# A SHARP DECLINE ON ALL GRADES.

Light, Smooth Butcher Beeves Suffer Least From the Drop.

SHEEP ARE DULL AND HOGS ACTIVE

OFFICE OF THE DISPATCH, PITTSBURG, MONDAY, June 20.

There were on sale this morning at the East Liberty stock yards about 100 loads of entile against 55 loads last Monday, and 60 loads the week before. To-day's receipts were the largest for a month or more, but local trade does not require at this season above 60 car loads, and when almost double this amount is dumped onto our markets the markets are sure to weaken.

Buyers were present at Liberty in larger force than usual. A number of new buyers were on hand. Markets opened slow at a celine of 10c to 25c per cwt. Light outcher beeves of prime quality suffered least from the drop, for the reason that this grade was in light supply. A load of good beeves from Green county, Ohio, weighing about 1475 lbs, and close to prime was held 1 \$4.50, but the best offer was \$4.45.

Freshers, Veal and Mutton Slow, There were no choice fresh cows on sale. The run was lighter than last week, and almost all that were offered were low grade. There were sales as low as \$15 per head and none reported above \$35. The run of calves was fair, and the top of

the market was 514c per th. Only a few famer sold at this outside figure. The gen-There were 32 carloads of sheep on sale at Fast Liberry yards against 25 loads last Monday. A large proportion of the offer-ing were common and low grades. Very es choice sheep were on sale. Common rades opened at a decline of \( \frac{1}{2} \) from last londay's prices, and better grades were and slow in sympathy with weakness

neak and slow in sympathy with weakless of lower grades. Top price of sheep 5½c, and yearlings \$5.75. Common grades ranged from \$2.00 to \$3.00 per cwt. Spring lambs canged from \$6.00 to \$6.75.

Hors. The run was tight and markets were firm at an advance over last week. There were 25 loads on sale at the opening of markets, and a few loads more were expected are on. Best Philadelphias were sold at 15.25 to \$5.30 and Yorkers at \$5.10 to \$5.20.

At the Allegheny Stock Yards. supply of cattle at the Herr's Island is morning was larger than it has w some weeks past, but quality of ofwas much above late average. Dewas active, especially for goo! butcher, and prices obtained were a shade than those which ruled a week ago. and prices obtained were a shade into those which ruled a week ange, avy Chicagos were sold at \$5 15 to dimm weights at \$4 75 to \$500, light at \$4 55 to \$4 65, and low grades at \$4 75. Fresh cows were slow at un-prices, the range being \$25 00 to rhead. Bulls, dry cows, stags and ranged from \$2 25 to \$3 50, with very ale. Veal calves wery a shade lower sit week, the range being \$5 to \$55c and.

### GOOD BUSINESS IN GRAINS.

Stronger Feeling in Wheat-Corn Active, Nervous and Unsettled-Oats Lower-Hog Products Advance With the Leading Cearels-Trading Only Moderate. CHICAGO-A good business was transacted n wheat and a stronger feeling developed. The opening was a shade better than clos-ing prices Saturday, and eased off a trifle

then rallied lic; again weakened, prices de-clining; held steady and the close was clining: held stendy and the close was \$160 to lower than Saturday. In corn a large volume of business was transacted, the market ruling active the greater part of the session, fluctuations covering 15,20% orange. The feeling was nervous and unsettled, price changes being frequent and sudden. The opening was strong at \$120% o advance on rains in the districts where harvesting has begun, and after a loss of \$20 cm long selling, another advance of 150 cm second. The large offerings, aided by the weak sample market, dragged down the contract grades 150, and the close was a fraction lower for July and September \$2010 ceach.

the close was a fraction lower for July and September \$\frac{1}{20}\$\frac{1}{2}\$c each.
Outs low but unsettled. There was an easy opening, prices receding \$\frac{1}{20}\$\frac{1}{20}\$\frac{1}{20}\$. The strength in corn had a good effect, and prices advanced, and a fer losing a part of the advance, closed steady \$\frac{1}{20}\$\frac{1}{20}\$\frac{1}{20}\$\frac{1}{20}\$\frac{1}{20}\$\frac{1}{20}\$\frac{1}{20}\$\frac{1}{20}\$\frac{1}{20}\$\frac{1}{20}\$\frac{1}{20}\$\frac{1}{20}\$\frac{1}{20}\$\frac{1}{20}\$\frac{1}{20}\$\text{and advanced.} The volume of trading was moderate. At the highest point of the day selling orders and weaker grain markets sent prices down, especially for pork. Lard and ribs maintained the advance in the large and the large fraction of the day and the large fraction of the la

# THE STATE OF TRADE

Splendid Crop Prospects Give to the Future a Silver Lining.

GOLD EXPORTS HAVE NO EFFECT. Natural Gas Shares Poosted on Reports of

New Territory Near the City. ATEST EVENTS IN REAL ESTATE

Crops constitute the most important factor in the business situation. Being the basis of prosperity in all lines, where they promise a good yield, everything moves along smoothly. Fortunately this is the case the present season. The spring was unfavorable to early planting, but forcing weather all over the country for two or three weeks has made amends for early drawbacks. Reports from all parts of the Northwest agree that small grains are making rapid growth. Corn is in excellent condition. Some planted last week showed above ground within 48 hours. All the crops are in better shape than they were a

week ago. Has Faith in the Future. Mr. P. D. Armour, the Chicago packer, is one of the most pronunced bulls in the country. He is quoted as saying a few days "I think I see a boom just ahead. I cannot help but feel that this country is on the eve of a great inflation in prices. If this growing crop is made as it now prom-ises, there will be an advance in everything by fall. Cheap money, big crops, good bus-iness, and the general satisfaction will have the inevitable results."

Tendencies of the Money Market. Monetary conditions are so strong that gold exports are regarded by many finan-ciers as a positive relief to the market. Beciers as a positive relief to the market. Besides, they are quite in the usual course of,
husiness. A member of a foreign house in
New York said on Saturday: "These exports of gold are entirely legitimate. July
coupons are coming due on large amounts of
American securities held abroad and rémittances must be paid on this account.
Commercial bills are scarce and gold naturally goes." A Boston financier says: "The
increased demand here for money and the ally goes. A Boston mancier says: The increased demand here for money and the slightly higher rates have caused many to believe that it is an indication of a revival of business. But this indication is not apparent as yet in the other large money cen-ters. In all departments of trade, however, there seems to be a disposition to clear away whatever obstacles impede the genaway whatever obstacles impede the general progress in the direction of thrift." In a general way it may be said that the banks are getting a little restive under the extremely low rates for money, and are showing a disposition to be a little less anxious to press their funds on unwilling borrowers. Some say they have made their dividends for the half year and now feel inclined to get out the market and stay out. clined to get out of the market and stay out unless they can obtain more satisfactory re-

The Outlook for Stocks. A prominent stock operator thinks the demand for investment is likely to be exceptionally heavy next month on account of the fact that the aggregate of the interest and dividend payments will exceed that of any like period in our history. The buying of securities to-day may be largely with this point in view. It is difficult to see any other outcome if crop conditions continue as promising as they are.

Yesterday's Building Permits. Twelve permits were issued vesterday for 16 improvements, the estimated cost of all aggregating \$16,750. The most important are: J. J. Williams, four frame dwellings on Belonda street, Thirty-second ward, \$4,000; Joel Gibbon, brick dwelling on Irwin avenue, Twenty-third ward, \$1,500; Seawright & Shifley, two frame dwellings on Dairy avenue, Twenty-first ward, \$3,400; J. C. Seawright, frame dwelling on Dairy avenue \$1,700

movements in D'amond street realty may be expected during the summer.
One of the property owners on Greenfield avenue is making arrangements to build be-tween 40 and 50 dwellings on the same gen-

tween 40 and 50 dwellings on the same general plan as Onkland Square.
Alden & Longfellow have prepared plans for a stone residence for Mrs. Park on North avenue. Allegheny, to cost \$35,000.
The Baltimore and Ohio people will soon begin the erection of a handsome depot at McKeesport.
At an auction sale of stocks formerly held by the A. & W. sprague interest a few days ago, \$35 shares of preferred stock of the Hettiord, Providence and Fishkill Railroad (now in New York and New England control) sold for 1 cent a share.
The Oliver estate has had plans prepared for a brick and stone business block in Altoona. Altoons.

Bonds in the sum of \$95,000 are to be issued. y the authorities of Shenandoah, Pa., for

by the authorities of Shenandoah, Pa., for water works purposes.

Locust and Beech streets, Edgewood, are to be gravied forthwith. Bids for this work are being received.

Henry M. Long yesterday hought 100 shares of Pleasant Valley stock at 25%.

Deposits in the Dollar Savings Bank amount to \$13,951,044, against \$13,207.103 a year ago. The number of depositors is \$3.547.

It is estimated that July dividend and interest disbursements this year will aggregate \$100,000,000.

Additional Points in Realty. A. Leggate & Son, auctioneers, sold yesterday for the Shoenberger estates a lot 100x220. on Ohio street, near Chestnut street, Allegheny, for \$20,000. They will also sell by auction on Thursday next for the same estate a lot 300x216, on Main street and River avenue, Eighth ward, Allegheny.

Deeds in the following transactions in county property have been recorded; James Whittaker estate to Jacob Trautman, tract

whittaker estate to Jacob Trautman, tract in Mifflin township, 47 acres, \$12,200. John Ralston et ux to P. H. Lauffman, piece of land in Harrison township, \$1,796.

J. C. Reilly sold to John Martsolf lot No. 35, in the S. L. Boggs plan No. 2. Mt. Washington, for \$350 cnsh; also lots Nos. 19 and 20, in the same plan, to Frank H. Sanderker, for \$75 cnsh. \$275 cash. Reed B. Coyle & Co. sold for James P. Speer three more lots facing schenley Park, having a front of 120 feet on Juno street by 133 feet in depth, for \$425 cash. Black & Baird sold to John Willener lot

Black & Baird sold to John Willener lot No. 1 in the Denny estate plan, Thirteenth ward, fronting 25 feet on Harmon street by a depth of 120 feet along Dickson street, for \$475 cash.

Peter Shields reports the sale of lot 30x90 feet, situated corner Alger and Coleman streets, in the Greenfield avenue plan, Twenty-third Ward, for \$550.

T. H. Coleman & Co. sold for J. C. Dick three lots in the Enterprise plan, fronting 75½ feet on Turrett street, Twenty-first ward, for \$3.300.

# HOME SECURITIES.

THE NEW GAS FIELD CAUSES SOME-THING OF A FLURRY.

rprising Activity and Sharp Advance in Philadelphia Company Stock-Other Members of the Group Favorably Af-

fected-Good Features Gen rully. The stock market commenced the week with the temperature up in the nineties. This once more demonstates the strength underlying local securities. In this case the bulge was primarily due to a special influ-ence, but it only reinforced a normally

builte only reinforced a normally, strong position.

Philadelphia Gas was the pivotal point of interest. Under the influence of the discovery of new gas territory, as reported in the Sunday Disparch, the stock sold up from 18% bid on Saturday to 19, and finished the day at 18% bid, with little or none in sight, indicating that high water mark had not been reached. All the main features of the original report as to the value of the field were confirmed. Two good wells are down, and four more are going down. These will demonstrate the capacity of the territory. The prospect is hopeful. The other members of this group followed the leader.

Other parts of the list were not characterized by special movements or changes, but were generally firm. U. S. Glass common sold up to 69. Altbrake held the advanced ground of last week. Luster stiffened up a fraction on some new buying orders. The banks were wholly neglected, perhaps for

the reason that bidding would have been a mere waste of ammunition.
Sales at first call were I share of Philadelphia Gas at 18, 115 at 18½, 50 at 18½, on account, etc., 50 Standard Piate Glass at 50, 125 U.S. Glass common at 59, 25 Birmingham Traction at 25½, 105 at 25½, Second call, 270 Philadelphia Gas at 19, 100 Pleasant Valley at 25½, 10 new Electric at 29½, 30 Birmingham Traction at 25½. Between calls 100 shares of the same stock sold at the same price. Third call, 200 Philadelphia Gas at 18½.

The unlisted tractions closed the day as follows: Birmingham, 25½ bid, offered, 25½; Duquesne, 27½ bid; Mancuester, 44 bid. Bids and offers at each call follow:

ONLY A FEW STOCKS SHOW ANY

TRACE OF ANIMATION. Canadian Stocks Show the Most Strengtl and Life-A Sudden Drop in Richmond

and West Point-One Big Feature in the Bond List. New York, June 20 .- The stock market was unusually narrow and featureless to day, even for a midsummer session, and apart from a few specialties in which insiders caused a wide movement, there was scarcely any change of note in quota-

The most prominent feature of this trading was the strength exhibited by the Canadian stocks. Among the general list Louisville, New Albany and Chicago was

again prominent.

In the last hour there was a sudden drop in the Richmond and West Point securities, as the result of a sharp drive by the bears. The close was dull and rather heavy, with most stocks at insignificant changes for the

most stocks at insignificant changes for the day.

Total sales of stocks today, 151,794 shares, including: Atchison, 4,309; Canada southern, 4,100; Lowisville and Nashville, 8,000; Northern Pacific preferred, 10,900; New England, 7,600; Reading, 18,000; St. Paul, 22,000; Western Union, 3,600.

Railroad bonds were almost as dull as stocks, but the decline in the Detroit, Mackinac & Marquette land grants caused sales of \$202,000 in these bonds, against \$1,172,000 for the whole list. Prices, as a rule, show the usual insignificant changes, but Richmond & West Point 6's lost 314 at 80, the

Richmond & West I	Point 6's lost 31/4 at 80, th

# STOPPING ON SUNDAY.

Only Recently That Drillers Have Been Forced to Shut Down-One Gordon Sander Yesterday-Changes Reported in Nearly All of the Producing Wells-Good Gasser Struck Near Mt. Nebo.

There was little change in the condition of the drilling wells in any of the oil fields vesterday from what was reported in THE DISPATCH Sunday. There are now few fields in which the drill is kept moving on Sunday. A few years ago such a thing as shutting down on the Seventh day was not even considered by any contractor in the business. That was when the built of the business. That was when the bulk of the oil was being found in the northern counties, and the wells were located at a distance from the haunts of civilization.

When operations became active in Allegheny county, and the blue law bogie man came into circulation the drillers were forced to recognize him, and follow that sage bit of advice given to the gentleman about to visit Rome. The owners were even constrained from pumping their wells on Sunday, which entailed a heavy loss to many of them, as the salt water which would accumulate by the well being allowed to stand over Sunday would necessitate pumping a day or two in order to again reach the oil.

The Sisterville pool is oimpregnated with salt water that when the wells get down to pumping the walking beam will have to be kept moving continuously.

Changes in Producing Wells.

Changes in Producing Wells, The production of the McDonald field which was no to 24,500 barrels Sunday morning, fell off to 23,500 barrels yesterday. There

ing, fell off to 23,500 barrels yesterday. There was a change in nearly all of the producing wells. The old Gordon sander on the Meise, belonging to Lynch & Co. went up, under agitation, from 25 to 30 barrels an hour.

Guffey & Co. 's No. 7 Mankedick, just south sof Willow Grove, which has been producing from the Gordon 600 barrels a day for several weeks was reported to have dropped to about 500 a day.

Fitzgibbons, Hatry & Company's No. 3 on the Walker farm, located on the western horizon of the field and southwest of the old Fife well, fell off from 30 to 20 barrels an hour. It is acting very much like a soda water pool. With almost incredible rapidity it has dropped from 125 to 20 barrels an hour. This, however, seems to be one of the invariable characteristics of the wells in the western part of the field.

The Forest Oil Company's No. 2, on the Mrs. Campbell farm, located about 1,000 feet west of the Meise, was making 35 barrels an hour from the Gordon yesterday afternoon. Saturday it was making from 40 to 45 an hour.

Forst & Greenlee agitated their No. 1 on

hour.
Forst & Greenlee agitated their No. 1 on the Kirk farm, located 900 feet south and west of the Meise, and brought it up from 20 to 25 barrels an hour. Gordon Sander on the Gladden.

Greenlee & Forst brought in their No. 4 on Galdden farm, southwest of McDonald, yes-terday, and it is good for probably 150 barrels a day from the Gordon sand. The Forest Oll Company has struck a gas vein in the salt sand in No. 1 on the Shane vein in the sait said in No. 1 on the Shahe farm. It is located 900 feet south and west of the Meise farm. Their No. 1 on the Robert Wallace farm has been stopped in the sait sand in order that the gas found in that formation may be used in the other drilling wells. No. 2 Robert Wallace is down 1,000 feet.

Mrs. Robb farm.

Pew & Emerson, or the People's Gas Company, has located No. 3 on the Kelso farm within a new hundred feet of the Forest Oil Company's No. 2 on the Mrs. Campbell.

The Greenshurg Oil Company expects to get the sand this week in the well which is drilling near Midway, three miles west of McDonald. It is located 1,500 feet west of the old Taylor well, drilled by Smith & Co

THE HOME MARKETS.

Tropical Fruits Active Under Influence of Hot Weather.

DAIRY PRODUCTS ARE STILL SLOW. Bulls in Cereal Lines Find Few Crumbs of

GROCERY TRADE IS FEATURELESS

Comfort of Late.

OFFICE OF THE DISPATCH, PITTSBURG, MONDAY, June 20.

COUNTRY PRODUCE-Jobbing prices-Monday is uniformly an off-day in this line, and to-day was no exception to the rule. Dairy products are still quiet, with fancy oreamery butter as the exception. Country butter and cheese are in supply beyond de-mand, and markets are in favor of buyers. New Sweitzer cheese is coming in freely and markets are quiet in sympathy with weakness in other cheese lines. Old vegetables now belong to the past. A good quality of old potatoes is hardly to be had. New stock old potatoes is hardly to be had. New stock is in bountiful supply, and prices incline downward. There were few good strawberries on the market to-day. The best on sale were slow at 8c to like per box. Tronical fruits are higher under the influence of the hot weather. Lemons are particularly active. Very lancy stock was sold in New York Saturday at \$5 to \$6 per box. Bananas are also moving up higher, supply being scarcely equal to demand.

BUTTER—Creamery Eigin, 2021c; Ohio brands, 16317c; common country butter, 6310c; choice country roll, 11312c.

CANDIDATES FOR COUNCIL.

Allegheny Republicans A'ready Figuring on the Municipal Elections in the Spring-George Shiras III, Wants a Confident.

Alleghenians have already commencethe discussion of the Conneil elections and the Reformers are boldly asserting their victory at that period will be overwhelm-

In the Fifth ward where the fight will probably be the fiercest, George Shiras, III., will make the contest for the chair in the Select Council against James H. Lindsay, the present occupant, who will run to succeed himself. In the First ward Select Councilman Arthur Kennedy will have an antagonist in William Josenhanse, the Reform candidate. Robert Baxter, who is now in the City Treasurer's office, will be the Republican candidate for a seat in the Common Council.

In the Second ward Reformer Harvey Henderson will run against Select Councilman Henry Lowe. There is also much feeling in this ward, and the contest is expected to be bitterly contested by both the In the Fifth ward where the fight will prob

pected to be bitterly contested by both the Reformers and the antis.

The recent contest in the Fourth ward between Fielding and Bredin, in which the latter was successful in succeeding Select Councilman Kennedy at his taking the May-

oralty, gave the Reformers of the Fourth ward some indication of the labor necessary to elect their candidate, and as a result they are beginning to map out a plan for the election of Wm. Fielding to succeed Councilman Bredin. The Fourth ward is considered slightly pivotal and will have some little effect with the neighboring wards at the time of election.

## A FREAK BOARDING HOUSE.

What a Badly Muddled New Yorker Saw in One of These Places.

A New York toper, badly muddled, at nidnight got into the house adjoining that in which he lived, and being somewhat thirsty, descended to the dining room where a pitcher of ice water usually stood on the

table, says the New York Ledger. The house is occupied as a "freak" boarding house, where some of the living attractions of dime museums find rest and food. tions of dime museums find rest and food.
A supper is nightly served to the "freaks,"
after their return from the various halls on
the Bowery, where they are exhibited.
This meal was in progress when the toper
staggered in, and he was somewhat startled
on beholding the strange guests. The
double-headed woman was ogling the living
skeleton; the giantess and the dwarf, having refreshed themselves, were playing
exchre for nickels; the India rubber man
was engaged, between mouthfuls of food, in exchre for nickels; the India rubber man was engaged, between mouthfuls of food, in an angry dispute with the muscular Samson who holds thousands of pounds suspended from his iron jaw. "What is this?" exclaimed the inebriate, looking around. He imagined that he had stumbled into Dante's Interno, and was glad when he had made a hasty exit.

## SENATOR RUTAN'S FUNERAL

The Body of the Ex-Senator Placed in the

Burial Ground at Beaver. The funeral of ex-Senator Rutan took place yesterday morning from the family residence, 153 Sheffield street, Allegheny, and was largely attended by the many triends of the dead man. When a last look had been taken at the face of the ex-Senator. Rev. Dr. A. Petty, Presiding Elder of the Allegheny district of the M. E. Church, offered prayer. Rev. Dr. C. A. Holmes, of the Arch Street M. E., delivered an ad-

dress, in which he spoke feelingly of his dead friend. Rev. Dr. R. T. Taylor, President of the Beaver Female College, made the closing prayer. The pallbearers were ex-Senator James L. Graham, ex-United States Marshal John Hall, clerk of the United States District Court, W. S. Lindsay, John Mc-Kirdy and C. G. Donnell. The Beaver pallbearers were Judge Wickham, United States Marshal J. R. Harrah, Judge Hice, Joseph Lodley, L. N. Atkins and Edward Daugherty. The remains were interred in the family lot at Beaver, and the services at the cemetery were attended by a large num-ber of people.

Length of a Mile in Different Countries. The measurement, in English yards, of the different lengths of a mile in several countries is as follows: Arabian mile, 2.148: Australian mile, 8,296; Bohemian mile, 10 .-137; Brabant mile, 6,082; Burgundian mile, 6,183; Danish mile, 8,244; Dutch mile, 6,395; English mile, 1,760; English mile, geographical, 2,025, English mile, nautical, 6,080; Flemish mile, 6,869; German mile, long, 10,-128; German mile, short, 6,859; German mile, geographical, 8,100; Hamburg mile, 8,244; Hanoverian mile, 11,559; Hessian mile, 19,547; Hungarian mile, 9,113; Irish mile, ancient, 2,240; Italian 2,025; Lithuanian mile, 9,780; Oldenburg mile, 10,820; Persian mile, 6,086; Polish mile, long, 8,100; Polish mile, short, 6,071; Prussian mile, 8,237; Roman mile, 1,628; Russian, verst, 1,165; Saxon mile, 9,904; Scotch mile, ancient, 1,964; Spanish mile, 4,635; Swedish mile, 11,700; Swiss mile, 9,153; Tuscan mile, 1,808; United States mile, 1,760.

Mucliage Made From Onion Juice,

A very convenient mucilage can be made out of onion juice by any one who wishes to use it. A good-sized Spanish onion, after being bottled a short time, will yield on being pressed quite a large quantity of very adhesive fluid. This is used quite extensively in various trades for pasting paper on to tin or zine or even glass, and the tenseity with which it holds would surprise

Or, as the world expresses it, "a well-preserved woman." One who, understanding the rules of health, has followed them, and preserved her youthful appearance. Mrs. Pinkham has many correspondents who, through her advice and care, can look with satisfaction in their mirrors.

LYDIA E. PINKHAM'S Vegetable

goes to the root of all female complaints, renews the waning vitality, and invigorates the entire system. Intelligent women of middle age know well its wonderful powers. All Druggists sell it as a standard article, or sent by mail, in form of Pills or Lozenges, on receipt of \$1.00.
