To-Day for the End Sewer.
 SURE WORRIED
 20 Days in Which to the Money.
 BENTS WERE FIGURED

tion is in a quandary of the assessments for sewer contract. This in the city, draining Valley, and costing under the old improvement they were knocked a were delayed until the ased. There are nearly met by the sewer. To all these and prepare the required a considerable of proceedings were ended

Expecting a Heavy Rush.
 This work ordinarily requires several days, but in the case of the thirty-third street sewer 10 days have been consumed in transcribing the name of the only being completed yesterday, and to-day the sending out of the notices will begin. Only 20 days remain in which to send out notices and collect the money. Only one man can receive the money, as there is only one treasurer, and the treasurer figures that if the people follow the usual custom of waiting until the last few days before making their payments he will be unable to accommodate them. Even if they come in steadily to pay he says it will keep the receiver busy during the whole time, if any considerable number of the assessed owners take advantage of the opportunity to wait interest.

The majority of the assessments for sewer under \$100. The viewers assessed each property benefited at the same rate, those directly connected with the main sewer as well as those a mile away from it and connected indirectly, all pay 50 cents per front foot. This rate applies to properties of 100 feet in depth. Where there is a greater depth the assessment is equalized by increasing the frontage.

Railroads Pay Heavy Assessments.
 The Junction and the Pennsylvania Railroad and the Hove heirs will pay the largest amounts of any individual assessments. The latter, on a frontage of 11,220 feet, is assessed \$5,610.50. The Junction Company has 3,180 feet and will pay \$1,590. The T. M. Hove property on Fifth avenue is assessed \$1,380. A number of other owners will pay as high as \$100. The assessments are divided up on properties in different parts of the valley.
 "I don't know how I am going to get through with this work," said Major Denniston last evening. "The books are all ready, and we could receive the money to-morrow if the people would only come in to ascertain the amounts against them, and pay without waiting for notices. But it will require time and labor to get the notices out. The first lot will be sent out to-morrow. I would like to save these people as much trouble and expense as possible, but unless they help me a little their assessments will go to the limit." "As Collector for the city, I matter how anxious they may be to pay."

Rheumacure
 SURE CURE FOR RHEUMATISM GOUT & LUMBAGO
 FOR WAYNE, IND., MAR 24, 1892.
 Messrs. McKinnin & Chessman Mfg Co., Pittsburg, Pa.:
 GENTLEMEN—For the last 20 years my wife has been a constant and very severe sufferer from Rheumatism, and has tried all known remedies and have failed until two months ago to find anything to help her. Two months ago she began to take Rheumacure, and from the first dose she began to find relief, and now, after taking one and a half bottles she, for the first time in 20 years, can say that she is free from rheumatic pains.
 I can, from the experience of my wife, advise anyone suffering from Rheumatism to give Rheumacure a trial. Would be only too glad to give personal reference to its sterling qualities. Yours very truly,
