Buch played a very pretty game, and some of his returns were made under cir-cumstances that seemed to make them impossible. He had a graceful style that was pleasant to watch, but Ewing's headwork was too much for him. Both played rather a slow game, adhering closely to the back court, and only in a few instances did either of them come down to the net. Buch tried several times to work his way there, but on each occasion Ewing forced him back by successful lobbing, and in this kind of play Buch was equally proficient. There was a paucity of swashing and very little was a paucity of swashing and very little rapid volleying, most of the balls being taken from the ground. Still there was an abundance of pretty playing, a good many skillfully placed balls and comparatively few faults. After the first set Buch appeared somewhat at a disadvantage. All the hand playing was done in that part of the round, except at the very end, when Buch rallied and attempted to save himself from defeat in the last two games. Ewing, however, proved himself

Have tried inhalations, douches and medicines numerous but none with as medicines numerous, but none with as marked success as Dr. Sage's Catarrh Remedy, coupled with the use of Dr. Pierce's Golden Medical Discovery (for the Bronchitis and the blood). Having used two bottles of the 'Catarrh Remedy' and a like amount of the 'Golden Medical Discovery,' I find myself a well man."

The makers of Dr. Sage's Remedy lose \$500 if you're not cured of Catarrh.
Dr. Sage's Remedy has proved a cure for 99 out of 100 cases of Catarrh in the Head, and its makers can afford to take the risk of your being the one hundredth.

The only question is—are you willing to make the test, if the makers are willing to take the risk?

If so, the rest is easy. You pay your druggist 50 cents and the trial begins. If you're wanting the \$500 you'll get some thing better—a cure!

BROOKLYN ..... 9 Chicago. ----. 8 St. Louis. PEPECIAL TELEGRAM TO THE DISPATOR.

NEW YORK, July 16 .- The reconstructed New Yorks appear to have some pretty well defined ideas as to the proper way of playing the national game of baseball. It may also be truthfully said that 3,000 persons who saw Power's men thrash the Pittsburgs this afternoon, heart-

ily approved the system on which the former are now proceeding. At least the enthusiastic manner in which they greeted the greeted the efforts of the lively young Gothamites seemed to indicate that the spectators appreciated that sort of thing. The New Yorks put up another fast field-

ing and base running game and in addition they hit they ball till Beckley and his colleagues were weary and sed. Knocked Out in Three lonings. That was a combination of play the Pittsburgs could not withstand, and they were beaten most thoroughly. Ehret pitched three innings and ten runs were scored off his delivery. Then the left-handed Smith was called in from the field and he was rather effective. The New Yorks, however, got men across the plate in each of the six first innings and came close to scoring in the remaining three innings. While the visitors did some rather vellowish fielding, still the fact that the New Yorks earned eight of their 13 runs shows the character of their stick work. Rusic pitched five innings and with the exception of third vas effective. He pitched good ball in spite of the fact that he was sick most of the time he was in the box. In the fifth he gave way to Crane who finished the game good style. The field support of both usie and Crane was superb, Barke, Ewing, Fuller and Doyle carryi z off the honors. to behold, and although Fuller is c'

Nine ston es was their of Just as soon as one of the lively coungsters got to first he hustled to second and third and was ready to dash for the plate on the slightest profocation. That sort of ball playing is sure to revive the waning interest. The New Yorks won the game in the first inning. Burke started off with a base on balls and as a matter of course stole second. Then H. Lvons hit to Ehret who threw low to first. Burke promptly came home, and as the ball got past Beckley, Lyons ran to third on the error. He was standing there when Tiernan hit the ball on the nose and sent it flying on a line into the Emporium. Donovan ran to the porch of the Emporium but could not see the ball. Tiernan was home be ore somebody threw the sphere out of the door. Ewing came next with a single center. Dovle hit a bounder that Ehret The pitcher made another bad brow to first and Ewing scored, Doyle taking second. Then Richardson got a scratch single on which Doyle came home. O'Bourke hit cleanly to right tor a base, Richard-on going to third. A passed ball sent O'Rourke on second and Rusie out at

Bierbauer Made a Fumble. Fuller's grounder was fumbled by Bierhauer and O'Rourke scored the seventh run, which was all, as Burke on his second time at the bat hit a fly for Shugart and Lyons went out at first. The fact that they had seven runs on the black board did not seem to check the ambition of the young men. Ewing hit a high one to left in the third. Smith ran out, but the wind held the ball back and it dropped before Smith could return. Ewing got three bases and he scored on Doyle's good sacrifice fly to right. With one man out in the third, Fuller hit one to left that got so tangled up in the sun's rays that Smith could not see it. Shorty took two bases and H. Lyons' single sent him home. Lyons stole second and scored on Ewing's bounder past short.

In the last half of the third the Pitts burgs did a little batting and their spirits revived in a measure. Ehret, Miller, Donovan and Bierbauer hit good clean singles in succession and these aided by a fumble and low throw by Fulier yielded four runs. In the fourth a fumble of a hard grounder by Doyle, a base on balls and a single by Donovan permitted Terry to cross the plate. At that point the Pittsburgs retired from the run getting business. Elmer Smith faced the New York batters in tourth, singles by O'Rourke, Fuller and Burke vielded a run. In the fifth, bases on balls to Tiernan and Ewing, a fumble by Farrell and Richardson's sacrifice gave one. The last run was scored in the sixth on Fuller's clean double to right and Burke's single. The Jim Wood met with a peculiar accident early yesterday morning while coming up the river at the Beaver shoais. She marrowly escaped being burned to the water's edge, but by heroic efforts the crew got her away with only a basis escretching. She ran into the gas main of the Lawrence Natural Gas Company. The escaping gas was ignited by the fire under the boilers, when the fiames shot 100 feet in the air and extended along the stream for fully 180 feet. The Jim Wood put on a full head of steam and soon ran out of the fiames. The crew was all scorened, the engineer and fireman suffering the most severely. Traffic on the river was stopped for several hours. The incident caused a deal of discussion about the wharf yesterday, and many of the river Captains were inclined to criticise the gas companies for always selecting shallow parts of the river for putting in their mains, claiming that during low water these were the places most liable to accidents of this kind.
