Another Conference Between the Manufacturers and Amalgamated Men.

BUT NO RESULT REACHED.

1 Sides Refuse to Make the Slightest Concessions.

WILL MEET AGAIN ON WEDNESDAY.

Firms in Kentucky and Indiana Sign the Scale for 1892-3.

CARNEGIE INTERESTS REORGAN; ZED

Another conference was held yesterday between the Pittsburg manufacturers and the representatives of the Aualgamated Association. It was fruitless, and a conference will be held again Wednesday next. Excluding the adoption of the sheet scale, which governs the wages in the iron and steel sheet mills for the ensuing year, and the acceptance of the new Western scale by a few isolated manufacturers, the labor situation shows little, if any, change over the preceding 24 hours. Three con-ferences have already been held, the last yesterday afternoon, between the Wage Committee of the Amalgamated Association and the Pittsburg manufacturers, but a settlement is yet to be reached.

The acceptance of the sheet scale and the adoption of the \$5 50 rate for boiling iron by several large Western firms and a few local manufacturers, led the workmen to be-lieve that the way was being paved for a settlement with the Pittsburg manufacturers, but the looked-for concessions have not been made. At 2 o'clock vesterday afternoon the Conference Committee of the Amalgamated Association and the iron manufacturers held a meeting in the Fergu-

No Concessions by Either Side.

The session lasted about four hours. The same ground was covered at this conference as at the previous ones. Both sides reaffirmed the positions taken at the other two ressions. Neither side seemed inclined to make any concessions whatever.

The committee appointed to represent the Annalgamated had the same limited powers. They insisted on the adoption of the scale as originally presented by that organization. On the manufacturers' side the same position was taken as before. They asserted that it would be utterly impossible for them to sign the Amalgamated scale in its present form, simply because competition was stronger than ever before, and they could not afford it.

The Amalgamated Association officials can scarcely conceal their surprise at stand still assumed firm the Pittsburg manufacturers, the manufacturers' scale with its heavy reductions was first presented to the Amalgamated Association the officers of that body looked upon it as a clear case of bluff, and did not seem to feel its

o'clock, after a fruitless discussion, the conference adjourned, but not before arranging for another meeting, to take place next Wednesday. Among the large number of mills that

enforcement would be demanded. At 6

Co. The members of these two firms assert that the scale question will not nor has not affected their mills. A Matter of but Little Moment. The new Western scale of prices simply

applies to the puddling department, and is such a trifling matter that their signatures will be attached without any hesitation. They state that this is their annual shutown and is made for repairs and stock taking. The work will be completed in about a week, when they expect to con-tinue. All the mills in Allegheny are idle except a part of Smith Bros. La Belle steel works. This has been a non-union mill for some year and consequently is not affected by the Amalgamated Association's scale, except in the steel melting depart-ment. They will probably resume in the

News reached the headquarters of the Amalgamated Association last night that all the pipe mills in the country had closed down for a month to take an account o stock. This action will add a great many orkmen to those already idle

To the long list of signers to the Amalganested Association's scale two more were added yesterday. These were Mitchell added vesterday. These were Mitchell Tranter & Co., with offices at Cincinnati and works at Covington, Ky., and the Indiana Iron Company, at Muncie, Ind. The former company has 4 knobbling, 11 pud-dling, 3 scrap, 2 slab, 2 plate mill, 2 annealing and 5 heating furnaces, 6 train of rolls and 1 seven-gross-ton Siemens open-hearth steel furnace. Their capacity is 15,000 net tons of special shapes and employment is

given to nearly 400 men.
The Indiana Iron Company has 2 double and 20 single puddling and 5 heating tur-naces and 3 train of rolls. The firm manufactures bar and guide iron and bolts and nuts. They employ 250 workmen.

SALE OF A GLASS HOUSE.

I. Campbell Co. Sells Its Plant to D. O. Cun-

One more factory will be added to the already large glass interests of the firm of D. O. Cunningham when negotiations have been completed. The factory is Campbell's window glass house on Twenty-first street,

Southside. The price to be paid is \$33,000, with which both parties are satisfied.

D. O. Cunningham is to take charge of D. O. Cunningham is to take the charge of D. O. Cunningham is the charge of D. O. Cunningham is the char the furnace ready for next season, while Mr. Campbell will retain control over the packing departments, warehouses and main office until September 1, when they will have their new plant ready at Blair, Pa. The purchase will give D. O. Cunningham control of nearly the entire square between Twenty-first and Twenty-second streets, as his present green bottle house stands on the same square and is located just across the

WINDOW GLASS CONVENTION.

Local Glass Workers to Meet on the Morn ing of July 12.

The majority of workmen employed in the various glass houses that recently shut down for the summer season are looking forward with some interest to the opening convention on July 12.

delegates will assemble at the Turner on South Thirteenth street, at 10 in the morning, one week from day next. It is not probable that I have much ceremony about the of the convention. The intention lown to business as soon as possi-out formal demonstration of any

State Charters Granted, ug are the corporations that were at Harrisburg yesterday: Penn-Premium Building and Loan Asof Allegheny City, capital \$500,w Kensington Heat, Light and

Power Company, capital \$2,000; New Kensington Traction Company, capital \$2,000; MILLER IS ALL RIGHT, Kensington Brick Company, capital \$50,000. The last three are all located at New Kensington, Westmoreland county, the incorporators being Samuel E. Moore, B. F. Rafferty, James P. Anderson, Howard Childs, W. J. Patten, George Moore and Joseph B. Cappeau, all of Pittsburg.

A BIG CONCERN.

Formal Consummation of the Beorganiza tion of the Carnegie Interests-Plant

Employing Nearly 30,000 Workmen-List of the Mills and Works Embraced in the Deal. The reorganization of the Carnegie in terests under the title of the Carnegie Steel

Company, Limited, was formally consummated yesterday. The officers of the concern are H. C. Frick, Chairman; John G. A. Leishman, Vice Chairman: F. T. F. Lovejoy, Secretary, and H. M. Curry, Treasurer. The general offices will remain at Pittsburg as heretofore, while the branch offices for the sale of the products of the firm are located in Philadelphia, New York, Chicago, Boston, Cincinnati, St. Louis, San Francisco, Buffalo, Detroit, Cleveland, Minne-

apolis, Denver and Atlanta.

When the large product, capital invested and number of workmen employed is taken into consideration the Carnegie Steel Company, Limited, probably represents the largest manutacturing concern of its kind in the world. No official figures have ever

in the world. No official figures have ever been given out as to the number of men employed by them, but they are estimated at from 25,000 to 30,000, representing both the skilled and ordinary labor.

The new organization controls the following works: Beaver Falls mills, Beaver Falls, Pa., with an annual capacity of 54,000 net tons of wire rods and 700,000 kegs of wire nails. At this plant is also manne. 54,000 net tons of wire rods and 700,000 kegs of wire nails. At this plant is also manufactured merchant steel bars to the extent of 30,000 net tons; Lower Union mills, Twenty-ninth street, Pittsburg, the product of which is bridge work, carforgings, universal mill plates, bar iron, angles, axles, pins, and links, with an annual capacity of 50,000 net tons; Lucy furnaces, Pittsburg, with an annual capacity of 175,000 tons of Bessemer, forge and foundry pig iron; Upper Union mills, Thirty-third street, Pittsburg, product structural iron steel and steel bars, iron and steel universal mill plates and light steel rails. The capacity is 85,000 net steel rails. The capacity is 85,000 net tons; Reystone Bridge Works, Pittsburg, Pa., product finished bridge material of all kinds. Annual capacity 18,000 net tons. Duquesne Steel Works, Cochran station, Pittsburg, Virginia and Charleston Railroad. Product rails and charleston Rail-road. Product rails and billets, which are rolled down from the ingots at initial heat, the annual capacity being 225,-000 net tons of rails or billets; Homestead

Steel Works, Homestead, Pa., the product of which consists of blooms, billets, structural shapes, bridge steel and boiler, armor, ship and tank plate. Annual capacity 180,000 net tons of Bessemer steel ingots and 200,000 net tons of open hearth steel ingots; Edgar Thomson Furnaces and Edgar Thom. Edgar Thomson Furnaces and Edgar Thomson Steel Works, at Braddock, Pa., at which places are turned out annually 850,000 net tons of Bessemer pig iron, spiegeleisen and ferro-manganese, and 425,000 net tons of

Included in the reorganization are also the Scotia ore mines. Larimer coke works, at Larimer, Pa., and the Youghiogheny coke works. The products of these concerns are consumed by the Carnegie Steel Company, Limited, alone.

WORKMEN IN THE QUAKER CITY.

Employes in Iron and Steel Mills Out on

Strike. The rolling mill employes in Philadelphia, like their fellow workmen in this city, stopped work at the expiration of the last heat yesterday morning, because of the refusal of their employers to sign the scale that has been in force for several years past, by which \$4 45 per ton was the basis of pay for puddling. The two firms affected are Hughes & Patterson and Gaulbert, Mc-

Fadden & Caskey.

Members of the two concerns who were Among the large number of mills that seen denied that there was any trouble seen denied that there was any trouble with the men, but refused to make any further statement. The employes were not so reticent. The rolling mill hands are nearly all members of the Amalgamated Association. This organization has ordered several strikes in this city, the last one about five years ago. It was then the slid-ing scale based on \$4.45 per ton for puddling was conceded by the manu-facturers. This scale has been signed every year since, each agreement expiring at mid-

right, June 30. Three weeks ago Hughes & Patterson oosted a notice to the effect that they would not sign the scale this year. Conference were held, but were ineffectual, and finally the Association determined to call the mer out. Representative workingmen say that their employers had not intimated that they wished to reduce wages, yet if the agreement was not entered into the manufacturers might throw them out in the middle of winter without any notice.

NOT RECEIVED WITH PLEASURE.

Workmen to Lose Their Pay for Two Regular Working Days.

At Glenwood the car shops of the Baltimore and Ohio Railroad were closed down Thursday night and work will not be resumed until Tuesday next. The shutdown was not received with any pleasure by the workmen, who will lose their pay for two regular working days, making four in all, including Sunday and the Fourth of July.

450 Men Stopped Work, A special telegram from Akron last night says: "The Akron Iron Company is one of the rolling mills which has refused to sign the scale of the Amalgamated Association. In consequence 450 men pulled the fires and stopped work this morning. J. A. Long, secretary of the company, says that the scale will not be signed.

Met to Elect Officers. The Bricklayers' International Union No. 2, of this city, met at their headquarters on Fifth avenue last night to elect officers for the ensuing year. The fortunate candi-dates were John Ryan, President; Samuel Wright, Vice President; Thomas Buchanan, Treasurer, and William Conroy, doorkeeper.

District Convention Postponed.

Confidently Asserts C. L. Magee, Just Back From Washington.

A BREEZY TALK ON POLITICS,

In Which Republican Chances Are Painted & Cosy Color.

TAMMANY WON'T PLAY PAIR THIS TIME

C. L. Magee, whose conspicuous figuring in the Minneapolis convention gave him a national reputation, returned to Pittsburg yesterday morning from Washington. After the nomination of Mr. Harrison Mr. Magee went to his rauch in Dakota, where he was storm bound for two weeks. The floods that to an extent wrecked the Republican convention city extended into several of the Western States and the railroad passing through Mr. Magee's property was considerably damaged. After leaving his ranch the Pennsylvania leader went direct to Washington, where he had several interviews with Senator Quay regarding the confirmation of George W. Miller, of this city, as Collector of Internal Revenue for this district.

Mr. Magee, either by the Western wind or the sun of the East, has been burned as brown as an Indian. He wears a confident smile and he talks glowingly of politics. He believes that Mr. Miller be made the Collector at will an early date, notwithstanding Senator Quay's opposition. He says there is no question about Mr. Harrison's re-elec tion and he is in no way fearful that the laber troubles now agitating the country will effect the chances of Republican suc

Confi lent of Miller's Final Success. "Mr. Miller, I think, will be the Collector," Mr. Magee said, in answer to a ques-tion on the subject. He then smiled significantly.

"But don't you know that he will be the Collector?" was suggested. "I say I think he will be the Collector not-

withstanding Senator Quay's opposition. I am and have been for Miller first, last and all the time. I am standing pat on the President's appointment. If it is not con-firmed before the Senate adjourns another appointment can issue without much trouble, and then Mr. Miller can assume charge of his office. I want Miller to get that place, and he shall have it if only for a

"Will Mr. Harrison be re-elected?" "I think he will. Of course, the lines have not been clearly drawn yet, but every-thing I have seen or heard indicates success for the Republican party. Mr. Harrison's administration has been clean and exceptionally strong, and every day the President demonstrates in some way that he is positively his own boss. He has not and he will not subject himself to the control of any clique or combination in his own party or any other party. He has proven himself not only a bright politician, but he has demonstrated that he is entirely fearless. His policy has been safe and sound, and no President within our history has enjoyed to such an extent the confidence and esteem of the business world. The country has been prosperous under his administration, and after all is said and done there has been comparatively little discontent among the great army of laboring people."

Wageworkers Won't Be Fooled. "Will the present labor troubles in this State affect Mr. Harrison's chances?" "I think not. Our labor troubles are purely local and they will be local in their effects. There will, no doubt, be an effort to drag the working people into polities be-cause the lockout has occurred just on the eve of a Presidental elec-tion, but the working people are more concerned about their wages than they are about politics. The same lockouts and troubles have occurred in other years, and then the labor organizations refused to be dragged into politics.
The isbor people know that their best interests are in the hands of the Republican party, which has given to the country safe and judicious labor legislation. The Mc-Kinley bill, which provides for keeping wages in America nearly double what they are in Europe, is the pride and the boast of the Republican party and is the link that binds the industrial world to the party of

"Are there not some dissensions in the Republican ranks? "I think not. There was considerable fuss made over the organization of the Na-tional Committee, but there was no real trouble there. Mr. Clarkson is at the head of the National Committee, and he would not have taken the place unless he was confident of success. He was opposed to Mr. Harrison's nomination, and that has made him the more anxious for Republican success. I don't think the loyalty of Clarkson and his class of Republicans will ever be questioned. He is at the head of the ommittee to prevent such questioning."

New York State Safely Republican. "Can the Republicans carry New York

"New York in my judgment is as safely Republican as Pennsylvania. Our organization there will not be interfered with. Our people carried the State for Harrison against Mr. Cleveland four years ago and against Mr. Cleveland four years ago and they say they will do it again. Besides there is no possible way of hiding the dis-content and dissatisfaction of the Tammany Democrats. They realize that their organi-

ration will be hopelessly swamped it Cleveland is elected and Mr. Hill will turn Cleveland down now just as he turned him down four years ago. What respect will the next Democratic National Convention have for Tammany if they give the State to Cleve-land this fall after the positive and em-phatic assurance to the Chicago convention that Cleveland could not carry the State. 'You told us that before,' the National Convention would say. The only way that New York can hereafter cut any figure in nominating conventions is for Tammany to turn down Cleveland. Hill is ambitious, and he will do anything to command or de-mand recognition in the future. For these reasons I am confident New York will be

carried by Harrison." THE MONTH OF MARRIAGES.

Over 1,200 Persons Take Partners for Life's Grand March.

The month of June just closed has proven lively month for Allegheny county. The Coroner's records show an unusual number of deaths and the marriage license office does the same as to marriages. During the month there were 633 marriage licenses is-This is a large increase over the month of June of preceding years. In June. 1886, the first under the license law, there were 357 licenses issued; June, 1887, 403;

1888, 428; 1889, 448; 1890, 511; 1891, 547, and in June, 1892, 633. A Big Engine for the Limited. The new ten-wheel passenger engine of the Pennsylvania Company was put on last evening for the first time to haul the Chiago limited. The engine was made at the Ft. Wayne shops and is a monster. It is one of the largest locomotives in use on the Pennsylvania system. It was built to combine speed and strength and if possible both. The engine easily made a mile a

minute in the trial trip. Heinz's Employes Have a Picule The 600 employes of the A. J. Heinz Company vesterday had a picnic at Kinney's Grove. The party were taken up on the Gusky. A long programme of athletic sports was given. An address in verse to the firm, written by Miss Agnes Dunn, was delivered by Miss Carrie Wilmot.

SUPT. MORROW BEATEN.

All but One Princ'pal Furnishes the Name of Successful High School Candidates-Teacher Maloney Supports His Chief-Only One of His Pupils Passed.

The deleat of Superintendent Morrow, of the Allegheny schools, in his attempt to suppress the names of the 175 pupils who had passed the examination for admission to the High School was made complete yesterday afternoon. The remainder of the principals, with a single exception, furnished the names of their pupils cheerfully, thus adding their rebuke to the position by the Superintendent.

Mr. Morrow was seen vesterday and given an opportunity to furnish the remaining nine names remaining to complete the entire list, but he adhered to his position of the previous day. It is probably fair to say that just one out of the entire number of principals in Allegheny was willing to put himself on record as upholding the superintendent. This was Prof. Maloney, of the Eleventh ward. When Mr. Maloney was was asked for the names of his successful was the said. We will in the Marcon. pupils, he said: "No, sir. If Mr. Morrow will not give out these names he probably has good reasons for not doing so, and I'll not betray him." Mr. Maloney had four pupils up for ex-

amination and one passed.

The prediction made yesterday that Nora
J. Kohen, of the Sixth ward, had carried off highest honors with an average of 921/2 percentage was confirmed yesterday by Superintendent Morrow. Lillian Brilles, the Fifth ward, had second honors with 90% percentage, and Edna Milliken, of the same ward, third with 90½ percentage. The school board of the Seventh ward is a happy lot of men. This is the first year they have had a High School class, and every pupil examined passed. This is Prof. E. P. Johnston's first year with the school, and he feels very prond over the record he has made.

The following are the names of the pupils not published who have passed the examination and will be admitted to the High

Ninth ward—George Gerwiz, Mamie Pat-terson, Richard Percen, Walter Defbert and Edward Vault, Eleventh ward—Laura Dean. Twelfth ward—Ella Dietz Thirteenth ward—Gustave Berg and Harry

Total number examined, 276; number passed unconditionally, 175; number en-titled to re-examination, 55; number failed,

FIGHT FOR MOLLINGER'S MONEY.

ourt Proceedings to Wrest the Adminis tratorship From Gregor Meyer. A petition for the revocation of the letters of administration granted to Gregor Meyer on the estate of the late Father Mollinger was filed in the Register's office yesterday by Attorneys Wise and Minor. They represent John De Vires Hofman, of New York, a full cousin of the deceased. He save he is one of the next of kin and one of the heirs at law of Father Mollinger. He asserts that the priest had no brother or the petitioner and his four sisters and one brother. He is the only one in the United States, and is 65 years of age. The others are: Rudolphina de Vires Hofman, single, agod 64 years, residing at Amsterdam, Hol-land, Europe; Coroline de Vires Hofman, widow, aged 63 years, residing at same place; Marie de Vires Hofman, single, aged place; Marie de Vires Hofman, single, aged 56 years, residing at Kampen, province Overpsel, Netherland, Europe; Jeannette Von Der Schaaff married to Joseph Von Der Schaaff, aged 53 years, residing at Baambrugge, Gilderland, Holland; Franz de Vires Hofman, aged 45 years, residing at Batavia, Java, East India.

De Vires asserts that letters should not have been granted to Gragor Mary, because

have been granted to Gregor Meyer, because notice had not been sent to the heirs named;

because Meyer does not belong to any of the classes designated by law as entitled to administration; because Meyer is not the nominee of any of the interested parties, and because the letters were improvidently

show cause why the petition should not be granted.

ELOPED AND WERE FORGIVEN.

Another Pittsburg Couple Finds a Gretna Green at Cumberland. Miss Kitty D. Register and Louis Messer are the leading actors in a little romance that commenced about a year ago and culminated Wednesday in a wedding at Cumberland, Md. Miss Kitty Register is a pretty little girl, scarcely 20. Her home is at 568 Fifth avenue. Mr. Messer is a little older, and is connected with the firm of John Messer & Sons, wholesale confection

ers. The young people had been going to-Miss Register went to visit an uncle. Her parents did not hear from her and were much worried, until yesterday she returned with Louis Messer and a marriage certificate, They had been married by W. E. Bird at Cumberland, and after spending two days in the mountains, returned and were for-They will make their home in the

East End. PREPARING THEIR REPORTS.

Uncle Sam's Officials in Pittsburg Kept Hard at Work.

The officials in the Government building are busy and will be for the next ten days preparing their reports for the fiscal year ending July 1. The postoffice reports will be of a highly satisfactory nature, showing prosperity in the city by reason of increased postal business, the total of which was the greatest in the history of the office. The United States Marshal, Commissioner, District Attorney and Pension Agent are at work on their reports also. Agent Bengough said yesterday he would be un-able to pay out any money before Monday, if then, the deficiency appropriation not paving been made.

Notices have been posted in the postoffice notifying the latter carriers and clerks of their right to a 15 days' vacation during the summer, provided they have not lost that nany days' time during the year.

HAVE NO GRIEVANCES.

Mr. Budd Denies That the B. & O. Con-

ductors are Dissatisfied. Chief Clerk Welch to Superintendent Halbrook, of the B. & O. road, denies that the conductors on the Pittsburg division have any grievances against the company, He said that W. H. Budd, chief conductor of the order in Pennsylvania, had called a few days ago to intercede for serveral treight conductors who had been discharged. He added that Mr. Budd visits the office about every two weeks and they are always glad to see him as he is a very clever fel-low. His business is to look after the inerests of the men, and he does it well. Mr. Budd was seen later at the Seventh Avenue Hotel. He said he wanted to see Superintendent Halbrook about some matmaters pertaining to the Railway Conduc-tors' order, but he was out of the city. He added that his business was unimportant, and there is no trouble.

AN BLECTRICIAN BLECTROCUTED.

James Cozens Touches a Live Wire and Is Hurled to the Floor Dead.

James Cozens, aged 28 years, employed at the Westinghouse electric light plant, was killed last evening. Cozens was single and resided on Webster avenue. Cozens ascended a ladder to examine a switch-board and inadvertently laid his hand on a live wire. Death was almost instantane and the body was hurled over and over to the floor below, the blood gushing from the nose and mouth.

BUMOR by M. Quad in THE DISPATCH

FUN FOR THE FOURTH.

All the Arrangements Completed for

the Big Celebration.

A \$3,500 PYROTECHNIC DISPLAY. The Athletic Contests Will Be Worth Going Miles to See.

HOW THE DAY'S EVENTS ARE ARRANGED

The programme for the Fourth of July celebration has been completed, and everything is now ready except a few minor de tails for that great event. The boom of Battery B's cannon wilf first apprise the people that their jubilee is open. At 9:30 o'clock a national salute will be fired. At 10 o'clock the grand stand exercises will begin and continue until noon. Mayor

Gourley will meet the speakers of the day and the school children who are to form the grand stand chorus at the Forbes street entrance at 9:45 o'clock, and convey them to the grand stand in carriages and wagons. He is particularly desirous that all such be on hand at that time. A grand accompaniment to the children's chorus will be formed of the four bands of music, making one band of 120 pieces. The bands will, after noon, be distributed through the park, the Great Western at the grand stand, the Select Knights at the Zoo, the Second Brigade Band at the orchard and Hays Post Band near the entrance bridge.

Athletic Sports and Pyrotechnics. In the afternoon the athletic sports will begin at 2 o'clock. The entries number over 100, but the programme is not ready for publication. It will require nearly four hours to contest the various events, and then the gold and silver medals, which have then the gold and silver medals, which have been finished and are now ready, will be awarded. The contests will equal any ever held in this city. The juvenile sports will be contested at the same time at another point in the park under direction of Prof. H. W. Fisher, of the Seventeenth ward public school. public school.

public school.

The pyrotechnic display will begin at 8 o'clock sharp. A corps of experts will be brought from New York by Heyl & Jones to handle the fireworks, and set them off. The Mayor's contract for this part of the programme is for only \$3,000, but Chief Bigelow has ordered \$500 worth more, because responsible himself for the proper. coming responsible himself for the money. A display far surpassing anything ever seen in this part of the country will be the re-

The fireworks programme will be different from that of last year. The set pieces will be fewer in number but much larger and grander than those of the last celebration, and the intervals between firing them off will be filled in with brilliant illumination of the mark her and light.

nations of the park by Bengal lights. The Goddess of Liberty in Flames. A set piece, "the Goddess of Liberty," will be 12 feet high. A "Saxon Pyramid," consisting of vari-colored fires arranged in pyramid form, will be 40x60 feet. Another piece of great beauty will be "Dazzling piece of great beauty will be "Dazzling Diamonds," a revolving center of fire with hundreds of lights bursting out from it, the whole being 40 feet in diameter. A Gothic cross, 25x25 feet, will present a pretty effect, and will be followed with a collosal representation in fire of Gusky, the park elephant, 25 feet long and 24 feet high. "Manufactures" will be represented by a set piece of great beauty and intricate construction fully 75 feet long. The final set piece will be a brilliant illumination, from which will gradually evolve a five-pointed star and the gradually evolve a five-pointed star and the words "Good night." The balance of the words "Good night." The balance of the display will consist of set pieces and every conceivable kind and novelty in night fireworks, and there will be no stint in the number of them. It will require about three hours for the pyrotechnic display.

About \$500 is still required to cover the expenses which the Mayor has contracted for. Yesterday's contributions were: J. C. Boyce, \$5; Colonel W. A. Herron, \$5; S. P. Connor, \$5; L. Gleischkamp, \$25; cash, \$100; George H. Bennett & Bros. \$15; D.

\$100; George H. Bennett & Bros., \$15; D. Herbert Hostetter, \$25; C. E. Succop, \$10; W. W. Thompson, \$5; John O'Neil, \$5. A Representative Reception Committee. A Reception Committee was appointed by A Reception Committee was appointed by the Mayor yesterday. He will be the Chairman ex-officio. Those appointed were C. L. Magee, Robert Pitcairn, E. M. Bige-low, J. O. Brown, H. P. Ford, W. H. Keech, Evan Jones, A. H. Leslie, J. B. Hyndman, John Gripp, B. F. McKenna, C. E. Succop, A. J. Logan, Felix Mc-Knight, J. G. Bennett, James McKnight, Dr. F. A. Wood, S. C. Conner, H. D.W. Knight, J. G. Bennett, James McKnight, Dr. E. A. Wood, S. C. Connor, H. D. W. English, W. H. House, A. A. Milligan, Harry Metzgar, Samuel J. Wainwright, Edward Frauenheim, E. J. Martin, W. S. Wakefield, J. M. Guffey, Robert Oster-maier, William Kier, Hugh Plinn, A. J. Pitcairn, Florence Miller, Thomas McClure,

D. R. Torrence, Colonel W. A. Herron and ll members of the daily press.

The Oakland Park residents will have a celebration of their own, and at night they will put off \$1,000 worth of fireworks, with will put on \$1,000 worth of neworks, with accompaniments by the Cathedral band. All the dwellings on the square will be decorated and at night illuminated. The fireworks display will include a number of

Preparations are being made by all the traction companies to accommodate the travel on the Fourth. Every available car in the two cities will be on duty all day, and there will be less crowding and inconvenience than last year. An effort was made to have the Schenley Park and Highlands Railway, which runs through the park, in operation for the national holiday, but it will not be running cars for a week or ten days.

CHILDREN WILL PLANT A GROVE.

Arbor Day to Be Celebrated by Planting Trees in Schenley Park. Superintendent Luckey has decided that this year Arbor Day will be celebrated by the school children on October 12, the fou hundredth anniversary of Columbus' land-

ing on American soil and the day of the

opening of the Columbian Exposition. Chief Bigelow will be asked in a few days to designate ten acres of land in Schenley Park for tree planting.
The children will plant trees on the plot which is to be christened Columbus grove, it Chief Bigelow will consent to the proposition. All the school yards in the city have been filled with trees, and new soil must be secured before any further planting

He Preferred McKinley.

A. Wayne Cook, a Republican delegate from Forest county, was in the city yesterday. He said he was against Harrison and Blaine, but wanted McKinley and voted for him. He says his little county had never gone Democratic, and would roll up the usual Republican majority. Forest is in a shoe string congressional district, and is tied up with Elk and Clearfield counties. The district is overwhelmingly Democratic, and the party workers have nothing to hope for.

8:50 P. M.

SATURDAYS Is the latest moment at which small advertisements will be received at the ALLEGHENY BRANCH OFFICE

For insertion in the SUNDAY DISPATCH. On week days the office will remain open until 9 r. m. as usual. WANT ANOTHER VOTE.

Mayor Kennedy Asks the Taxpayers of Allegheny to Vote on Issuing \$600,000 Worth of Street Improvement Bonds-Substance of His Circular.

As predicted in THE DISPATCH, Allegheny is to have another chance to vote on increasing the bonded indebtedness for the purpose of improving the streets. Mayor Kennedy has prepared a circular to be sent out to the taxpayers asking for a vote on the issue of \$600,000 worth of street improvement bonds. The present millage is 9½ mills and the valuation will not change for two years. In the circular he says:

or two years. In the circular he says:

By keeping miliage same as at present it will give us about \$100,000 per year for street improvements. My idea is that we ask citizens to vote on issuing \$600,000 of 30 year bonds to be used for street improvements only. To issue say \$200,000 per year for three years, and this with amount reised by direct taxation on same miliage as this year will give us \$300,000 per year for three years, and this with amount reised by direct taxation on same miliage as this year will give us \$300,000 per year for three years and repaye over 20 miles of streets with best improved pavements.

Our present miliage, \$\frac{1}{2}\square\text{mills}, \text{will permit the payment of interest on the bonds, \$24,000 per year, and the placing of \$20,000 per year in the sinking fund to pay the bonds at maturity. The actual cost of keeping this amount of streets in repairs as they now are, would cost fully \$\$0,000, or as much as the interest, and the new streets will need no repairs for years and will certainly increase the value of property and add to the cleanliness and beauty of the city. Ordinances are now prepared and passed Select Council to repaye many of the prominent thoroughfares at an estimated cost of \$225,000, which will leave some \$500,000 or more for streets not yet passed upon.

It would require on increase of 8 mills to

It would require on increase of 8 mills to pay for these improvements by direct taxa-tion, while by this plan the burden will not e felt so heavily.

KICKED AND GOT THE WORST OF IT. Caught Up Because Re Wanted Works

Put in His Watch. Charles Jones was arrested yesterday as a suspicious character. Jones went into the jewelry store of Charles Spandau, Liberty street and Oak alley, and asked to be shown some watch cases. Mr. Spandau happened to be out of the store and the boy on duty to be out of the store and the boy on duty produced a tray of watch cases. Mr. Jones made a careful examination and in a short time left without making any purchases.

A short time later Mr. Spandau came back and discovered that one gold-filled watch case was missing. The boy told about the customer. About 7 o'clock last night Jones reappeared in the store and, in an indignant manner, demanded that works be put in the watch-case, which he claimed to have paid \$27 for. Mr. Spandau saw it to be the stolen one, and had the customer arrested by Sergeant Thomas Morley.

BIDS WERE ABSENT.

Allegheny's Controller Vexed the

Public Safety Committee. MEMBERS THOUGHT IT STRANGE.

The Silsby Rotary Ingine Again Defeats the Amoskeag.

CHIEF JONES WILL GET A NEW MACHINE

Controller Brown, of Allegheny, failed

last evening to present to the Committee on Public Safety the bids received by him for the sale to the city of lots as engine house the sale to the city of lots as engine house sites in the Seventh and Eleventh wards Men's This failure caused a stir in the committee and a great deal of talk among the mem-bers after the meeting had closed. The Controller received a severe scoring from Councilman Simon Drum in the meeting. The advertisements for the lots were prepared by Chief Murphy, and they specified hat the bids were to be filed with Controller Brown by June 3. He was to present them o the Public Safety Committee at the first regular meeting after that date. The meet-ing was the one held last night. The advertisement said the lot offered for the Eleventh ward engine house must be "in the vicinity" of the Eleventh ward schoolhouse. The Seventh ward lot must be near

ber of bids received was known only to Controller Brown. Mr. Brown and the Bids Gone. When the committee met last evening the Controller was on hand. As soon as the committee got down to work the Controlle went out quietly and left the City Hall.

the Hartje property on the hill. The num

When the bids were called for, and inquiry was made for Mr. Brown, it was found that the was lost.

The bids were not asked for until several other matters had been disposed of, and when it was found that Mr. Brown was when it was found that Mr. Brown was missing Councilman Drum said that the Controller ought not in that way to neglect the public business. Bids having been received four weeks prior, it did not look aitogether right to have their presentation to the committee postponed longer. After other members of the committee had growled slightly, it was decided to hold a special meeting next Tuesday evening, when Controller Brown will be expected to be present and to have the bids with him.

be present and to have the bids with bim.

The other important matter before the committee was the proposed purchase of a new fire engine, and in this the old contest between the Silsby and Amoskeag engines came up. The Silsby got the best of it, but the Amoskeag has many friends in Allegheny. One member of the committee said sites the meeting. Amoskeags are the best in the world, but the Pittsburg firemen don't know how to handle them." Purchased a New Stlaby Engine.

Chief Jones told the committee that he considered a first-class engine necessary for reserve purposes, and the Controller was directed to advertise for bids. A resolution was then offered that Chief Jones be directed to draw up the specifications for the class, size and kind of engine he desired. The size and kind of engine he desired. The Chief, in answer to questions, said he preferred the Silsby rotary engine and would so advise. Mr. Drum wanted the specifications left open for all makes, and moved to that effect. Mr. Stauffer presented an amendment that the rotary engine be advertised for in preference to the piston engine, and after defending the work of the Silsbys in Allachana he asserted his soint has in Allegheny, he carried his point by

The committee approved the pay rolls and bills of the various bureaus, amounting to \$21,448 22. The ordinance giving the city the right to place its fire and police alarm telephone wires on the two upper cross bars on all telegraph and telephone poles, was ordered printed for Councils. The petition of Charles Simon and many others for the establishment of sanitary laws, and for the annointment of a plumb. laws, and for the appointment of a plumb-ing inspector, was indefinetly postponed.
