SPECIAL TELEGRAN TO THE DISPATCH. Boston, July 18 .- If the Pittsburg

strikers create any more disturbances like that of to-day Governor Russell will call out the militia in order to protect the Bean - eaters from the rioters. The brawny representatives of the city of strikers came to Boston today and gave an exhibition of the acts of terrorism which have been practiced in the vicinity of their

home. The champion Bean Eaters represented the Carnegie interests, but unlike the Homestead proprietors they were perfectly willing to arbitrate after the trouble began. It was the strikers who refused to listen to arguments. They fell upon the Bean-eaters with relentless fury and forced them battered and bleeding to unconditional surrender. The battle was hotly contested and the Pittsburg

A Blow to the Champions.

It was a severe blow to the proud champions of the first part, for they wanted to win to-day's game, but Burns' hustlers had other plans, and when the struggle was ended the Pittsburgs were the victors by the score of 9 to 7. They outplayed the Bostons at every point and fairly earned the game. It was not won on a fluke. The playing of the visitors was of such a superior kind that the spectators forgot their sorrow at the defeat of the home nine in admiration of the brilliant playing of the victors. Beckley was the happiest man on the winning team, for he had the command. He played a superb game at first, stopping everything that was thrown or hit within six feet of him. Such fine pick-ups and reaches for widely thrown balls have never pefore been seen on the grounds. It looked as though Shugart and Bierbauer were in a plet to give their acting captain plenty of grand stand exercise. The Pittsburgs began scoring in the very first inning, but Denovan's run was due solely to errors by Stivetts, Kelly and Lowe.

They Batted Stivetts Very Hard In the third inning they began to bat and they batted to such good purpose that Bier-bauer, Shugart and Beckley scored earned runs on their own hits; a single by Smith and an attempted put out and Smith was enan attempted put out and Smith was en-abled to cross the plate by means of a stolen base and a wild throw by Long. They thus had a comfortable lead of five runs before the Bostons awoke to the fact that they had run up against a combination of ball

In the fourth inning the Bostons put in a single and a double after Baldwin had given a base on balls and two runs were secured. In the first half of the fifth inning the Bostons tied the score by combining three hits with two sacrifices, two bases on balls and wild throws by Miller and Shugart. In the last half of the fitth inning, the Pirates pounded in three more runs. Beckley began the sport with a two-bagger, and after Smith was retired Farrell followed with a single and loss Kells with the second seco Joe Kelly with a three-bagger, the latter hit sending in two earned runs. Kelly scored on Nash's wild throw, and Pittsburg had the game. The Bostons made another brace in the eighth inning, and scored two runs on a base on balls and hits by Quinn and Mc-Carthy, but they still needed a run in order to tie the score The game was too close for comfort, so the visitors increased their lead

by one run in the eighth inning, Baldwin

scoring on his hit, an attempted put-out and

two sacrifices. Attendance, 1,127. The

GENERAL SPORTING NEWS OF THE DAY

Providing the weather is fine to-day, the Homewood races will commence in grand style. Yesterday the track was crowded all day with horses. None of them were sent along very speedily, but many of them were watched by hundreds of spectators with very keen interest. Rebus, the now famous pacer, was the cynosure of all eyes, and after seeing him perform a little, more than one horseman said that he would have to go his best to win the "Oil Producers" Stake." He is a good pacer and no mistake, but there are other good ones at the meeting. Rebus may start to-day in the "Glass Manufacturers' Stake" for pacers eligible to the 2:35 class. The local pacer Raven, owned by H. S. Stewart, was also out and pleased the talent considerably. She is a very speedy mare and some local

money will be invested on her. There was a big arrival of strangers in the city yesterday for the races, and it seems that the Detroit meeting is not going to have any injurious effect on the races here. Many of the horsemen who arrived stated that the Detroit Association has been re-sorting to very small tricks to induce owners not to come to the Pittsburg meeting and go to Detroit. The untair inducements offered, however, have not been successful.

Among the horsemen who arrived yesterday were: R. T. Meginniss, Cambridge,
Md.; N. Cutler and Hartley C. Davis, New York; W. S. Frash, Huntingdon, Ind.; Colonel A. Collins, Rochester, N. Y.; M. G. Thompson, Utica, N. Y.; Frank L. Herdie, Williamsport, and R. Lewis, Cincinnati. Of course Frank Herdie had much to say. Of course Frank Herdie had much to say. He took a very cheerful look at the prospects of the next few days. "Why, my boy," he said, "we'll have one of the best race meetings ever held in Pittsburg. There'll be a wonderful lot of horses here and pray, don't ask me to pick any winners, that is too hard a task. The probabilities are that there will be some surprises at there are outled a nounber of what

Horsemen all over the country are delighted over the fact that the Coney Island Jockey Club has decided to give a four-mile race at its autumn meeting at Sheepshead Bay. John A. Morris and other horsemen think that Lexington's time can easily be think that Lexington's time can easily be besten. Our good horses could smother the old-timers that our fathers and grandfathers tell of, and the owners of St. Florian says that in a thousand years hence the race horse will be a magnificent animal of 17 hands or so, capable of running a mile in 1:25 or 1:30. Mr. Morris is certain that he can select 30 or 40 horses that can surpass Lexington's record, and Jimmy Rowe, who has trained the best horses that have stood on iron on this continent, and whose judgment is first class, is of the same opinion as Mr. Morris.

It is expected that such stayers as Long-street, Judge Morrow, or Strathmeath, or Poet Scout will be able to beat Lexington's time.

An analysis of Lexington's 7:19% shows that each mile in 1:49% would beat it handily. It should only be play for any fair horse to do this over the Sheepshead Bay course. The best record for four miles is 7:15% made by the 4-year-old Ten Broeck, carrying 104 pounds, the trial being held at Louisville, ky., September 27, 1876. Two years earlier Fellowcraft, a 4-year-old, carrying four pounds more than Ten Broeck, ran four miles at Saratoga in 7:19%.

BARNES GETS HIS RELEASE.

Baldwin and His Jockey Have Trouble About a Horse Race. CHICAGO, July 18.—[Special.]—"Pike" Barnes has asked to be reased from the contract that binds him to ride for "Lucky" Baldwin's Santa Anita stable at a big salary this season. His resignation will be accepted,

Barnes rode for Baldwin several years ago, and was released because the California millionaire was not satisfied with the work performed by the able rider, the split following the expose of the alleged combine that existed in the East between colored riders and horse owners. The latest break in business relations was, it is said, the outcome of the first race at Washington Park were Galindo and Springaway. The former is owned by Baldwin, was heavily backed by the stable and was ridden by Barnes. Springaway was entered by Jockey "Tiny" Williams, and has been accounted all season as the property of Williams and Barnes. In a hot drive Springaway beat Galindo. A report that Barnes had backed Springaway caused the Baldwin stable, it is said, to station watches about the course and it was further rumored that these experts reported that Barnes had pocketed Galindo and then came with a rush at the end too late to win, aiding Springaway to victory. Trainer Dow Williams, of the Baldwin stable acknowledged that Barnes would retire, but refused to say that yesterday's race had anything to do with the matter. To the judges Barnes declared that he owned no part of Springaway, although he did admit that he allowed his name to be used in connection with the cott's ownership. were Galindo and Springaway. Western Horse Owners and Breeders Intend to Organize a Company. CHICAGO, July 18.—There may be another race track in Chicago next year to be built, owned and occupied by an organization of horse breeders and owners, who will take this means of redressing their accumulated grievances against Washington Park. The plan with which many of the most prominent owners and breeders in the South and the Washington Park stake book since its first publication are identified has gone beyoud the embryotic stage, and although it youd the embryotic stage, and although it may never be transferred from paper to reality, there is no lack of determination or means behind it. It contemplated declaring all or the Washington Park stakes, and racing only at the track controlled directly by the owners. This action is proposed because of the great dissatisfaction among horsemen with the way Washington Park is conducted.

conducted.
Since the opening of the present meeting, breeders and owners have met and discussed the situation, and E. J. Baldwin, Scorgin Bros., and others have expressed themselves strongly in favor of organization and action. Chinn and Morgan, owners of the Kentucky stable, extensively engaged in the Washington Park stakes, brought 23 horses here over a week ago with the intention of starting them in the stakes and purses, but they over a week ago with the intention of starting them in the stakes and purses, but they were curtly informed that they would have to provide shelter for their animals outside of the grounds. Other owners have been accorded similar treatment, and say that when it comes to collecting forfeits they will give the cluban argument on the ground that the club having failed to furnish stabling accommodations they were unable to race their norses.
