## UNIONISM AND PROGRESS.

me of the Supplemental Points Intended for the Congressional Investigating Committee - Views of a Conservative Sanufacturer Who Favors the Amalgamated, but Thinks It Fails to Recognize Improvements.

The fact has been mentioned of the aparance of a committee of Pittsburg manuturers before the Congressional Investi-ing Committee last week with a request be heard from their standpoint on the or question. The Congressional commitwas about finishing its labors, and asked se manufacturers to send on a paper conning their views. That has not yet been ne. But several manufacturers disas-iated from the Carnegie company have in jotting down notes stating the situan as they see it. Some of these will bably send their views separate-to the committee. Representatives the Amalgamated Association, also, exit to communicate further with the com-tice, especially upon the exhibit of wages on by Mr. Frick for the month of May. ey say that was an exceptionally good ath, and are preparing a more 'extended

leading manufacturer, who says he

ors the Amalgamated Association, and ald, if it were conservative in course, prefer to see it in suc-sful and general operation be-use of the check it would be able to place on hasty and rash strikes, and of its givequal terms to all manufacturers of the class, had prepared a paper criticising at he considers the deficiencies of the sociation and pointing out the remedies. was not one of those who appeared bethe Investigating Committee to ask a tring, but as he represents the most mod-te view of manufacturers unconnected h the Carnegie Company it is interesting give his presentation. This manufact-TABVS:

Different Methods of Manufacture.

bere is always more or less difficulty in tting up large concerns. This is a natural dence. At the first starting of the Homead works in 1881, there was a serious strike which the men resorted to violence. The

which the men resorted to violence. The this were built on the most approved hs, having improvements in machinery, biances and tools. This required an ad-tment of wages on a new basis. The themen opposed this, demanding sched-s as paid in existing works on old scales ages under old methods of manufacture. Cockness fix the minimum basis of wages h, docying any attempt of manufactur-to reduce prices below what that basis is tor. It is the rule of organized labor-Amaignmented Association of Iron and ol Workers-to fix the minimum of bar at two (2) cents per pond. Knowing constituents of cost of production, they jund wages assured on iron or steel bars and wages assured on iron or steel bars and wages assured on iron or steel bars ag at two (2) cents per pound. To re-this price, or sell below 2 cents per id, the manufacturers must pay the eschased on 2-cent iron. Manufacturers res based on 4-cent iron. Manufacturers constantly seeking improved methods to apen cost of production, so as to assure the consuming public iron and steel at as up a mater is possible. When improved chinery and methods are adopted which rease output largely, manufacturers seek reduce wages per ton, not carnings per . for under the adjustment sought to be used the average wages per day of the ritinen are not reduced, but, generally, in st cases left higher than under the old uffition. the Opposition to Tonnage Reduction.

nese adjustments are opposed by the algamated Association of Iron and Steel ers, though in most cases, as in the cut Homestend trouble, the connage of but a small number of the tot aber of hands employed are affected, the Homestead crouble. The firm is envoring to reduce the minimum from leavoring to reduce the minimum from to 323 per ton, 4-inch steel billets actual ing price 322 50 and under. Only the ton-crates, in which the output has been rely increased, are sought to be ad-ted-in cases in which daily average rescarmed are very large. These cam-ers are not attempted to be made lower a they were before the immroved ma-nery was introduced. The rate per ton it with the increased output is such as to make increased, not reduced, daily earn-by ould be observed that with the im

ed machinery, the increased output not entail a larger expenditure of leal energy than former output with skeal energy toan its and are paid have been and anong others by the Atheles. To LET-By John K. Ewing & Co., 107 Federa to been and are opposed by indo or organi-tions and are opposed by indo organi-tions and among others by the Atheles. To LET-By John K. Ewing & Co., 107 Federa st. houses, stores and apariments. To LET-For Allegneny Bouses, see Scott & There are anony others and the states may

## HAVOC AMONG THE SHIPPING.

Hurricane at Oswego Does Great Damag to Lake Ontario Vessels. OSWEGO, N. Y., July 16 .- One of the everest midsummer storms that ever swept Lake Ontario began last night at 8 o'clock with a fierce squall that sent vessels scurry-

ing for shelter. A large number of vessels and barges were on the lake, and all suf-vance either at main or branch offices. Wanted Advertisements of all Kinds. fered. The wind continued to increase in violence until 2 o'clock this morning, when it was almost a hurricane. The schooner MALE HELP. Lady Macdonald, of Kingston, was blown ashore near Fair Haven and will be a total AGENTS, loss. The tug Chieftain, with four coal-laden barges and tow, bound for the St. Lawrence river, undertook to make Oswego for shelter. The tow parted and all the barges went ashore a short distance east of

the harbor. An unknown vessel is also reported ashore An unknown vessel is also reported ashore five miles down the lake. The tow of five barges belonging to the tug Wilson broke from her 15 miles up the lake. The tug Proctor lost her tow at 2 o'clock this morning off Charlotte. The barge Lyon was picked up and towed to Fair Haven, but the Mills is missing. The tug Booth, with four coal-laden harges bound for Montreal, leit here at 4 o'clock yesterday afternoon. Nothing has been heard from them, and it is feared the tow and all hands are lost. TWO LEGAL LYNCHINGS.

# Mexican Judge Burns One Unconvicted

Man to Death and Has Another Shot. CITY OF MEXICO, July 16 .- It is alleged that Senor Candellero Heres, Judge of Lialtenango, in the State of Zacotecas, recently burned two suspected criminals to death while trying to obtain a confession from them through torture. The Govern-ment has ordered an investigation of the affair. It is said of the same Judge that some time ago he adopted just as summary meas-ures with another criminal. This was the

ures with another criminal. This was the case of Domingo Correa, accused of highway robbery, who, instead of being placed under arrest, was ordered by Judge Heres to be shot to death while abiding with his family. Home school, Military, limited number, refin urroundings, healthful location, spaclous a seautiful grounds. From the Rev. R W. Grange, Pittsburg, Fa.:

From the Rev. R. W. Grange, Pittsburg, Pa.: 'I take pleasure in asying a word or two in cor-dial recommendation of Trinity Hail. As one of its patrons for the past three years. I have been deeply interested, of course. I have seen the school life and have looked into the course of study and the methods of teaching. All these are very satisfactory. I have seen too, that the care is kindly, the food excellent, and the discipline ad-ministered with rare good sense and indgment. Trinity Hail, to my mind, is the most 'home-like' of any school lever saw.'' Armly to J. B. WHEFLER A. M. Head Masier.

are at matters not how small the er of hands whose tonnage rates may used by the introduction of improved nery, there is always much difficulty using about the desired adjustments may prise that would rates that would naturally fo eased output. The Object Is to Cheapen Products.

### t is said that the employers are not justi in making these adjustments. The anginity called reductions, etc. The nulacturers, it is asserted, get all the tellts. The protective tariff system, etc., scalled. The tariff is assailed because it TE up prices. In this case, the manuturers are introducing machinery to upon their products. A few years ago billets sold for \$27 and \$28 per ton, now for \$22 and \$23 per ton. When bill sold at \$27 and \$28 per ton, the cos When bilodae ion was over \$25 per ton. Wit wed machinery, the cost of productic een reduced, and the public get the a been reduced, and the public get the ad-rage in paying but \$22 and \$23 per ton for

average carnings of this class he average tarting over 100 per cent above cornings of the same class of rkmen in Enfand. The difficult blem in the Homestend case is, a can fair, equitable adjustments be ar-ged without serious friction and opposiby the workmen?

by the workmen? is is the pith of the difficulty. The com-sought to adjust wages in conformity new conditions. The men opposed the stment. The men are backed by the immatted Association of Iron and Steel kers. They are definit—trouble ensues. here. They are definit-trouble ensues, the well ordered and systematic man-in which the workmen are prosecuting present struggle. Signs, alarms and or arrangements are complete. The algomated Association never did any-g of this kind before. The indications, effore, are that at Homestead there the an organization perfect in all its is, intended to make the operations of works by other workmen than them-ees an impossibility.

es an impossibility.

### Low Wages Paid in the East.

that the Amalgamated Association of and Steel Workers has more than one is of wages. For instance: They have a le of wayes for mills east of Allegheny untains placing boiling at \$4 per ton, ile the base rate at Pittsburg is \$5 50 per or \$1 50 per ton above the wages asked demanded in the Eastern mills. The n is made that the iron is harder t in the Mostern than in the Eastern , but we manufacturers dispute that, ther claum made is that the cost of fuel ligher in the East. This again is incom ent, as manufacturers are entitled to y more privileges from natural advanttoy more privileges from actum advant-is of location. I should again be observed that there several non-union mills in the Western tion, at which the rate of wages paid is ver than in mills under the control of the migumated Association o: Iron said Steel orkers. The workmen, it will be noticed, i not permitted by the association to mpete with workmen working in non-ion mills; yet manufacturers employing maintanated Association men are com-lied to compete with those employing n-anion men.

Competition From Non-Union Millin. deasts. Park Bros. & Co., of this city, the hichem Iron Company, and other Eastewie Steel Company are not under the atrol of the Analgamated Association of m and Steel Workers. This probably acunts for one of the reasons why the Carcle Steel Company desire to operate their mestead works non-union. Or, in other rus, apart from the control of the work-

This apart from the control of the work-n's organization. It is possible for organized labor to be of at advantage to manufacturers as well as reknen, acting as a check upon ignorance dupon avarice among manufacturers and corraging expert workmen and enter-sing manufacturers in modern methods, a trouble is that the Analgamated As-iation's rigid fules are copied from those esting in South Wales for many years, and arranged to suit mills in existence the stop years, while in this constry progress manufacturing has been a series of as-ding developments. The association and keep pace with the procession, and t coesit will find there are a great many

oes 15 will find there are a great many ble manufacturers who will prefer to non-union labor
