INJURIOUS TO LABOR.

Recent Troubles as Viewed From a Pulpit Standpoint.

NOW IS THE TIME TO CALL A HALT.

An Allegheny Clergyman Takes Strong Ground Against Violence.

Rev. S. W. Davis, pastor of the Walton Methodist Episcopal Church, Southside, preached on "Confession" yesterday morning. He said: "The eyes of the world are on Christ. Some confess, others deny Him, and with what result the words of Christ solemnly declare. Men cannot serve God secretly. Some imagine they can confess Christ by church membership and the ordinance of baptism. These are not sufficient. Some also confess in the life, but the tongue

"Our words are a very important part of our life, as is aptly illustrated in the business and political world. The Scriptures command, Confess with thy mouth the Lord Jesus.' So important is this that 'With the heart man believes unto repentance, but with the mouth confession is made." "Some deny Christ through fear of being

put out of the synagogue. Men have often denied Christ on account of persecution. We may do it in silence when Christ is defamed. One would not hear another speak evil of a loved friend and be silent. evil of a loved friend and be sitent.

Would any one, speak reproachfully of a good and devoted mother, without resentment? Christ may also be denied by shirking duty. Be faithful by being decided, stand firm, banish fear, withstand tests and seek the help of God."

In referring to the labor troubles he said:

"There here referring of from speaking of the said: I have heretofore refrained from speaking feeling sure my congregation did not need it, and besides one is likely to be misquoted and besides one is likely to be misquoted and misunderstood. But the events of the past few days are things which all right-minded people deplore. Lawlessness and violence and all expressions, as well as acts, in this direction are to be refrained from and condemned. The condition of affairs which made it necessary for Governor Pattison to call out the military is a sad comment on our Christian civilization. The mob rule that overturns the lawful and peaceable methods of a well-planned organization for the protection of the workingmen, is most reprehensible; proves injurious to those it is designed to benefit, and would be subversive of all civil government. From such an evil members of all labor organizations, and all good citizens, may well implore deliver-

ance.
"Back of all this, there is something we would do well, as those who fear God, lay deeply to heart. It is the prevalence of

THE LOVE OF GOD.

Rev. B. C. Applegarth Tells of the Powers of This Great Being.

Rev. H. C. Applegarth, Jr., of the Fourth Avenue Baptist Church, last night directed his remarks to the Almightiness of God. "Over a billion and a half of people are scattered over this globe," said he, "and God reigns over all. The human family as a general thing believe He rules and is provident to all. The multitudes of all nations delight to honor Him. No matter how small the detail is, God is cognizant of our every

"When the storms, miseries and bereavements of life overtake us, we look for some one to quiet and give us rest. That refuge is always found in God. The powers of this great Sovereign are unlimited. With that same gentle touch that He gives rest to the weary, He turns a torrent in its course, God gives His whole heart to us. He is like a mother, though she has 20 children she loves then all with the same love. It is to our hono to be subjects of so great a being. The statesmen, ministers to foreign lands and men of note are accorded the privilege of writing Honorable before their names. To all of us is accorded the same privilege through the honor of loving God."

AVOIDED THE SUBJECT.

Dr. Reid Says the People's Thoughts Should Be Turned From Labor Troubles.

When Dr. J. W. Reid, of the First U. P. Church, was asked yesterday afternoon if he had referred to the attempted assassination of Mr. Frick in his sermon, he replied: "No, and I don't intend to. The people think too much about these labor troubles during the week. The time has come to divert their thoughts to better things on the Sabbath at least.

On the Sunday before the Fourth the doctor preached a timely sermon in which he stated that employer and employe should meet on a level honestly and settle their disputes with reason, not the shotmmigration, and said the country now had as much of the foreign cangerous element as it could handle

THE MEETING LAGGED

Because the Speakers Who Were Expecte Failed to Appear.

The regular union services of eight East End churches in Silver Lake Grove was postponed last night to make way for a mass meeting for a ratification of the action of Congress on the Sunday closing of the World's Fair. The rain had a cooling effect on the at-

tendance, and Judge Magee, Major Denniston, Major Moreland and Rev. Dr. McCtelland, who were billed to speak, did not put in an appearance. The speakers of the evening were Rev. Drs. Chalfant, Crafts and Peter Dick. The spirit of the meeting lagged, owing to the non-appearance of the principal speakers and some got up and left perore the meeting was over. The regular union services will be held as usual next Sunday evening in the grove.

TIME TO CALL A HALT.

The Bed Hand of Anarchy Must Not Inter fere in Labor Disputes.

Rev. S. W. McCorkle, of Allegheny, in speaking of the attempted assassination of the Chairman of the Carnegie Steel Company, said: "It is now time to call a halt. When the red hand of anarchy interferes with the disputes between labor and capital and tries to take life, then it is time for a more conservative policy to be pursued. The Carnegie Steel Company and Homestead workers should now hold a conference and settled their

A YOUTHFUL BURGLAR.

She Didn't Take Anything Away, but Broke Into the House to Have a Good Time-

Solution of a Mystery That Puzzled the The owner of a residence on Highland

avenue left for Europe some time ago, and

closed up his house after removing all arti-

eles of value to a safe resting place. An officer passing the house last Sunday detected signs which pointed plainly to the fact that the house had broken into. He repaired to TOPICS CHOSEN BY CITY PASTORS the house of a relative of the owner nearby to inform him of the fact. When the office was announced to the head of the family he was entertaining two or three friends in his room with liquid refreshments, and his first thought was that his speak-easy was being raided. After being informed of the pur-pose of the officer's visit, this fear was dis-pelled, and he and his friends accompanied the officer to the scene of the supposed burglary. Upon examination they found the house turned upside down. Nearly all the shutters were thrown open and every drawer and cupboard in the house had been sacked and the contents strewn about the floor. The most surprising feature, however, was that a small bank which was filled with money, the only

> pieces in full view. There was an air of mystery about the place they could not penetrate. However, they closed the house, and everything was peaceful again. A couple of days ago a neighbor called upon the same gentleman early in the morning to inform him that the house had again been entered. He obtained the same fficer and again went to the house finding it in exactly the same condition as before with the bank still untouched. They were very much perplexed and as the two sat considering the matter, ghostly visions began to arise before them. They were began to arise before them. They were interrupted in their reveries by a neighbor who came in upon them and explained the matter. A little girl five years old, who lived next door, had been using the house for a playroom. She and her companions had twice succeeded in prying a window open and once inside, their inquisitive natures got the best of them; hence all this disorder. Thus ended what might have disorder. Thus ended what might have been a wonderful ghost story.

MONTANA GOING REPUBLICAN.

uperintendent Young, of Helena, Says a Good Word for Chairman Carter,

Dr. R. G. Young, Superintendent of the Helena public schools, is in the city. He had been attending the annual meeting of teachers at Saratoga, and stopped over here to visit friends for a few days. He is an ardent Republican, and is in line to be the State Superintendent of Public Instruction in Montana. He is personally acquainted with Chairman Tom Carter and Senators Sanders and Powers. Speaking of Carter Prof. Young says he is a great hustler; in his opinion one of the liveliest campaign managers in the country. He expects to see Carter handle the reins as well as

Senator Quay.
"I feel sure," he continued, "that Mon-tana will go Republican this fall. The People's party has recently organized in the State, and it is difficult to say what they will do, or what coalitions they may form.
Governor Pattison, of Pennsylvania, was very popular in Montana, and if he had been nominated it is generally conceded that he would have carried the State."

A year ago Chauncev F. Black and Sena-tor Faulkner organized a number of Democratic clubs in Montana and throughout the far Northwest. Black was very enthusiastic and predicted that as a result of his work many of these States would be found in the Democratic column. So far he has failed to materialize as a prophet. Montana covers a great area. The State is 800 miles long, and Dr. Young says some of the counties have 30,000 square miles of territory. The dector emigrated from Iowa three years ago, mountainous country.

FOUGHT FOR A SHOVEL

Two Hostlers Quarrel, Hurt Each Other and Are Arrested. James Mullen and William Madden, two ostlers employed at William Smith's riding academy, were arrested yesterday afternoon by Officer Perry and locked up in the Fourteenth ward station. The men quarreled over the possession of a shovel, and a fight followed, in which Mullen struck Madden a terrible blow on the head with the shovel, cutting a gash two inches long. The fight lasted about 20 minutes and created quite an excitement in the neighborhood. The faces of both men were badly disfigured.

TWO FIRES IN A DAY.

J. Stevenson & Co.'s Pork Packing House on Liberty Street

IN FLAMES TWICE IN FOUR HOURS.

Firemen Have a Hard Time Battling With Hickory Smoke.

WORKING THE FIRE WITH RELAYS

Shortly after 3 o'clock yesterday afternoon fire was discovered in the smoke house ttached to the pork packing establishment f J. Stevenson & Co., 637 Liberty street. An alarm was turned in from box 17, but by the time the firemen arrived dense volumes of smoke were pouring from the windows and other outlets. The smoke was from hickory wood piled in the smoke

house and is of so heavy a character that it is very difficult to withstand its effects. The firemen braved this nauseating cloud, langer than ten minutes at a time, and then would have to come out and vomit. Chief Steele worked the fire with relays of men, and in this way crews were kept at work all the time. The blaze was confined to the smoke house, and in a short time was extinguished. The members of the firm were presen

but none of them had any idea as to the origin of the fire. They stated that the smoke house was filled with mest, all of which would be destroyed. The loss was placed at \$5,000, which was fully covered by insurance, placed in different companies. Three alarms were sent in for the fire, principally to get the use of the men. At 11:30 yesterday morning there was a fire in the same building and in the very same spot. This blaze was a very small one and was extinguished without difficulty. Chief Steele at that time made a thorong search of the premises and was satisfied that there was no more fire in the building. It is thought that some embers were over-looked and this caused the second fire.

From the Rev. R. W. Grange, Pittsburg, Pa.:

From the Rev. R. W. Grange, Pittsburg, Pa.;

"I take pleasure in saying a word or two in cordial recommendation of Trinity Hall. As one of its patrons for the past three years, I have been deeply interested, of course. I have seen the school life and have looked into the course of study and the methods of teaching. All these are very satisfactory. I have seen too, that the care is kindly, the food excellent, and the discipline administered with rare good sense and judgment. Trinity Hall, to my mind, is the most 'home-tike' of any school lever saw."
