THE TRADE OUTLOOK.

Prospects for Incoming Fruit Crop by no Means Bright.

HIDES AND CALFSKINS VERY DULL

Bulls Now Find Few Crumbs of Comfort in Lines of Cereals.

FOOTWEAR AS VIEWED AT BOSTON

OFFICE OF THE DISPATCH, PITTSBURG, SATURDAY, June 25. Among the features of the week in prodnce lines has been the arrival of sweet notatoes and roasting ears from the far South. These arrivals were so premature that there was little demand. Home raised roasting ears rarely appear before the latter half of July. Old potatoes have become a thing of the past. The few still on sale are inferior in quality. New Southern potatoes are in bountiful supply, and prices are steadily drifting to a lower level. Watermelons have declined fully 100 cent in price since last Saturday. A week ago the price range is \$15 00 to \$20 00 per hundred, and at

range is \$15 00 to \$20 00 per hundred, and at the decline markets are slow. The fruit prospects are not so good as they were a week or two ago. Cherries, plums, apples, and in fact everything in the fruit line throughout this section will be much below the yield of last year. From all sections comes the same report. The poor prospect for fruit has already had the effect of stiffening prices in canned and dried fruit lines. Cerral Situation. It will be seen by reference to the hom market column that receipts of grain and ay were greater this week than last to the extent of 90 carloads. Notwithstanding increased receipts prices of corn, oats and bay have been on the advance, and markets are arve been on the advance, and markets are drong at higher prices than ruled a week ugo. Wheat, flour and milifeed have shown weakening tendencies. The wheat bears have found good leverage in the improving prospects for the incoming crop.

Bulls in cereal lines seem to be ill-fated all this season. As soon as prices advance, it is nt once demonstrated that there is abundance in the land. A fair price brings last year's surplus to the front in a very short time.

Hides and Calf Skins,

Markets are dull and slow all along the ine, notwithstanding the great reduction in prices. Allegheny tanners buy very sparingly at the decline. Calfskins move somewhat more trealy than they did a week ago,
but prices fail to advance. Sheepskins are
about the only article on the list that manages to hold their own. Tallow is dull as it
always is through the heated term, owing to
the difficulty of keeping it from wasting.

Following are prices paid by tanners for
stock delivered here: Allegheny tanners buy very spar

Stock delivered fiere:

Green steer hides, trimmed, 55 lbs and up.
Green steer hides, trimmed, 46 to 75 lbs.
Green steer hides, trimmed, under 60 lbs.
Green steer hides, trimmed, all weights.
Green bull hides, trimmed, all weights.
Green calfskins, No. 1.
Green calfskins, No. 2.
Green calfskins, No. 3.
Green calfskins, No. 4.
Green calfskins, No. 5.
Green steer hides, trimmed, side branded.
Green cow hides, trimmed, side branded.
Tailow, prime.
Shearlings, apiece.
Lambs, apiece.

As to Footwear. Following is the Boston Herald's report of the outlook in lines of boots and shoes: feature in the boot and shoe market is the hurry the jobbers are in for the delivery ods they have bought of manufactof the goods they have bought of manufacturers. They are urging for deliveries of fall goods with unusual vigor for so early in the season. Manufacturers say that the jobbers would evidently be bleased at the immediate delivery of all the goods they have bought for tall, and they wish that they were able to deliver them, for by this means a good volume of trade would be clinched.

"It is inferred from the auxiety of the jobbers for the delivery of goods that they have sold more treely themselves than usual. Their salesmen have been on the road, and it is plain that they have met with a good demand. They have returned and reported their orders, and now manufacturers are anxious to deliver, the goods their salesmen have sold. They do not mean to loss trade, for the reason that the goods cannot be delivered in season, as they have done other years. They mean to

they have done other years. They mean to get all the trade possible off their hands get all the trade possible off their hands early.

"The buyers of boots and shoes do not seem to be taking much interest in the proposed and actual higher prices of leather. They will not pay any more for goods at present. They refuse to give duplicate orders where any advance is proposed by manufacturers. About the only encouraging feature is the chance that the demand for late duplicate orders will be good, from the fact that the jobbers are in so much of a hurry for the delivery of the goods already ordered."

LIVE STOCK MARKETS.

Receipts, Shipments and Prices at East Liberty and All Other Yards. OFFICE OF THE DISPATCH, PITTSBURG, SATURDAY, June 25.

CATTLE-Receipts, 546 head; shipments, 463 head; market nothing doing; all through consignments. No cattle shipped to New York to-day.

Wool Markets, St. Louis - Wool-Receipts, 240,000 pounds; shipments, 170,000 pounds; the market con-tinues fair for medium and coarse wools

The Turpentine Markets.

SATURDAY'S PRODUCE MARKETS

CHICAGO-The Derby paralyzed trade or 'Change Saturday, and the directors readily closed the session 45 minutes before the usual hour. There was a poor excuse for a usual hour. There was a poor excuse for a wheat market most of the session. The An advance of 12½c in lard for the day was the feature of the provision trade. The demand was remarkable from first to last, and the offerings light. While pork and ribs were a little active and higher, the advance was not in keeping with lard, usually the slowest thing on the list. The receipts of logs were light, which may have encouraged the buyers for the long account and caused some buying also for shorts.

The leading futures ranged as follows, as cor-The leading futures runged as follows, as corrected by John M. Oakley & Co., 48 Sixth street, members of the Chicago Board of Trade:

Extreme Dullness One of the Features of Saturday's Markets. NEW YORK, June 25.—The stock market was tame this morning, the duliness being extreme. While the trading was confined almost entirely to the professional element, and while the tone was strong throughout, t was due wholly to the covering operations of the local operators.

Naturally the stocks which have been most under pressure for the last week were strongest to-day, and conspicuous among them was Burlington, which was the only stock which succeeded in reaching five figures in the amount of its transactions, and was the only one in which the extreme fluctuation reached I per cent. As might be supposed, it led the list in strength and closed with a net gain of 1 per cent. The only other stock showing any approach to this was Lackawanna, which rose %.

The rest of the list were, except Rock Island, New England, Atchison and St. Paul, intensely dull and almost stagnant, though sympathizing with the leaders in their upward tendency. No feature of any kind marked the dealings, however, and the tamest session of the Stock Exchange in many weeks finally closed with a firm tone at the best prices, but intensely dull.

Railroad bonds were quiet, but, like stocks, were unusually barren of feature, and the only movement of the day of interest was the decline in the Detroit, Mackinac and Marquette land grants of 1½ per cent to 23%. The trading reached \$16,000, of which the Atchison incomes contributed \$106,000.

The following table shows the prices of active Naturally the stocks which have been

HOME SECURITIES AND MONEY.

neidents of the Past Week in Local Spe ulative Circles. Considering the political pressure and the absence of some of the prominent investors, business in stocks during the week footed up

a respectable aggregate.

Price changes for the week were nearly all for the better. Airbrake led the advance, closing \$4 higher than a week ago. Gains were also scored by People's Gas, Philadel-phia, Citizens' Traction, Pleasant Valley, Manchester, Duquesne, Switch, and United States Glass common. The finish was steady at about the best figures of the week, excep-States Glass common. The linish was stendy at about the best figures of the week, exceptions being few.

Sales Saturday were \$10,000 Pleasant Valley consolidated 5s at 101. 10 Duquesne at 23, 50 Pleasant Valley at 27½, 100 philadelphia Gas, s. o. b., at 18½, and 20 Luster at 3½, Sales for the week were 5,081 shares and \$42,000 bonds. Pleasant Valley led, with 1,842 shares, followed by Philadelphia Gas, with 1,822 shares.

The unlisted Tractions finished: Manchester, 46½ bid, offered 47; Birmingham, 25½ bid, offered, 25½; Duquesne, 27½ bid, offered, 28. Bids and offere follow in detail: There was very little change of any kind in the local money market during the weok. Supply was abundant, but borrowers were shy. Counter business was good, indicating a healthy movement in general trade lines. Rates on call and time loans ruled easy all through at 508 per cent. A summary of Clearing House operations follows:

Mining Stock Quotations. New York, June 25.—Best and Belcher, 150; Deadwood T, 215; Eureka Consolidated, 150; Hale and Norcross, 125; Homestake, 1850; Horn Sliver, 315; Mexican, 185; Ophir, 160; Sav-age 140; Standard, 150.

THE WEEK IN OIL

Prices Give Way Under a Considerable Pressure to Seil.

The market was fairly steady early in the week. The decline in the latter half was due to considerable oil pressing for sale and to the approach of switching time. The ad-ditional fire loss added to the disgust of the

ditional fire loss added to the disgust of the longs.

The field was practically in statu quo, and had but little influence upon values. After the July deliveries Pittsburg will have considerably less oil than a month ago, having sold heavily in the last ten days. Fluctuations for the week are given in the following table: Open- High- Low- Close, est. Close,

These figures show a loss for the week of 1½ cents. Runs improved a little, but shipments fell off. The latter item is bearish, showing a narrower market. Refined closed: New York, 8: London, 4½; Antwerp. Oil Cirr, June 25.—National Transit cer-tificates opened at 52%c; highest, 52%c; low-est. 52%c; closed, 52%c.

New York, June 18.—The petroleum mar-ket was almost deserted to-day, only one transaction being made. The market opened dull and closed dull; Pennsylvania oil, spot, sales none; July option—53%c. Lima oil— no sales. Total sales, 1,000 parrels.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria

Thousands of Mothers in a Happy Mood.

Physicians of All Schools Have Been Interviewed.

Boston Has a Registrar of Long Service.

He Tells What the Weather Will Produce.

Will Multiply Infant Deaths Unless Care is Taken.

Bables cry and bables die for want of it. It is good. It is wholesome It is the only preventive of cholers infantum th

hysicians can find. It is lactated food, say the physicians It is made in Burlington, Vt., under the direct supervision of no less a chemist than Prof. Boys on, of the Vermont University.

For want of it half a hundred infants died in Boston the other week, a dozen of them from

holera infantum. Mr. Appolonio has been city registrar for rears, so says the Boston Globe. He has been longer in the service than any regis-

He says that the not weather is just as sure to nultiply the deaths of infants as the infants are to Improper nourishment is at the bottom of it.

Therefore physicians of every school have recomnended lactated food. Thousands of mothers have testified to the fact

that it has done what nothing else could do-it has saved their little ones. No better evidence can be offered of superiority than the many instances in which fretful, peevish and sleepless bables, as soon as put upon lactated food, sleep all night and wake uplaughing. The happy change, physicians say, is solely due to the

for nourishing and satisfying qualities of this of milk. This is the basis of lactated food. With it is combined the nutritious elements of the grea ereals, wheat and barley, so prepared as to be readily digested and assimilated. The addition of the salts found in mother's milk makes lactated ood a perfect substitute. Many mothers writ that nothing else would agree with their children And so an article of food, invaluable for infant and invalids, has come to be made. And in many ousehold it is the only diet of the bright bab that's the pride of all the family. And the grandnother in her second childhood, maybe, weak and seeble, unable to eat the hearty food that is set upon the table, enjoys this nutritive preparation

and lives like the other child, a happier and longe life because of it STEAMERS AND EXCURSIONS.

to Suicide by Poverty.

when this reaches you I shall have finished my probation. Extreme poverry and
poor health drive me to it. I could not
earn anything, and I did not wish the laboring man to pay taxes to support me.

Respectfully,

Later—I am now hungry, but I shall get
over that belore It. I shall put myself outside the rull of a steambout, send a ball
through my head, and when I fall off forward of the wheel that will finish the job.
