CHAMPIONSHIP AT STAKE

For Western Pennsylvania U. S. N. L. T. A. Singles.

MIDSUMMER MEETS AND FETES

Under the Auspices of Various Athletic Associations.

LIVE NOTES OF THE LOCAL WHEELMEN

Contrary to expectations the Fair Weather God has been victorious ever since the national holiday. If there is a period just at this time of the year, when dates for fixtures of various kinds have been unalterably set, but '92 seems to be making a great record for itself in this regard. Decoration Day was pleasant as was May 28, when the inter-collegiates held their meet. Later on came the two meets of the Three A's. Both fell on fair days, and last of all the Fourth dawned bright and sunshiny. Not a cloud appeared in the horizon except those brought up by the sulphurous vapor of exploding bombs and these were dissipated long before they assumed any size. Such a continued streak of good luck has seldom happened in the history of Western Pennsylvania and should all other dates of the season, set aside for fixtures, meet with the same treatment by the weather authorities, the year will stand out as a bright example

of what is possible in utopian times. There are some big events scheduled in the amateur programme for the near future, notably the tourney of the Pittsburg Tennis Club, which will start on Tuesday, and in which most of the best players in Western Pennsylvania will par-ticipate. Then there are to follow club field meets, open field meets, cycling runs and road races and baseball without end. It is hardly possible that all these will meet with fair weather, but so far as the almanacs can be relied upon, most of the dates have been well chosen and the chances are that the majority of the events will have fair treatment at the hands of the weather clerk.

The principal event of the present week will be the fourth annual tournament of the Pittsburg Tennis Club. It will commence on Tuesday afternoon at 2 o'clock at the grounds of the club on Craig street, and will last five days. It is not known yet exactly how many of the players of Western Pennsylvania will be there, for the entry list will not close until noon to-morrow, but there are enough names already in the hands of the Treasurer, E. B. Vaill, to assure the club that this will be the largest and most successful tourney ever held in Western Pennsylvania. Such players as Messrs. S. W. B. Moorhead, Charles A. Buck, Thomas Ewing, Jr., Arthur Pier, J. Brooks, R. R. Reed, Martin Coster, F. X. Barr, E. B. Vaill, and Messrs Porter and Woods, of Sewickley, and the crack players of Sharpsburg, the East End, Wilkinsburg, Latrobe and the "Three As" will be there, and these alone will make the all comers sets interesting, especially the singles, for the winner of these will be entitled to play for the Grogan challenge cup, now in the possession of Mr. C. A. Buck, of Altoona. The cup carries with it the single championship of the Western Pennsylvania Association of the U. S. N. L. T. A.

Mr. Buck, the present holder of the cup, is 28 years of age and for years he has ranked among the first ten Western Penn sylvania players. Last year he de-feated Marshall Christy, of Sewickley, who beld the cup, and became the singles champion of Western Pennsylvania. The Pittsburg club, however, has a great desire to have one of its members hold the championship and places great hope in the work of Mr. Moorhead or one of the others mentioned above. Mr. Moor-head has recently visited Orange, N. J., where he made a good fight against R. Stevens. He is a Vale man, in his twentyfourth year, and has distinguished himself in many of the larger tourneys. In 1890 he in many of the larger tourneys. In 1890 he won the Grogau cup, losing it to Marshall Christy in 1891, but he hopes to win it this time. Thomas Ewing, Jr., is a Harvard man, who played a good game here for the past few years. He recently participated in the Orange, N. J., tourney with Mr. Moorhead losing in the final semi-round to Hobart and MacMullen. Arthur Pier is also a Harvard man and is the head losing in the final semi-round to Hobart and MacMullen. Arthur Pier is also a Harvard man and is the youngest good player here, being only 19 years old. He has played a good game at college and in practice sets here and may surprise his friends this week. E. R. Vaill is playing a good game this year, and is especially expert in doubles with Mr. Swing. Martin Coster, a Trinity College man, is one of the best local players and is playing a strong game this season. Judging from appearances, the cup is liable to become the property of any of those named, while Sewickley hopes to have one of its champions, Messrs. Christy and Brooks, come off victorious.

The National L. A. W. meet at Washington, commencing a week from to-morrow, will take away quite a large number of the local 'cyclers. At least 12 of the Allegheny 'Cyclers have announced their intention of leaving on Saturday by train, to return on their wheels after the meet is over. Then there are many of the Keystones, some of the East End Gym wheelmen, and a few of the unattached riders, who will join the throng. It begins to look as if this meet will be the most successful on record, and if the roads are good when the finish is reached it is a foregone conclusion that the railroads will not reap a large harvest in re-

Last year the Sewickley Athletic Association held a summer tournament, which was interesting and entertaining from every point of view. This year the association has decided to adopt a different plan, and will hold a regular country fair on the grounds commencing Tuesday. The ladies have been interested in the affair, and have taken hold with a hearty good will, in con-sequence of which it is bound to be a grand success. Whatever of profit there is will be turned over to the association for its

A more propitious occasion that Thursday evening could not have been chosen by the Superior Athletic Association for its lawn fete. The noon shone forth bright and clear and the air was balmy and laden with the odors of the myriads of flowers in the surrounding gardens. The grounds of the association were lit by Chinese and Japanese lanterns, and the scene resembled fairyland on a semi-tropic night. In the center of the diamond (used for the baseball division of the association) was a huge stand of flowers, interspersed with refreshing and cooling beverages and charming dishes on beverages and charming dishes on the side, and the 200 ladies and gentlemen wandered about listening to the music of an orchestra in a state of thorough enjoyment until the hour when ghosts are supposed to walk. It was a successful affair, one of the most successful ever given by any athletic organization in this vicinity, and the best of it is that

there is a general demand for its repetition, which may come later on.

The Pittsburg cricketers came back from Chicago in an unenviable frame of mind.for they suffered defeat when they did not exstances which take away the sting. In the first place, the grounds at Chicago were very poor. A circus had played there only a few days before and the soil was full of ruts where heavy wagon wheels had cut their way. These were even in the way at the wickets and, besides, the rains had left the grounds soggy and hard to play on under any circumstances. A visiting team, no matter how strong, is always at a disadvanmatter how strong, is always at a disadvantage under such surroundings and the Pittsburg team was accustomed to playing on
good, hard ground. It is no wonder
that they had an uphill fight to
make, for they bearded the lion in his den
and were weakened by the absence of good
players who could not leave the city. It is
hard to have the Western championship get
away from the city, but the crickcters have
the satisfaction of knowing that if the Chicago team were to come here it would suffer cago team were to come here it would suffer defeat at the hands of the same men who

On the Fourth a friendly tourney tween the Pittsburg Tennis Club and the Latrobe Club took place at Latrobe. A very pleasant day was experienced, and, while there were no renowed experts preswhen he is expected to lose his power, it is ent, some very fair playing took place. The Pittsburg Club contingent came out a little ahead on the total, but not enough to make the Latrobe players feel very badly.

Martin Coster, of the P. C.'s, played a good
game. He defeated the Latrobe champion,
Mr. Dumm, two out of three sets. Mr.
Barr, also of the P. C.'s, was also in good

> The East End Gym Association is preparing for its club field day on July 16. Last Monday evening the newly elected officers were installed and to-morrow evening a special meeting will be held for the purpose of deciding upon the new constitution which has been prepared. This contains some important features, one of which is the appointment of special committees to take charge of the different divisions of the club's affairs. Under such an arrangement it is expected that the affairs of the club will take an active start shead and that events will follow each other more rapidly than ever.

The Keystone Club is off on a run to-day. They left yesterday afternoon by boat for Brownsville and will ride back (60 miles) to-day, taking dinner at Monongahela City. The runs set for the rest of the season have

Philadelphia eyclers are far behind the A programme from the former city reached here during the week, and the wheelmen here were surprised to find that the longest runs were not over 15 or 20 miles, while at Pittsburg an expedition is not called a run unless the distances are over 28 or 30 miles, and more frequently the runs are over 50 miles. It is the general rule for club captains to call runs for such distances as shall be suitable for the largest number of riders. It such a rule was prevalent in Philadelphia where the list referred to was prepared, then it appears that there are very few good road riders there, while in Pittsburg the majorite of the relations. ity of the wheelmen are of the first class. In order to test the merits of the riders of

be interesting however it might turn out.

HORACE J. HILL

CHARLES PETTICORO left last evening for Hagerstown on his wheel. He will return to-morrow morning. The Allegheny Cyclers met Wednesday evening and elected two new members, one of whom was Bob Eccles.

The Keystones took a run through Schen-ley Park on the Fourth. There were over 25 in the party, including 8 or 10 ladies. The carpenters started work on the Keystone Cyclers' clubhouse last Wednesday, and it will be pushed forward to completion as rapidly as possible.

LENE writes from Chicago that he is bothered by correspondents, who swarm about him wherever he goes. He will soon be on his way to the far West.

A SPECIAL meeting of the East End Gym Wheelmen has been called for Tuesday even-ing at 7:30. There should be a large attend-abce, as important business is to be trans-acted. MESSES. W. F. ABEL, Lewis Fawcett, Frederick Steiner, Thomas Craig, Elmer Arensberg and John Johnson rode to Buffalo, where they spent the Fourth, returning home on Tuesday morning by train.

ARTHUR L. BANKER has joined the East End Gyms, and will wear its colors here-aiter. His brother George will not return home until after the Washington meet, in which he has entered for several events. THE East End Gym Wheelmen took a run through Schenley Park on Tuesday evening, and had quite a pleasant time. The next regular run will be on Wednesday evening, when it is expected there will be a large turnout.

BRUSHTON'S fire department is making arrangements for a celebration and parade on the 22d and 23d. One of the features of the parade will be the wheel brigade, which will lead with Captain Culbertson, of the E. E. G. W., in command.

GEORGE BANKER still keeps up his winning gait in the Eastern circuit. At Hartford, Conn., he won the mile race in 2:23, at Pat-erson, N. J., he won two firsts and two sec-onds, and at New Britton, Conn., he won the mile handicap in 2:25.

The Keystone's road race (15 miles) will take place on July 30 at 4 r. m. at Sewickley. Entries will close on Monday, July 25 at noon. The riders will go down on the 2 r. M. train and the race will start at Haysville and will be run to one mile beyond Economy and return.

Last Wednesday Messrs. H.O. Holderman, J. C. Searight and J. L. Entwisie, of the Key-stones, started on a run to Buffalo. From points up the road they report that the rains before the Fourth spoiled the riding, but they expect to be back before the league meet, which Mr. Entwisie will attend.

Mr. S. W. B. Moogwaap will return from the East to-morrow. He has been playing a strong game in the East. MR. A NUMBER of Latrobe players came up to the city yesterday and had a friendly tour-ney at the Pittsburg Tennis Club grounds on Craig street.

HE HAD AN EVIL EYE.

Two Crossed Optics Caused a Cruel Attack

From a Colored Man. BALTIMORE, July 9 .- Cross-eyedness came near costing John Carlow, colored, his eame near costing John Carlow, colored, his life yesterday. As is well known, some colored people believe in the evil eye, which, among them, is generally associated with eyesight that is not exactly straight. This belief is so strong among some of them that crossing fingers and turning around in a chair are often resorted to in order that the evil effects of seeing a cross-eyed person may be avoided.

may be avoided.

Leonard Harris, colored, is apparently a firm believer in the evil eye. When he went to work on the Philadelphia wharf yesterday he met Carlow, whose eyes looked in different directions. This hoodooed him, and he accordingly went away, and finally landed at the Weems Line wharf. Here his bug-s-boo again presented himself, and he became infuriated. He warned Carlow never to cross his path again, or else there would be trouble. The tongue warfare was nip and tuck. Finally Harris struck Carlow and sent him headlong in the basin. Apparently, Carlow could not swim, as he sank three times before he could be rescued. When brought ashore, after hard work, he was resuscitated and sent to the Maryland University Hospital in the Southern patrol wagon. His condition is considered very serious.

Harris was arrested by Sergeant Riley, and Justice Schenkel committed him to jail to await the result of Carlow's injuries.

CANADIANS STRIKE IT RICH.

Hundreds of Men Flocking Into a New Et Dorado in the Silver Region,

PITRIN, COL., July & .- The greatest excitement prevails in this district over a wonderfully rich strike at the Hindoo and Tycoon mines. Hundreds of men are flocking into the district.

The property is owned by Canadian capitalists, who intend pushing the development. The ore body runs over \$250

to the ton. The prospects are that the mine will be among the leading ones of the State.

Electricity Can't Be Stolen. St. Louis, July 9.-Gustav A. Tempel the first man ever tried on the charge of the first man ever tried on the charge of stealing electricity, has been discharged, in the Court of Criminal Correction, by Judge Claiborne. The Judge would not concede that the offense was petty larceny and the grand jury would not allow that it was fraud, so when the case came up yesterday Attorney McDonald entered a plea for acquittal, which was concurred in, and the defendant was discharged. Tempel, who is a hardware dealer, was accused of having a hardware dealer, was accused of having tapped a wire of one of the electric light impanies to get his illumination free.

THE LARGEST AND LEADING MILLINERY HOUSE IN WEST. PENNA

This is what might be very aptly termed The Relaxation Period of the Year. For weeks to come workers in the mills, the workshops, the stores, the counting houses, the banks, and, in fact, all the sons and daughters of toil, whatever their occupation in this busy world of ours, will each take his or her turn of much-needed rest, some hieing themselves to the quiet Mountain Retreats, inhaling their bracing, heaven-given, strength-restoring atmospheres; others, again, preferring the balmy but invigorating breezes of the Deep Blue Sea, listening to what the wild waves of Old Mother Ocean are saying, and, in many instances, listening to more youthful and pleasanter voices than Old Mother Ocean's, too. Then there be many who eke out immense chunks of solid comfort whiling away the hours in the enjoyment of piscatorial triumphs on the banks of some bubbling stream. All, however, are away with one intent-to recuperate from the effects of a year's hard toil, trusting to return strengthened and built up, enabling them more successfully to fight the battles of life for another year. We wish you all a happy, happy outing. We're doing a little of the Relaxation act, too, but there'll be no Relaxation in the business. New bargains for you every day. Come and see us these Relaxation days. It'll pay you.
