PETECIAL TELEGRAM TO THE DISPATCE.1 LOUISVILLE, June 22.-Louisville and Pittsburg played an uninteresting game

out at first. We ver was sent to his base on balls. He stole second, Shugart dropping the ball. Umpire Hurst, however, called him out for knocking the ball from the baseman's hand.

They Started Out All Right. Pittsburg started off with a rush. Miller epened with a single to center. Bierbaue sacrificed him to second and he went to third on Jenning's fine stop of Shugart's grounder. Then Beckley was presented to his base and leisurely walked to second. Charley Farrell found the sphere for a single to center, driving both runners across the plate. He went to second on the throw in and to third on a wild pitch. Kuchne was standing three feet from the bag, yet Farrell ran against him and attempted t knock him down. Smith sent Pittsburg to the field by striking out. Sanders opened the second inning for Louisville with a single to center. Jennings lined a hot one to third that would have been good for a ouble, but Farrell blocked it with one hand and retired Sanders at second. Kuchne ouled out to Beckley, and Shugart let Mc-

Farland's grounder get through him And the Bases Were Filled. Dowse filled the bases by getting first on Beckley got, Baldwin covering the bag. For five innings the two teams battled without getting a man by second. Twice Louisville had a man on the bag, with one out, but then could not score. Louisville could do nothing with Baldwin's delivery and Meekin's was equally as mystifying up to the eight inning. Brown led off in the relieving Pitcher Baldwin of a limb Weaver died from Bierbauer to Beckley and Brown was moved up a base on the

Pfeffer hit to right for a single and Brown record Pfeffer essayed to make second on the throw in and was retired. Sanders hit safe but Jennings concluded the inning on a line ball to Mack. Bierbauer for the visitors started the ball rolling for a double to left. Shugart sacrificed him to third and he scored on Beckley's safe hit to right. Farrell sacrificed Beckley to second and Smith's hit to left enabled him to score. At-

DONOVAN HAS SIGNED.

The Washington Outfielder Agrees to the Terms of the Local Club. Another player has been signed by the local ball club. Yesterday President Young met Donovarkin Washington and in behalf of the Pittsburg club signed him to play here. Donovan left Washington for Pittsburg last evening and he will play in tomorrow's game at Exposition Park. He will likely play in right field and Miller will take his turn behind the bat. Jimmy Galvin left for St. Louis last evening and it is needless to say that he was feel ing very disheartened in consequence of his recent salloss. Jimmy was also anxious to stay here. He fully expects to demonstrate that the club has parted with a good and

SULLIVAN'S UGLY FACE

He Fell Out of Bed and Cut His Nose-He Denounces Boston. New York, June 21 .- [Special.]-John I Sullivan arrived in town again this afternoon from Boston and at once proceeded to the Vanderbilt Hotel. A great many of the champion's friends were there to greet him, and after he got through shaking hands and telling all about himself the party adjourned to room 112, where the big fellow soon relieved himself of all unnecssary clothing and donned a light outing shirt. As soon as the champion saw The Disparch reporter he beckoned him to be seated beside him and to "fire away all the questions he could think of."

Just at this time, however, another person

entered the room, and John got up and extended his hands: A smile hovered about the stranger's lips as he caught a glimpse of Sullivan's face. John noticed this and turned his head to one side, only to give those present a better view of his visage. Immediately above the left eye was a deep cut, and on the bridge of, his nose was another tell-tale bruje that appeared very prominent. The reporter asked the champion about the cuts on his nose and face. Contrary to expectations the big fellow paused a moment and then replied that they were caused by his falling out of bed this morning at his sister's home.

"It is a pretty howdy do," continued Sullivan, "that a fellow can't sake a few glasses of wine without people making a fuss about it. Like everything else, it's a 'line-days' wonder,' and it will do away with are. Why, in that little Puritanical town of Boston a fellow can't even ride in a baronche without some one knowing it. The fact is, the other night I met some of my friends and we had a couple of glasses, just the same as anybody else would do. Only a few glasses, remember. I wasn't drunk, nor anywhere near it. I have made up my mind to make New York my future home. If it wasn't for the fact that my sister lives in Boston I wouldn't have gone there the other day. Just before I left here last Sunday I promised my backers and friends that I wouldn't take a drop, and on that day it was just 28 weeks that anything had passed my lips of an intoxicating nature."

"Have you decided upon training quarters as yet?" the reporter asked.

"No," he replied. "That is entirely in Charley Johston's hands. I suppose, however, that that matter will be decided in a very short time."

During the whole conversation not a word was mentioned about his opponent, James J. Corbet, except when he was asked whether he would witness the fight Monday night between Fred Johnson and George Dixon. He said that he expected to be there and that if Corbett was there he would have nothing to say to him. "We will sottle all our grievances whe

THE ERIE REGATTA.

O'Conner Wins the Single Scull Bace With

Hosmer Second. ERIE, June 22.—[Special.]—The Erie regatta opened to-day with a clear sky, but a high emperature. The city was filled last even ing with the lovers of the acquatic sports Among the clubs were the Sunny Side, of Toronto, and Passac, of Newark. At 5:48 the referee, Dan J. Galanaugh, of Philadel-phia, with Harry Vall, of Philadelphia, a pinish, Chris Shaw, of Erie, at the turn, and James Rice, of Toronto, time keeper, drew William A. Connor, George Hosmer, Jacob Gaudaur and Ed Hanian in line. At the drop of the hat all four got away together on as beautif a sheet of water as was ever cut by a shell.

From the first quarter the oarsmen were pulling a 38-stroke, and when half way down both Hanian and Gaudaur fouled, both getting slightly out of their own water. Meanwhile Hosmer was rushing his Canadian competitors at the turn, which O'Connor reached in 9 minutes and 2 seconds. There were but two boat lengths between O'Connor and the New England champion. As they turned Hosmer sprinted, and there came a beautiful fight for first place. Meanwhile Gaudaur and Hanian had gottan back into the course, and turned a minute later. The excessive heat slowed down the racing homeward. The thousands of people on the banks and in all sorts of crafts cheered Hosmer and urged and urged him, but O'Connor crossed the line in 19 minutes and 42 seconds. Hosmer followed 2% seconds later. Hanian finished third, and Gaudaur a quarter of a length behind him. the finish, Chris Shaw, of Erie, at the turn,

The double scull race for the \$1,500 purse and the championship of the world is the greater event for to-morrow. As Hosmer stepped from his boat this evening he received a beautiful bouquet from the ladies.

[SPECIAL TELEGRAM TO THE DISPATCH.] BEAVER FALLS, PA., June 22.—The meeting held here yesterday in the Reormed Presbyterian Church, under the auspices of the Women's Missionary Society of the Pittsburg Presby tery, was particularly interesting and lasted until nearly midnight. The meeting was to commemorate the fifth anniversary of the Indian Mission, which is under the special charge of the Pittsburg Presbytery.

The sessions were very largely attended, Mrs. Dr. Blackwood, of New Castle, presiding. The church was handsomely decorated with ferns and flowers and the banners of the several misssons, which were well represented. Laborers from the various fields were also present. Mrs. W. R. Laird, of New Castle, conducted the de-

Laird, of New Castle, conducted the devotional exercises.

The Indian Mission, whose field of operations lies in Oklahoma Territory some distance from Fort Sill, was discussed as to the help and hindrances of its beginning, by Mrs. S. M. Orr. This was followed by an eloquent address from Rev. W. Cartthers, who has charge the mission. He described the progress of their great work from its inception to the present time. As

an eloquent address from Rev. W. W. Carithers, who has charge the mission. He described the progress of their great work from its inception to the present time. As evidence of its advancement he read several letters from the Indian children received since he started on his Eastern trip. These letters were all written in a fair hand, and in excellent English.

The Domestic Mission was represented by Rev. J. M. Wylle, of Denver. Col., who set forth in a splendid address the condition of Covenanter settlements throughout the West. These as yet are barely able to support a pastor, but are progressing so rapidly that they will soon be seli-supporting.

The progress, promises and claims of the work being done among the Southern negroes, were ably presented by T. A. Speer, who has been laboring the past year at Selma, Ala. Mr. Speer talked earnestly on the ignorance of the colored man, his thirst for knowledge and the poor educational advantages of the South, and pressed this as a strong claim upon the Church for assistance. Rev. J. L. McCartney and wife, who have lately returned from the South, gave brief but interesting accounts of their mission.

The Chinese Mission at San Francisco, Cal., was to have been represented by Mrs. N. K. Johnston, but she was unavoidedly absent. Her place was filled, however, by an address from Mr. Delio, an Italian evangelist, who expects to labor among his countrymen in Beaver and Lawrence counties under the protecting care of the W. C. T. U. Mrs. S. A. Metheny read a report of the work being done by the foreign missions in Tarsus, Satakin, Suadea and Cyprus. All these were reported in excellent condition. At the night session devotional exercises were led by Mrs. R. C. Wylie, of Wilkinsburg, Pa. Special causes of thanksgiving were presented by Mrs. W. Carithers, who, with her husband, has labored faithfully at the Indian missions since their organization. This was followed by short specches along the line of work by different gentlemen in the audience. A thanks offering was then made

NAPHTHA OWNERS CENSURED

Cause of the Oil Region Disaster. OIL CITY, June 22 .- The Coroner's jury today retured an identical verdict on each of the 55 victims of the fire and flood whose death

they investigated. After reciting briefly the story of the disaster, the verdicts concluded as follows: "The naphtha which caused this awful de struction of lite and property belonged to the Eclipse Lubricating Company, of Frank-lin, Pa., and was stored in a tank located on lis, Pa., and was stored in a tank located on the bank of Oil creek, an the Cornplanter farm, near McClintockville, where it was built about four years previous to this time. At the time of its construction the tank was from 20 to 30 feet from ordinary high water mark of the creek, but this distance bad been gradually reduced by the action of the water, prior to this flood to between six and ten feet, and this flood further washed away the ground up to and under the tank.

Jerome Saulsburk, special policeman of away the ground up to and under the tank.

water, prior to this flood, to between six and ten feet, and this flood further washed away the ground up to and under the tank, a distance of from 15 to 29 feet. A part of the tank bottom thus being without support, tore out, allowing the naphtha to escape into the creek.

The evidence of the watchman, James Marsh, shows that he realized danger from the undermining of the tank, for he made a feeble effort previous to this flood to protect it by throwing loose stones between the tank and the creek. The jury find from the evidence that all persons owning and having in custody this tank and its contents were guilty of gross carelessness in permitting it, while filled with naphtha, to stand without proper protection from fire and water. We also find from the testimony that there are tanks in the vicinity of this one, owned by other parties, containing oil and its various products, which are a constant menace to life and property, and would recommend to the proper authorities that suitable steps be taken looking either to their removal or the placing of adequate safeguards about them."
