WANTS THEM ABATED.

The Mayor Receives Complaint About Sidewalk Nuisances.

HE HAS AN INVESTIGATION MADE.

Dealers Who Make Display Counters of the Public Footways

IN TOTAL DISREGARD OF STREET LAWS

The blockading of sidewalks is a matter which is causing much complaint among the pedestrians on the busy downtown streets these days, and it is probable that Mayor Gourley will take some action in the premises soon if the officers in whose charge it is fail to recognize the necessity for abating the nuisance. Owing to the repaving of several streets in the business part of the city the contractors have filled half the sidewalk with piles of block stone which are a great impediment to travel, but this is considered only a temporary evil and will vanish as soon as the stone can be placed on the street.

It is the growing custom of many dealers in merchandise to appropriate large sections of the walk in front of their stores for the exhibition of their wares and the placing of big packages that are inconveniently bulky if inside the building that is causing complaint at this time.

Complaints Made to the Mayor.

The Mayor has lately received numerous requests to compel the storekeepers to carry on their business within their legitimate territory. At first he paid little attention to them, supposing they were probably the result of jealousy among the business men themselves. Finally he directed the ordinance officer to look the matter up and was surprised at the result.

At one place on Liberty street the officer reported a big water tank on the sidewalk, fully six feet square, in which an enterprising eating house proprietor displayed a collection of live turtles as an advertisement of the brand of soup obtainable there. The wholesale blockade by the commission merchants on the opposite side of the street was also reported, but this the Mayor regards as a necessary evil at the present time. But there were numerous places reported where dealers in all kinds of merchandise are simply making the sidewalk a part of their exhibition space, regardless of the rights of pedestrians, on nearly every downtown street. Liberty street, Wylie avenue, Wood and Smithfield streets are the worst for the sidewalk nuisance, but others appear to need the attention of the authorities nearly as bad.

Trouble From Fruit Venders.

The most prominent class of offenders, and the ones who cause the most complaint, are the fruit venders, who in some cases not only carry their business out on the sidewalk, but allow the refuse or waste from their stock to lie on the street in front.

One case reported to the police yesterday was of a dealer in notions and jimcracks on Smithfield street, who displays his bargains in little baskets spread out over the pavement. On Wednesday evening a young man was arrested for appropriating an article from the sidewalk display. When brought before the magistrate yesterday morning that official, after learning the story, discharged the culprit and at the same time gave the dealer to understand that he must not tempt people by placing his goods on the street where he could not keep an eye on them.

The Magistrate's caution was the same as that given by the Judge in the Criminal Court some years ago. It was before the late Chief of Police Gus Braun had issued his famous order to remove sidewalk obstructions and swinging signs.

A Decision by the Court.

A Smithfield street shoe dealer had a man taken into court for stealing a pair of brogans. In the evidence it was brought out that this pair of shoes with many others had been displayed from an awning post on the sidewalk, and that it was only by accident that the proprietor of the store discovered the theft. The Judge charged the jury for acquittal, saying a storekeeper had no right to display his goods on the street where they would be a temptation to a poor man or a morally weak man to steal them.

Chief Brown has caused several crusades against sidewalk obstructionists since he assumed his position, and the Mayor expects he will do so again when his attention is called to the nuisance as it was to-day. Otherwise it is possible the Mayor's officer will be instructed to proceed against the offenders under the ordinances covering the case.

Killed in a Stone Quarry.

R. H. Huddleston, one of the largest property holders in the vicinity of Laurel station, was killed by a stone falling on him while superintending the work in his quarries. In reports published on the day following the name was given as R. H. Patterson. The remains were interred yesterday.

Last Month's Fire Report.

Chief Humphrey's report of the Bureau of Fire for June shows that during the month there were 27 regular and 26 still alarms. The losses amounted to a total of $4,575. There was used at these fires 13,100 feet of hose, of which seven sections bursted.

What Alkali Will Do.

A drop of alkali (concentrated lye) dropped upon clothes will eat a hole in the cloth, a drop on the skin will raise a blister, a drop upon paint will destroy it. Free alkali in soap will do all of these, but do them so slowly and secretly that you do not know where to put the blame.

Walker's Family Soap will not injure clothes or irritate the skin, as it contains no free alkali. It is used by the Pennsylvania Railroad Company to wash the paint on their cars, on account of its freedom from alkali. Ask your grocer for it. It costs no more than other soaps. MWF

THE TITLE IS CLEAR

For the New Poor Farm—Chief Elliot Says There Is Gas Under It—He Has Refused $100 an Acre for the Coal.

City Attorney Moreland has thoroughly examined the court records and has pronounced the title of the new Poor Farm property to be perfectly good and legal. The survey of the land is now being made, and will be completed in a day or two. After that is done and the exact number of acres in the tract is ascertained Chief Elliot will authorize Controller Morrow to pay over the money to Captain Neeld.

Then the work of making and selecting designs will be commenced. The competition among the architects will be confined to local talent, and they will be guided by Chief Elliot's ideas of what a modern charitable institution should be. There will be no effort to attain fancy effects, all the points must be plain, substantial and designed for utility above all things. Plain hard-burned brick will be used, and as little stone for decoration purposes as possible. It is not the intention, however, to make the buildings unsightly. The artistic effects will be attained in the grouping arrangement and general exterior of the place as a whole.

Since the city became the virtual owner of the new farm there have been a number of persons after the coal which underlies it. One man has offered $100 an acre for the privilege of mining the coal, and is so persistent in the matter that he won't take a refusal. Chief Elliot declares that not an acre of the coal shall be sold. He is satisfied that gas can be found by drilling for it, and that he will be thereby able to save $4,000 or $5,000 a year in fuel, but he thinks the day may come when coal will be needed and it will be cheaper for the city to mine her own coal than to pay other parties a profit.

GRAND LODGE OF TEMPLARS.

Annual Session of Cold Water Advocates in This City Next Week.

The Pennsylvania Grand Lodge of Good Templars will hold a convention at Veteran Legion Hall, beginning on Tuesday next. In the evening a public meeting will be held in the Smithfield Street Church, when an address will be made by the Grand Chief Templar, William H. Morgan. Other speakers will be Hon. S. B. Chase, Major G. W. Merrick and J. W. Moreland. On Wednesday evening the delegates will be tendered a boat excursion by the local committee.

Will Probably Go Up Again.

Benjamin Barker was placed in jail yesterday by Alderman Gripp on a charge of malicious mischief. Barker, while drunk about a month ago, hurled a stone through the window of Emil Poertsel's cigar store on Smithfield street. He was sent 30 days to the workhouse. In the meantime Poertsel lodged an information against him and when he was released yesterday he was rearrested.

Tribulations of a Baker.

Florence McAuliffe, a baker whose residence is on Rebecca street, Allegheny, fell down the steps leading from Arch street to Perrysville avenue, Allegheny, yesterday afternoon, and suffered several severe scalp wounds which were dressed at the Allegheny General Hospital. The authorities there then had him sent to the lockup on a charge of drunkenness.
