

MUST ISSUE BONDS.

A Scheme to Increase Allegheny's Indebtedness a Million.

WILL FORCE A VOTE IN THE FALL.

Each Ward to Be Given the Street Improvements It Asks For.

MORE PAVING ORDINANCES COMING

There is a reason for the immense amount of street improvements passed by Allegheny City's Select Council Thursday night.

Yesterday afternoon Chief Ehlers, of the Department of Public Works, and Chairman H. C. Lowe, of Public Works Committee, held a conference.

The principal items of work alone passed on amount to \$441,000 at very low estimates. Taking the very lowest prices, repaving North avenue will cost from \$65,000 to \$70,000.

In explaining matter to Chief Ehlers Mr. Lowe said: "You see the plan is this: We need street improvements on this side of the river, and the people ought to have them.

"Every ward is making a demand for street improvements. Each one thinks he ought to get what he wants, but the total is so big that it scares taxpayers. What we are doing now is giving them what they want.

"By deciding on these improvements and asking for bids the public will be brought to realize just exactly how much money is needed. It will show that the proposed bond issue of \$750,000 was not a need but a necessity. Last fall it was defeated nearly ten to one. That was largely because the necessity was not understood.

stood. This will bring the matter out plainly. If the people do not sanction the bond issue, then the money will have to be raised by direct taxation, and if that is done the present members will have a hard time with their constituents. A reform movement would not be in it, for not one of them would be returned.
