Foremen of the N. E. Tribuna Decline to be Interviewed. NEW YORK, June 22.—[Special.]—William Brennan, the new Union foreman and "superintendent" of the Tribuna composing rooms, took formal charge today, at 1 o'clock. Mr. Shearer, the deposed foreman, explained the details of the office.

Will Be Buried by the C. M. B. A.

Michael Fay, a furnace hand, was found dead yesterday morning at his boarding house on Greenfield avenue. Death was caused by heat. Deceased was a member of Branch 116, Catholic Mutual Benefit Association, and having no relatives in this country, his branch took charge of the funeral, which will take place from St. Paul's Cathedral this morning.

Fuller for Vermont's Governor.

BURLINGTON, Vt., June 22.—The Republican State Convention met here today. Levi K. Fuller was nominated for Governor by a vote of 100 to 80.

Can Always be Depended Upon.

It is pleasant to take and will cure cholera, morbus, dysentery and diarrhoea in their worst forms. Every family should be provided with 50 and 50 cent bottles for sale by druggists.

RETALIATORY MEASURES.

Senator Davis Introduces a Bill Authorizing the President to Do as He Deems Proper—Tolls to Be Charged on Canadian Vessels Under Certain Circumstances.

WASHINGTON, June 22.—Senator Davis, prompted by the recommendation of the President in his message on the subject sent to Congress on Monday, introduced a resolution, which was referred to the Finance Committee, proposing retaliation upon Canada for the discrimination practiced against American vessels passing through Canadian waters.

THE RESOLUTION PROVIDES THAT AFTER AUGUST 1 NEXT, whenever and so often as the President shall be satisfied that the passage through any canal or lock connected with the navigation of the St. Lawrence river, the Great Lakes or the water ways connecting the same, or of cargoes or passengers in transit to any Canadian port is prohibited, or is made difficult or burdensome by the imposition of tolls or otherwise, which, in the opinion of the free passage through the St. Mary's Falls Canal now permitted to vessels of all nations, he shall deem to be reciprocally unjust and unreasonable, he shall have the power, and it shall be his duty to suspend by proclamation for such time and to such extent (including absolute prohibition) as he shall deem just the right of free passage through the St. Mary's Falls Canal so far as it relates to vessels owned by the subjects of the Government so discriminating against the citizens, ports or vessels of the United States, or to any cargoes, portions of cargoes or passengers in transit to the ports of the Government making such discrimination as he may deem proper.

IN SUCH CASES AND DURING SUCH SUSPENSION TOLLS shall be levied, collected and paid as follows:—Upon freight, not to exceed 50 cents per ton; upon passengers, not to exceed 75 cents, as shall be from time to time determined by the President; provided that no toll shall be charged or collected upon cargoes or passengers carried to and landed at Ogdensburg and south of a line drawn from the northern boundary of the State of New York, through the St. Lawrence river, the Great Lakes and their connecting channels to the northern boundary of Minnesota.

A second section of the bill authorizes the Secretary of the Treasury to prescribe for the collection of the tolls, and require sworn statements from the masters of vessels. The tolls are to constitute a lien on the vessel.

THE POTTSDAM DAM MAY GIVE WAY AT ANY INSTANT—ONLY 5 FEET OF WATER DRAWN OFF IN 20 HOURS—PEOPLE STILL ON THE HILLS SEEKING SAFETY.

POTTSDAM, Pa., June 22.—After 20 hours of work at the dam, the water in the pipes the water in the immense leakage reservoir of the Pottsville Water Company, in the St. Clair Valley, only six feet of water has been taken out, and the danger of the entire breast giving away at any instant has increased. Experts and the builders of the dam fully confess that they cannot understand how the dam has held together so long, under the wear of the occupying waters.

THE PEOPLE OF ST. CLAIR AND SURROUNDING TOWNS are still on the hills where they spent the night. Pottsville and other safe places entertained hundreds of them last night.

THE READING RAILROAD COMPANY has suspended traffic on the branch in the threatened valley, and has removed a good part of its engines and rolling stock to safe points.

A HUNDRED AND FIFTY THOUSAND POUNDS OF material have been brought to neighboring points. There are no flood gates at the dam, the only outlet being two 12-inch pipes, which are being used to draw off the water in about double the volume that is running in from the feed streams.

THE B. & O. HANDLES 3,500,000 PIECES IN A YEAR, AND ONLY A FEW ARE LOST.

B. E. Peddicord, Chief of the baggage smasher at the Baltimore and Ohio system, registered at the Mooninghalla House yesterday. He was one of his regular visits to the city, and has been in it about 2,500 pieces in a year, and we lose on an average about one or two trunks in that time. The losses occur in out-of-the-way places, where the agents are careless, and feel no responsibility resting upon them. The baggage system, you see, is nearly perfect when well managed and maintained. The check plan is the best, and few changes are made from year to year. One lot of Baltimore Under-shirts, short sleeves, size 40, 42 and 44, reduced from 50c to 25c.

CHILDREN'S SUMMER UNDERWEAR.
