

GRIER TAKES HIS PAY.

The County Controller Is the First to Accept the Salary Fixed by the Supreme Court.

Suit by the Philadelphia Company Against Chief Bigelow.

THE NEWS OF THE COUNTY COURTS

County Controller Grier yesterday certified to the Commissioners his warrant for \$300 as his salary for the months of May and June. This is at the rate of \$250 per month and the Controller is the first to accept the inevitable under the decision of the Supreme Court in the case of Treasurer Bell. The warrant of the Controller is headed "under acts of 1861-1864 per opinion of Supreme Court." The result of this opinion was a general reduction of the salaries of the county officers and the Controller drops from \$4,000 per year to \$3,000. Almost every officer will suffer a loss, and unless a rearrangement is obtained and a new ruling made they will have some money to pay back to the county for what they have drawn.

The Controller and Treasurer, by the decision, are thrown back to the special act of 1861, and its supplements, making a reduction in the Controller's case from \$4,000 to \$3,000, and the Treasurer of \$5,000 to \$4,500. Under the same ruling, that a general act does not repeal a special act by implication, the other officers will go back from the salary acts of 1861 and 1864 to the special act of 1861 and its supplements. These make the following changes, all being reductions except in the case of the Register, who gets an increase: Sheriff McClary, \$6,000 to \$6,500; District Attorney Barleigh, \$6,000 to \$6,500; Assistant District Attorney Haymaker, \$2,000 to \$1,500; Coroner McDowell, \$2,500 to \$2,000; Prothonotary Bradley, \$6,000 to \$6,000; Clerk of Courts McGonigle, \$4,500 to \$5,000; Recorder Von Hennhorst, \$5,000 to \$4,000; Register Connor, \$4,000 to \$5,000. The Commissioners go back to the act of 1862, reducing them from \$2,000 to \$2,000 each.

CHIEF BIGELOW RESTRAINED.

The Philadelphia Company Takes Issue With City Official's. Attorneys Dalzell, Scott and Gordon yesterday filed a bill in equity in behalf of the Philadelphia Company against the city of Pittsburgh, E. M. Bigelow and Samuel Paisley. The company states that under its charter and ordinances of the city, it is empowered to open any street, alley, etc., in the city of Pittsburgh and to lay its pipes or repair them. In 1885 they laid a 24-inch gas main on the south side of Fifth avenue, Twentieth ward. It is now leaking between Aiken and Highland avenues, and it is necessary to make excavations at the joints to discover and repair the leaks. The city is about to repave the street and the contractors are at work tearing up the old pavement. Desiring to get through before the new pavement is laid, the company with the consent of the contractors started a few days ago to make the excavations. Chief Bigelow, however, declared they had no right to do so and notified the company he would not permit it and threatened to arrest their workmen if necessary to stop their proceeding. The company in consequence asked for an injunction to restrain the city, Chief Bigelow and Street Commissioner Paisley from interfering with its employees in making the excavations and repairs.

A CONTRACTOR WANTS DAMAGES.

One Result of the Contest Between the Builders' Exchange and Strikers. Thomas Buchanan yesterday recovered suit against L. T. Yoder to recover \$2,000 damages. The case is a result of the battle between the Builders' Exchange and the union, or outside contractors. Buchanan was one of the striking contractors and one of the men who sued members of the Exchange for conspiracy. He states that on August 3, 1891, he entered into a contract with Yoder to construct for the latter three houses on Murray Hill for \$1,200. Yoder to furnish all the material, water, etc. He had been at work with his men about ten days when Yoder refused to carry out his agreement and furnish water and material, and on August 17, by means of threats, etc., he drove Buchanan from the premises and relet the contract to other parties. He also appropriated to his own use utensils, scaffolding, etc., the property of the plaintiff. He accordingly claims to have been damaged the extent of \$2,000.

Receiver Wanted for an Oil Well.

A bill in equity was filed yesterday by W. H. Zahniser and E. R. Steyer against D. M. Wallace and J. W. Patton. It is stated that an oil well in South Fayette township is owned by plaintiffs and defendants. By an agreement the well is operated by the defendants and the oil is run to their credit. They have since refused to give an accounting to the plaintiffs and won't recognize their interest. In consequence an accounting is demanded for, also the appointment of a receiver and a dissolution of the partnership.

Struck by Two Cars.

E. E. Beddoe yesterday entered suit against the Pittsburgh Traction Company and the Citizens Traction Company for \$2,000 damages. He states that on April 22, 1892, he was a passenger in a Pittsburgh Traction car. He got off at the corner of Penn and Shady avenues, and by the carelessness of the conductor was struck by the same car. An instant later he was struck by a Citizens' car running parallel with the Pittsburgh Traction car. By the double collision he was badly out and bruised.
