EVERY TWO AND A HALF MINUT ES The blood makes a circuit of the body every 2½ minutes, delivering nutriment and taking back waste matter to be filtered out by the liver and kidneys and removed from the body through the bowels and the urinary secretion. Any stoppage or obstruction of this process may produce various forms of disease; such as Dyspepsia. Bilionsness, Constipation, Hendache, Debility and bad blood with its multiplied evils (boils, biotches, pimples, sores, cruptions, abscesses and the like). When such obstructions exist as evidenced by the presence of complaints similar to those just mentioned, the best medicine to use is Burdock Blood Bitters, which unlocks the secretions, removing all impure and effect matter through the proper channels. By restoring healthy action of the stomach, liver, kidneys and bowels, B. B. removes all impurities of the blood from a common pimple to the worst scrofuous sore.

NEW YORK, June 21 .- [Special. ]-Busi-Saturday. Those trains took as passengers nearly all of the city's aldermen, and every one who is counted on by the City Hall shatchens, Van Pelt and Fitzgerald, to perform the civic marriages which a large portion of the foreign element of the city insist on. The Italian and Hebrew couples who had arranged to have the nuptial knot tied this week did not take into account the Chicago convention and its power to draw from the city all of the city's fathers, and have made all their arrangements for banquets and wedding receptions, many of which will not be held.

To-day five couples, dressed in wedding finery, sat and sweltered all day in room 13, which is set apart for the work of the bureau. Some of them came as early as 9 o'clock and remained until 5, but all the efforts of Cupid Van Peit and Cupid Fitzgerald to secure an alderman to officiate were unavailing. There are but three Republican aldermen who are in the city, and publican aldermen who are in the city, and none of them could be found or prevailed on
