Asat presmt understood the new association is based formed not only for mutual benefit, but to accomplish several specific objects for the

general good of the city. The idea of founding such an organizaion here resulted largely from the publicaion of the scheme of the Philadelp hia association a few months ago in THE DIS-PATCH. Though the success of the movement epends largely on the interest shown by ive business men at the meeting this afrnoon, there are already a number of nen of good standing who have declared their willingness to help it along.

At a preliminary meeting held a few days tgo a temporary organization was formed y the election of A. T. Douthett, of the enn Printing Company, as President; W. Stillwagen, Esq., Vice President; S. The vote on President Parke's decision, it urns out, was not a test vote on the audi-orship. Turbulent Mill District, The usually turbulent precincts of Woods' Hun, Allegheny, populated largely by mill nen, are just now enjoying a season of quiet. During the annual shutdown of the nills for a fortnight there is more or less irinking by the workmen, and frequent arrests are made for drunkenness or disrderly conduct. This year, however, maters are altogether different, and Woods Hun is the quietest section of the city. The men have taken it for granted that the shutdown would be a long one, and those who had saved money have gone away on fishing and hunting expeditions. This has taken a majority of the unmarried men out the city, and the heads of families rethe resumption of work. ing the Mayor-Street Car Rails Without an Owner-A Question of Anthority-Chief Bigelow Had Heard of the Matter, The announcement in THE DISPATCH vesterday that Mayor Gourley is after sidewatk obstructionists created considerable talk and rejoicing among downtown business men. It also caused a number of thos who have been offending in this particular to avoid trouble by clearing the pavements in front of their shops, greatly to the relief

They complain that the street railway companies have piled up rails in front of their places of business Men's Association." Circulars were sent the serious annoyance of their customers the serious annoyance of their customers as well as the inconvenience of pedestrians and teams generally. It was stated that these rails were dumped off on the streets by the Duquesne Traction Company to be used in the building of the new loop around Market street, but investigation shows this ra the same principles as the new league of usiness men in Philadelphia, which was they have not a rail on any downtown streets that is not in use. They have not even received the rails for their new loop, but are waiting on some experiments that are in progress with a view to developing a rail far superior to anything now on the market. No one seems to know or care to whom the objectionable rails belong. The Second Avenue Electric Company has just completed a new track on the lower end of Second avenue, thereby removing a nuisance that has been annoying the people using

that street for a long time.

The question of who should cause the removal of street obstructions is one that Mayor Gourley has been trying to determine definitely before he takes any action in the matter. When Chief Brown was asked yesterday why he did not do it, he promptly replied that it was not a duty

Chief Bigelow looked bored when the question was propounded to him, but finally replied that he guessed his department was responsible for the present state of things. When asked what had caused the recent relaxation in the sidewalk rules, he replied:

"There has been no relaxation. The streets are all right. A tew people have probably are all right. Mrs, Lizzie Thomas Fatally Burned White Trying to Light a Fire-Her Baby Also

Scorched and the House Destroyed. Mrs. Lizzie Thomas, the wife of Reese Thomas, an employe in Moorhead & Me-Cleane's mill, was fatally burned last evening by the explosion of an oil can while lighting a fire. Her 15-months-old child was also badly scorched and their house on Howard's lane, Oakland, was destroyed by the fire. At 6 o'clock Mrs. Thomas was about to prepare supper, and used the can of carbon oil to start the fire in the kitchen stove. As she was pouring the oil into the stove it ignited and the can exploded. The burning oil was scattered over Mrs. Thomas, setting fire to her clothing and also to the clothing of the haby, who was close to her. Mrs. Thomas ran, screaming, out of the house, but there was no one to assist her. She was enveloped in a sheet of flame, and before assistance reached her the clothing was burned from ber body, and she fell to the ground crying with agony. In the meanwhile the clothing of the child in the house did not burn readily, and after scorching its leg and arm it went out. The injured child was taken in charge by neighbors. Though seriously burned it will recover. The house is owned by Cnarles H. Norton and is almost destroyed. The loss is placed at about \$350.

TRINITY HALL,

Home school, Military, limited number, refined surroundings, healthful location, spacious and beautiful grounds. From the Rev. R. W. Grange, Pittsburg, Pa.: From the Rev. R. W. Grange, Pittsburg, Pa.:

"I take pleasure in saying a word or two in cordial recommendation of Frinity Hall. As one of its patrons for the past three years, I have been deeply interested, of course. I have seen the school life and have looked lato the course of study and the methods of teaching. All these are very satisfactory. I have seen too, that the care is kindly, the food excellent, and the discipline administered with rare good sense and judgment. Trinity Hall, to my mind, is the most home-like of any school I ever saw."
