RELIEF WORK AND WHERE IT'S NEEDED ISPECIAL TELEGRAM TO THE DISPATCH. TITUSVILLE, June 15.-The matter of allowing the refineries above the city recently burned to rebuild on their former sites and again endanger all the habitations below them is being agitated. These oil works were all located along the borders of the mill race, three big barrel houses being built directly over this old artificial ditch. It is conceded by all that had it not been for the burning oil and benzine distributed on the water from the tanks of these refineries there would have been no loss of life. There is plenty of room on the broad flats below town for the location of these works, and this is thought by many to be the proper time to have them change their base. The theory regarding the mill race being instrumental in causing the recent terrible inundation is a fallacy. The flood would have been the same had the race not been in existence. By closing this iron sewer at the mill, a good pressure would be secured at the hydrants for fire purposes; the ditch would be completely- obliterated, and in the

opinion of many all would be well. This would stop oil from running down from the refineries in case of fire. Cellars along the line would not be filled, and there would never be the least chance of an over flow, while the water power would still be Hon. W. H. Andrews, ex-Senator John Erig, John L. ing Company. Pittsburg, Pa. GENTLEMEN-For the last eight or ten years of my life I have been afflicted with rhouma-tism in my icet and legs, and in fact had it all over me, and for a long time could not walk except on crutches. My sufferings for five or six years have been so terrible that I could not sleep half of the time, now after taking Rheumacura I can sleep splendidly. I have spent hundreds of dollars in trying to get well, but all to no purpose, as nothing I have ever done did me any good until I tried your Rheumacura, and now after taking one and one-half bottles I am as well as I ever was, and it seems as if I was born again.

I cannot express my gratitude, the only thing I can do is to recommend it to those similarly afflicted, which I most heartily do.

Vours very truly, W. S. SMITH, Liveryman, Elizabeth, Allegneny Co., Pa. Price 33 per bottla. For sale by all druggists.
