Very Large Receipts of Cattle at East Liberty This Week

DEPRESS PRICES ON ALL GRADES.

Light, Tidy Butcher Peeves Suffer Leas From the Pecline.

HOGS ARE HIGHER AND SHEEP LOWER

OFFICE OF THE DISPATCH, PITTEBURG, WEDNESDAY, June 22. There have been over 100 carloads of cattle on sale this week at the East Liberty yards against 58 loads last week. Markets opened weak on Monday at a decline of 10c to 25c per cwt from prices of last week. Some of the common grades were hard to sell at a decline of 25c per cwt. Light, smooth butcher beeves, the kind most in demand is this market, were in short supply, and though a shade lower in sym-pathy with weakness of other grades, suf-fered least from the decline.

Buyers were more numerous than usual,

and one of Lancaster county's leading stock-men gathered in some 25 loads. There were men gathered in some 25 loads. There were few good fresh cows on sale this week, and the few on sale sold at good prices. Sales were reported at \$45 00 per head, and as low as \$15 00 per head. The highest price paid for beeves was \$4 60, and only a few brought this price. A number of loads were sent East in first hands. At the reduced prices nearly all were sold this morning. Veal calves were in fair supply and last week's prices were in tar supply and last week's prices were largely maintained. Receipts of hogs for the week have been unusually light and markets were firm at an advance. Total receipts for the week so far were not above 30 loads. This morning there were only two loads on all and markets were active with

loads on sale and markets were active with \$5 30 as top price of Philadelphias.
Sheep—There have been all told about 50 carloads on sale this week at Liberty, and

carloads on sale this week at Liberty, and in the lot were very few choice. Good sheep were barely steady at last week's prices and common grades were dull and slow at a decline of 25c per cwt.

Top price of sheep was \$5 30 and there were very few on sale good enough to bring this figure. Spring lambs were slow at a range of 4½ to 6c per lb. This morning there were about a dozen loads of sheep in the pear unsale. the pens unsold.

A Live Stock Firm's Review

Following is report of the week's transac-ions by Holmes, Briggs & Co.: tions by Holmes, Briggs & Co.:

We report 100 loads of cattle on sele Monday, agrinst 55 loads on Monday of last week. Thirty-five loads were from Chicago and 55 loads were from Ohio. Indiana. Kentucky and Pennsylvania, which include six loads of slop-fed cattle from Kentucky and six from Pennsylvania. The supply was in excess of demand, notwithstanding there were a number of new buyers in the field.

GRAIN AND PROVISIONS.

Moderate Trade in Wheat-Corn Active and Still Higher-Oats Firm and in Increasing Demand-A Light Business 11 Provisions.

CHICAGO-Wheat trade was only mod erate. The feeling was stronger with prices ranging higher. The opening was a shade lower and advanced 13/c for July and 1/c for the deferred futures, then eased off 1/48/1/20

the deferred futures, then eased off 16%0 but again advanced irregularly, ruling very strong, and the closing was 160 higher than yesterday. There was nothing special in the market.

Corn was fairly active most of the day, a good general trade taking place within 1160 lb/c. The feeling developed was a continuation of that which prevailed yesterday, and a still further advance was recorded. The advance in wheat and the continued poor grading of present arrivals, together with an improved cash demand, helped the price and caused some uneasiness on the part of shorts who, when they tried to cover, found little for saic, and initial trades were about the final quotation of yesterday, and under the urgent demand gradually sold up 11/c, reacted 160/c, rallied 1660/c, and at the close July and gained 11/c lb/c and September 11/c 11/c.

ber 14.281%c.

In easts there was a large trade and a very firm feeling due to an increasing demand and also to sympathy with wheat and corn. The market closed very firm at the top figures, with a gain of 14.281%c.

Trading in provisions was light and prices ruled steady. The market improved and closed at the outside figures.

The leading futures ranged as follows, as cor-

THE MONEY MARKET.

Gold Exported Will Come Back to Pay for Breadstuffs.

for Breadstuffs.

Local monetary matters were quiet and easy yesterday. There was enough cash to supply the demand without making much of an impression upon the surplus. Checking and depositing were fair—both better than a year ago. Rates were nominally 1696 per cent. Some shading was reported. Bank clearings were \$2,821,851 69 and balances \$360,962 66.

The New York Journal of Finance says: "All the gold now being shipped abroad and more besides will be returned to us in the fall and it is in the crop and business prospects that confirmation of this statement is found. The wheat yield promises to be second in amount only to the phenomenal crop of last year, and if it should be needed we could send abroad just as much as we sent in the year just closing."

At New York yesterday money on call was easy at 1½ to 2 per cent; last loan, 135 per cent; closed offered at 2 per cent. easy at 1% to 2 per cent; last loan, 1% per cent; closed offered at 2 per cent. Prime mercantile paper, 22,64%. Sterling exchange quiet and easier at \$4.87 for 60-day bills, and \$4.88% for demand.

BULLS HOLD OUT AGAINST HOT WEATHER AND POLITICS.

tisfactory Trading for a Day Full of Distracting Influences-Some Sharp Advances Scored, and Nothing Shows the White Feather-Sales and Fluctuations, The stock market was active yesterday, considering the condition of the political thermometer, and prices were strong in some cases and higher in others.

The strong features were Pleasant Valley and Airbrake, both of which were marked up, with little of the former and none of the latter in the market. The approach of the

THE HOME MARKETS.

dividend period and large earnings account for the strength of the former. The demand for the latter is largely for investment. The declaration of a l0 per cent dividend was a strong factor in its lavor.

The street railways were wanted to a larger extent than for some weeks, and investors seem to be catching on to them again. As stated, Pleasant Valley was higher, Citizenis', Manchester and Duquesne also improved their position. Directors of the Birmingham Company met, but without doing anything, adjourned to assemble sgain at the call of the chairman. A dividend by this company is extremely problematical.

Philadelphia Gas improved a fraction for the day, as did Pipeage. Underground Cable held advanced ground, but United States Glass common, yielded a fraction. Switch, Luster and Monongahels Water scored fractional advances.

A DEAL IN THE SHADYSIDE DISTRICT Luster and Monongahela Water scored fractional advances.
Sales at first call were: 25 Switch at 17%, \$30,000 Pleasant Valley consolidated 5's at 101, 51 Philadelphia Gas at 18%, Second call, 150 Pleasant Valley at 25 Third call, 50 Philadelphia Gas at 18%, \$4,000 Duquesne Traction bond at 102, 50 Citizens' Traction at 63.

A special meeting of the directors of the Exchange was held yesterday, to consider the best manner of dealing in unlisted securities. After a brief discussion the matter was referred to the Committee on Securities, consisting of Messrs. Kuhn, Carothers and Fritz. Secretary Chaplainwas directed to write to the officers of corporations whose stocks are dealt in quite Exchange and request them to list the same.

salings in the Grangers Attract Considerable Attention—Closing Figures Dull, With but a Slight Change From Those of the Earlier Hours. New York, June 22.-The stock market to-

day was not so strong as yesterday; but in the face of evident realizations of the local contingent to secure the profits already ac-crued on the late rise, prices were firm and crued on the late rise, prices were firm and in a few cases decidedly strong.

The most important movement in the market to-day was probably the activity and advance in Northern Pacific preferred, though the Grangers were still the most prominent group, and the dealings in them command more attention from speculators than those in any other stocks. The opening this morning was made on a moderate volume of business, but the strength of yesterday was lacking, and the local operators took profit on the advance aiready accrued creating a fractional setback, which, however, disappeared under the stimulus of the continued new buying.

peared under the stimulus of the continued new buying.

In Burlington and Lackawanna the liquidation was sufficient to drive the stocks down materially, though the movement was slow throughout the day. The market finally closed dull but steady to firm generally with only slight changes for the day.

Trade in this line is quiet. There is no longer the scarcity of well-seasoned lumber there was a few weeks ago. Supply has caught up to demand. The time for hard

woods is not yet. Demand is fair for the season.

A BRIGHT OUTLOOK.

Continued from Twelfth Page. and will be a good crop. Corn is growing nicely. Oats, also, are looking well.

Business outlook—The outlook for this section is good. It is a growing community and the Farmont Development Company is pushing things.

Mason County. Condition of crops—At the present time corn, wheat oats, potatoes and grass never looked better.

Business outlook—Business is dull and is not looking up much, as the farmers for several years have not been doing weil. Moundsville.

Condition of crops—Wheat and all other crops, including meadows, never looked better at this season of the year. Fruits seem to be coming on in plentiful supply.

Business outlook—There has been more business done in our city in the past six months than was ever done in any previous year. The outlook is remarkably good. New Martinsville,

Condition of crops—Wheat and potatoes excellent, corn doing well, cats fair crop, grass fair. The fruit prospect is very fine.

Business outlook—Fair, somewhat improved by oil operations in this and the adjoining county of Tyler, otherwise about as usual.

Ravenswood. Ravensweod.

Condition of crops—Grass, wheat and vegetables look well, oats not so good. Owing to wet season, corn and potatoes look badly, and are weedy. General outlook is good. Berries are plenty, small fruits and apples are light. No peaches of note.

Business outlook has been quite dull, and is now much more so on account of small-pox quarantine that has injured, half destroyed trade and travel below Parkersburg to Huntington, along the Chio Valley. Polities, also, does not add any to our prosperity. Our prospects for summer trade were very good until the quarantine.

Taylor County.

Taylor County. Condition of crops—Amount of wheat sown is above the average, and the prospect for good crops much above the average. Prospects for corn, potatoes and garden crops are excellent.

Business outlook—Business outlook is good and trade in all brances active.

Upshur County. Condition of crops—Grass and all crops promise an average yield. There will be berries and plums, but apples, pears, peaches, cherries, etc., are almost an entire failure.

Business outlook—There has been an unprecedented business development through-out our county during the past year. This is true all along the line in the various kinds

Wirt County. Crop prospects—The outlook for a large crop is extremely flattering. There is a large acreage of wheat, and at this time gives promise of a large yield, Corn is looking well. Apples will be a full half crop. The peach crop will be large. Small fruits will be abundant.

Wood County. Condition of crops—The acreage of wheat and oats is larger than last year, and while the straw is short, the heads of wheat are full and indicate a good yield. Corn was retarded by the cool weather, but is now growing well, with prospects of good yield, and other crops are also in encouraging condition. lition.

Business outlook—Business is considered fully to the average of last year, and with good crops and money easy the merchants anticipate active returns.

Randolph County. Randolph County.

Condition of crops — Wheat good; corn backward and acreage below the average. Oats promise fairly well. Potato crop looks well and a good acreage. Other vezetables a good average. Fruit crop is good, especially apples.

Business outlook—Dull. The wet weather has greatly hindered the active lumber business, but it will no doubt revive somewhat as the season advances.

Roane County. Condition of crops—Grasses are excep-tionally fine this season. Corn is small, but well stacked. Wheat seems late, but has a clean stock and excellent bloom. Potatoes are promising.

Business outlook—The smallpox scare has affected business to a perceptible extent in this locality. Salesmen report the outlook as flattering. The lumber trade is lively Preston County.

Condition of crops—Wheat, cats and grass are very fine, and there is a good stand of corn. The fruit crop is a poor one. Business outlook—No failures, but business very dull. Land only a nominal value. Pleasant County. Condition of crops—Wheat excellent; oats look well; corn-now looks very well; potatoes look very fine; grass will be a full crop. Apples about one-half crop; peaches very few; pears and quinces, like apples, about one-half crop. Berry fruit never did look better, and now promises to make abundant
