course, put Kennedy the young pitcher, and possibly one of the catchers into the grab bag. New York will drop Siarrott, Welch, Fields, Murphy and one of the outfielders, and an effort will be made to trade Bassett for a second baseman who will at least try to play ball. Von der Abe made an effort to get Terry released by Brootlyn, but Ned Hanlon got in shead.

Washington let Donovan go to Pittsburg and got Raymond in exchange. TOUCHED ELMER UP.

to-day after a very tiresome contest by a score of 11 to 5. The game lasted two long hours and the audience was glad when it came to an end. The first five innings were very interesting, but after that it could be plainly seen that the specta-

tors lost all interest and were staying the game out to see whether the home team could pull through. Weyling was in the box for the home team and pitched a fair game. Smith, on the other hand, was hit hard all through the game, especially in the fifth, sixth and seventh innings. It was in these innings that the home team scored most of their runs. The visitors were never in the game, from the start to finish. Connor used the stick to

good advantage. Connor Makes a Good Record,

He secured a single and two doubles out of three times at bat. Hallman came next with three singles and one sacrifice out of five times at bat. Clements made a single and a double and Hamilton and Mack made two singles each. The fielding honors were carried off by Delchanty and Corkhill, both making pretty running catches. Cross, Hallman, Allen and Farrell also fielded well. In the fourth inning, after two hands were out, Allen and Cross were given their bases on balls; then Weyhing's double, aided by Bierbauer's wild throw, gave the Phillies two runs. Connor's corking two-bagger to the right field fence and singles by Hallman and Clements gave the home team another run in the fifth inning. Three more runs were scored in the sixth After two hands were out, singles by Hamilton, Hallman, Connor and Thompson, a steal and Smith's wild throw to the right field wall, Clements' double, a base on balls to Allen, Cross' sacrifice, Weyhing safe on balls, Hamilton's single, Connor's two-barger to left field and Bierbauer's drop of a thrown ball gave Harry Wright's

Coits four runs in the seventh inning. Where Cur S'uggers Scored Runs. Shugart's fumble, a wild pitch and sacri-fices by Hamilton and Allen sent in the last run in the eighth inning. The visitors second one run in the fifth inning on singles by Burns and Mack and Thompson's poor throw. In the seventh inning the Pittsburg boys added three runs to their list on Beckley's three-bagger, two bases on balls, a

wild pitch, Clements' drop of a thrown ball and wild throw, Hamilton's fumble and Smith's single. Shugart's single, Deleand wild throw, Hamilton's fumble and Smith's single. Shugart's single, Delehanty's muft, Beckley's fly and Farrell's torce hit gave them their last run in the eighth inning. In the eighth, while Hallman was trying to complete a double play, he threw to Connor, the ball bounding, striking the latter in the stomach. It was thought at first that the injury would be a serious one, but after a few minutes' nursing he took his place on the first bag amid the congratulations and applause of the the congratulations and appliause of spectators. A READER. The team you mention went East in

FRED PFEFFEE evidently has a staunch friend in Dr. Stucky. THERE will be two games at Exposition Park to AND it seems as if our sluggers should be strength-ened a little by the magnates. THE Park Institute nine defeated the Curry University team yesterday by 11 to 5.

THE last local game of the State League will be played at Exposition Park to-day.

A FEW straight victories would land our sluggers right up among the leaders again. It is expected that Ehret will arrive in the city to-day in form to pitch this week. THE great fault of yesterday's game at Phila-delphia was that Smith did not pitch good enough. THE junior nine of Jos. Horne & Co. want to play the senior nine of that firm for any amount of money. Address Harry Wainwright, Captain.

's Weekly. Everyone knows the wonderful story that tells of how the three Hebrews, Shadrach, Meshach and Abednego, went through the fiery furnace at the bidding of cruel King Nebuchadnezzar, and yet passed through unscorched. It is rather curious to find, at the present day, the name of one of these men used in a sense that is meant to com-

It seems that sometimes a bit of iron or iron ore goes through the smelting furnace without being affected by the heat. And a piece of iron like this the miners in parts of the United States, and it may be in other countries, too, call a shadrach. The men further believe that a shadrach has the mysterious power of enabling the human being who possesses it to remain cool when he or she might otherwise become overheated-that is, passionste and angry.
