## TAMMANY FOR G. C.

If He Is Demanded by the Democracy of the Nation the Old Tiger Will

TURN IN AND HELP HIM.

Prominent Members of the Organization's General Committee

INTERVIEWED BY THE MUGWUMPS

They All Say Cleveland Can Carry New York if He's Nominated

A DEMAND MADE ON HILL TO WITHDRAW

(SPECIAL TELEGRAM TO THE DISPATCH.) NEW YORK, June 15 .- Since the February "snap" convention, many reports have been circulated that Tammany Hall was not over-fond of Senator Hill, and that many of its prominent members were in favor of the nomination of Cleveland. These reports have been denied by certain Tammany bosses who were supposed to speak for the organization as a whole. That the bosses don't represent the opinions of the whole organization has been proved by the inquiries of reporters of the Evening Post. Not only are many members of Tammany's committee Cleveland men, but some of them have joined in an effort to induce Senator Hill to withdraw from the Presidental race altogether.

The following letter, written to Senator Hill by J. T. Robertson, a member of the Tammany Committee of Fifty, which directly governs the organization, voices the sentiments of many Tammany men who don't feed at the public crib:

A Cal! on Hill to Withdraw. NEW YORK, May 19.

Hon, David B. Hill, Washington, D. C.: MY DEAR SIE-In introducing myself, let me say: I never held a political office, don't want any, nor would I accept one. I am a member of Tammany, and never voted other than the Democratic ticket. Certainly therefore, in writing you, my motive cannot

therefore, in writing you, my motive cannot be construed as being in my personal interest, nor can my political faith be questioned. Thus much as to myself.

In looking over the situation politically, so far as it affects the interests of the Democratic party, it must now be evident to you that you cannot be nominated. If, then, you will admit this, is it not in the true interest of the Democratic party that you authorize the withdrawal of your name as a candidate? And would it not greatly improve your prospects as a successful candidate in the future that you withdraw your candidacy in favor of Mr. Cleveland? I say Mr. Cleveland, for it is plain to me that a very large majority of the Democratic voters of the country urgently favor his nomination. The nominee at Chicago cannot, in my opinion, be elected without harmony in our own ranks, especially in this State. If you can reach the conclusions I have, and which prompted this letter, you can decide whether or not our Democratic forces shall be united, which means success in November. Yours very truly, J. T. Robertson.

Banking on Cleveland's Strength. Speaking on the subject of the letter to a reporter of the Evening Fost to-day, Mr. Robertson said: "Cleveland can carry New York. If he cannot, then no Demo-New York. If he cannot, then no Democrat can. He is the strongest candidate in the field, and I sm confident that he will be nominated. It is a mistake to suppose that all Tammany men are for Hill because some of the bosses sound his praises. I know many men on the Tammany committee who are earnestly in favor of Cleveland, and who desire nothing so much as Hill's withdrawal because they believe that Cleveland is the only candidate who can carry New York and defeat Harrison. Like myself, these men don't live by public Like myselt, these men don't live by public office, and have no political aspirations. They only work for the welfare of the Democratic party. I am satisfied that fully three-fourths of the Democrats of this State are in favor of Cleveland's nomination. You cannot always judge the sentiment of a party by the expressions of its leaders and its most prominent newspapers. In Georgia and Kentucky, for example, the leading newspapers and politicians have been violently opposed to Cleveland, yet the conventions in the State and Maria and ventions in those States showed that the popular sentiment was favorable to the ex-President. So in New York State, the bosses and some of the organs may be opposed to Cleveland, but the people are for him. Cleveland can count on the earnest support of the rank and file of Tammator. Hall, no matter what the leaders say or do.

Committeemen Out for Cleveland. Lorenzo Semple, a member of the Tam-many Hall General Committee, is confident that Cleveland can carry New York. "If Cleveland gets the nomination," he said to-day, "Tammany will support him cor-dially and he will beat Harrison in this State. There will be no 'knifing' and no sulkiness in our organization if it appears that the majority of the Democrats of the country want Cleveland. From all that I can learn of the sentiment in this city and throughout the State I believe that Cleveland would attract the full Democratic vote. He is very strong with our business men and his strength is very great in the West. If he is nominated he will be

elected.

Elliot Sanford, a member of the general committee of Tammany Hall, said: "I am not only confident, but quite sure that Mr. Cleveland will be re-elected by New York Cleveland will be re-elected by New Lora if he is nominated by the convention. As for Tammany—and I am a member of Tammany Hall myself—they will vote for him, one and all. If he is nominated they will throw up their bats and shout for Cleveland until they are hoarse, and then they will turn right in and work for him with might and main. There are several reasons why I think he is more likely to be elected this year than in 1888. The many personal friends whom he lost then by death, such as Dorsheimer, Manning, Thompson, Apgar and Beecher, he has made up by this time. The death of Beacher, up by this time. The death of Beecher alone cost him at least 10,000 votes in 1888. It is on account of his tariff principles that he will be re-elected. I don't think that the country districts will vote for him any more than they did then, but the large cities and manufacturing towns will go for him sure. I have just returned from the West, and know what the reeling is there."

All of Them Talking Alike.

Arthur C. Palmer, a member of Tammany Hall General Committee, said: "I am sure Mr. Cleveland can carry this State. The reason I think so is because of Mr. Cleveland's well-known tariff reform principles The manufacturing districts know well enough what is good for them, and will vote for him as they did in 1888. The country districts, which you know disappointed us then, will scarcely do so a second time. The last four years, with the crying evil of the McKinley bill, would be enough to educate the process resolve up to the any people up to the proper standard of tariff retorm."

Chauncey S. Truax, member of Tammany Hall General Committee, said: "My own impression is that Cleveland can carry the State of New York if he is nominated. Assurances recently published show that in the event of his nomination he will get the full vote of the party in this State. Cleveland is stronger than he was in '88, because the years understand his views of the colors.

land is stronger than he was in '88, because the voters understand his views on tariff reform better, while Harrison will be weaker because he is asking for a second term. Cleveland is as likely to carry New York as any Democrat that can be named."

Augustus F. Peters, member of Tammany Hall General Committee, said: "The Democratic nominee, whoever he is, will carry the State of New York. The correctness of Cleveland's views has grown upon the people. The McKinley bill will lose the Re-

publican party more votes than any other John C. Calhoun, member of Tammany

Hall General Committee, said: "Cleve-land can carry the State. His views on the tariff and money questions are now better understood than in '88. He is regarded by the masses as the true exponent of the sen-timents of the Democratic party."

WAITERS OUT ON STRIKE. Chicago Restaurant Help Sees an Opportunity to Demand Higher Wages-The

Proprietors Left in a Crippled State, but Think They'll Pall Out. CHICAGO, June 16.—[Special.]—With two or three exceptions all of Chicago's big restaurants were shut down to-night. The

waiters at the Chicago Oyster House, Saratoga Hotel, Rector's and the restaurants connected with McCoy's, the Great Northern Hotel and Siegel, Cooper & Co.'s store, went out this afternoon. The waiters at the Boston Oyster House went out at noon yesterday, but a full force of non-union men was on duty to-day. The men ask for an increase from \$10 to \$12 per week.

an increase from \$10 to \$12 per week.

The restaurant keepers charge that the leaders of the waiters movement agreed, in consideration of the fitting up of a saloon on Quincy street, to sign a compact, agreeing that there should be no strikes for a year. This proposition was rejected. A meeting was to have been held this afternoon, but the restaurant keepers failed to appear. Their president, W. C. Pomeroy, and the strike committee, tollowed by 200 waiters, called at the various eating houses and called out the men. The Chicago and Saratoga were left helpless by the move, but at Rector's boys were at work. The Tacoma was the only restaurant to sign the new scale. The waiters at the Lake Side new scale. The waiters at the Lake Side refused to go out, and Kinsley's force was not molested. The colored waiters are not con-

nected with the movement.

The restaurant folks say that the men on the eve of the great convention have re-sorted to a strike to secure an increase of pay. All of the restaurants expect to secure the help needed outside of the

BLOCKED AT BATTLE HARBOR

An Unusually Open Winter at Labrador Causes Much Suffering.

HALIFAX, June 16 .- [Special.]-The first news received at St. Johns, N. F., from the northern region of the island, since last fall, was by the steamer Panther. She had been blocksded at Battle Harbor by a gale which continued for 21 days without intermission, the result being that the heaviest jam of ice ever seen in that locality was piled up on the shore. Late last week it shifted, and on Monday she was enabled to start, and worked her way out through the ice, which she got clear of 40 miles E. S. E. or Belle

Isle.

The past winter was a very mild one on the Labrador coast, and very few seals were caught. Much starvation and misery has been experienced among the people on the northern coast, and at Seal Island, Spotted Island, Somions, etc., they have suffered terribly, having scarcely any food, and as Battle Harbor and Cartwright, where it could be obtained were not accessible to could be obtained, were not accessible to the unfortunate people, owing to the heavy ice, their situation was deplorable.

## Grown Rapidly.

Dr. Price's Delicious Flavoring Extracts, Vanilla, Lemon, Orange, Nectarine, etc., have grown rapidly in popular favor, as it is known that they are produced by extraction from the fruit, not made up with chemical poisons. They are natural flavors, obtained by a new process, which gives the most delicate and grateful taste. Dr. Price's Flavorings can be conscientiously commended as being just as represented, perfection in every possible respect. One trial will prove that their excellence is unequalled.

### ALL OUT FOR BLAKE.

le Would Satisfy Many Canadians as a Member of the House of Commo What Some of His Friends Have to Say on the Subject.

OTTAWA, ONT., June 16. -[Special ]-The offer of a seat in the British House of Comuons to Hon. E. Blake by the Home Rule party has created no surprise among the Liberal leaders, who for some time have known that it was likely to be made. Re-ferring to the probabilities of Mr. Blake entering British polities, Hon. Laurier, who acceeded Mr. Blake as leader of the Liberal party in the Dominion Parliament, "We can hardly afford to lose him in Cauada, but if he enters the British House of Commons he will soon rise to the front and be of great assistance."

David Mills, a colleague of Mr. Biake in

bavid Mills, a colleague of Mr. Blake in the Mackenzie government, said: "Mr. Blake can be of greater service to the Irish party, and to Mr. Gladstone, in shaping a Home Rule bill, than any other man, so far as I know, on either side of the Atlantic. His thorough acquaintance with the Federal system will make his services invaluable if

system will make his services invaluable if he accepts the offer. Of course, he should be a member of the Government, having upon it the responsibility of settling the Irisis question."

L. H. Davies said: "I don't believe that Mr. Blake would accept the invitation of the home rulers unless backed by the request of Mr. Gladstone. If it were so backed it would mean in the search of Gladstone. it would mean, in the event of Gladstone being returned to power, that Mr. Blake would have a position in the Cabinet. From Mr. Blake's thorough knowledge of the federal system of government, his services to Mr. Gladstone in the framing of a home rule bill cannot well be overestimated. Mr. Blake has on more than one occasion moved home rule resolutions in the Dominion Parliament. He refused an offer of knighthood from Onean Victoria." from Queen Victoria."
