IRON TRADE REVIEW.

The Scale Trouble and the Shut-Down Depressing Business.

MARKED FALLING OFF IN VOLUME

Eelief That the Conference Asked by the Masters Will Settle Things.

REPORTS FROM ALL LEADING CENTERS

OFFICE OF THE DISPATCH, PITTSBURG, FRIDAY, July 1.

RAW IRON AND STEEL-We again report an unsettled market, with prices irregular and uncertain, caused by the scale differences and shutdown. While some parties are reported as signing certain parts of the scale, others are holding off, asking further concessions, which the other side now seem disposed to argue further.

During the past few weeks prices of iron in the valleys have been well maintained and several large blocks of Bessemer and gray forge have changed hands. There is a rumor that railroad freights will be reduced in the near future. Should this prove correct it will assist the iron men materially. Most of the valley furnaces are running to their full capacity; there is a large amount of iron stocked up. This does not seem to give the furnacemen any anxiety. They have an abiding faith that before the year is out there will be a demand for all they have at better prices that are now current.

have at better prices thalt are now current. Reports in regard to general business are very unsatisfactory. It seems almost impossible to say what the actual condition of the market is. While certain firms are crowded with work others say they barely get enough to keep things moving, and the fact that prices are low and unremunerative is pretty good evidence that there is not much room for boasting. Nevertheless, there is a better feeling, and, taking everything into consideration, there are good reasons for believing that the lass half of the year is likely to be much better than the one now closed. As regards values, we have little change to note. After this week a number of mills will close for repairs. It is to be hoped that when they are ready to resume operations matters in regard to e operations matters in regard to

wages will be satisfactorfly arranged.

Bessencer pig. \$1 00@14 25: gray forge, \$12 05@12 75; white iron, \$12 00; steel billets firm, \$23 75@24 00, according to delivery; muck bar dull, not wanted to any extent; steel wire rosts, prices maintained; skelp iron and steel in fair demand, prices steady; scrap material and old iron rails very dull, lower.

The Layest—The Iron masters and the The Larget-The iron masters and the workmen were in session during the afternoon. The current opinion was that matters would be satisfactorily arranged, and a strike avoided. In case this plan is adopted siness may be expected the last hall

Sales of Raw Iron. The following are the sales of raw iron for the first six months of the past five years. The increase the present year over 1888 aggregates 585,980 tons. These figures go to show the magnitude of the iron and steel business of Pittsburg, as well as the large increase in transactions. This table will be found useful for reference: SIX MONTHS 180N SALES PAST PIVE YEARS.

BUSINESS BETTER AT CHICAGO.

Seen More Irade.

Chicago, July 1.—[Special.]—Rogers, Brown & Merwin say: A good volume of business has been transacted during the past week, divided between Northern and Southern cokes, Ohio softeners and Lake Superior charcoals contracts in most cases being made to cover from six to ten months. There has been no improvement in prices, and coke metal figures which have previously fuled during the month have been cut in many instances. This has been a surprise to prominent manufacturers, as they have held the belief that rock bottom had been touched, and this any change must be in a slightly appeared direction.

Consumers have held off to a large extent, however, in making purchases, and the result has brought about a disposition on the Seen More Trade.

Consumers have held off to a large extent, however, in making purchases, and the reault has brought about a disposition on the part of furnaces to make concessions in order to induce a larger buying movement. On Lake Superior charcoals there have been a number of transactions closed for irons less favorably known than leading brands, and prices for such metal have been below regular quotations. Standard brands are being held at unchanged figures. Numerous sales

of these are being quietly closed with con-sumers who recognize that prices on metal of this class have undonotedly touched bot-

ACTIVITY AT CINCINNATI. ome Contracts Let for Six to Nine Month at Low !'rices.

CINCINNATI, July L.—[Special.]—Rogers Brown & Co. say: The week closes with a rood deal of activity all along the line. No a few buyers have concluded that it would be unwise to wait longer for the market to find a bottom, and have tried to cover their requirements as far ahead as possible. One concern, near the end of the week, en-deavored to place contracts at current market prices for 12 months ahead. In was unsuccessful in this, but succeeded in covering for all kinds of iron from six to nine months ahead at lowest possible prices. The competition among sellers is so great in the case of large and glit-edged customers that concessions are made even beyond what the 'urnaces deem wise and business-like. The tounage of Southern coke iron that has been booked in the past 30 days is thought to be very considerably in excess of the total product. If the same activity is maintained another month there will be an excellent foundation for an advance of prices. There is no disposition to advance prices until all the conditions are favorable for maintaining the advance. A slight improvement followed by another reaction would make matters worse than ever. ket prices for 12 months ahead. In was un

lowed by another reaction would make matters worse than ever.

In charcoal irons there has been considerable activity, but with no improvement in prices. It was thought that the low sellers of Lake Superior charcoal iron having taken contracts in the past 60 days would be well out of the way before this time. There seems to be enough of them left, however, to take all business that is offered without improvement in prices. These prices, all admit, are unremunerative and unnecessary in view of the large demand. The generally favorable condition of crops and ease of the money market, supplemented by the removal of business political uncertainties gives a foundation of security and confidence in all lines of the iron trade. Most foundries and mills report business fully up to their expectations. The first of the month finds the questions between the Amalgamated Association and the iron and steel makers still unsettled, but negotiations are in progress that will settle the question of a strike in a very short time.

Still Weak at Birmingham.

BIRMINGHAM, ALA., July 1 .- [Special.]-The from market continues weak at the same un-quotable figures. Furnace owners are simply pursuing the even tenor of their way, pursuing the even tenor of their way, struggling to keep down stocks, which constantly threaten to increase. There is nothing in the situation that promises an early change. The situation in the rolling mills is not without danger of a rupture. The scale has been in the hands of the masters for some days, but has not yet been signed. It contains few changes from the scale in operation during the current year.

PHILADELPHIA, July L-[Special]-Rogers Brown & Co. say: The demand this week has come almost entirely from foundries for small lots of iron for early delivery. In quiries, however, are quite numerous for round lots of iron to be delivered during the next four months, and the indications are that trades of some magnitude will be closed after the Fourth has become a memory of the past.

The Metal Markets. New York. July 1.—Pig iron quiet; American, \$14 73@16 25. Copper dull: lake, \$11 50 @11 65. Lead firm; dome-tic, \$4 173/@4 20. Tin steady; Straits, \$21 10@21 50.

DOWN-TOWN DEAL.

Sale of the Allegheny County Light Company's Property.

IT AS PICKED UP BY MERCHANTS.

The New Light Station Will Be Ready for Operation in a Short Time.

CENTRAL SUPPLY FOR BOTH CITIES

One of the most important transactions in central real estate for a long time was consummated yesterday by W. A. Herron & Sons. They sold the Allegheny County Light Company's property on Virgin alley, near Wood street. The lot is 95x83 feet, with a large and substantial four-story brick building occupied by the light company as their central station. The purchasers are understood to be Lysle & Mo-Cance, merchants on Liberty street, and the price paid is over \$55,000 cash. The light company is building on its new property, Twelfth and Etna streets, which they purchased from Alex. Bradley, Esq., through W. A. Herron & Sons, over a year ago, for \$85,000, and from this plant they will supply all the lighting for both Pittsburg and Allegheny, as they sold their Allegheny Light Station property for \$40,000 cash. In a very short time the new station will be in operation, and it is said by experts that it will be the finest in the country. It will be so constructed as to save a large amount in operating expenses.

A Notable Change. Less than two years ago Thomas Brown owned ten acres of land fronting on Shetland avenue, near Silver Lake, in the Twentyfirst ward. The only improvement consisted of the Brown homestead, surrounded by an orchard. About the time indicated Mr. Brown sold it to Mr. J. C. Dick, who laid it off in tots. These found a ready market. Buyers commenced building, and to-day the tract is covered with between 40 and 50 comfortable homes, the majority of which are finished and occupied. This is a good illustration of the rapidity with which Pittsburg is expanding. Movement on Grant Street.

Two adjoining lots on Grant street have been purchased and negotiations are pending for another, with a view to the erection of a fine business house. The first lot was secured several months ago. The pur-chaser had an office building in view at that time, but he now thinks a commodious store would be a better investment. Yesterday's Building Permits.

Nine permits were issued yesterday for 12 improvements, the cost of all being estimated at \$15,325. The largest are: John D. Banks, frame dwelling on Girard avenue, Twenty-third ward, \$1,800; same, three frame dwellings on Girard avenue, Twenty-third ward, \$3,000; Anna Reamer, two frame dwellings on Liberty avenue, Sixteenth ward, \$3,000; James Lookhart, brick dwellings and store on Liberty avenue, Sixteenth ward, \$3,000; James Lookhart, brick dwellings and store on Liberty avenue, Sixteenth ward, \$3,000; James Lookhart, brick dwellings and store on Liberty avenue, Sixteenth ward, \$3,000; James Lookhart, brick fixed into a store on Liberty avenue, Sixteenth ward, \$3,000; James Lookhart, brick wellings and store on Liberty avenue. welling and store on Liberty avenue, Sixeenth ward, \$3,000.

Special Features of Trade, Two important leases of downtown busi ness properties will be closed early next

Walley, lot 61, block 15, \$656 25 cash; Carolina Sieg, lot 71, block 13, \$595; William G. Coles, lot 1366, block 33, for \$722 50.

HOME SECURITIES.

FOURTH OF JULY PLAYS A PART IN THE PROCEEDINGS.

The Philadelphia Company's Good State ment Gives the Stock a Boost-Citizen Traction Scores a Handsome Advance

Pleasant Valley Steadles Up. There was considerable Fourth of July in the stock market yesterday. It was so pronounced at the last call that business was neglected, only one trade being made. Altogether, however, results were satisfactory

for the eve of a long holiday.

The statement of the Philadelphia Company made a good impression, showing that the company is in excellent condition. The reduction of debt in the three months that have elapsed since the last annual state-ment amounts to \$3.7,023 11. Besides wiping out the collateral bond account and reducing bills and accounts payable, \$75,000 of the regular bonds have been retired. On the strength of this exhibit the stock advanced a big fraction, with more demand than sup-

other good features were Citizens' Traction, which advanced a point, Luster and Switch. Pleasant Valley sold at 25%, and closed steadyat that figure. There were no consolidation developments, aithough it was asserted that all the preliminaries had been

asserted that all the preliminaries had been arranged.

Sales at first call were 10 Manchester Traction at 45%, and 14 Luster at 9%. Second call, 15 Citizens Traction at 48%, second call, 15 Citizens Traction at 48, 100 Philadelphin Gas at 18%, and 100 at 18%. Between calls 200 Pleasant Valley sold at 20%. Third call was sluggish, the only sale being that of 46 shares of Switch at 17. After call, 10 shares of Philadelphin Gas changed hands at 18%.

The unitsted tractions stood at the last call: Duquesne, 25 bid; Birmingham, 26 bid;

offered 26%. For Mexican 7 in 25 was bid Bids and offers at each call follow:

WORKING CHICAGO GAS.

CHICAGO SPECULATORS MANIPULAT-ING THAT SECURITY.

It Is Believed They Have It at the Price for Which They Have Been Operating-Interest Lively in Richmond and West

New York, July 1 .- Any change in the possible to confirm, and while the stock continued to be pressed for sale to-day, making it the only feature of the market, there was no reason to doubt that the decline was the result of raiding pure and simple, and was the result of raiding pure and simple, and that, when the price has reached such a point as meets the approval of the speculative managers who have its market interests in hand, there will be a full and free recovery. Another loss of 2 per cent marked the trading in it to-day, but the substantial rally of over 1 per cent from the lowest point would seem to indicate that such a point had now been touched.

There is still great interest manifested in Richmond and West Point affairs, and the hope was expressed that the position of Drexel, Morgan & Co. might be modified; but the steady decline in the securities of the road in the face of the extraordinary duliness into which they have fallen, would go to show that there is little hope of such a thing among the holders of the securities. The troubles of the Texas Pacific are, also, reflected in the steady decline of the prices

The troubles of the Texas Pacific are, also, reflected in the steady decline of the prices of its securities on the smallest transactions, but all these have lost their influence over the rest of the market, and duliness and stagnation remain undisturbed in the general list, with a drooping tendency as the natural result of the duliness.

The approaching holidays and the election campaign in England also limited the market and took away elements of strength. The disbursements for dividends and interest will be very large, and are reckoned by some authorities as high as \$100,000,000, and the reinvestment of this money will tend to keep up a good investment demand in the market. The sales of the investment stocks in the last few days would seem to indicate that some one had been anticipating the receipt of the cash.

that some one had been anticipating the re-ceipt of the cash.

The market during the afternoon sank into the most oppressive duliness seen dur-ing the week, and the close was stagnant at about opening figures. The transactions were 96,634 listed and 4,335 unlisted.

The total sales of stocks to-day were 101,049 shares, including: Atchison, 3,580; Chicago Gas, 31,735; Northern Pacific, preferred, 4,128; New England, 11,220; Reading, 6,300; St. Paul, 6,525.

3,525. Railroad bonds, owing to the increased in-Railroad bonds, owing to the increased in-terest in the Atchison incomes over the suc-cess of the conversion plan, displayed a little more animation, and a few issues were higher, though the list, as a rule, was with-out feature or interest. The following table shows the prices of active stocks on the New York Stock Exchange rester-day. Boston Electric Stocks. Boston, July 1. - [Special.] - The lates lectric stock quotations to-day were: | Bid. Asked. | Asked. | Bid.

Closing quotations of Philadelphia stocks fur-nished by Whitney & Stephenson, brokers, No. 57 Fourth avenue, member of New York Stock Ex-change:

Perusyivania Raiiroad Reading Raiiroad. Buffalo, New York & Phila Lehigh Valley. Lehigh Navigation. Northern Pacific, com. Northern Pacific, pref. Mining Stock Quotations. New York, July 1.—Best & Belcher, 150; Consolidated California and Virginia, 335; Deadwood Ter., 215; Eureka Consolidated, 170; Hale and Norcross, 140; Homestake, 1250; Horn Stiver, 330; Ophir, 155; Savage, 185; Standard, 155.

THE MONEY MARKET.

Close of the Month Brightens Up Matters at the Banks. There was some improvement in the local money market yesterday due to the close of the month, but controlling conditions were undisturbed. The cashier of a leading bank said his concern had loaned more money in

said his concern had loaned more money in June than in May, and he thought the improvement would hold good for the remainder of the year.

Taking the month as a whole, loans were large in bulk for the season and quite satisfactory to all except those who expect too much. Operations of the Clearing House for the day show the following results: Exchanges, \$2.686,378.60; balances, \$759,371.28. Exchanges same day last week were \$2,450,-223.30. At New York yesterday money on call was easy at 11/63 per cent; last loan, 2 per cent; closed offered at 2 per cent. Prime mercan-tile paper 3@5 per cent. Sterling exchange quiet but steady at \$4.87 for 60-day bills, and \$4.88% for demand.

Closing Bond Quotations.

Bank Clearings. New York-Clearings, \$120,047,874; balances, New York, July L.—Any change in the temper of the stock market was hardly to be expected to-day, and the duliness which has been so marked during the week was, it anything, intensified, while the interest in the trading was reduced to nothing, except in the few stocks under manipulation by the Chicago speculators. The rumors of litigation against Chicago Gas in all cases are impossible to confirm, and while the stock

New York—Clearings, \$120,047,874; balances, \$7,886,794.

Boston—Clearings, \$19,263,628; balances, \$2,000,600. Money 4 per cent.

Exchange on New York 10@15c discount.

PHILADELPHIA—Clearings, \$13,136,183; balances, \$1,380,000.

BALTIMORE—Clearings, \$2,511,477; balances, \$33,899. Money 6 per cent.

New ORLEANS—Clearings, \$1,180,639. New York exchange, commercial, 50c; bank, \$1 50 \$1,000 premium. York exchange, commercial, 50c; bank, \$1 50 \$1,000 premium.

#EMPHIS—New York exchange selling at \$1 50. Clearings, \$312,562; balances, \$182,727.

CHICAGO—Money steady at 4 per cent on call and 5 per cent on time loans. Bank clearings, \$19,346,913. New York exchange 60c premium.

St. Louis—Clearings, \$3,732,338; balances, \$311,127. Money quiet at 426 per cent. Exchange on New York 75c premium.

THE HOME MARKETS.

POULTRY IN SCANT SUPPLY AND PRICES ARE DRIFTING HIGHER.

Eggs Are Quiet at Quotations-Corn Ha Weskened, and All Cereals Favorable to the Buyer-Active Movement of Gro-

OFFICE OF THE DISPATCH, PITTSBURG, FRIDAY, July 1. COUNTRY PRODUCE-Jobbing Prices-Poultry is in very short supply and prices are advanced, as our quotations will disclose. All seasonable berries are abundant and prices incline to a lower level. The few strawberries offered to-day were of poor quality. New Southern potntoes are coming to the front in better shape of late, and, as a result, markets are a shade higher.
Watermelons are not so plentiful as they
were a week ago, and choice stock is firm.
Supply of eggs is more than equal to demand and markets are quiet. Elgin creamery butter is steady at the advance already noted. In fact, dairy products are firmer all along the line within the past day or two. Lemons and bananas are very firm at quotations.

APRICOTS-Cals., \$2.00 per box.
APPLES-New, \$3.50\(\)4.00 a barrel.
BUTTER-Creamery Eigin, 23\(\)6.20c; Oblo brands,

STEADY AND DECLINING

the Condition of Wheat on Change-Holidays Too Near for Any Life in the Market-Good Harvesting & Ru ing Fac-

week is reported brisk. Everything in the fruit line is in bountiful supply. Among tor-Provisions Weak.

CHIC GO-Fine weather, encouraging crop reports and weak cables caused a weak seeling in the wheat pit to-day, but trade was slow, not only in that but in all the other pits, operators not caring to take on new lines so close to the conjunction of Sunday and the Fourth of July. The market, however, was steady at the decline, the extreme fluctuations covering a range of only see for July, and see for the more deferred futures. Domestic markets were generally easier and the local trade was very sluggish, outside business being almost at a standstill. July onened see lower at 77%c; weakened to 77%c; reacted to and closed steady at 77%c.

Corn was weak early on the fine weather reports, fair crop prospects and the weakness in the other speculative pits. Longs showed considerable discouragement and sold freely with light demand. Later it rallied with wheat. July opened at 43%250c, against 50%c at the close yesterday, sold down to 49%c, advanced to 50%c and closed at 50%c.

Oals followed wheat and corn and closed fruit line is in bountiful supply. Among the features of the week has been the upward tendency of choice dairy products. The season for low-priced butter is now near its end. Poultry is scarce and firm, and eggs are quiet at a slight decline from prices of a week ago. At the fish stalls supply has not been up to demand for some days past. Small salmon are in very short supply. Florists report unusual demand for their products. The last week in June is ever famous for weddings, and the June just over has been no exception to the rule. The boom in weddings has brought with it a boom in floral lines. Staple meats seldom change, whatever may be the ups and downs of live stock.

Following are latest retail prices of market basket materials:

MEATS-Best cuts of tenderion steaks, Exper

at 50%c. Oass followed wheat and corn and close

Oats followed wheat and corn and closed unchanged.

Hog products opened steady at about yesterday's closing figures, but weakened with grains and on realizing sales by longs. The break brought in a lot of buying orders and a rally followed, with the close slightly lower, except in ribs, which show a slight advance. advance.

The leading futures ranged as follows, as corrected by John M. Oakley & Co., 45 Sixth street, members of the Chicago Board of Trade:

downs of live stock.

Following are latest retail prices of market basket materials:
