Runs of Cattle at Local Yards Lighter Than Last Week.

PRICE OF GOOD BEEVES ADVANCED.

Not Enough Light Prime Butcher Cattle

to Go Around.

SWINE HIGHER AND SHEEP STEADY

OFFICE OF THE DISPATCH, PITTSBURG, WEDNESDAY, June 15. There have been on sale this week at the East Liberty yards about 58 loads of cattle, against 65 loads last week. Five loads of this week's offerings were held over from last week. The principal source of supply was Chicago. Fully two-thirds of all the beeves offered in our local markets of late came from Chicago. With the exception of one load of Allegheny county cattle, there were no heavy prir on the market. This one load, which averaged 1,500 pounds, was

ago. The highest price paid this week was Fresh cows were not in as large supply this week as last, and the quality of those on sale was low. Very few sales were reported above \$36 per head. Veal calves were in fair supply and a shade higher, with \$5 50

held at \$4 75 per cwt, but they were sold at a shade below this figure. Light tidy

1,200 pounds, were scarce, and sold at an

advance of 15c per cwt on prices of a week

in fair supply and a shade higher, with \$5 50 as the top.

There were not above \$5 carloads of hogs on sale this week at Liberry against \$5 loads hast week. As a result of the reduced receipts, markets have been active and firm at an advance of 20c per cwt. A few tops were sold as high as \$5 25, whereas the highest price a week ago was \$5 00 per cwt. Good sheep were scarce and firm at last week's prices, but common and low grades were dull and slow. Top price of sheep was \$5 40; yearlings, \$6 00, and spring lambs \$6 50.

A Live Stock Firm's Review.

A Live Stock Firm's Review. Following is report of the week's transac-

We report 55 loads of cattle on sale Monday. Thirty loads were from Chicago and the balance from Ohio, Indiana and Pennsylvania. There were two loads of stop-fed steers and two loads of slop bulls fed in Pennsylvania, which sold about same as grain; ied of same weights. The trade opened with a better feeling at 10c to 15c advance on handy lat butchering cattle, which were in demand and very scarce. Course fat and green half-atted cattle were dull sale at about last week's prices. Buyers are now beginning to appreciate good grain-fed stock, and we will soon have to make a much wider spread of prices, as we feel quite sure good grain fed will go higher in the near nuture, while half fatted slippery beeves will go lower. We quote prime 1,400 to 1,500 at \$4.50024.70; good, 1,500 to 1,500, \$4.40.93.75; stockers, \$60 to 1,000, \$5.4003.75; stockers, \$60 to 900, \$5.50032.25; cows and bulls. \$2.0003.25; fresh cows and springers, \$50.00045.00 per head. teers and two loads of slop bulls fed in

Receipts of hogs were fair on Monday, which, with a good demand here and higher prices West; sold about 10c higher than the close of last week. Since Monday receipts have been light and everything sold on arrival at steady prices to 5c higher this morning, closing firm. We quote select tops at \$5 2005 25; good mixed, \$5 1505 20; best Yorkers, \$5 15; common to fair Yorkers and pigs, \$4 8005 00.

Sheep were in fair supply on Monday. The quality was common and markets were dull at a shade lower prices, while good fat sheep were scarce and sold readily at about last week's prices. In our judgment good fat sheep will continue to sell for good prices all season. We look for low prices on common grades. Since Monday receipts have been light, and, as the quality has been poor, they had to be closed out at a sinde below Monday's prices. We quote prime 1000110-ib, wethers at \$5 5005 65; good \$500 90-10., \$5 0005 50; good 75080-ib., \$4 2504 75; fair, \$5 5005 60; common, \$1 3003 00; prime to extra yearlings, \$5 9006 60; good, \$5 2500 550; common to fair, \$4 0004 50; spring lambs, \$6 0007 50. Vell Caives are more plentiful but find ready sale for good grades at \$5 1005 25.

BAD CROPS IN RUSSIA

Counteract the Effect of the Feeling That the Anti-Option Bill Will Pass the Senate - Net Loss on Wheat 1/c - Others Higher.

CHICAGO-Black news from Russia as to crops lifted wheat over a cent here to-day from an early break attributed in part to ap-prehension of the Hatch anti-option bill be-ing likely to cass the Senate. Corn flew up-with wheat, and provisions were again

butcher beeves, weighing from 1,100 to

ing likely to pass the Senate. Corn flew up with wheat, and provisions were again strong.

Wheat at the opening was 10% per bushel lower than yesterday's closing, but rallied, with prices advancing 11% gagain eased off, prices fluctuating several times within a small range, and finally closed 100 lower than yesterday. There were reports of harvesting in some sections of Kansas, in Oklahoma, and to commence next week in California. At the decline there was a sharp demand, shorts commencing to cover. Then came a cablegram, claimed to be official, which stated that the crop in Russia was worse than the crop of 1891. There were also reports of damage to the crop here by hot winds.

The poor quality of the late arrivals of corn had a builish effect, and the fact that the cash market holds up well was also used to keep the price in the speculative market. Room traders were operating on the long side of the market, and this had a sustaining influence. Initial trades were at 10 decine on fine weather, but on buying by prominent commission houses and covering by shorts, the market advanced 10 10 10 lornal prices shows a net gain of 30.

Oats opened weak at 10 under yesterday's figures, but ruled firmer with wheat and corn later in the session, and closed from 10 10 lornal receipts. Compared with last night, final prices shows a net gain of 30.

The provision market started very weak in sympathy with the break at the opening of wheat and corn, but the moment those markets gave indications of advancing, hog products quickly became strong. The close was close to top prices, and compared with last night is 7% c up for pork, 5c for lard and 10c for ribs.

The leading futures ranged as follows, as corrected by John M. Oakley & Co., 45 Sixth street, we make a decine of the compared with last night is 7% c up for pork, 5c for lard and 10c for ribs.

REALTY MOVING UP

The Latest Transactions Show That Values Are Stiffening.

ALIQUIPPA FORGING AHEAD.

Three Hundred Lots Sold Within Sixty Days and Fifty Houses Started.

PROFITABLE ENTERPRISE CATCHING

Recent sales of central and suburban properties emphasize the statement frequently made that values are stendily enhancing. W. A. Herron & Sons yesterday disposed of a lot 20x60, and an ordinary building, on Market street, near First avenue, for \$9,500, or at the rate of \$475 a foot front. This is the best price ever obtained for property of similar size in the square between First avenue and Water street. The sale in Wilkinsburg, reported yester-day, at \$260 a foot, illustrates the upward tendency in the rural districts. A few years ago the mere suggestion of such fig-ures would have been laughed at. Buyers holding back for a reaction are making a mistake.

Progress at Allquipps. Aliquippa, the newest of the new manu facturing towns, on the Pittsburg and Lake Eric Railroad, 20 miles from Pittsburg on the Ohio river, is building up at a rapid rate. The plan was put on the market just two months ago, and already 300 lots have been disposed of and 50 or more stores and dwellings started. Five large manufactories will be ready for operation within 60 days, giving employment to about 1,000 people. Among the public buildings in course of erection is a three-story brick and stone hotel containing 45 to 50 rooms.

A Spur to Enterprise. It is characteristic of Pittsburg, as of other cities, that the success of any project is followed by others of the same nature. The success of office buildings has been the occasion of the construction of a supply at least equal to the demand. In the same way, the readiness with which apartment houses were taken led to the erection of a considerable number—all small, it is true, considerable number—all small, it is true, but large enough for a beginning, and paving the way for better results in the future. The success of rapid transit from a small beginning stimulated similar enterprise, until to-day Pittsburg has the most complete system in the country. Success appeals forcibly to investors, a fact emphasized by the interest expitalists, are taking in real expire. in real estate.

Clerical work was fair, checking and depositing being well up. Some relief is expected from the pressure of idle funds during the July settlements, but there is not much likethood that the present easy condition of the market will be materially disturbed before fall. Interest rates were 5@6. Bank clearings were \$2.621,397 91 and baiances \$506,329 89. A Chicago paner says: "It is a fact not generally known that with all the talk about dullness and depression in money the loan lines of the smaller national banks and of most of the large trust companies have reached proportions that are quite satisfactory to their managers. That the discount market is quiet enough is proven by the light offerings of commercial paper to note brokers. But grain receivers have lately been using considerable money and the packers were racely in our history such steady borrowers as at present." ateady borrowers as at present."

ant valley at 20%, and 30 Chizens Traction at 62%. After call, 43 shares of U.S. Glass common were sold at 64, and 20 Switch at 17. Prices were generally strong. In some instances higher. Pleasant Valley, on the probability of consolidation with Manchester, advanced to 25% and closed steady at 25% bid. No one doubts that the company will may the regular dividend. Duquesne and Birmingham were also strong features. Standard Underground Cable moved up to 75 bid, and U. S. Glass common to 64. In the natural gas list Chartiers was higher and Philadelphia steady. Airbrake sustained a slight loss for the day.

In regard to bonds, an expert says: "On comparing present prices with those of a year ago, investors will find there has been an average advance of from 2 to 5 per cent, to which extent the value of their holdings has been enhanced. In all the recent issues of bonds of companies in good standing these have been over subscribed and in more than one case the books have been closed before the advertised hour. So the signs of the times are very invorable to the bond market."

GOLD IS GOING OUT.

THE EFFECT OF THE DRAIN IS TO CHECK WALL STREET BELLS. .

Bears Unusually Aggressive - Buying of Grangers Still Marked - Chicago Gas and Rock Island Animated-New England and North American Weak Points NEW YORK, June 15 .- The stock market today still displayed a moderate volume of business, but the upward movement was checked and a partial reaction occurred, though the losses in few cases were of no special importance. There were early cir-culated rumors that \$2,000,000 gold would be

amount of residence territory between the points indicated.

An authority on the subject says there is no perceptible change in the copper situation. Manufacturers are again pursuing a hand-to-mouth policy.

The lot sold by W. A. Herron & Sons in the Shadyside district to a prominent attorney for \$12,000 is on Bidwell street, not Morewood avenue, as stated.

Baxter, Thompson & Co. are working up several hopeful dickers in East End realty.

Differences are very slight.

Henry M. Long sold yesterday \$17,000

Pleasant Valley bonds at par and interest. On 'Change yesterday a 500-share lot of Luster was offered, seller 60, at 9%.

ment was given them than they have had of late.

The buying in the Grangers was still marked, but outside of St. Paul and Burlington there was little activity engendered, though Chicago Gas and Rock Island wore not duil. The raily in New England was succeeded by a turn in the other direction, and it was again one of the prominent weak points in the murket. North America being another, on the uncovering of some stop orders, though the trading in it was small throughout. The Coalers were comparatively neglected.

The Sales of stocks to-day were 318,183 shares, including: Atchison, 7,300; Chicago Gas, 10,872; Erie, 8,810; Hocking Valley, 3,400; Louisville and Nashville, 4,973; Missouri Pacific, 6,248; North American, 3,625; Northern Pacific, 6,248; New England, 19,469; Reading, 28,810; St. Paul, 56,173; UnionPacific, 3,605; Wheeling and Lake Erie, 4,700.

Railroad bonds were somewhat more active, but displayed an unsettled temper, and the final changes this evening are quite irregular. There was little animation outside of the Reading incomes.

THE HOME MARKETS.

THE CANNING SEASON FOR STRAW-BERRIES IS NOW AT ITS HEIGHT,

onitry and Eggs Are Steady-Core, Oats and Feed Lower, and Duliness in All Cereal Lines-The Lumber Situation Unchanged.

OFFICE OF THE DISPATCH, PITTSBURG, WEDNESDAY, June 15. COUNTRY PRODUCE-Jobbing Prices-Strawberries are now down to such low prices that fruit preservers are taking in all that come. A leading firm bought up on Tuesday large quantities at 6 to 8c per box. The demand for preserving has prevented a glut which would otherwise have occurred. The best on the market were sold to-day at 10c per box. Elgin creamery has been advanced le per pound, as our quotations will disclose. Country butter has only a nominal value. A good article was sold to-day at 10c per pound. Strictly fresh eggs are firm, but few are to be had. Poultry is in light supply, and demand is also light. Southern potatoes are plenty and lower. Old potatoes of good quality are scarce.

The Drygoods Market, The Drygoods Market.

New York, June 15.—There was again more business in cotton goods. Not only was the special movement in Lonsdale and other styles handled by the same agents a liberal one, but buyers were active in the market, and a good many general orders were placed for a good total of a variety of goods. Ginghams and prints were selling more freely. Nothing further took place in the way of revisions in bleached cottons, although tomorrow, the l8th, fruit of the loom 7-8 and 44 bleached will be reduced by an extra discount of 2½ per cent for a few days only. A few other changes will probably follow as a matter of form. Prints and print cloths continue under a very fair tone.

EVERY TWO AND A HALF MINUTES. EVERY TWO AND A HALF MINUTES.

The blood makes a circuit of the body every 2% minutes, delivering nutriment and taking back waste matter to be filtered out by the liver and kidneys and removed from the body through the bowels and the urinary secretion. Any stoppage or obstruction of this process may produce various forms of disease, such as Dyspepsia, Biliousness, Constipation, Headache, Debility and bad blood with its multiplied evils (bells, biotches, pimples, sores, eruptions, abscesses and the like). When such obstructions exist as evidenced by the presence of complaints similar to those just mentioned, the best medicine to use is Burdock Blood Bitters, which unlocks the secretions, removing all impure and effete matter through the proper channels. By restoring healthy action of the stomach, liver, kidneys and bowels, B. B. B. removes all impurities of the blood from a common pimple to the worst scrofuous sore.
