

TORIES LOSE SEATS.

Gladstone's Prospects for a Working Majority Growing Brighter as

COUNTY RETURNS GET IN.

Several Seats Gained and a Cabinet Officer Is Turned Down.

QUEEN VICTORIA WAKES WROTH

At the Humiliating Defeat of Her Son-in-Law, Lord Lansdowne.

SOME OF THE POLLINGS IN DETAIL

LONDON, June 9.—Large crowds have gathered about the bulletin boards of the various newspaper offices since early this morning, waiting for the posting of the results of the elections. The boroughs were very evidently of Liberal tendencies, for when the Gladstonian successes in England were announced they cheered and yelled, and in other ways showed their enjoyment at the discomfiture of the Unionists.

It was predicted by the Liberal leaders that although the pollings of the boroughs did not come up to their expectations, when the elections took place in the county constituencies the counties would wheel into the Liberal line and cause sorrow to the Unionists. Yesterday the Liberals felt rather blue over the county prospects, as the returns did not appear to bear out their rose-colored view of the situation. A mild feeling of despondency prevailed over the outlook, as it was feared that Mr. Gladstone's majority would be greatly reduced by the county returns. The Liberals, of course, did not give up hope of having a majority, but the figures showed that they were not making the expected gains in the counties.

The Liberals Cheer Up Again.

At noon to-day, when further results of yesterday's elections were at hand, the faces of those who gathered at the National Liberal Club showed that, to a certain extent, the counties were "wheeling into line." At that time returns had been received from 18 county districts, and they showed that the Liberals had elected their candidates in five of them that had formerly been carried by the Unionists.

The result of the election in the South-east division of Durham caused the Liberals great joy. Here the Liberal-Unionist majority of 1886, amounting to 939 votes, was wiped out and the candidate of that party was snuffed under a majority of 4,670. A gain of 5,009 votes in this district was taken to auger well for the other electorates, and the angry proved a true one. Almost immediately afterward it was announced that a Liberal had defeated a Conservative in the Loughborough division of Leicestershire. Here Mr. DeLisle, a Tory who represented the district in the last Parliament, had been defeated by Mr. Ferguson by a majority of 723. This was a Liberal gain of 813.

On Tory Board to Hard Luck.

Walter Home Long, Parliamentary Secretary of the Local Government Board, stood in the Conservative interest of the Devises division of Wiltshire. The Local Government Board is to use a slang expression, "in hard luck." Right Hon. C. T. Ritchie, President of the Board, failed of election at St. Georges in the east division of the Tower hamlets, a metropolitan district, and now the Parliamentary Secretary of the Board has been defeated. The Liberal candidate who stood against him overcame a majority of 1,726 and was returned by a majority of 138, a gain of 1,864.

The next Liberal gain was in the Biggleswade division of Bedfordshire, where the Liberal-Unionist candidate, Viscount Basing, was defeated by 541 votes, which was a Liberal gain of 1,026.

Among the more prominent candidates whose election is announced to-day is the Right Honorable Richard H. Chamberlain, the Attorney General. He stood in the Isle of Wight division of Hampshire, where he was opposed by S. F. Mend, Liberal. The latter succeeded in reducing the former's majority by 1,000 votes, which was a Liberal gain of 1,000.

One of the worst disasters that has befallen the anti-Parliamentaries is the defeat of William Murphy in the City of London division of Dublin City. He was one of the best members of the last House. He is largely engaged as a contractor in the construction of railways and tramways. He is an associate of the Institute of Civil Engineers in Dublin and a director of the Waterford and Limerick Railway Company and of the Belfast Tramways Company.

The Net Results of the Polling.

The results of 18 of yesterday's pollings, received up to noon to-day, show that the Liberals have gained five seats. At 8:15 o'clock this evening, the total returns showed the election of 18 Conservatives, 157 Liberals, 28 Liberal-Unionists, 23 anti-Parliamentaries and 4 Parallels. In Ireland the anti-Parliamentaries won a number of seats, which in 1886 were held unopposed by the United Nationalist party.

Mr. Gladstone has written a letter pointing against labor candidates running against Liberals, thus pitting the Liberal vote and allowing the Tories to slip in. "In many cases," he says, "the labor candidates are merely bogus candidates, their sole aim being to punish the Liberal party and to prevent the election of Liberal candidates. But to punish the Liberal party is to punish the working classes themselves, for the Liberals are in charge of the interests of labor, their first object being the Irish question, which is a labor question, for the Irish are a nation of laborers."

Wm. Robbers Defeated.

WICHITA, Kas., July 9.—United States Marshal Grimes and a posse of deputies had a desperate fight yesterday afternoon near Union City, Okla., with the outlaws who a month ago held up and robbed a train near Red Rock and captured one of the officers. One of the outlaws was wounded and a robber hurt, but the officers managed to carry him away. The robbers took up the trail and expect to have another battle.

SUICIDE OF A JUDGE.

The Count of Consul General New Found With a Bullet in His Heart.

INDIANAPOLIS, Ind., July 9.—Judge Jephtha D. New, of the Indiana Appellate Court, died this morning at Vernon. He was the Democratic nominee for re-election. He was descended from revolutionary ancestors.

John C. New, Consul to London, is a cousin to the deceased. Judge New was born in Vernon in 1830. He represented the Fourth Indiana district in Congress for several terms. He was an elder in the Christian Church.

His death resulted from a pistol shot through the heart. It is believed he committed suicide. His associates on the bench here are dumfounded at the announcement, as Judge New, when he left after the recent adjournment of court, was happy and contented. Some of his confidential friends say, however, that he has been at times on his head for a year, even before his nomination for the Supreme Court. His mental condition is traced back to the grip, from which he suffered two years ago.

How to Make Money.

I read in your valuable paper how William Evans tried selling pictures and wingers and did not succeed, and how he tried selling platters and made \$28 a week. This gave me the idea that I might succeed. I tried to sell these platters, and also 25¢ Lightning platters, of Columbus, O., for \$5, and received a fine machine that pleased several of my friends so well that I have sold four at them for \$10 apiece and earned \$20, besides doing a large amount of plating. I tested the machine by plating a brass ring in ten minutes. Anyone can make these platters, or they can get all the work they can do and make from \$20 to \$30 a week in plating in gold, silver or nickel. Every farm house I visited has platters, knives and forks to plate. I hope others will profit by my experience, as I have profited by Mr. William Evans' experience.
