A CONFERENCE TO SETTLE IT ALL,

When It Is Thought Chicago's Present Fark Sky Will Be Cleared.

DETAILS OF THE WORK OF THE DAY

WASHINGTON, July 19 .- The interest in the House to-day had its storm center in the World's Fair amendments to the sundry civil appropriation bill. Toward them all breezes blew. The amendment appropriating \$5,000,000 in aid of the Exposition was non-concurred in, the enemies of the proposition having a majority of 12. There was a great deal of interest, but not much excitement manifested in the vote, which was closer than the conservative friends of the appropriation looked for, and which surprised its antagonists by not being as large as expected. The Sunday closing amendment was concurred in by a decisive majority, and the bill was sent to conference. The fortification conference report was agreed to and some routine business was transacted.

After some Republican filibustering at the opening of the House session to prevent an agreement on a resolution from the Rules Committee providing for an investigation of the methods of John I. Davenport, Federal Supervisor of Elections in New York City, the resolution was agreed to by 187 to 0. The House then went into committee of the whole, Mr. Lester, of Georgia, in the char, on the Senate amendments to the sundry civil appropriation bill.

Holman Couldn't Postpone a Vote.

It had been agreed that the vote on the World's Fair amendment should be taken at noon, and as the hands of the clock showed that but four minutes remained for debate Mr. Holman, of Indiana, asked that the time for discussion should be extended another hour. But to this Mr. Watson, of Georgia, objected, and after Mr. Holman had consumed the four minutes in advocat-ing a non-concurrence in the Senate amend-ments the Chairman stated that the hour for a wait had availed for a vote had arrived.

The Chairman then ruled that no amend-ments could be offered after 12 o'clock, and the various amendments were taken up in order, and the first one-a verbal amend-

nent-was concurred in. Mr. Hopkins, of Illinois, moved that the committee concur in the Senate amendment increasing from \$316,000 to \$500,000 the appropriation for the Government exhibit. Lost-65 to 129. The amendment was nonconcurred in.

The question then recurred on Mr. Durborow's motion to concur in the Senate \$5,000,000 amendment, and it was lost-91 to 116. The amendment was therefore nonconcurred in.

Mr. Lynch, of Wisconsin, called up an amendment requiring the expenditure of \$100,000 in procuring an exhibit showing the progress of the Indian race. Lost,

NEWS FROM THE VATICAN. The Pope's Enlogy of Archbishop Ireland -The Pilgrimages to the Episcopa Jubilee-New Cardinals to Be Created -The Fall of a Prussian Minister, ROME, July 19 .- The Pope, receiving the pupils of the Propaganda, delivered an ani-mated eulogy on Archbishop Ireland, prais-

ing his many virtues, his vigor as a thinker and his energy in action. The Archbishop, he said, was a true republican and genuine democrat, and since leaving Rome had done good work for the church in Paris. These

remarks were received with enthusiasm.

Certain Cardinals have been renewing the press on the Pope to respond directly to the French Catholic Royalists, but His Holi-ness remains firm in his intention to make

no reply. The pilgrimages for the episcopal jubiles of the Pope will take place from October 15, 1892, until April 15, 1893. They will 15, 1892, until April 15, 1893. They will open with a great pilgrim gathering of French workmen, conducted by the Count de Mun and Cardinal Langenieux. The Pope will create new cardinals on the eve of his jubilee, February 19. His Holiness has adjourned the Cardinal Consistories, in spite of a considerable number of vacancies, chiefly because the powers forming the Triple Alliance are making unheard-of efforts to get their friends into the sacred college, in view of the future.

the sacred college, in view of the future conclave.

Apropos of the recall of Herr von Schloezer as Prussian Minister at the Vati-can, it may be stated that Herr von Schloezer was the confidant of Bismarck. Schloezer was the confidant of Bismarck. Crafty and mixing much in society, he was for a time a leading influence in Rome. In-timate with Monsignor Galimberto, he suc-occeded through him in getting the Pope to approve his septenue. But his power less-ened when Cardinal Rampolla came upon the scene. Any fusion between these na-tures was impossible. The first rupture oo-curred when Herr von Schloezer announced to Cardinal Rampolla the visit of the Kaiser to Rome. The Cardinal, rising from his seat, at once said: "It is an insult to the Pope." Herr von Schloezer, also rising, re-plied: "And I cannot allow my sovereign to be insulted." The rupture became defito be insulted." The rupture became defi-nitive when the Kaiser failed of proper re-

spect to the Pope during his visit. From that time Schloezer and his entourage worked unceasingly for the downfall of Rampolla. While Monsignor Bocalli lived Schloezer tried through him to act upon the Pope, but at his death Schloezer's influ-ence at the Vatican entirely cased ence at the Vatican entirely ceased.

GOOD FEELING, BUT A GREAT STRUGGLE

[FROM A STAFF CORRESPONDENT.]

SALTSBURG, Pa., July 19 .- The Congressional Conference of the Twenty-first district convened here to-night. Five ballots were taken. In the first four each county voted for its own man, and in the fifth, by way of a feeler, McConnell voted for Nesbit and Scott gave Huff a complimentary vote.

No one has any idea how long the affair will last. The conference was to have come together this afternoon, but there were some hitches, and it was 9 o'clock tonight before the conferees met for organiza-tion in the parlors of the pretty summer resort hotel at Kiskeminetas Springs. The officers were President W. D. Patton, and Secretary J. O. Edelblute. After the five ballots were taken the conference adjourned

Never in the history of the district has so much interest been shown in a confer-ence as in this one. All day boomers from every county poured into the quiet town of Saltsburg. Their entry was not marked with any display, but each crowd came to work for his own county. Colonel C. F. Huff and his narty were the first to come into town. His lieuten-ants, aside from his conferees, are J. A. Beacom, Chairman of Westmoreland County Republican Committee; R. A. Ful-ton-Lyon, L. R. Huff, the Congressman's son, and G. F. Kelly, of the Greensburg Tribune. Captain J. S. Nesbit was the next candidate on the field. He came unat-tended, but was followed later in the day by N. A. Guthrie, R. E. Young and S. A. by N. A. Some Good Hard Work Done.

As soon as the candidates, conferees and boomers had arrived a good deal of hard work was done. The most friendly feeling seems to exist between all the candidates, but each man has strong determinations. Colonel Huffs smiling face could be seen Colonel Huffs smilling face could be seen everywhere, and he seemed to share an equal part in the favoritism. All the wire pull-ing done availed nothing, for each county went into the conference firm to its man. The report was given out that Armstrong county would go to Huff if it lost all chance of getting its man through. When asked about this the Armstrong delegation de-nied it, and said they were for Heiner from start to finish.

The last published dispatch upon the subject was sent by Mr. Blaine, January 30 last, in which it was stated that the President believed that the subject of reparation for the affair was capable of adjustment by the usual diplomation methods, and that the sense of justice of Chile would doubtless enable the two gov-ernments to honorably make a full end of the whole matter.

NEW YORK, July 19.-The National Democratic Committee will meet in this city to-morrow evening to organize' and lay out the preliminary work of the campaign. Nearly all the members are already in the city, and the greatest interest is being manifested by prominent Democrats from all over the country in the meeting of the committee. Although the first meeting of the committee is called for to-morrow evening, it is expected that, owing to the notification ceremonies, the committee will

merely effect a temporary organization and adjourn until the following day. On Wednesday the committee will effect its permanent organization, and immediately following this will come a conference between the committee and Messra Cleveland and Stevenson. The arrangements for the conference are still in embryo, and its nature will depend much on the wishes of the two candidates.

The Supposed Grudge of Tammany.

It is recalled, in this connection, that Hon Bourke Cockran, the spokesman of Tammany, took occasion especially to re-buke the Pennsylvania delegation in his famous convention speech, and to allude sarcastically to the speech, and to allude pennsylvania in forcing the nomination of ex-President Cleveland when its electoral vote was practically assured in advance for Benjamin Harrison. The influence of Mr. Harrity was potent in throwing the solid vote of Pennsylvania to Mr. Cleveland, and there are many who think the selection of the Pennsylvanian to lead the campaign might be construct into an affront to the New York friends of Senator Hill, All efforts to secure an expression from the Tammany leaders on this point are said to have been unavailing, and if there is any opposition to Mr. Harrity in that quarter it has not been made manifest.
